#	Paper	IF	Citations
113	Parent satisfaction with sustained home visiting care for mothers and children: an integrative review.. <i>BMC Health Services Research</i> , 2022 , 22, 295	2.9	3
112	Sports as Social Innovation for Social Inclusion 2022 , 1757-1775		
111	Evaluation of the impact of the MECSH programme in England: A mixed methods study. <i>Journal of Health Visiting</i> , 2022 , 10, 200-214	0.1	
110	Connecting Healthcare with Income Maximisation Services: A Systematic Review on the Health, Wellbeing and Financial Impacts for Families with Young Children. <i>International Journal of Environmental Research and Public Health</i> , 2022 , 19, 6425	4.6	0
109	We Do Not Talk About It Exploring Visual Approaches to Initiate Deeper Conversations About Perinatal Mental Health With Indian Immigrants. <i>International Journal of Qualitative Methods</i> , 2021 , 20, 160940692110580	3.3	
108	Sports as Social Innovation for Social Inclusion 2021 , 1-19		
107	A short-form version of the Australian English communicative development inventory. <i>International Journal of Speech-Language Pathology</i> , 2021 , 1-11	2.1	1
106	Sustained nurse home-visiting with culturally and linguistically diverse families: Australian nurses' perspectives. <i>Public Health Nursing</i> , 2021 ,	1.8	1
105	Study protocol for the Healthier Wealthier Families (HWF) pilot randomised controlled trial: testing the feasibility of delivering financial counselling to families with young children who are identified as experiencing financial hardship by community-based nurses. <i>BMJ Open</i> , 2021 , 11, e044488	3	0
104	Oral health status, behaviours, food and beverage consumption of aboriginal children in Australia. <i>Health Promotion Journal of Australia</i> , 2021 , 32, 208-215	1.7	2
103	A comparison of two measures to screen for mental health symptoms in pregnancy and early postpartum: the Matthey Generic Mood Questionnaire and the Depression, Anxiety, Stress Scales short-form. <i>Journal of Affective Disorders</i> , 2021 , 281, 824-833	6.6	2
102	Nurse Home Visiting and Maternal Mental Health: 3-Year Follow-Up of a Randomized Trial. <i>Pediatrics</i> , 2021 , 147,	7.4	2
101	Maternal Linguistic Input and Child Language in a Cohort at Risk of Experiencing Social Adversity. <i>Language Learning and Development</i> , 2021 , 17, 254-271	1.3	0
100	The Impact of Nurse Home Visiting on the Use, Dose and Quality of Formal Childcare: 3-Year Follow-Up of a Randomized Trial. <i>Academic Pediatrics</i> , 2021 ,	2.7	1
99	Clinical, financial and social impacts of COVID-19 and their associations with mental health for mothers and children experiencing adversity in Australia. <i>PLoS ONE</i> , 2021 , 16, e0257357	3.7	2
98	Connecting healthcare with income maximisation services, and their financial, health and well-being impacts for families with young children: a systematic review protocol.. <i>BMJ Open</i> , 2021 , 11, e056297	3	1
97	Economic evaluation of an Australian nurse home visiting programme: a randomised trial at 3 years. <i>BMJ Open</i> , 2021 , 11, e052156	3	0

96	Influential factor combinations leading to language outcomes following a home visiting intervention: A qualitative comparative analysis (QCA). <i>International Journal of Language and Communication Disorders</i> , 2020 , 55, 936-954	2.9	1
95	Nurse Home Visiting for Families Experiencing Adversity: A Randomized Trial. <i>Pediatrics</i> , 2019 , 143,	7.4	34
94	Quality of delivery of "right@home": Implementation evaluation of an Australian sustained nurse home visiting intervention to improve parenting and the home learning environment. <i>PLoS ONE</i> , 2019 , 14, e0215371	3.7	8
93	Autoethnography 2019 , 509-526		3
92	Paths to language development in at risk children: a qualitative comparative analysis (QCA). <i>BMC Pediatrics</i> , 2019 , 19, 94	2.6	4
91	Translational Research: Bridging the Chasm Between New Knowledge and Useful Knowledge 2019 , 367-389		
