| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 1  | It's Not Just a "Woman Thing": The Current State of Normative Discontent. <i>Eating Disorders</i> , 2011, 19, 392-402.   | 3.0 | 110       |
| 2  | Treatment of binge eating disorder in racially and ethnically diverse obese patients in primary care: Randomized placebo-controlled clinical trial of self-help and medication. <i>Behaviour Research and Therapy</i> , 2014, 58, 1-9. | 3.1 | 59        |
| 3  | Food for thought: Examining the relationship between food thought suppression and weight-related outcomes. <i>Eating Behaviors</i> , 2010, 11, 175-179.  | 2.0 | 57        |
| 4  | Comparison of methods for identifying and assessing obese patients with binge eating disorder in primary care settings. <i>International Journal of Eating Disorders</i> , 2011, 44, 157-163.  | 4.0 | 48        |
| 5  | Loss-of-control eating following sleeve gastrectomy surgery. <i>Surgery for Obesity and Related Diseases</i> , 2017, 13, 392-398.  | 1.2 | 39        |
| 6  | Loss-of-control eating after bariatric/sleeve gastrectomy surgery: Similar to binge-eating disorder despite differences in quantities. <i>General Hospital Psychiatry</i> , 2018, 54, 25-30.   | 2.4 | 35        |
| 7  | Comparing weight gain in the year prior to treatment for overweight and obese patients with and without binge eating disorder in primary care. <i>Journal of Psychosomatic Research</i> , 2014, 77, 151-154.                           | 2.6 | 34        |
| 8  | A randomized controlled trial comparing scalable weight loss treatments in primary care. <i>Obesity</i> , 2014, 22, n/a-n/a.   | 3.0 | 33        |
| 9  | Social anxiety and self-consciousness in binge eating disorder: associations with eating disorder psychopathology. <i>Comprehensive Psychiatry</i> , 2012, 53, 740-745.  | 3.1 | 29        |
| 10 | Exploring pretreatment weight trajectories in obese patients with binge eating disorder. <i>Comprehensive Psychiatry</i> , 2011, 52, 312-318.  | 3.1 | 28        |
| 11 | Characterizing emotional overeating among patients with and without binge-eating disorder in primary care. <i>General Hospital Psychiatry</i> , 2018, 55, 38-43.   | 2.4 | 27        |
| 12 | Validation of the Food Thought Suppression Inventory. <i>Journal of Health Psychology</i> , 2010, 15, 373-381.   | 2.3 | 25        |
| 13 | Exploring weight gain in year before treatment for binge eating disorder: A different context for interpreting limited weight losses in treatment studies. <i>International Journal of Eating Disorders</i> , 2011, 44, 435-439.       | 4.0 | 25        |
| 14 | An examination of weight bias among treatment-seeking obese patients with and without binge eating disorder. <i>General Hospital Psychiatry</i> , 2014, 36, 177-180.   | 2.4 | 23        |
| 15 | Psychometric Properties of the Food Thought Suppression Inventory in Men. <i>Journal of Health Psychology</i> , 2010, 15, 1113-1120.   | 2.3 | 20        |
| 16 | Metabolic syndrome in obese men and women with binge eating disorder: developmental trajectories of eating and weight-related behaviors. <i>Comprehensive Psychiatry</i> , 2012, 53, 1021-1027.  | 3.1 | 20        |
| 17 | Metabolic Syndrome in Obese Patients With Binge-Eating Disorder in Primary Care Clinics. <i>primary care companion for CNS disorders, The</i> , 2011, 13, .  | 0.6 | 18        |
| 18 | Menopause and metabolic syndrome in obese individuals with binge eating disorder. <i>Eating Behaviors</i> , 2014, 15, 182-185.   | 2.0 | 17        |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 19 | Back to Basics? No Weight Loss from Motivational Interviewing Compared to Nutrition Psychoeducation at One-Year Follow-Up. <i>Obesity</i> , 2017, 25, 2074-2078.  | 3.0 | 14        |
| 20 | Examining motivational interviewing plus nutrition psychoeducation for weight loss in primary care. <i>Journal of Psychosomatic Research</i> , 2018, 104, 101-107.  | 2.6 | 14        |
