#	Paper	IF	Citations
249	Trajectory of performance status and symptom scores for patients with cancer during the last six months of life. <i>Journal of Clinical Oncology</i> , 2011 , 29, 1151-8	2.2	276
248	Patient-reported outcomes in routine cancer clinical practice: a scoping review of use, impact on health outcomes, and implementation factors. <i>Annals of Oncology</i> , 2015 , 26, 1846-1858	10.3	227
247	Symptom burden and performance status in a population-based cohort of ambulatory cancer patients. <i>Cancer</i> , 2010 , 116, 5767-76	6.4	158
246	Cancer-related fatigue and associated disability in post-treatment cancer survivors. <i>Journal of Cancer Survivorship</i> , 2016 , 10, 51-61	5.1	157
245	A systematic review of factors influencing older adults' decision to accept or decline cancer treatment. <i>Cancer Treatment Reviews</i> , 2015 , 41, 197-215	14.4	152
244	Preferences for place of care and place of death among informal caregivers of the terminally ill. <i>Palliative Medicine</i> , 2005 , 19, 492-9	5.5	145
243	Sleep disturbance in adults with cancer: a systematic review of evidence for best practices in assessment and management for clinical practice. <i>Annals of Oncology</i> , 2014 , 25, 791-800	10.3	116
242	Factors influencing adherence to cancer treatment in older adults with cancer: a systematic review. <i>Annals of Oncology</i> , 2014 , 25, 564-577	10.3	115
241	Self-management education interventions for patients with cancer: a systematic review. <i>Supportive Care in Cancer</i> , 2017 , 25, 1323-1355	3.9	114
240	Models of care for post-treatment follow-up of adult cancer survivors: a systematic review and quality appraisal of the evidence. <i>Journal of Cancer Survivorship</i> , 2012 , 6, 359-71	5.1	111
239	Illness perceptions and coping in physical health conditions: A meta-analysis. <i>Journal of Psychosomatic Research</i> , 2015 , 79, 506-13	4.1	110
238	The changed meaning of food: Physical, social and emotional loss for patients having received radiation treatment for head and neck cancer. <i>European Journal of Oncology Nursing</i> , 2011 , 15, 145-51	2.8	109
237	Clinician-patient communication: a systematic review. <i>Supportive Care in Cancer</i> , 2009 , 17, 627-44	3.9	105
236	Cancer Care Ontario's experience with implementation of routine physical and psychological symptom distress screening. <i>Psycho-Oncology</i> , 2012 , 21, 357-64	3.9	97
235	Manual lymphatic drainage for lymphedema following breast cancer treatment. <i>The Cochrane Library</i> , 2015 , CD003475	5.2	89
234	Influencing nurses' knowledge, attitudes, and practice in cancer pain management. <i>Cancer Nursing</i> , 2000 , 23, 55-63	2.6	85
233	A pan-Canadian practice guideline and algorithm: screening, assessment, and supportive care of adults with cancer-related fatigue. <i>Current Oncology</i> , 2013 , 20, e233-46	2.8	84

232	Do patient-reported symptoms predict emergency department visits in cancer patients? A population-based analysis. <i>Annals of Emergency Medicine</i> , 2013 , 61, 427-437.e5	2.1	71
231	Using more end-of-life homecare services is associated with using fewer acute care services: a population-based cohort study. <i>Medical Care</i> , 2010 , 48, 118-24	3.1	68
230	Quality improvement in cancer symptom assessment and control: the Provincial Palliative Care Integration Project (PPCIP). <i>Journal of Pain and Symptom Management</i> , 2012 , 43, 663-78	4.8	62
229	Does routine symptom screening with ESAS decrease ED visits in breast cancer patients undergoing adjuvant chemotherapy?. <i>Supportive Care in Cancer</i> , 2015 , 23, 3025-32	3.9	60
228	Patient-reported outcome performance measures in oncology. <i>Journal of Oncology Practice</i> , 2014 , 10, 209-11	3.1	57
227	A Pan-Canadian practice guideline: prevention, screening, assessment, and treatment of sleep disturbances in adults with cancer. <i>Supportive Care in Cancer</i> , 2013 , 21, 2695-706	3.9	55
