#	ARTICLE	IF	CITATIONS
1	Who Needs Bereavement Support? A Population Based Survey of Bereavement Risk and Support Need. PLoS ONE, 2015, 10, e0121101.	2.5	179
2	Understanding individual resilience in the workplace: the international collaboration of workforce resilience model. Frontiers in Psychology, 2015, 6, 73.	2.1	162
3	Motor Neurone Disease family carers' experiences of caring, palliative care and bereavement: An exploratory qualitative study. Palliative Medicine, 2012, 26, 842-850.	3.1	98
4	What sources of bereavement support are perceived helpful by bereaved people and why? Empirical evidence for the compassionate communities approach. Palliative Medicine, 2018, 32, 1378-1388.	3.1	97
5	Family and social networks after bereavement: experiences of support, change and isolation. Journal of Family Therapy, 2011, 33, 98-120.	1.0	90
6	A public health approach to bereavement support services in palliative care. Australian and New Zealand Journal of Public Health, 2012, 36, 14-16.	1.8	89
7	Bereavement support for family caregivers: The gap between guidelines and practice in palliative care. PLoS ONE, 2017, 12, e0184750.	2.5	89
8	The Fundamental Paradox in the Grief Literature: A Critical Reflection. Omega: Journal of Death and Dying, 2007, 55, 199-218.	1.0	88
9	Bridging the Gaps in Palliative Care Bereavement Support: An International Perspective. Death Studies, 2014, 38, 54-61.	2.7	75
10	A scoping review of bereavement risk assessment measures: Implications for palliative care. Palliative Medicine, 2015, 29, 577-589.	3.1	73
11	What is the impact of shift work on the psychological functioning and resilience of nurses? An integrative review. Journal of Advanced Nursing, 2017, 73, 2065-2083.	3.3	66
12	Psychological Risk Factors of Functional Impairment After COVID-19 Deaths. Journal of Pain and Symptom Management, 2021, 61, e1-e4.	1.2	62
13	Exploring Environmental Factors in Nursing Workplaces That Promote Psychological Resilience: Constructing a Unified Theoretical Model. Frontiers in Psychology, 2016, 7, 600.	2.1	61
14	Family Caregivers' Preparations for Death: A Qualitative Analysis. Journal of Pain and Symptom Management, 2018, 55, 1473-1479.	1.2	59
15	Grief literacy: A call to action for compassionate communities. Death Studies, 2022, 46, 425-433.	2.7	55
16	Perceptions of nursing workloads and contributing factors, and their impact on implicit care rationing: A Queensland, Australia study. Journal of Nursing Management, 2019, 27, 371-380.	3.4	48
17	Feasibility, Acceptability, and Potential Effectiveness of Dignity Therapy for People with Motor Neurone Disease. PLoS ONE, 2014, 9, e96888.	2.5	47
18	What determines supportive behaviors following bereavement? A systematic review and call to action. Death Studies, 2018, 42, 104-114.	2.7	46

#	ARTICLE	IF	CITATIONS
19	Moving beyond the enduring dominance of positivism in psychological research: Implications for psychology in Australia. <i>Australian Psychologist</i> , 2010, 45, 67-76.	1.6	45
20	Workplace stress, burnout and coping: a qualitative study of the experiences of Australian disability support workers. <i>Health and Social Care in the Community</i> , 2017, 25, 1109-1117.	1.6	44
21	Risk factors for dysfunctional grief and functional impairment for all causes of death during the COVID-19 pandemic: The mediating role of meaning. <i>Death Studies</i> , 2022, 46, 43-52.	2.7	44
22	A phenomenological exploration of the childfree choice in a sample of Australian women. <i>Journal of Health Psychology</i> , 2013, 18, 397-407.	2.3	40
23	Breaking the news of a diagnosis of motor neurone disease: A national survey of neurologists' perspectives. <i>Journal of the Neurological Sciences</i> , 2016, 367, 368-374.	0.6	40
24	Social support following bereavement: The role of beliefs, expectations, and support intentions. <i>Death Studies</i> , 2018, 42, 471-482.	2.7	39
25	Acts of Resistance: Breaking the Silence of Grief Following Traffic Crash Fatalities. <i>Death Studies</i> , 2009, 34, 30-53.	2.7	35
26	Feasibility, acceptability and potential effectiveness of dignity therapy for family carers of people with motor neurone disease. <i>BMC Palliative Care</i> , 2014, 13, 12.	1.8	35
27	Receiving the news of a diagnosis of motor neuron disease: What does it take to make it better?. <i>Amyotrophic Lateral Sclerosis and Frontotemporal Degeneration</i> , 2016, 17, 168-178.	1.7	35
28	Building Community Capacity in Bereavement Support. <i>American Journal of Hospice and Palliative Medicine</i> , 2017, 34, 275-281.	1.4	35
29	Relationships between quality of life, spiritual well-being, and psychological adjustment styles for people living with leukaemia: An exploratory study. <i>Mental Health, Religion and Culture</i> , 2007, 10, 631-647.	0.9	34
30	General Practitioners'™ experiences of bereavement care and their educational support needs: a qualitative study. <i>BMC Medical Education</i> , 2014, 14, 59.	2.4	34
31	Professionals' Experiences of Grief Counseling: Implications for Bridging the Gap between Research and Practice. <i>Omega: Journal of Death and Dying</i> , 2011, 62, 285-303.	1.0	33
32	The "specter" of cancer: Exploring secondary trauma for health professionals providing cancer support and counseling.. <i>Psychological Services</i> , 2014, 11, 60-67.	1.5	32
33	Public Attitudes About Normal and Pathological Grief. <i>Death Studies</i> , 2014, 38, 510-516.	2.7	31
34	Effect of caregiving at end of life on grief, quality of life and general health: A prospective, longitudinal, comparative study. <i>Palliative Medicine</i> , 2020, 34, 145-154.	3.1	31
35	Family carers' experiences of receiving the news of a diagnosis of Motor Neurone Disease: A national survey. <i>Journal of the Neurological Sciences</i> , 2017, 372, 144-151.	0.6	30
36	Self-efficacy and quality of life in adults who stutter. <i>Journal of Fluency Disorders</i> , 2017, 54, 14-23.	1.7	29

#	ARTICLE	IF	CITATIONS
37	The Preparation of Graduate Health Professionals for Working with Bereaved Clients: An Australian Perspective. <i>Omega: Journal of Death and Dying</i> , 2013, 66, 313-332.	1.0	28