90	Where are the silences? A scoping review of child participatory research literature in the context of the Australian service system. <i>Children Australia</i> , 2019 , 44, 172-186	0.3	8
89	Effectiveness of the Volunteer Family Connect Program in Reducing Isolation of Vulnerable Families and Supporting Their Parenting: Randomized Controlled Trial With Intention-To-Treat Analysis of Primary Outcome Variables. <i>JMIR Pediatrics and Parenting</i> , 2019 , 2, e13023	4.2	1
88	Developing a critical realist informed framework to explain how the human rights and social determinants of health relationship works. <i>BMC Public Health</i> , 2019 , 19, 1571	4.1	18
87	A brief survey to identify pregnant women experiencing increased psychosocial and socioeconomic risk. <i>Women and Birth</i> , 2019 , 32, e351-e358	3.3	9
86	Australian parents' experiences with universal child and family health services. <i>Collegian</i> , 2019 , 26, 321-328	3.8	11
85	Using Skype to support remote clinical supervision for health professionals delivering a sustained maternal early childhood programme: a phenomenographical study. <i>Contemporary Nurse</i> , 2018 , 54, 4-12 ^{1.5}		
84	The oral health behaviours and fluid consumption practices of young urban Aboriginal preschool children in south-western Sydney, New South Wales, Australia. <i>Health Promotion Journal of Australia</i> , 2018 , 29, 23-30	1.7	1
83	The effectiveness of a sustained nurse home visiting intervention for Aboriginal infants compared with non-Aboriginal infants and with Aboriginal infants receiving usual child health care: a quasi-experimental trial - the Bulundidi Gudaga study. <i>BMC Health Services Research</i> , 2018 , 18, 599	2.9	5
82	Autoethnography 2018 , 1-19		
81	Community Volunteer Support for Families With Young Children: Protocol for the Volunteer Family Connect Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2018 , 7, e10000	2	2
80	Translational Research: Bridging the Chasm Between New Knowledge and Useful Knowledge 2018 , 1-25		
79	Being Alone and Expectations Lost—A Realist Theory of Neighborhood Context, Stress, Depression, and the Developmental Origins of Health and Disease. <i>SAGE Open</i> , 2018 , 8, 215824401876300 ^{1.5}		3

78	Designing, testing, and implementing a sustainable nurse home visiting program: right@home. <i>Annals of the New York Academy of Sciences</i> , 2018 , 1419, 141-159	6.5	14
77	Responding to families with complex needs: a national survey of child and family health nurses. <i>Journal of Advanced Nursing</i> , 2017 , 73, 386-398	3.1	21
76	The feasibility and acceptability of a population-level antenatal risk factor survey: Cross-sectional pilot study. <i>Journal of Paediatrics and Child Health</i> , 2017 , 53, 572-577	1.3	10
75	The general health of a cohort of Aboriginal children (0-7 years) in Sydney. <i>Medical Journal of Australia</i> , 2017 , 207, 37-38	4	0
74	Longitudinal vocabulary development in Australian urban Aboriginal children: Protective and risk factors. <i>Child: Care, Health and Development</i> , 2017 , 43, 906-917	2.8	9
73	'right@home': a randomised controlled trial of sustained nurse home visiting from pregnancy to child age 2 years, versus usual care, to improve parent care, parent responsiveness and the home learning environment at 2 years. <i>BMJ Open</i> , 2017 , 7, e013307	3	18
72	Maternal Early Childhood Sustained Home-visiting (MECSH): A UK update. <i>Journal of Health Visiting</i> , 2017 , 5, 392-397	0.1	4
71	Everybody Has Got Their Own Story—Urban Aboriginal Families and the Transition to School. <i>International Perspectives on Early Childhood Education and Development</i> , 2017 , 67-82	0.2	1
70	Antenatal psychosocial risk status and Australian women's use of primary care and specialist mental health services in the year after birth: a prospective study. <i>BMC Women's Health</i> , 2016 , 16, 69	2.9	12
69	Prevalence and factors associated with parental concerns about development detected by the Parents' Evaluation of Developmental Status (PEDS) at 6-month, 12-month and 18-month well-child checks in a birth cohort. <i>BMJ Open</i> , 2016 , 6, e012144	3	12