226	Psychosocial health care needs assessment of adult cancer patients: a consensus-based guideline. <i>Supportive Care in Cancer</i> , 2012 , 20, 3343-54	3.9	52
225	Opioid prescription after pain assessment: a population-based cohort of elderly patients with cancer. <i>Journal of Clinical Oncology</i> , 2012 , 30, 1095-9	2.2	51
224	Impact of ovarian cancer perceived by women. <i>Cancer Nursing</i> , 2003 , 26, 1-9	2.6	51
223	Survivorship services for adult cancer populations: a pan-Canadian guideline. <i>Current Oncology</i> , 2011 , 18, e265-81	2.8	49
222	Management of Cancer and Health After the Clinic Visit: A Call to Action for Self-Management in Cancer Care. <i>Journal of the National Cancer Institute</i> , 2021 , 113, 523-531	9.7	44
221	Distress-the 6th vital sign. <i>Current Oncology</i> , 2011 , 18, 208-10	2.8	43
220	Identifying changes in scores on the EORTC-QLQ-C30 representing a change in patients' supportive care needs. <i>Quality of Life Research</i> , 2015 , 24, 1207-16	3.7	42
219	Population-based standardized symptom screening: Cancer Care Ontario's Edmonton Symptom Assessment System and performance status initiatives. <i>Journal of Oncology Practice</i> , 2014 , 10, 212-4	3.1	42
218	Women's experiences with recurrent ovarian cancer. <i>Cancer Nursing</i> , 2003 , 26, 10-7	2.6	40
217	Core domains for a person-focused outcome measurement system in cancer (PROMS-Cancer Core) for routine care: a scoping review and Canadian Delphi Consensus. <i>Value in Health</i> , 2013 , 16, 76-87	3.3	39
216	The prevalence and nature of supportive care needs in lung cancer patients. <i>Current Oncology</i> , 2016 , 23, 258-65	2.8	36
215	Experiences of mothers in five countries whose child died of cancer. <i>Cancer Nursing</i> , 1998 , 21, 301-11	2.6	35

214	Resource Use and costs of End-Of-Life/Palliative Care: Ontario Adult Cancer Patients Dying during 2002 and 2003. <i>Journal of Palliative Care</i> , 2011 , 27, 79-88	1.8	32
213	Clinician-patient communication: evidence-based recommendations to guide practice in cancer. <i>Current Oncology</i> , 2009 , 16, 42-9	2.8	32
212	Patterns, perceptions, and perceived barriers to physical activity in adult cancer survivors. <i>Supportive Care in Cancer</i> , 2018 , 26, 3755-3763	3.9	32
211	Factors Associated with End-of-Life Health Service Use in Patients Dying of Cancer. <i>Healthcare Policy</i> , 2010 , 5, e125-43	1.1	31
210	A pilot randomized controlled trial of an oral care intervention to reduce mucositis severity in stem cell transplant patients. <i>Journal of Pain and Symptom Management</i> , 2012 , 44, 64-73	4.8	30
209	Enhancing family physician capacity to deliver quality palliative home care: an end-of-life, shared-care model. <i>Canadian Family Physician</i> , 2008 , 54, 1703-1703.e7	0.9	30
208	Health literacy and cancer self-management behaviors: A scoping review. <i>Cancer</i> , 2018 , 124, 4202-4210	6.4	30
207	Validation of the Patient-Reported Outcomes Measurement Information System (PROMIS)-57 and -29 item short forms among kidney transplant recipients. <i>Quality of Life Research</i> , 2019 , 28, 815-827	3.7	29
206	Barriers and facilitators to care for the terminally ill: a cross-country case comparison study of Canada, England, Germany, and the United States. <i>Palliative Medicine</i> , 2014 , 28, 111-20	5.5	27
205	A shared care model pilot for palliative home care in a rural area: impact on symptoms, distress, and place of death. <i>Journal of Pain and Symptom Management</i> , 2011 , 42, 60-75	4.8	27
204	A mixed-method evaluation of nurse-led community-based supportive cancer care. <i>Supportive Care in Cancer</i> , 2008 , 16, 1343-52	3.9	27
203	Experiences of care delivery: endometrial cancer survivors at end of treatment. <i>Gynecologic Oncology</i> , 2012 , 124, 458-64	4.9	26
202	Resource utilization and cost analyses of home-based palliative care service provision: the Niagara West End-of-Life Shared-Care Project. <i>Palliative Medicine</i> , 2013 , 27, 115-22	5.5	26
