#	Paper	IF	Citations
96	Systematic Review of Energy Initiation Rates and Refeeding Syndrome Outcomes. <i>Nutrition in Clinical Practice</i> , 2021 , 36, 153-168	3.6	6
95	An appraisal of trials investigating the effects on macular pigment optical density of lutein and zeaxanthin dietary interventions: a narrative review. <i>Nutrition Reviews</i> , 2021 ,	6.4	2
94	Allied health professionals in Queensland Health returning to work after maternity leave: hours of work and duration of time on part-time hours. <i>Australian Health Review</i> , 2020 , 44, 56-61	1.8	0
93	Implementation of the Healthier Drinks at Healthcare Facilities strategy at a major tertiary children's hospital in Brisbane, Australia. <i>Australian and New Zealand Journal of Public Health</i> , 2020 , 44, 295-300	2.3	0
92	Enhancing healthy eating patterns among Hong Kong young adults. <i>Health Promotion International</i> , 2020 , 35, 386-396	3	1
91	Can foodservices in aged care homes deliver sustainable food fortification strategies? A review. <i>International Journal of Food Sciences and Nutrition</i> , 2020 , 71, 267-275	3.7	2
90	Malnutrition, poor food intake, and adverse healthcare outcomes in non-critically ill obese acute care hospital patients. <i>Clinical Nutrition</i> , 2019 , 38, 759-766	5.9	11
89	A Higher-Calorie Refeeding Protocol Does Not Increase Adverse Outcomes in Adult Patients with Eating Disorders. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2018 , 118, 1450-1463	3.9	14
88	Dietitians' opinions regarding refeeding syndrome, clinical guidelines and extended scope of practice. <i>Nutrition and Dietetics</i> , 2018 , 75, 397-405	2.5	4
87	Impact of type, size and shape of plates on hospital patients' perceptions of the quality of meals and satisfaction with foodservices. <i>Appetite</i> , 2018 , 120, 523-526	4.5	4
86	An Integrated Theatre Production for School Nutrition Promotion Program. <i>Children</i> , 2018 , 5,	2.8	2
85	Response to letter to the editor 'Mortality due to refeeding syndrome? You only find what you look for, and you only look for what you know' <i>European Journal of Clinical Nutrition</i> , 2018 , 72, 309-310	5.2	
84	The accuracy and consistency of nutrition care process terminology use in cases of refeeding syndrome. <i>Nutrition and Dietetics</i> , 2018 , 75, 331-336	2.5	1
83	Development of advanced practice competency standards for dietetics in Australia. <i>Nutrition and Dietetics</i> , 2017 , 74, 327-333	2.5	8
82	Developing a valid meal assessment tool for hospital patients. <i>Appetite</i> , 2017 , 108, 68-73	4.5	6
81	The Need for Early Referral: Characteristics of Children and Adolescents Who Are Overweight and Obese Attending a Multidisciplinary Weight Management Service. <i>Children</i> , 2017 , 4,	2.8	3
80	Are nutrition messages lost in transmission? Assessing the quality and consistency of diabetes guideline recommendations on the delivery of nutrition therapy. <i>Patient Education and Counseling</i> , 2016 , 99, 1940-1946	3.1	3

79	Ataxia telangiectasia: a syndrome deserving attention and study. <i>Developmental Medicine and Child Neurology</i> , 2016 , 58, 999-1000	3.3	
78	Are dietetics educators' attitudes to assessment a barrier to expanding placement opportunities? Results of a Delphi study. <i>Nutrition and Dietetics</i> , 2016 , 73, 254-259	2.5	4
77	What do prisoners eat? Nutrient intakes and food practices in a high-secure prison. <i>British Journal of Nutrition</i> , 2016 , 115, 1387-96	3.6	6
76	Lean body mass change over 6 years is associated with dietary leucine intake in an older Danish population. <i>British Journal of Nutrition</i> , 2016 , 115, 1556-62	3.6	30
75	Factors Influencing Changes in Eating Patterns Among Hong Kong Young Adults Transitioning to Tertiary Education. <i>Asia-Pacific Journal of Public Health</i> , 2016 , 28, 347-55	2	6
74	Methodology for developing competency standards for dietitians in Australia. <i>Australian Journal of Cancer Nursing</i> , 2016 , 18, 130-7	1.9	22
73	Evaluation of assessment in the context of work-based learning: Qualitative perspectives of new graduates. <i>Nutrition and Dietetics</i> , 2015 , 72, 143-149	2.5	10