68	Adaptation and Fidelity: a Recipe Analogy for Achieving Both in Population Scale Implementation. <i>Prevention Science</i> , 2016 , 17, 429-38	4	32
67	'It Was Easier Because I Had Help': Mothers' Reflections on the Long-Term Impact of Sustained Nurse Home Visiting. <i>Maternal and Child Health Journal</i> , 2016 , 20, 196-204	2.4	17
66	Gudaga goes to school study: methods used in understanding school transitions and early education experiences of an urban Aboriginal* The term 'Aboriginal' is used in recognition of the preference of the Aboriginal community in south-west Sydney. Use of this term is consistent with policies of NSW Health, NSW Department of Education and the NSW Aboriginal Education	1	3
65	The Gudaga Research Program: A Case Study in Undertaking Research with an Urban Aboriginal Community. <i>Australian Social Work</i> , 2016 , 69, 443-455	1.2	7
64	Structured social relationships: a review of volunteer home visiting programs for parents of young children. <i>Australian Health Review</i> , 2016 , 40, 262-269	1.8	10
63	Each Is in Different Circumstances Anyway: A Realist Multilevel Situational Analysis of Maternal Depression in South Western Sydney, Australia. <i>SAGE Open</i> , 2016 , 6, 215824401667686	1.5	2
62	PARTNER INVOLVEMENT: NEGOTIATING THE PRESENCE OF PARTNERS IN PSYCHOSOCIAL ASSESSMENT AS CONDUCTED BY MIDWIVES AND CHILD AND FAMILY HEALTH NURSES. <i>Infant Mental Health Journal</i> , 2016 , 37, 302-12	2.3	6
61	Prevalence and determinants of cessation of exclusive breastfeeding in the early postnatal period in Sydney, Australia. <i>International Breastfeeding Journal</i> , 2016 , 12, 16	3.8	44

60	Developmental vulnerability--don't investigate without a model in mind. <i>Child: Care, Health and Development</i> , 2015 , 41, 337-45	2.8	9
59	Implementing a national approach to universal child and family health services in Australia: professionals' views of the challenges and opportunities. <i>Health and Social Care in the Community</i> , 2015 , 23, 159-70	2.6	31
58	Equitable access to developmental surveillance and early intervention--understanding the barriers for children from culturally and linguistically diverse (CALD) backgrounds. <i>Health Expectations</i> , 2015 , 18, 3286-301	3.7	20
57	What makes health impact assessments successful? Factors contributing to effectiveness in Australia and New Zealand. <i>BMC Public Health</i> , 2015 , 15, 1009	4.1	23
56	Explaining ecological clusters of maternal depression in South Western Sydney. <i>BMC Pregnancy and Childbirth</i> , 2014 , 14, 47	3.2	12
55	The fit between health impact assessment and public policy: practice meets theory. <i>Social Science and Medicine</i> , 2014 , 108, 46-53	5.1	30
54	Building research capacity in south-west Sydney through a Primary and Community Health Research Unit. <i>Australian Journal of Primary Health</i> , 2014 , 20, 4-8	1.4	14
53	A systematic review of the prevalence of parental concerns measured by the Parents' Evaluation of Developmental Status (PEDS) indicating developmental risk. <i>BMC Pediatrics</i> , 2014 , 14, 231	2.6	40
52	Realist identification of group-level latent variables for perinatal social epidemiology theory building. <i>International Journal of Health Services</i> , 2014 , 44, 407-33	2	7
51	Evaluating the impact of equity focused health impact assessment on health service planning: three case studies. <i>BMC Health Services Research</i> , 2014 , 14, 371	2.9	16
50	'Managing patient involvement': provider perspectives on diabetes decision-making. <i>Health Expectations</i> , 2013 , 16, 189-98	3.7	21
49	"We wouldn't of made friends if we didn't come to Football United": the impacts of a football program on young people's peer, prosocial and cross-cultural relationships. <i>BMC Public Health</i> , 2013 , 13, 399	4.1	38
