#	ARTICLE	IF	CITATIONS
1	â€˜This is what is going to help meâ€™™: Developing a co-designed and theoretically informed harm reduction intervention for mobile youth in South Africa and Uganda. <i>Global Public Health</i> , 2023, 18, 1-14.	1.0	8
2	Exploring caregiver experiences of stigma in Ghana: <i>They insult me because of my child</i>. <i>Disability and Society</i> , 2022, 37, 827-848.	1.4	13
3	â€˜We shall drink until Lake Victoria dries upâ€™™: Drivers of heavy drinking and illicit drug use among young Ugandans in fishing communities. <i>Global Public Health</i> , 2022, 17, 538-554.	1.0	4
4	The impact of COVID-19 measures on children with disabilities and their families in Uganda. <i>Disability and Society</i> , 2022, 37, 1173-1196.	1.4	45
5	Antiretroviral therapy based HIV prevention targeting young women who sell sex: a mixed method approach to understand the implementation of PrEP in a rural area of KwaZulu-Natal, South Africa. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2022, 34, 232-240.	0.6	11
6	Use of Virtual Reality Distraction to Reduce Child Pain and Fear during Painful Medical Procedures in Children with Physical Disabilities in Uganda: A Feasibility Study. <i>Pain Medicine</i> , 2022, 23, 642-654.	0.9	1
7	Investigation of post-trial access views among study participants and stakeholders using photovoice and semistructured interviews. <i>Journal of Medical Ethics</i> , 2022, 48, 712-717.	1.0	4
8	Blood pressure levels among children in rural Uganda: results from 1913 children in a general population survey. <i>Journal of Human Hypertension</i> , 2022, 36, 1021-1026.	1.0	2
9	Cohort Profile: The Vukuzazi (â€˜Wake Up and Know Yourselfâ€™™ in isiZulu) population science programme. <i>International Journal of Epidemiology</i> , 2022, 51, e131-e142.	0.9	13
10	Developing the EQ-5D-5L Value Set for Uganda Using the â€˜Liteâ€™™ Protocol. <i>Pharmacoeconomics</i> , 2022, 40, 309-321.	1.7	14
11	Guideline for feedback of individual genetic research findings for genomics research in Africa. <i>BMJ Global Health</i> , 2022, 7, e007184.	2.0	8
12	Variation in water contact behaviour and risk of <i>Schistosoma mansoni</i> (re)infection among Ugandan school-aged children in an area with persistent high endemicity. <i>Parasites and Vectors</i> , 2022, 15, 15.	1.0	6
13	Marginal men, respectable masculinity and access to HIV services through intimate relationships with female sex workers in Kampala, Uganda. <i>Social Science and Medicine</i> , 2022, 296, 114742.	1.8	2
14	Sexual Behaviour Risk Among Male Regular Partners of Female Sex Workers. , 2022, 1, .		0
15	Integrated healthcare services for HIV, diabetes mellitus and hypertension in selected health facilities in Kampala and Wakiso districts, Uganda: A qualitative methods study. <i>PLOS Global Public Health</i> , 2022, 2, e0000084.	0.5	13
16	The ethicalâ€¦legal requirements for adolescent selfâ€¦consent to research in subâ€¦Saharan Africa: A scoping review. <i>Bioethics</i> , 2022, 36, 576-586.	0.7	7
17	The potential effect of pre-exposure prophylaxis (PrEP) roll-out on sexual-risk behaviour among adolescents and young people in East and southern Africa. <i>African Journal of AIDS Research</i> , 2022, 21, 1-7.	0.3	3
18	Economic, social and demographic impacts of drought on treatment adherence among people living with HIV in rural South Africa: A qualitative analysis. <i>Climate Risk Management</i> , 2022, 36, 100423.	1.6	6

#	ARTICLE	IF	CITATIONS
19	“I prefer to take pills when I plan to have sex” Perceptions of on-demand versus daily oral pre-exposure prophylaxis among adolescents in Kampala, Uganda. <i>African Journal of AIDS Research</i> , 2022, 21, 8-14.	0.3	5
20	Process evaluation of peer-to-peer delivery of HIV self-testing and sexual health information to support HIV prevention among youth in rural KwaZulu-Natal, South Africa: qualitative analysis. <i>BMJ Open</i> , 2022, 12, e048780.	0.8	16
21	Intimate Partner Violence (IPV) and Associated Factors in HPTN 071 (PopART) Study Communities in Zambia and South Africa—A Comparison by HIV Status. <i>AIDS and Behavior</i> , 2022, 26, 1355.	1.4	0
22	Experiences of multimorbidity in urban and rural Malawi: An interview study of burdens of treatment and lack of treatment. <i>PLOS Global Public Health</i> , 2022, 2, e0000139.	0.5	13