72	Nutritional status of patients with ataxia-telangiectasia: A case for early and ongoing nutrition support and intervention. <i>Journal of Paediatrics and Child Health</i> , 2015 , 51, 802-7	1.3	19
71	Menu Planning in Residential Aged Care-The Level of Choice and Quality of Planning of Meals Available to Residents. <i>Nutrients</i> , 2015 , 7, 7580-92	6.7	14
70	Malnutrition coding shortfalls in Australian and New Zealand hospitals. <i>Nutrition and Dietetics</i> , 2015 , 72, 69-73	2.5	10
69	A Framework to Assist Health Professionals in Recommending High-Quality Apps for Supporting Chronic Disease Self-Management: Illustrative Assessment of Type 2 Diabetes Apps. <i>JMIR MHealth and UHealth</i> , 2015 , 3, e87	5.5	49
68	Developing and evaluating interventions that are applicable and relevant to inpatients and those who care for them; a multiphase, pragmatic action research approach. <i>BMC Medical Research Methodology</i> , 2014 , 14, 98	4.7	12
67	The muscle mass, omega-3, diet, exercise and lifestyle (MODEL) study - a randomised controlled trial for women who have completed breast cancer treatment. <i>BMC Cancer</i> , 2014 , 14, 264	4.8	10
66	Concurrent and predictive evaluation of malnutrition diagnostic measures in hip fracture inpatients: a diagnostic accuracy study. <i>European Journal of Clinical Nutrition</i> , 2014 , 68, 358-62	5.2	39
65	Quick and easy is not without cost: implications of poorly performing nutrition screening tools in hip fracture. <i>Journal of the American Geriatrics Society</i> , 2014 , 62, 237-43	5.6	35
64	Work-based assessment: qualitative perspectives of novice nutrition and dietetics educators. <i>Journal of Human Nutrition and Dietetics</i> , 2014 , 27, 513-21	3.1	16
63	Multidisciplinary, multi-modal nutritional care in acute hip fracture inpatients - results of a pragmatic intervention. <i>Clinical Nutrition</i> , 2014 , 33, 1101-7	5.9	55
62	Determinants of foodservice satisfaction for patients in geriatrics/rehabilitation and residents in residential aged care. <i>Health Expectations</i> , 2013 , 16, 251-65	3.7	20

61	Are informal carers and community care workers effective in managing malnutrition in the older adult community? A systematic review of current evidence. <i>Journal of Nutrition, Health and Aging</i> , 2013 , 17, 645-51	5.2	29
60	An exploratory study to evaluate whether medical nutrition therapy can improve dietary intake in hospital patients who eat poorly. <i>Journal of Human Nutrition and Dietetics</i> , 2013 , 26, 538-43	3.1	7
59	Muscle function and omega-3 fatty acids in the prediction of lean body mass after breast cancer treatment. <i>SpringerPlus</i> , 2013 , 2, 681		1
58	Omega-3 fatty acids and changes in LBM: alone or in synergy for better muscle health?. <i>Canadian Journal of Physiology and Pharmacology</i> , 2013 , 91, 459-68	2.4	6
57	Malnutrition and poor food intake are associated with prolonged hospital stay, frequent readmissions, and greater in-hospital mortality: results from the Nutrition Care Day Survey 2010. <i>Clinical Nutrition</i> , 2013 , 32, 737-45	5.9	273
56	The malnutrition screening tool versus objective measures to detect malnutrition in hip fracture. <i>Journal of Human Nutrition and Dietetics</i> , 2013 , 26, 519-26	3.1	19
55	Barriers to nutritional intake in patients with acute hip fracture: time to treat malnutrition as a disease and food as a medicine?. <i>Canadian Journal of Physiology and Pharmacology</i> , 2013 , 91, 489-95	2.4	50
54	Increasing dietetic referrals: Perceptions of general practitioners, practice nurses and dietitians. <i>Nutrition and Dietetics</i> , 2012 , 69, 32-38	2.5	11
53	Nutrition support, quality of life and clinical outcomes. <i>Journal of Human Nutrition and Dietetics</i> , 2012 , 25, 505-6; author reply 507-8	3.1	4
52	Nutrition care practices in hospital wards: results from the Nutrition Care Day Survey 2010. <i>Clinical Nutrition</i> , 2012 , 31, 995-1001	5.9	51
51	Nutritional status and dietary intake of acute care patients: results from the Nutrition Care Day Survey 2010. <i>Clinical Nutrition</i> , 2012 , 31, 41-7	5.9	128
50	Nutrition advice in general practice: the role of general practitioners and practice nurses. <i>Australian Journal of Primary Health</i> , 2011 , 17, 202-8	1.4	13