201	Effectiveness of Internet-based interventions in managing chemotherapy-related symptoms in patients with cancer: a systematic literature review. <i>Supportive Care in Cancer</i> , 2018 , 26, 361-374	3.9	25
200	Care burden and its predictive factors in parents of newly diagnosed children with acute lymphoblastic leukemia in academic hospitals in China. <i>Supportive Care in Cancer</i> , 2017 , 25, 3703-3713	3.9	25
199	How haematological cancer nurses experience the threat of patients' mortality. <i>Journal of Advanced Nursing</i> , 2012 , 68, 2175-84	3.1	25
198	Quality of Life in Chinese Persons Living With an Ostomy: A Multisite Cross-sectional Study. <i>Journal of Wound, Ostomy and Continence Nursing</i> , 2017 , 44, 249-256	1.7	24
197	Validation of a one-page patient-reported Charlson comorbidity index questionnaire for upper aerodigestive tract cancer patients. <i>Oral Oncology</i> , 2013 , 49, 407-12	4.4	24

196	Relationship between neurocognitive functioning and medication management ability over the first 6 months following allogeneic stem cell transplantation. <i>Bone Marrow Transplantation</i> , 2016 , 51, 841-7	4.4	23
195	Socioeconomic status and lifestyle behaviours in cancer survivors: smoking and physical activity. <i>Current Oncology</i> , 2016 , 23, e546-e555	2.8	23
194	Feasibility and diagnostic accuracy of the Patient-Reported Outcomes Measurement Information System (PROMIS) item banks for routine surveillance of sleep and fatigue problems in ambulatory cancer care. <i>Cancer</i> , 2016 , 122, 2906-17	6.4	22
193	Health system characteristics of quality care delivery: a comparative case study examination of palliative care for cancer patients in four regions in Ontario, Canada. <i>Palliative Medicine</i> , 2012 , 26, 322-335	5.5	22
192	Reaching Common Ground: A Patient-Family-Based Conceptual Framework of Quality EOL Care. <i>Journal of Palliative Care</i> , 2005 , 21, 19-26	1.8	21
191	The association of the palliative performance scale and hazard of death in an ambulatory cancer population. <i>Journal of Palliative Medicine</i> , 2013 , 16, 156-62	2.2	20
190	Multistate analysis of interval-censored longitudinal data: application to a cohort study on performance status among patients diagnosed with cancer. <i>American Journal of Epidemiology</i> , 2011 , 173, 468-75	3.8	20
189	Usability Evaluation of a Mobile Phone-Based System for Remote Monitoring and Management of Chemotherapy-Related Side Effects in Cancer Patients: Mixed-Methods Study. <i>JMIR Cancer</i> , 2018 , 4, e10932	3.2	20
188	Real-World EQ5D Health Utility Scores for Patients With Metastatic Lung Cancer by Molecular Alteration and Response to Therapy. <i>Clinical Lung Cancer</i> , 2017 , 18, 388-395.e4	4.9	19
187	Prevention and management of chemotherapy-induced nausea and vomiting. <i>International Journal of Palliative Nursing</i> , 2015 , 21, 216, 218-24	0.9	19
186	Advanced lung cancer patients' experience with continuity of care and supportive care needs. <i>Supportive Care in Cancer</i> , 2013 , 21, 1351-8	3.9	19
185	Modeling the longitudinal transitions of performance status in cancer outpatients: time to discuss palliative care. <i>Journal of Pain and Symptom Management</i> , 2013 , 45, 726-34	4.8	19
184	Lifestyle Behaviors in Elderly Cancer Survivors: A Comparison With Middle-Age Cancer Survivors. <i>Journal of Oncology Practice</i> , 2015 , 11, e450-9	3.1	18
183	Opioid Prescribing Among Cancer and Non-cancer Patients: Time Trend Analysis in the Elderly Using Administrative Data. <i>Journal of Pain and Symptom Management</i> , 2017 , 54, 484-492.e1	4.8	18
182	Managing symptoms during cancer treatments: evaluating the implementation of evidence-informed remote support protocols. <i>Implementation Science</i> , 2012 , 7, 110	8.4	18
181	Screening for distress: responding is a critical function for oncology nurses. <i>Canadian Oncology Nursing Journal = Revue Canadienne De Nursing Oncologique</i> , 2012 , 22, 12-30	0.8	18