48	Digging over that old ground: an Australian perspective of women's experience of psychosocial assessment and depression screening in pregnancy and following birth. <i>BMC Women's Health</i> , 2013 , 13, 18	2.9	36
47	Negotiating policy in practice: child and family health nurses' approach to the process of postnatal psychosocial assessment. <i>BMC Health Services Research</i> , 2013 , 13, 133	2.9	23
46	Clusters of maternal depressive symptoms in South Western Sydney, Australia. <i>Spatial and Spatio-temporal Epidemiology</i> , 2013 , 4, 25-31	3.5	13
45	The effectiveness of health impact assessment in influencing decision-making in Australia and New Zealand 2005-2009. <i>BMC Public Health</i> , 2013 , 13, 1188	4.1	33
44	Social exclusion, infant behavior, social isolation, and maternal expectations independently predict maternal depressive symptoms. <i>Brain and Behavior</i> , 2013 , 3, 14-23	3.4	24
43	Maternal mental health in Australia and New Zealand: a review of longitudinal studies. <i>Women and Birth</i> , 2013 , 26, 167-78	3.3	93

42	Immigrant maternal depression and social networks. A multilevel Bayesian spatial logistic regression in South Western Sydney, Australia. <i>Spatial and Spatio-temporal Epidemiology</i> , 2013 , 6, 49-58	3.5	25
41	'We just ask some questions'—the process of antenatal psychosocial assessment by midwives. <i>Midwifery</i> , 2013 , 29, 935-42	2.8	35
40	Capturing clinician-client interaction: development of the 4D&4R observational tool. <i>Nurse Researcher</i> , 2013 , 20, 11-9	1	5
39	Advance care planning and interpersonal relationships: a two-way street. <i>Family Practice</i> , 2013 , 30, 219-269		30
38	Neighborhood adversity, ethnic diversity, and weak social cohesion and social networks predict high rates of maternal depressive symptoms: a critical realist ecological study in South Western Sydney, Australia. <i>International Journal of Health Services</i> , 2013 , 43, 241-66	2	20
37	Benefits of psychosocial intervention and continuity of care by child and family health nurses in the pre- and postnatal period: process evaluation. <i>Journal of Advanced Nursing</i> , 2013 , 69, 1850-61	3.1	29
36	Why are advance care planning decisions not implemented? Insights from interviews with Australian general practitioners. <i>Journal of Palliative Medicine</i> , 2013 , 16, 1197-204	2.2	14
35	Inequity in child health: the importance of early childhood development. <i>Journal of Paediatrics and Child Health</i> , 2013 , 49, E365-9	1.3	35
34	Characteristics of health impact assessments reported in Australia and New Zealand 2005-2009. <i>Australian and New Zealand Journal of Public Health</i> , 2013 , 37, 534-46	2.3	19
33	Social exclusion, infant behavior, social isolation, and maternal expectations independently predict maternal depressive symptoms. <i>Brain and Behavior</i> , 2013 , 3, 327-327	3.4	1
32	Sudden infant death syndrome in an urban Aboriginal community. <i>Journal of Paediatrics and Child Health</i> , 2013 , 49, 1025-31	1.3	4
31	Measuring perinatal mental health risk. <i>Archives of Women's Mental Health</i> , 2012 , 15, 375-86	5	31
30	Research and the organisation of complex provision: conceptualising health visiting services and early years programmes. <i>Journal of Research in Nursing</i> , 2012 , 17, 108-124	0.9	13
29	Mosaics, Triangles, and DNA: Metaphors for Integrated Analysis in Mixed Methods Research. <i>Journal of Mixed Methods Research</i> , 2012 , 6, 55-72	3.3	81
28	The challenges of establishing and researching a sustained nurse home visiting programme within the universal child and family health service system. <i>Journal of Research in Nursing</i> , 2012 , 17, 127-138	0.9	10
27	Uptake and implementation of Advance Care Planning in Australia: findings of key informant interviews. <i>Australian Health Review</i> , 2012 , 36, 98-104	1.8	63
26	Commonalities and challenges: a review of Australian state and territory maternity and child health policies. <i>Contemporary Nurse</i> , 2011 , 40, 106-17	1.5	34