49	Private practice in rural areas: an untapped opportunity for dietitians. <i>Australian Journal of Rural Health</i> , 2011 , 19, 191-6	1.3	7
48	Examination of the utility of the promoting action on research implementation in health services framework for implementation of evidence based practice in residential aged care settings. <i>Journal of Advanced Nursing</i> , 2011 , 67, 2139-50	3.1	27
47	To Snack or Not to Snack: What should we advise for weight management?. <i>Nutrition and Dietetics</i> , 2011 , 68, 60-64	2.5	3
46	Nutrition screening practices in Australian healthcare facilities: A decade later. <i>Nutrition and Dietetics</i> , 2010 , 67, 213-218	2.5	21
45	Going rural but not staying long: Recruitment and retention issues for the rural dietetic workforce in Australia. <i>Nutrition and Dietetics</i> , 2010 , 67, 294-302	2.5	16
44	Food skills assessment tools for people with a mental illness. <i>Australian Occupational Therapy Journal</i> , 2010 , 45, 65-71	1.7	5

43	Foodservice satisfaction domains in geriatrics, rehabilitation and aged care. <i>Journal of Nutrition, Health and Aging</i> , 2010 , 14, 775-80	5.2	15
42	Structural change in Medicare funding: Impact on the dietetics workforce. <i>Nutrition and Dietetics</i> , 2009 , 66, 170-175	2.5	17
41	Association between eating frequency, weight, and health. <i>Nutrition Reviews</i> , 2009 , 67, 379-90	6.4	61
40	An amendment to the 2002 A.S.P.E.N. Guideline Statements. <i>Nutrition in Clinical Practice</i> , 2008 , 23, 658; author reply 659	3.6	2
39	A best practice dietetic service for rural patients with cancer undergoing chemotherapy: A pilot of a pseudo-randomised controlled trial. <i>Nutrition and Dietetics</i> , 2008 , 65, 175-180	2.5	7
38	Minimising undernutrition in the older inpatient. <i>International Journal of Evidence-Based Healthcare</i> , 2007 , 5, 110-81	2.6	5
37	Practice guidelines: Adopting existing guidelines or developing our own. <i>Nutrition and Dietetics</i> , 2007 , 64, 5-6	2.5	3
36	Nutrition support using the American Dietetic Association medical nutrition therapy protocol for radiation oncology patients improves dietary intake compared with standard practice. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 404-12		120
35	Effectiveness of interventions for under nourished older inpatients in the hospital setting. <i>Australian Nursing Journal</i> , 2007 , 15, 28-31		3
34	Resting energy expenditure in patients with solid tumors undergoing anticancer therapy. <i>Nutrition</i> , 2006 , 22, 609-15	4.8	32
33	A randomised control trial comparing lifestyle groups, individual counselling and written information in the management of weight and health outcomes over 12 months. <i>International Journal of Obesity</i> , 2006 , 30, 1557-64	5.5	47
32	New nutrient reference values for Australia and New Zealand: Implementation issues for nutrition professionals. <i>Nutrition and Dietetics</i> , 2006 , 63, 64-65	2.5	8
31	Profile of the Australian dietetic workforce: 1991-2005. <i>Nutrition and Dietetics</i> , 2006 , 63, 166-178	2.5	28
30	Consumer evaluation of hospital foodservice quality: an empirical investigation. <i>International Journal of Health Care Quality Assurance</i> , 2006 , 19, 181-94	1.3	33
29	Estimation of total body water from foot-to-foot bioelectrical impedance analysis in patients with cancer cachexia - agreement between three prediction methods and deuterium oxide dilution. <i>Journal of Human Nutrition and Dietetics</i> , 2005 , 18, 295-300	3.1	8
28	Clinical accuracy of the MedGem indirect calorimeter for measuring resting energy expenditure in cancer patients. <i>European Journal of Clinical Nutrition</i> , 2005 , 59, 603-10	5.2	42
27	Modified Constipation Assessment Scale is an effective tool to assess bowel function in patients receiving radiotherapy. <i>Nutrition and Dietetics</i> , 2005 , 62, 95-101	2.5	6
26	THE ACUTE HOSPITAL FOODSERVICE PATIENT SATISFACTION QUESTIONNAIRE: THE DEVELOPMENT OF A VALID AND RELIABLE TOOL TO MEASURE PATIENT SATISFACTION WITH ACUTE CARE HOSPITAL FOODSERVICES. <i>Journal of Foodservice</i> , 2005 , 16, 1-14		39

25	Compliance with nutrition prescription improves outcomes in patients with unresectable pancreatic cancer. <i>Clinical Nutrition</i> , 2005 , 24, 998-1004	5.9	80