180	Perceptions of Continued Smoking and Smoking Cessation Among Patients With Cancer. <i>Journal of Oncology Practice</i> , 2018 , 14, e269-e279	3.1	18
179	Effects of the community-based Wellspring Cancer Exercise Program on functional and psychosocial outcomes in cancer survivors. <i>Current Oncology</i> , 2017 , 24, 284-294	2.8	17

178	EQ-5D Health Utility Scores: Data from a Comprehensive Canadian Cancer Centre. <i>Patient</i> , 2017 , 10, 1053-115	3.1	15
177	Cancer distress screening data: translating knowledge into clinical action for a quality response. <i>Palliative and Supportive Care</i> , 2014 , 12, 39-51	2.5	17
176	Resource utilisation and costs of palliative cancer care in an interdisciplinary health care model. <i>Palliative Medicine</i> , 2009 , 23, 448-59	5.5	17
175	Supported self-management for cancer survivors to address long-term biopsychosocial consequences of cancer and treatment to optimize living well. <i>Current Opinion in Supportive and Palliative Care</i> , 2018 , 12, 92-99	2.6	17
174	Perceived factors influencing nurses' use of evidence-informed protocols for remote cancer treatment-related symptom management: A mixed methods study. <i>European Journal of Oncology Nursing</i> , 2015 , 19, 268-77	2.8	16
173	Cancer patients' function, symptoms and supportive care needs: a latent class analysis across cultures. <i>Quality of Life Research</i> , 2015 , 24, 135-46	3.7	16
172	Self-management, self-management support needs and interventions in advanced cancer: a scoping review. <i>BMJ Supportive and Palliative Care</i> , 2019 , 9, 12-25	2.2	16
171	The impact of routine Edmonton Symptom Assessment System (ESAS) use on overall survival in cancer patients: Results of a population-based retrospective matched cohort analysis. <i>Cancer Medicine</i> , 2020 , 9, 7107-7115	4.8	16
170	Nursing patients with chronic critical illness and their families: a qualitative study. <i>Nursing in Critical Care</i> , 2017 , 22, 229-237	2.7	15
169	Patient and family experiences with accessing telephone cancer treatment symptom support: a descriptive study. <i>Supportive Care in Cancer</i> , 2016 , 24, 893-901	3.9	15
168	The role of second-hand smoke exposure on smoking cessation in non-tobacco-related cancers. <i>Cancer</i> , 2015 , 121, 2655-63	6.4	15
167	Patient-centered care or cultural competence: negotiating palliative care at home for Chinese Canadian immigrants. <i>American Journal of Hospice and Palliative Medicine</i> , 2015 , 32, 372-9	2.6	15
166	Symptom clusters in a population-based ambulatory cancer cohort validated using bootstrap methods. <i>European Journal of Cancer</i> , 2012 , 48, 3073-81	7.5	15
165	mHealth Supportive Care Intervention for Parents of Children With Acute Lymphoblastic Leukemia: Quasi-Experimental Pre- and Postdesign Study. <i>JMIR MHealth and UHealth</i> , 2018 , 6, e195	5.5	15
164	Impact of Standardized Edmonton Symptom Assessment System Use on Emergency Department Visits and Hospitalization: Results of a Population-Based Retrospective Matched Cohort Analysis. <i>JCO Oncology Practice</i> , 2020 , 16, e958-e965	2.3	15
163	Implementation of Symptom Protocols for Nurses Providing Telephone-Based Cancer Symptom Management: A Comparative Case Study. <i>Worldviews on Evidence-Based Nursing</i> , 2016 , 13, 420-431	2.9	15
162	The impact of specialized oncology nursing on patient supportive care outcomes. <i>Journal of Psychosocial Oncology</i> , 2011 , 29, 286-307	2.8	14
161	Meaning in bone marrow transplant nurses' work: experiences before and after a "meaning-centered" intervention. <i>Cancer Nursing</i> , 2012 , 35, 374-81	2.6	14

160	Implementation of self-management support in cancer care and normalization into routine practice: a systematic scoping literature review protocol. <i>Systematic Reviews</i> , 2019 , 8, 37	3	14
159	Can routine collection of patient reported outcome data actually improve person-centered health?. <i>HealthcarePapers</i> , 2011 , 11, 42-7; discussion 55-8	0.7	14