25	Child and family outcomes of a long-term nurse home visitation programme: a randomised controlled trial. <i>Archives of Disease in Childhood</i> , 2011 , 96, 533-40	2.2	102

24	How is advance care planning conceptualised in Australia? Findings from key informant interviews. <i>Australian Health Review</i> , 2011 , 35, 197-203	1.8	20
23	The nature and impact of collaboration and integrated service delivery for pregnant women, children and families. <i>Journal of Clinical Nursing</i> , 2010 , 19, 3516-26	3.2	72
22	The Gudaga Study: establishing an Aboriginal birth cohort in an urban community. <i>Australian and New Zealand Journal of Public Health</i> , 2010 , 34 Suppl 1, S9-17	2.3	37
21	Types and timing of breastfeeding support and its impact on mothers' behaviours. <i>Journal of Paediatrics and Child Health</i> , 2010 , 46, 85-91	1.3	22
20	Social cohesion through football: a quasi-experimental mixed methods design to evaluate a complex health promotion program. <i>BMC Public Health</i> , 2010 , 10, 587	4.1	22
19	Uncovering psychosocial needs: perspectives of Australian child and family health nurses in a sustained home visiting trial. <i>Contemporary Nurse</i> , 2009 , 33, 50-8	1.5	15
18	Socio-cultural perceptions of sudden infant death syndrome among migrant Indian mothers. <i>Journal of Paediatrics and Child Health</i> , 2009 , 45, 670-5	1.3	10
17	Human health and wellbeing in environmental impact assessment in New South Wales, Australia: Auditing health impacts within environmental assessments of major projects. <i>Environmental Impact Assessment Review</i> , 2009 , 29, 310-318	5.3	50
16	'It looks good on paper': transitions of care between midwives and child and family health nurses in New South Wales. <i>Women and Birth</i> , 2009 , 22, 64-72	3.3	27
15	Research-related activities in community-based child health services. <i>Journal of Advanced Nursing</i> , 2008 , 63, 266-75	3.1	6
14	Miller Early Childhood Sustained Home-visiting (MECSH) trial: design, method and sample description. <i>BMC Public Health</i> , 2008 , 8, 424	4.1	39
13	Media Review: Saks, M., & Allsop, J. (2007). <i>Researching Health: Qualitative, Quantitative and Mixed Methods</i> . London: Sage Publications. <i>Journal of Mixed Methods Research</i> , 2008 , 2, 109-110	3.3	
12	Human rights, health and development. <i>Australian Journal of Human Rights</i> , 2008 , 13, 1-32	0.7	7
11	Working in partnership in the antenatal period: What do child and family health nurses do?. <i>Contemporary Nurse</i> , 2007 , 23, 312-320	1.5	13
10	Health service staff attitudes to community representatives on committees. <i>Journal of Health Organization and Management</i> , 2006 , 20, 551-9	1.9	20
9	Knowledge of sudden infant death syndrome prevention strategies in a multicultural, disadvantaged community. <i>Journal of Paediatrics and Child Health</i> , 2006 , 42, 441-4	1.3	6
8	Working in partnership in the antenatal period: what do child and family health nurses do?. <i>Contemporary Nurse</i> , 2006 , 23, 312-20	1.5	3
7	Changes in community nursing in Australia: 1995-2000. <i>Journal of Advanced Nursing</i> , 2005 , 49, 307-14	3.1	42

6	Sustained nurse home visiting in early childhood: exploring Australian nursing competencies. <i>Public Health Nursing</i> , 2005 , 22, 254-9	1.8	23
5	The social capital:health relationship in two disadvantaged neighbourhoods. <i>Journal of Health Services Research and Policy</i> , 2004 , 9 Suppl 2, 29-34	2.4	19
4	Care and services for spinal injured people with, and without, neurological deficit. <i>Disability and Rehabilitation</i> , 2002 , 24, 810-6	2.4	7
3	Why Are Some People's Needs Unmet?. <i>Disability and Society</i> , 2002 , 17, 205-218	1.8	4
2	A decade of change in a community health service: a shift to acute and short-term care. <i>Australian Health Review</i> , 2002 , 25, 148-55	1.8	7
1	Increasing attendance at immunisation clinics: lessons from a trial program that failed. <i>Australian Journal of Public Health</i> , 1995 , 19, 459-64		1
