#	Paper	IF	Citations
67	Interventions used by allied health professionals in sexual rehabilitation after stroke: A systematic review. <i>Topics in Stroke Rehabilitation</i> , 2021, 28, 557-572	2.6	2
66	Sexuality in the context of physical rehabilitation as perceived by occupational therapists. <i>Disability and Rehabilitation</i> , 2021, 43, 2739-2749	2.4	3
65	Individual and organizational factors associated with evidence-based practice among physical and occupational therapy recent graduates: A cross-sectional national study. <i>Journal of Evaluation in Clinical Practice</i> , 2021, 27, 1044-1055	2.5	3
64	Assessment methods in sexual rehabilitation after stroke: a scoping review for rehabilitation professionals. <i>Disability and Rehabilitation</i> , 2021, 1-23	2.4	1
63	Advancing social inclusion of people with disabilities through awareness and training activities: A collaborative process between community partners and researchers. <i>Patient Education and Counseling</i> , 2021, 105, 416-416	3.1	2
62	Inclusion of relatives in stroke rehabilitation: Perception of quality of services they received in the context of early supported discharged (ESD), in- and out-patient services. <i>Topics in Stroke Rehabilitation</i> , 2021, 28, 142-152	2.6	3
61	Implementation of a sexuality interview guide in stroke rehabilitation: a feasibility study. <i>Disability and Rehabilitation</i> , 2021, 1-9	2.4	0
60	Effects of Telerehabilitation on Patient Adherence to a Rehabilitation Plan: Protocol for a Mixed Methods Trial. <i>JMIR Research Protocols</i> , 2021, 10, e32134	2	2
59	A strategic initiative to facilitate knowledge translation research in rehabilitation. <i>BMC Health Services Research</i> , 2020, 20, 973	2.9	0
58	What occupational therapists' say about their competencies' enactment, maintenance and development in practice? A two-phase mixed methods study. <i>BMC Medical Education</i> , 2020, 20, 191	3.3	4
57	The role of clothing on participation of persons with a physical disability: A scoping review. <i>Applied Ergonomics</i> , 2020, 85, 103058	4.2	5
56	Canadian Stroke Best Practice Recommendations: Rehabilitation, Recovery, and Community Participation Following Stroke. 6th Edition Update 2019. <i>International Journal of Stroke</i> , 2020, 15, 763-788	6.3	55
55	Canadian Stroke Best Practice Recommendations: Rehabilitation, Recovery, and Community Participation following Stroke. Part Two: Transitions and Community Participation Following Stroke. <i>International Journal of Stroke</i> , 2020, 15, 789-806	6.3	26
54	A multifaceted continuing professional development intervention to move stroke rehabilitation guidelines into professional practice: A feasibility study. <i>Topics in Stroke Rehabilitation</i> , 2020, 27, 401-441	2.6	3
53	Shoulder Rotator Cuff Disorders: A Systematic Review of Clinical Practice Guidelines and Semantic Analyses of Recommendations. <i>Archives of Physical Medicine and Rehabilitation</i> , 2020, 101, 1233-1242	2.8	19
52	Portrait of driving practice following a mild stroke: a secondary analysis of a chart audit. <i>Topics in Stroke Rehabilitation</i> , 2020, 27, 181-189	2.6	1
51	Priorities and Needs Regarding Sexual Rehabilitation for Individuals in the Subacute Phase Post-stroke. <i>Sexuality and Disability</i> , 2020, 38, 653-668	1.3	2

50	Adapted-dance intervention for subacute rehabilitation post-stroke: WHAT and HOW <i>Research in Dance Education</i> , 2019 , 20, 279-296	0.5	2
49	Participation in leisure activities to maintain cognitive health: Perceived educational needs of older adults with stroke. <i>Loisir Et Societe</i> , 2019 , 42, 4-23	0.4	3
48	Social circus program (Cirque du Soleil) promoting social participation of young people living with physical disabilities in transition to adulthood: a qualitative pilot study. <i>Developmental Neurorehabilitation</i> , 2019 , 22, 250-259	1.8	9
47	Utilisation of an electronic portfolio to engage rehabilitation professionals in continuing professional development: results of a provincial survey. <i>Disability and Rehabilitation</i> , 2018 , 40, 1591-1599	3.4	6