158	Evaluation of a specialized oncology nursing supportive care intervention in newly diagnosed breast and colorectal cancer patients following surgery: a cluster randomized trial. <i>Supportive Care in Cancer</i> , 2018 , 26, 1533-1541	3.9	13
157	Piloting prostate cancer patient-reported outcomes in clinical practice. <i>Supportive Care in Cancer</i> , 2016 , 24, 1983-1990	3.9	12
156	Texercise select effectiveness: an examination of physical activity and nutrition outcomes. <i>Translational Behavioral Medicine</i> , 2015 , 5, 433-42	3.2	12
155	Multiphasic Prehabilitation Across the Cancer Continuum: A Narrative Review and Conceptual Framework. <i>Frontiers in Oncology</i> , 2020 , 10, 598425	5.3	12
154	Factors Associated With Opioid Use in Long-term Cancer Survivors. <i>Journal of Pain and Symptom Management</i> , 2019 , 58, 100-107.e2	4.8	11
153	Advances and future directions in the use of mobile health in supportive cancer care: proceedings of the 2019 MASCC Annual Meeting symposium. <i>Supportive Care in Cancer</i> , 2020 , 28, 4059-4067	3.9	11
152	Linkage of clinical trial and administrative data: a survey of cancer patient preferences. <i>Current Oncology</i> , 2017 , 24, 161-167	2.8	11
151	Enhancing clinical practice in the management of distress: The Therapeutic Practices for Distress Management (TPDM) project. <i>Psycho-Oncology</i> , 2018 , 27, 2289-2295	3.9	11
150	The impact of interlink community cancer nurses on the experience of living with cancer. <i>Oncology Nursing Forum</i> , 2002 , 29, 715-23	1.7	11
149	Personalized symptom management: a quality improvement collaborative for implementation of patient reported outcomes (PROs) in 'real-world' oncology multisite practices. <i>Journal of Patient-Reported Outcomes</i> , 2020 , 4, 47	2.6	11
148	Integration of patient-reported outcomes (PROs) for personalized symptom management in "real-world" oncology practices: a population-based cohort comparison study of impact on healthcare utilization. <i>Supportive Care in Cancer</i> , 2020 , 28, 4933-4942	3.9	11
147	Toward the development of a comprehensive cancer experience measurement framework. <i>Supportive Care in Cancer</i> , 2019 , 27, 2579-2589	3.9	11
146	The "Conflicted Dying": The Active Search for Life Extension in Advanced Cancer Through Biomedical Treatment. <i>Qualitative Health Research</i> , 2016 , 26, 555-67	3.9	10
145	The conversion of a practice-based lifestyle enhancement program into a formalized, testable program: from texercise classic to texercise select. <i>Frontiers in Public Health</i> , 2014 , 2, 291	6	10
144	Is Performance Status Associated with Symptom Scores?: A population-based longitudinal study among cancer outpatients. <i>Journal of Palliative Care</i> , 2014 , 30, 99-107	1.8	10
143	Factors Associated with End-of-Life Health Service Use in Patients Dying of Cancer. <i>Healthcare Policy</i> , 2010 , 5, e125-e143	1.1	10

142	A pilot evaluation of the expanded prostate cancer index composite for clinical practice (EPIC-CP) tool in Ontario. <i>Quality of Life Research</i> , 2019 , 28, 771-782	3.7	10
141	Managing skin toxicities related to panitumumab. <i>Journal of the American Academy of Dermatology</i> , 2014 , 71, 754-9	4.5	9
140	Maintaining distance from a necessary intrusion: a postcolonial perspective on dying at home for Chinese immigrants in Toronto, Canada. <i>European Journal of Oncology Nursing</i> , 2013 , 17, 649-56	2.8	9
139	The impact of routine ESAS use on overall survival: Results of a population-based retrospective matched cohort analysis.. <i>Journal of Clinical Oncology</i> , 2019 , 37, 6509-6509	2.2	9
138	The experience of patients with early-stage testicular cancer during the transition from active treatment to follow-up surveillance. <i>Urologic Oncology: Seminars and Original Investigations</i> , 2016 , 34, 168.e11-20	2.8	9
137	Predictors of home care expenditures and death at home for cancer patients in an integrated comprehensive palliative home care pilot program. <i>Healthcare Policy</i> , 2011 , 6, e73-92	1.1	8