23	Assessing Community Acceptance of Maternal Immunisation in Rural KwaZulu-Natal, South Africa: A Qualitative Investigation. <i>Vaccines</i> , 2022, 10, 415.	2.1	1
24	Isisekelo Sempilo study protocol for the effectiveness of HIV prevention embedded in sexual health with or without peer navigator support (Thetha Nami) to reduce prevalence of transmissible HIV amongst adolescents and young adults in rural KwaZulu-Natal: a 2×2 factorial randomised controlled trial. <i>BMC Public Health</i> , 2022, 22, 454.	1.2	2
25	Exploring linkages between drought and HIV treatment adherence in Africa: a systematic review. <i>Lancet Planetary Health</i> , The, 2022, 6, e359-e370.	5.1	15
26	Participant recall and understandings of information on biobanking and future genomic research: experiences from a multi-disease community-based health screening and biobank platform in rural South Africa. <i>BMC Medical Ethics</i> , 2022, 23, 43.	1.0	5
27	Putting research ethics in context: Rethinking vulnerability and agency within a research ethics case study on HIV prevention for young girls in South Africa. <i>SSM Qualitative Research in Health</i> , 2022, 2, 100081.	0.6	4
28	Beaten but not down! Exploring resilience among female sex workers (FSWs) in Nairobi, Kenya. <i>BMC Public Health</i> , 2022, 22, 965.	1.2	9
29	Potential implementation strategies, acceptability, and feasibility of new and repurposed TB vaccines. <i>PLOS Global Public Health</i> , 2022, 2, e0000076.	0.5	7
30	A chronological discourse analysis of ancillary care provision in guidance documents for research conduct in the global south. <i>BMC Medical Ethics</i> , 2022, 23, 51.	1.0	5
31	Association of impaired kidney function with mortality in rural Uganda: results of a general population cohort study. <i>BMJ Open</i> , 2022, 12, e051267.	0.8	2
32	Assessing knowledge, acceptability and social implications of a peer-to-peer HIV self-testing kit distribution model among adolescents aged 15–24 in Zambia and Uganda—HISTAZU: a mixed-method study protocol. <i>BMJ Open</i> , 2022, 12, e059340.	0.8	0
33	Decision making in a clinical trial for a life-threatening illness: Therapeutic expectation, not misconception. <i>Social Science and Medicine</i> , 2022, 305, 115082.	1.8	5
34	A Detailed Analysis of the Social Support Networks of Older Adults with HIV in Uganda and South Africa. , 2022, , 139-175.		1
35	Harmful Alcohol and Drug Use Is Associated with Syndemic Risk Factors among Female Sex Workers in Nairobi, Kenya. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 7294.	1.2	8
36	Prevalence of probable depression and factors associated with mean Hopkins Symptom Checklist (HSCL) depression score among young women at high risk aged 15–24 years in Kampala, Uganda. <i>PLoS ONE</i> , 2022, 17, e0270544.	1.1	3

#	ARTICLE	IF	CITATIONS
37	The association of exposure to DREAMS on sexually acquiring or transmitting HIV amongst adolescent girls and young women living in rural South Africa. <i>Aids</i> , 2022, 36, S39-S49.	1.0	6
38	The ethics of conducting observational tobacco research without providing treatment to people who use tobacco: a case example from South Africa. <i>BMJ Global Health</i> , 2022, 7, e009732.	2.0	0
39	Ethical and practical considerations arising from community consultation on implementing controlled human infection studies using <i>Schistosoma mansoni</i> in Uganda. <i>Global Bioethics</i> , 2022, 33, 78-102.	0.5	4
40	Measurement of kidney function in Malawi, South Africa, and Uganda: a multicentre cohort study. <i>The Lancet Global Health</i> , 2022, 10, e1159-e1169.	2.9	34
41	Incorporating Concern for Health Equity Into Resource Allocation Decisions: Development of a Tool and Population-Based Valuation for Uganda. <i>Value in Health Regional Issues</i> , 2022, 31, 134-141.	0.5	0
42	Understanding hard-to-reach communities: local perspectives and experiences of trachoma control among the pastoralist Maasai in northern Tanzania. <i>Journal of Biosocial Science</i> , 2021, 53, 819-838.	0.5	8
43	Acceptability of a tablet-based application to support early HIV testing among men in rural KwaZulu-Natal, South Africa: a mixed method study. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2021, 33, 494-501.	0.6	15
