#	Article	IF	CITATIONS
1	Changes in βâ€diversity of saproxylic beetles along environmental gradients in temperate forests depend on species relative abundances. Journal of Biogeography, 2022, 49, 551-562.	3.0	3
2	Relict of primeval forests in an intensively farmed landscape: what affects the survival of the hermit beetle (Osmoderma barnabita) (Coleoptera: Scarabaeidae) in pollard willows?. Journal of Insect Conservation, 2021, 25, 407-415.	1.4	4
3	Proposal for the hierarchical classification of thematic cartography methods and its application to evaluation of Czech and Slovak national atlases. Information Visualization, 2019, 18, 211-229.	1.9	2
4	Past levels of canopy closure affect the occurrence of veteran trees and flagship saproxylic beetles. Diversity and Distributions, 2018, 24, 208-218.	4.1	30
5	Veteran trees and saproxylic insects in the floodplains of Lower Morava and Dyje rivers, Czech Republic. Journal of Maps, 2017, 13, 291-299.	2.0	10
6	Detailed fluvial-geomorphologic mapping of wadeable streams: a proposal of universal map symbology. Journal of Maps, 2017, 13, 698-706.	2.0	9
7	Pseudokarst caves of the Outer Western Carpathians, Czechia. Journal of Maps, 2017, 13, 37-46.	2.0	8
8	Confluence of the Morava and Dyje Rivers: a century of landscape changes in maps. Journal of Maps, 2016, 12, 630-638.	2.0	18
9	Birds of Lednické rybnÃky Fishponds (Czech Republic). Journal of Maps, 2016, 12, 239-248.	2.0	7
10	Visualisation of volcanic relief and processes: the NÃzký JesenÃk upland educational trail, Czech Republic. Journal of Maps, 2016, 12, 1104-1111.	2.0	2
11	Limestone Klippen of the Pavlov Hills. World Geomorphological Landscapes, 2016, , 373-384.	0.3	2
12	Landscape structure changes at the confluence of the Morava and Dyje Rivers. Geografie-Sbornik CGS, 2016, 121, 368-389.	0.6	1
13	Erasing a European biodiversity hot-spot: Open woodlands, veteran trees and mature forests succumb to forestry intensification, succession, and logging in a UNESCO Biosphere Reserve. Journal for Nature Conservation, 2014, 22, 35-41.	1.8	72
14	Atlas of Pálava protected landscape area. Journal of Maps, 2012, 8, 492-498.	2.0	4