136	Comparative study on prevalence of metabolic syndrome based on three criteria among adults in Zhejiang province, China: an observational study. <i>BMJ Open</i> , 2020 , 10, e035216	3	8
135	Enhancing the role of case managers with specialty populations: development and evaluation of a palliative care education program. <i>Lippincott's Case Management: Managing the Process of Patient Care</i> , 2004 , 9, 166-74; quiz 175-6		7
134	Evaluation of a pilot nurse-led, community-based treatment programme for lymphoedema. <i>International Journal of Palliative Nursing</i> , 2005 , 11, 62-9	0.9	7
133	Selecting, implementing and evaluating patient-reported outcome measures for routine clinical use in cancer: the Cancer Care Ontario approach. <i>Journal of Patient-Reported Outcomes</i> , 2020 , 4, 101	2.6	7
132	The 1997 Helene Hudson Memorial Lecture. Reaching to the depths of the soul: understanding and exploring meaning in illness. <i>Canadian Oncology Nursing Journal = Revue Canadienne De Nursing Oncologique</i> , 1998 , 8, 12-23	0.8	7
131	2008,		7
130	Comparison of Opioid Prescribing Among Cancer and Noncancer Patients Aged 18-64: Analysis Using Administrative Data. <i>Journal of Pain and Symptom Management</i> , 2018 , 56, 72-79	4.8	6
129	Acceptability of Routine Evaluations Using Patient-Reported Outcomes of Common Terminology Criteria for Adverse Events and Other Patient-Reported Symptom Outcome Tools in Cancer Outpatients: Princess Margaret Cancer Centre Experience. <i>Oncologist</i> , 2019 , 24, e1219-e1227	5.7	6
128	How End-Of-Life Home Care Services Are Used from Admission to Death: A Population-Based Cohort Study. <i>Journal of Palliative Care</i> , 2010 , 26, 270-278	1.8	6
127	Rethinking Case Study Methodology in Poststructural Research. <i>Canadian Journal of Nursing Research</i> , 2015 , 47, 97-114	1.5	6
126	Making cancer bearable: the Interlink Community Cancer Nurses model of supportive care. <i>Canadian Oncology Nursing Journal = Revue Canadienne De Nursing Oncologique</i> , 1998 , 8, 222-8	0.8	6
125	The impact of routine Edmonton symptom assessment system use on receiving palliative care services: results of a population-based retrospective-matched cohort analysis. <i>BMJ Supportive and Palliative Care</i> , 2020 ,	2.2	6

124	Patterns, perceptions and their association with changes in alcohol consumption in cancer survivors. <i>European Journal of Cancer Care</i> , 2019 , 28, e12933	2.4	6
123	Ambulatory Toxicity Management (AToM) in patients receiving adjuvant or neo-adjuvant chemotherapy for early stage breast cancer - a pragmatic cluster randomized trial protocol. <i>BMC Cancer</i> , 2019 , 19, 884	4.8	5
122	Impact of immigration status on health behaviors and perceptions in cancer survivors. <i>Cancer Medicine</i> , 2019 , 8, 2623-2635	4.8	5
121	Systematic review of self-management interventions for older adults with cancer. <i>Psycho-Oncology</i> , 2021 , 30, 989-1008	3.9	5
120	Increasing the Availability of Physical Activity Programs for Older Adults: Lessons Learned From Texercise Stakeholders. <i>Journal of Aging and Physical Activity</i> , 2016 , 24, 39-44	1.6	5
119	Patient and clinician perspectives of desired features for a web-based self-management program (icanmanage.ca): exposing patients "hard work" of managing acute cancer. <i>Supportive Care in Cancer</i> , 2021 , 29, 1989-1998	3.9	5
118	Ambulatory Toxicity Management (AToM) Pilot: results of a pilot study of a pro-active, telephone-based intervention to improve toxicity management during chemotherapy for breast cancer. <i>Pilot and Feasibility Studies</i> , 2019 , 5, 39	1.9	4
117	Do Longitudinally Collected Symptom Scores Predict Time to Death in Advanced Breast Cancer: A Joint Modeling Analysis. <i>Journal of Pain and Symptom Management</i> , 2020 , 59, 1009-1018	4.8	4
116	Awareness of the Harms of Continued Smoking Among Cancer Survivors. <i>Supportive Care in Cancer</i> , 2020 , 28, 3409-3419	3.9	4