44	Implications of HIV treatment policies on the health workforce in rural Malawi and Tanzania between 2013 and 2017: Evidence from the SHAPE-UTT study. <i>Global Public Health</i> , 2021, 16, 256-273.	1.0	7
45	Surviving and Thriving. <i>Infants and Young Children</i> , 2021, 34, 17-32.	0.5	12
46	Implementation and experiences of integrated prevention of mother-to-child transmission services in Tanzania, Malawi and South Africa: A mixed methods study. <i>Global Public Health</i> , 2021, 16, 201-215.	1.0	5
47	Exploring the evolution of policies for universal antiretroviral therapy and their implementation across three sub-Saharan African countries: Findings from the SHAPE study. <i>Global Public Health</i> , 2021, 16, 227-240.	1.0	4
48	Universal HIV testing and treatment and HIV stigma reduction: a comparative thematic analysis of qualitative data from the HPTN 071 (PopART) trial in South Africa and Zambia. <i>Sociology of Health and Illness</i> , 2021, 43, 167-185.	1.1	12
49	Consequences of male partner engagement policies on HIV care-seeking in three African countries: Findings from the SHAPE UTT study. <i>Global Public Health</i> , 2021, 16, 216-226.	1.0	7
50	Influence of evolving HIV treatment guidance on CD4 counts and viral load monitoring: A mixed-methods study in three African countries. <i>Global Public Health</i> , 2021, 16, 288-304.	1.0	6
51	Investigating the implementation of differentiated HIV services and implications for pregnant and postpartum women: A mixed methods multi-country study. <i>Global Public Health</i> , 2021, 16, 274-287.	1.0	5
52	Supporting children and adolescents who have experienced sexual abuse to access services: Community health workers' experiences in Kenya. <i>Child Abuse and Neglect</i> , 2021, 116, 104244.	1.3	8
53	The act of telling: South African women's narratives of HIV status disclosure to intimate partners in the HPTN 071 (PopART) HIV prevention trial. <i>Women's Health</i> , 2021, 17, 174550652199820.	0.7	5
54	Barriers to care: The influence of gang violence on heterosexual men's initiation and adherence within the HIV/TB care cascade. <i>Global Public Health</i> , 2021, , 1-12.	1.0	0

#	ARTICLE	IF	CITATIONS
55	Complex trauma and its relation to hope and hopelessness among young people in KwaZulu-Natal, South Africa. <i>Vulnerable Children and Youth Studies</i> , 2021, 16, 166-177.	0.5	7
56	The dapivirine vaginal ring from the perspective of married men in Uganda. <i>African Journal of AIDS Research</i> , 2021, 20, 53-60.	0.3	2
57	Diagnosis of gestational diabetes in Uganda: The reactions of women, family members and health workers. <i>Women's Health</i> , 2021, 17, 174550652110137.	0.7	0
58	Home-based Intervention to Test and Start (HITS): a community-randomized controlled trial to increase HIV testing uptake among men in rural South Africa. <i>Journal of the International AIDS Society</i> , 2021, 24, e25665.	1.2	19
59	Using the Emanuel Framework to Explore the Ethical Issues Raised in a Participatory Visual Research Project in Rural South Africa. <i>Journal of Empirical Research on Human Research Ethics</i> , 2021, 16, 3-14.	0.6	1
60	Common mental disorders and HIV status in the context of DREAMS among adolescent girls and young women in rural KwaZulu-Natal, South Africa. <i>BMC Public Health</i> , 2021, 21, 478.	1.2	13
61	Information and communications technology use among young female sex workers participating in a randomised human immunodeficiency virus prevention trial in Kampala, Uganda. <i>International Health</i> , 2021, 13, 650-652.	0.8	2
62	Women at high risk of HIV-infection in Kampala, Uganda, and their candidacy for PrEP. <i>SSM - Population Health</i> , 2021, 13, 100746.	1.3	15
63	Discovery and fine-mapping of kidney function loci in first genome-wide association study in Africans. <i>Human Molecular Genetics</i> , 2021, 30, 1559-1568.	1.4	13
64	Effect of COVID-19 lockdown on hospital admissions and mortality in rural KwaZulu-Natal, South Africa: interrupted time series analysis. <i>BMJ Open</i> , 2021, 11, e047961.	0.8	37
65	The Lived Experience Of Participants in an African Randomised trial (LEOPARD): protocol for an in-depth qualitative study within a multisite randomised controlled trial for HIV-associated cryptococcal meningitis. <i>BMJ Open</i> , 2021, 11, e039191.	0.8	7