| 21 | Food thought suppression: A matched comparison of obese individuals with and without binge eating disorder. <i>Eating Behaviors</i> , 2011, 12, 272-276.  | 2.0 | 13        |
| 22 | The factor structure of the metabolic syndrome in obese individuals with binge eating disorder. <i>Journal of Psychosomatic Research</i> , 2014, 76, 152-157.   | 2.6 | 13        |
| 23 | Psychosocial and metabolic function by smoking status in individuals with binge eating disorder and obesity. <i>Addictive Behaviors</i> , 2016, 53, 46-52.  | 3.0 | 12        |
| 24 | Accuracy of Self-Reported Weight and Height and Resulting Body Mass Index Among Obese Binge Eaters in Primary Care. <i>Primary Care Companion To the Journal of Clinical Psychiatry</i> , 2010, 12, .   | 0.6 | 11        |
| 25 | Biopsychosocial Correlates of Binge Eating Disorder in Caucasian and African American Women with Obesity in Primary Care Settings. <i>European Eating Disorders Review</i> , 2016, 24, 181-186.   | 4.1 | 10        |
| 26 | Validity and Clinical Utility of Subtyping by the Beck Depression Inventory in Women Seeking Gastric Bypass Surgery. <i>Obesity Surgery</i> , 2016, 26, 2068-2073.  | 2.1 | 10        |
| 27 | Preferred descriptions for loss of control while eating and weight among patients with binge eating disorder. <i>Psychiatry Research</i> , 2016, 246, 548-553.  | 3.3 | 9         |
| 28 | Examining the relationship between food thought suppression and binge eating disorder. <i>Comprehensive Psychiatry</i> , 2013, 54, 1077-1081.   | 3.1 | 8         |
| 29 | Preliminary examination of metabolic syndrome response to motivational interviewing for weight loss as compared to an attentional control and usual care in primary care for individuals with and without binge-eating disorder. <i>Eating Behaviors</i> , 2017, 26, 108-113. | 2.0 | 8         |
| 30 | Examining the construct validity of food addiction severity specifiers. <i>Eating and Weight Disorders</i> , 2021, 26, 1503-1509.   | 2.5 | 8         |
| 31 | Early weight loss predicts weight loss treatment response regardless of binge-eating disorder status and pretreatment weight change. <i>International Journal of Eating Disorders</i> , 2018, 51, 558-564.  | 4.0 | 7         |
| 32 | Examining impairment and distress from food addiction across demographic and weight groups. <i>Eating Behaviors</i> , 2021, 43, 101574.   | 2.0 | 7         |
| 33 | Ethnic and racial comparisons of weight-loss treatment utilization history and outcomes in patients with obesity and binge-eating disorder. <i>Eating Behaviors</i> , 2022, 44, 101594.   | 2.0 | 5         |
| 34 | Factor structure and clinical correlates of the Food Thought Suppression Inventory within treatment seeking obese women with binge eating disorder. <i>Eating Behaviors</i> , 2013, 14, 35-39.  | 2.0 | 4         |
| 35 | Medication Use and Metabolic Syndrome Among Overweight/Obese Patients With and Without Binge-Eating Disorder in a Primary Care Sample. <i>primary care companion for CNS disorders</i> , The, 2015, 17, .   | 0.6 | 4         |
| 36 | 12Months later: Motivational interviewing plus nutrition psychoeducation for weight loss in primary care. <i>Eating and Weight Disorders</i> , 2021, 26, 2077-2081.   | 2.5 | 2         |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 37 | Characterizing fear of weight gain and sensitivity to weight gain in individuals seeking weight loss treatment. <i>Eating and Weight Disorders</i> , 2021, 26, 385-393.   | 2.5 | 2         |
| 38 | Getting a head start: identifying pretreatment correlates associated with early weight loss for individuals participating in weight loss treatment. <i>Translational Behavioral Medicine</i> , 2021, 11, 236-243. | 2.4 | 2         |
| 39 | Food Thought Suppression Inventory: Test-retest reliability and relationship to weight loss treatment outcomes. <i>Eating Behaviors</i> , 2016, 22, 93-95.  | 2.0 | 1         |
| 40 | Digital self-harm is associated with disordered eating behaviors in adults. <i>Eating and Weight Disorders</i> , 2022, , 1.   | 2.5 | 0         |