24	Nutrition intervention improves outcomes in patients with cancer cachexia receiving chemotherapy--a pilot study. <i>Supportive Care in Cancer</i> , 2005 , 13, 270-4	3.9	106
23	Nutrition intervention is beneficial in oncology outpatients receiving radiotherapy to the gastrointestinal or head and neck area. <i>British Journal of Cancer</i> , 2004 , 91, 447-52	8.7	333
22	Patient satisfaction is rated higher by radiation oncology outpatients receiving nutrition intervention compared with usual care. <i>Journal of Human Nutrition and Dietetics</i> , 2004 , 17, 145-52	3.1	39
21	Evaluation of foot-to-foot bioelectrical impedance analysis for the prediction of total body water in oncology outpatients receiving radiotherapy. <i>European Journal of Clinical Nutrition</i> , 2004 , 58, 46-51	5.2	20
20	Weight stabilisation is associated with improved survival duration and quality of life in unresectable pancreatic cancer. <i>Clinical Nutrition</i> , 2004 , 23, 239-47	5.9	135
19	Predicting energy requirements in the clinical setting: are current methods evidence based?. <i>Nutrition Reviews</i> , 2003 , 61, 143-51	6.4	66
18	The impact of nutrition support on body composition in cancer outpatients receiving radiotherapy. <i>Acta Diabetologica</i> , 2003 , 40 Suppl 1, S162-4	3.9	29
17	The scored Patient-generated Subjective Global Assessment (PG-SGA) and its association with quality of life in ambulatory patients receiving radiotherapy. <i>European Journal of Clinical Nutrition</i> , 2003 , 57, 305-9	5.2	170
16	Variation in the application of methods used for predicting energy requirements in acutely ill adult patients: a survey of practice. <i>European Journal of Clinical Nutrition</i> , 2003 , 57, 1530-5	5.2	20
15	Effect of intensive dietetic interventions on weight and glycaemic control in overweight men with Type II diabetes: a randomised trial. <i>International Journal of Obesity</i> , 2003 , 27, 797-802	5.5	80
14	A comparison of two measures of hospital foodservice satisfaction. <i>Australian Health Review</i> , 2003 , 26, 70-5	1.8	14
13	Comparison of a malnutrition screening tool with subjective global assessment in hospitalised patients with cancer--sensitivity and specificity. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2003 , 12, 257-60 ¹		54
12	Estimation of total body water from bioelectrical impedance analysis in patients with pancreatic cancer -- agreement between three methods of prediction. <i>Journal of Human Nutrition and Dietetics</i> , 2002 , 15, 185-8	3.1	4
11	Use of the scored Patient-Generated Subjective Global Assessment (PG-SGA) as a nutrition assessment tool in patients with cancer. <i>European Journal of Clinical Nutrition</i> , 2002 , 56, 779-85	5.2	631
10	Residential camps as a setting for nutrition education of Australian girls. <i>Australian and New Zealand Journal of Public Health</i> , 2002 , 26, 383-8	2.3	
9	Nutritional therapy for cancer-induced weight loss. <i>Nutrition in Clinical Practice</i> , 2002 , 17, 210-3	3.6	18
8	Cancer: impact of nutrition intervention outcome--nutrition issues for patients. <i>Nutrition</i> , 2001 , 17, 769-728		151

7	An individualized food-skills programme: Development, implementation and evaluation. <i>Australian Occupational Therapy Journal</i> , 2000 , 47, 51-61	1.7	10
6	Changing what we eat: Can a professional association play a role?. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2000 , 9 Suppl 1, S72-5	1	
5	Food Skills of People with a Chronic Mental Illness: The Need for Intervention. <i>British Journal of Occupational Therapy</i> , 1999 , 62, 399-404	1	7
4	Validation of a malnutrition screening tool for patients receiving radiotherapy. <i>Journal of Medical Imaging and Radiation Oncology</i> , 1999 , 43, 325-7		92
3	Development of a valid and reliable malnutrition screening tool for adult acute hospital patients. <i>Nutrition</i> , 1999 , 15, 458-64	4.8	526
2	A controlled dietary trial for improving bowel function in a group of training centre residents with severe or profound intellectual disability. <i>Journal of Intellectual & Developmental Disability</i> , 1992 , 18, 111-121		2
1	Rice flour, breath hydrogen, and malabsorption. <i>Gastroenterology</i> , 1984 , 87, 578-585	13.3	61