46	Occupational therapy students' experience with using a journal in fieldwork and factors influencing its use. <i>Reflective Practice</i> , 2018 , 19, 609-622	0.9	1
45	Attributes of evidence-based occupational therapists in stroke rehabilitation. <i>Canadian Journal of Occupational Therapy</i> , 2018 , 85, 351-364	1.4	4
44	Perceived risks and benefits of hippotherapy among parents of children currently engaged in or waiting for hippotherapy: A pilot study. <i>Physiotherapy Theory and Practice</i> , 2017 , 33, 269-277	1.5	1
43	Can training offered to shopping mall employees improve their knowledge about disability and perceived self-confidence in interacting with persons presenting various limitations?. <i>Cogent Social Sciences</i> , 2017 , 3, 1274226	1.4	1
42	Circumstances surrounding stroke onset: symbolic meaning of time factors related to numbers and days of the week. <i>Disability and Rehabilitation</i> , 2016 , 38, 282-8	2.4	
41	Circumstances surrounding the onset of stroke: a qualitative study. <i>Journal of Advanced Nursing</i> , 2016 , 72, 641-9	3.1	1
40	Canadian stroke best practice recommendations: Stroke rehabilitation practice guidelines, update 2015. <i>International Journal of Stroke</i> , 2016 , 11, 459-84	6.3	307
39	Changes in life habits affected by mild stroke and their association with depressive symptoms. <i>Journal of Rehabilitation Medicine</i> , 2015 , 47, 495-501	3.4	9
38	Exploring the facilitators and barriers to shopping mall use by persons with disabilities and strategies for improvements: Perspectives from persons with disabilities, rehabilitation professionals and shopkeepers. <i>Alter</i> , 2014 , 8, 217-229	0.7	15
37	Actual and ideal services in acute care and rehabilitation for relatives post-stroke from three perspectives: Relatives, stroke clients and health professionals. <i>Journal of Rehabilitation Medicine</i> , 2014 , 46, 16-22	3.4	13
36	Challenges of being a scholarly clinician as perceived by stroke rehabilitation professionals. <i>Disability and Rehabilitation</i> , 2014 , 36, 521-8	2.4	2
35	Ethical issues relating to the inclusion of relatives as clients in the post-stroke rehabilitation process as perceived by patients, relatives and health professionals. <i>Patient Education and Counseling</i> , 2014 , 94, 384-9	3.1	8
34	Knowledge translation and improving practices in neurological rehabilitation: managers' viewpoint. <i>Journal of Evaluation in Clinical Practice</i> , 2013 , 19, 60-7	2.5	2
33	Impacts of wheelchair acquisition on children from a person-occupation-environment interactional perspective. <i>Disability and Rehabilitation: Assistive Technology</i> , 2013 , 8, 1-10	1.8	23

32	The YOU CALL-WE CALL randomized clinical trial: Impact of a multimodal support intervention after a mild stroke. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2013 , 6, 674-9	5.8	17
31	Successfully performing a university student's role despite disabilities: challenges of an inclusive environment and appropriate task modification. <i>Disability and Rehabilitation</i> , 2012 , 34, 2201-6	2.4	4
30	Perceived impacts of a first wheelchair on social participation. <i>Disability and Rehabilitation: Assistive Technology</i> , 2012 , 7, 37-44	1.8	22
29	Clinicians' expectations of Web 2.0 as a mechanism for knowledge transfer of stroke best practices. <i>Journal of Medical Internet Research</i> , 2012 , 14, e121	7.6	23
28	Social participation of relatives post-stroke: the role of rehabilitation and related ethical issues. <i>Disability and Rehabilitation</i> , 2011 , 33, 1055-64	2.4	33
27	Impact of mild stroke on the quality of life of spouses. <i>International Journal of Rehabilitation Research</i> , 2011 , 34, 209-14	1.8	22
26	Use of the LIFE-H in stroke rehabilitation: a structured review of its psychometric properties. <i>Disability and Rehabilitation</i> , 2010 , 32, 705-12	2.4	7