66	Care-seeking during fatal childhood illness in rural South Africa: a qualitative study. <i>BMJ Open</i> , 2021, 11, e043652.	0.8	3
67	How "place" matters for addressing the HIV epidemic: evidence from the HPTN 071 (PopART) cluster-randomised controlled trial in Zambia and South Africa. <i>Trials</i> , 2021, 22, 251.	0.7	12
68	Conflicted masculinities: understanding dilemmas and (re)configurations of masculinity among men in long-term relationships with female sex workers, in Kampala, Uganda. <i>Culture, Health and Sexuality</i> , 2021, , 1-26.	1.0	2
69	POS-331 ASSOCIATION OF IMPAIRED KIDNEY FUNCTION WITH MORTALITY IN RURAL UGANDA: RESULTS OF A GENERAL POPULATION COHORT STUDY. <i>Kidney International Reports</i> , 2021, 6, S144.	0.4	0
70	Lives Interrupted: Navigating Hardship During COVID-19 Provides Lessons in Solidarity and Visibility for Mobile Young People in South Africa and Uganda. <i>Progress in Development Studies</i> , 2021, 21, 146499342199820.	1.0	4
71	Maternal Vaccination in Uganda: Exploring Pregnant Women, Community Leaders and Healthcare Workers' Perceptions. <i>Vaccines</i> , 2021, 9, 552.	2.1	3
72	Capitalising on aspirations of adolescent girls and young women to reduce their sexual health risks: Implications for HIV prevention. <i>Global Public Health</i> , 2021, , 1-10.	1.0	4

#	ARTICLE	IF	CITATIONS
73	Visual inspection with acetic acid (VIA) positivity among female sex workers: a cross-sectional study highlighting one-year experiences in early detection of pre-cancerous and cancerous cervical lesions in Kampala, Uganda. <i>Infectious Agents and Cancer</i> , 2021, 16, 31.	1.2	7
74	Mobility study of young women who exchange sex for money or commodities using Google Maps and qualitative methods in Kampala, Uganda. <i>BMJ Open</i> , 2021, 11, e043078.	0.8	8
75	Equity in clinical trials for HIV-associated cryptococcal meningitis: A systematic review of global representation and inclusion of patients and researchers. <i>PLoS Neglected Tropical Diseases</i> , 2021, 15, e0009376.	1.3	8
76	Exploring Perceived Barriers and Facilitators of PrEP Uptake among Young People in Uganda, Zimbabwe, and South Africa. <i>Archives of Sexual Behavior</i> , 2021, 50, 1729-1742.	1.2	57
77	Prevalence and correlates of common mental health problems and recent suicidal behaviour among female sex workers in Nairobi, Kenya: findings from the Maisha Fiti study. <i>BJPsych Open</i> , 2021, 7, S238-S238.	0.3	0
78	Effect of peer-distributed HIV self-test kits on demand for biomedical HIV prevention in rural KwaZulu-Natal, South Africa: a three-armed cluster-randomised trial comparing social networks versus direct delivery. <i>BMJ Global Health</i> , 2021, 6, e004574.	2.0	23
79	P144â€...Menâ€™s perception of HIV-positive status disclosure in rural South Africa. , 2021, , .		0
80	Computer-aided interpretation of chest radiography reveals the spectrum of tuberculosis in rural South Africa. <i>Npj Digital Medicine</i> , 2021, 4, 106.	5.7	29
81	Convergence of infectious and non-communicable disease epidemics in rural South Africa: a cross-sectional, population-based multimorbidity study. <i>The Lancet Global Health</i> , 2021, 9, e967-e976.	2.9	70
82	Educational films for improving screening and self-management of gestational diabetes in India and Uganda (GUIDES): study protocol for a cluster-randomised controlled trial. <i>Trials</i> , 2021, 22, 501.	0.7	1
83	P320â€...Sexual behaviours and Herpes Simplex Virus Type-2 Incidence and Prevalence among adolescent girls and young women in KwaZulu-Natal, South Africa. , 2021, , .		1
84	Thetha Nami: participatory development of a peer-navigator intervention to deliver biosocial HIV prevention for adolescents and youth in rural South Africa. <i>BMC Public Health</i> , 2021, 21, 1393.	1.2	22
85	Social context and tracing household wealth over time in rural Uganda 1994â€“2018. <i>Aids</i> , 2021, 35, 1857-1858.	1.0	0
86	Incidence data do not count everyone. <i>Lancet HIV</i> , 2021, 8, e603.	2.1	1
87	HIV sero-positivity and risk factors for ischaemic and haemorrhagic stroke in hospitalised patients in Uganda: A prospective-case-control study. <i>Public Health in Practice</i> , 2021, 2, 100128.	0.7	1