25	Driving poststroke: problem identification, assessment use, and interventions offered by canadian occupational therapists. <i>Topics in Stroke Rehabilitation</i> , 2010 , 17, 371-9	2.6	14
24	Study protocol of the YOU CALL--WE CALL TRIAL: impact of a multimodal support intervention after a "mild" stroke. <i>BMC Neurology</i> , 2010 , 10, 3	3.1	12
23	Étude descriptive de l'utilisation des cartes conceptuelles comme stratégie pédagogique en sciences de la santé. <i>Pédagogie Médicale</i> , 2010 , 11, 97-109	0.2	3
22	Impact of wheelchair acquisition on social participation. <i>Disability and Rehabilitation: Assistive Technology</i> , 2009 , 4, 344-52	1.8	37
21	Falling through the cracks: a literature review to understand the reality of mild stroke survivors. <i>Topics in Stroke Rehabilitation</i> , 2009 , 16, 454-62	2.6	49
20	Changing clinicians' habits: is this the hidden challenge to increasing best practices?. <i>Disability and Rehabilitation</i> , 2009 , 31, 1790-4	2.4	26
19	Could stroke trigger be prevented by healthy family relationships?. <i>International Journal of Rehabilitation Research</i> , 2009 , 32, 173-7	1.8	4
18	Genome-wide gene expression profiling analysis of <i>Leishmania major</i> and <i>Leishmania infantum</i> developmental stages reveals substantial differences between the two species. <i>BMC Genomics</i> , 2008 , 9, 255	4.5	112
17	Stroke rehabilitation information for clients and families: assessing the quality of the StrokEngine-Family website. <i>Disability and Rehabilitation</i> , 2008 , 30, 1506-12	2.4	12
16	A national survey of occupational therapists' practices related to participation post-stroke. <i>Journal of Rehabilitation Medicine</i> , 2008 , 40, 291-7	3.4	45
15	Actual vs best practice for families post-stroke according to three rehabilitation disciplines. <i>Acta Dermato-Venereologica</i> , 2007 , 39, 513-9	2.2	32

14	Changes in participation level after spouse's first stroke and relationship to burden and depressive symptoms. <i>Cerebrovascular Diseases</i> , 2007 , 24, 255-60	3.2	25
13	Adaptation process, participation and depression over six months in first-stroke individuals and spouses. <i>Clinical Rehabilitation</i> , 2007 , 21, 554-62	3.3	40
12	Changes in participation after a mild stroke: quantitative and qualitative perspectives. <i>Topics in Stroke Rehabilitation</i> , 2007 , 14, 59-68	2.6	101
11	Long-term changes in participation after stroke. <i>Topics in Stroke Rehabilitation</i> , 2006 , 13, 86-96	2.6	55
10	Predictors of long-term participation after stroke. <i>Disability and Rehabilitation</i> , 2006 , 28, 221-30	2.4	138
9	'Optimal' participation: a reflective look. <i>Disability and Rehabilitation</i> , 2006 , 28, 1231-5	2.4	69
8	Adaptation and coping following a first stroke: a qualitative analysis of a phenomenological orientation. <i>International Journal of Rehabilitation Research</i> , 2006 , 29, 247-9	1.8	39
7	Characterization and developmental gene regulation of a large gene family encoding amastin surface proteins in <i>Leishmania</i> spp. <i>Molecular and Biochemical Parasitology</i> , 2005 , 140, 205-20	1.9	76
6	Participation after stroke compared to normal aging. <i>Journal of Rehabilitation Medicine</i> , 2005 , 37, 353-7	3.4	62
5	Validity of the Assessment of Life Habits in older adults. <i>Journal of Rehabilitation Medicine</i> , 2004 , 36, 177-82	3.4	68
4	Measuring social participation: reliability of the LIFE-H in older adults with disabilities. <i>Disability and Rehabilitation</i> , 2004 , 26, 346-52	2.4	168
3	Social participation of older adults in Quebec. <i>Aging Clinical and Experimental Research</i> , 2004 , 16, 406-12	4.8	58
2	Comparison of two functional independence scales with a participation measure in post-stroke rehabilitation. <i>Archives of Gerontology and Geriatrics</i> , 2003 , 37, 157-72	4	50
1	Fashion industry perceptions of clothing design for persons with a physical disability: the need for building partnerships for future innovation. <i>International Journal of Fashion Design, Technology and Education</i> , 1-9	1.1	2