88	The Drive to Take an HIV Test in Rural Uganda: A Risk to Prevention for Young People?. <i>Social Aspects of HIV</i> , 2021, , 265-276.	0.1	1
89	A qualitative study to identify critical attributes and attribute-levels for a discrete choice experiment on oral pre-exposure prophylaxis (PrEP) delivery among young people in Cape Town and Johannesburg, South Africa. <i>BMC Health Services Research</i> , 2021, 21, 17.	0.9	13
90	Knowledge, use (misuse) and perceptions of over-the-counter analgesics in sub-Saharan Africa: a scoping review. <i>Global Health Action</i> , 2021, 14, 1955476.	0.7	8

#	ARTICLE	IF	CITATIONS
91	How community ART delivery may improve HIV treatment outcomes: Qualitative inquiry into mechanisms of effect in a randomized trial of community-based ART initiation, monitoring and re-supply (DO ART) in South Africa and Uganda. <i>Journal of the International AIDS Society</i> , 2021, 24, e25821.	1.2	9
92	Women's sexual scripting in the context of universal access to antiretroviral treatment—findings from the HPTN 071 (PopART) trial in South Africa. <i>BMC Women's Health</i> , 2021, 21, 370.	0.8	0
93	Prevalence and correlates of common mental health problems and recent suicidal thoughts and behaviours among female sex workers in Nairobi, Kenya. <i>BMC Psychiatry</i> , 2021, 21, 503.	1.1	13
94	Schistosomiasis messaging in endemic communities: Lessons and implications for interventions from rural Uganda, a rapid ethnographic assessment study. <i>PLoS Neglected Tropical Diseases</i> , 2021, 15, e0009893.	1.3	8
95	Understanding the health systems impacts of Universal Test and Treat in sub-Saharan Africa: The Shape UTT study. <i>Global Public Health</i> , 2021, 16, 161-166.	1.0	2
96	Measuring transactional sex in different contexts: How do tools to measure this practice perform in rural South Africa?. <i>African Journal of AIDS Research</i> , 2021, 20, 329-335.	0.3	2
97	Health and demographic surveillance systems in low- and middle-income countries: history, state of the art and future prospects. <i>Global Health Action</i> , 2021, 14, 1974676.	0.7	14
98	Menstrual characteristics, menstrual anxiety and school attendance among adolescents in Uganda: a longitudinal study. <i>BMC Women's Health</i> , 2021, 21, 410.	0.8	9
99	Perceptions of Social Support Sufficiency Among Older Adults With HIV in Sub-Saharan Africa. <i>Innovation in Aging</i> , 2021, 5, 220-220.	0.0	0
100	Use of broad consent and related procedures in genomics research: Perspectives from research participants in the Genetics of Rheumatic Heart Disease (RHDGen) study in a University Teaching Hospital in Zambia. <i>Global Bioethics</i> , 2020, 31, 184-199.	0.5	17
101	Multi-level experiences and determinants of alcohol misuse and illicit drug use among occupational groups at high-risk of HIV in sub-Saharan Africa: A thematic synthesis of qualitative findings. <i>Global Public Health</i> , 2020, 15, 715-733.	1.0	11
102	What constitutes good ethical practice in genomic research in Africa? Perspectives of participants in a genomic research study in Uganda. <i>Global Bioethics</i> , 2020, 31, 169-183.	0.5	20
103	Conducting in-depth interviews with and without voice recorders: a comparative analysis. <i>Qualitative Research</i> , 2020, 20, 565-581.	2.2	132
104	Measuring hope amongst Tanzanian women who participate in microfinance: An evaluation of the Snyder hope scale. <i>Global Public Health</i> , 2020, 15, 402-413.	1.0	10
105	A randomised feasibility trial of an intervention to support sharing of HIV status for 18–25-year olds living with perinatally acquired HIV compared with standard care: HIV Empowering Adults' Decisions to Share—UK/Uganda Project (HEADS-UP). <i>Pilot and Feasibility Studies</i> , 2020, 6, 141.	0.5	2
106	Reducing stigma and discrimination: new evidence and its implications. <i>Aids</i> , 2020, 34, S1-S4.	1.0	6
107	Access to primary healthcare during lockdown measures for COVID-19 in rural South Africa: an interrupted time series analysis. <i>BMJ Open</i> , 2020, 10, e043763.	0.8	111
108	Predictors of 30-day and 90-day mortality among hemorrhagic and ischemic stroke patients in urban Uganda: a prospective hospital-based cohort study. <i>BMC Cardiovascular Disorders</i> , 2020, 20, 442.	0.7	25
