#	Paper	IF	Citations
69	Postoperative Confusion after Anesthesia in Elderly Patients with Femoral Neck Fractures. <i>Anesthesia and Analgesia</i> , 1987 , 66, 497-504	3.9	220
68	Postoperative delirium in old patients with femoral neck fracture: a randomized intervention study. <i>Aging Clinical and Experimental Research</i> , 2007 , 19, 178-86	4.8	186
67	A geriatric-anesthesiologic program to reduce acute confusional states in elderly patients treated for femoral neck fractures. <i>Journal of the American Geriatrics Society</i> , 1991 , 39, 655-62	5.6	176
66	Delirium before and after operation for femoral neck fracture. <i>Journal of the American Geriatrics Society</i> , 2001 , 49, 1335-40	5.6	114
65	A High-Intensity Functional Weight-Bearing Exercise Program for Older People Dependent in Activities of Daily Living and Living in Residential Care Facilities: Evaluation of the Applicability With Focus on Cognitive Function. <i>Physical Therapy</i> , 2006 , 86, 489-498	3.3	108
64	Improved performance in activities of daily living and mobility after a multidisciplinary postoperative rehabilitation in older people with femoral neck fracture: a randomized controlled trial with 1-year follow-up. <i>Acta Dermato-Venereologica</i> , 2007 , 39, 232-8	2.2	104
63	A multidisciplinary intervention program improved the outcome after hip fracture for people with dementia--subgroup analyses of a randomized controlled trial. <i>Archives of Gerontology and Geriatrics</i> , 2012 , 54, e284-9	4	89
62	Depression among the oldest old: the Umeå85+ study. <i>International Psychogeriatrics</i> , 2005 , 17, 557-75	3.4	84
61	Effects of a High-Intensity Functional Exercise Program on Dependence in Activities of Daily Living and Balance in Older Adults with Dementia. <i>Journal of the American Geriatrics Society</i> , 2016 , 64, 55-64	5.6	75
60	Increased postural sway during quiet stance as a risk factor for prospective falls in community-dwelling elderly individuals. <i>Age and Ageing</i> , 2017 , 46, 964-970	3	74
59	Increasing prevalence of dementia among very old people. <i>Age and Ageing</i> , 2011 , 40, 243-9	3	56
58	Morale in the oldest old: the Umeå85+ study. <i>Age and Ageing</i> , 2005 , 34, 249-55	3	56
57	Epidemiology and treatment of post-stroke depression. <i>Drugs and Aging</i> , 1995 , 7, 298-309	4.7	53
56	Usual gait speed independently predicts mortality in very old people: a population-based study. <i>Journal of the American Medical Association</i> , 2013 , 308, 529-33	5.9	43
55	Problems of basic nursing care in acutely confused and non-confused hip-fracture patients. <i>Scandinavian Journal of Caring Sciences</i> , 1989 , 3, 27-34	2.3	42
54	A high-intensity functional weight-bearing exercise program for older people dependent in activities of daily living and living in residential care facilities: evaluation of the applicability with focus on cognitive function. <i>Physical Therapy</i> , 2006 , 86, 489-98	3.3	39
53	Effects of Exercise on Cognitive Function in Older People with Dementia: A Randomized Controlled Trial. <i>Journal of Alzheimer's Disease</i> , 2017 , 60, 323-332	4.3	35

52	The Mobility Interaction Fall chart. <i>Physiotherapy Research International</i> , 2000 , 5, 190-201	1.8	35
51	Effects of Geriatric Interdisciplinary Home Rehabilitation on Walking Ability and Length of Hospital Stay After Hip Fracture: A Randomized Controlled Trial. <i>Journal of the American Medical Directors Association</i> , 2016 , 17, 464.e9-464.e15	5.9	34
50	Reorganization of Nursing and Medical Care to Reduce the Incidence of Postoperative Delirium and Improve Rehabilitation Outcome in Elderly Patients Treated for Femoral Neck Fractures. <i>Scandinavian Journal of Caring Sciences</i> , 1999 , 13, 193-200	2.3	32
49	In-patient rehabilitation after stroke: outcome and factors associated with improvement. <i>Disability and Rehabilitation</i> , 1998 , 20, 55-61	2.4	31
48	Femoral nerve block in a representative sample of elderly people with hip fracture: A randomised controlled trial. <i>Injury</i> , 2017 , 48, 1542-1549	2.5	30
47	Well-being, sense of coherence, and burnout in stroke victims and spouses during the first few months after stroke. <i>Scandinavian Journal of Caring Sciences</i> , 2001 , 15, 203-14	2.3	30
46	Co-morbidities, complications and causes of death among people with femoral neck fracture - a three-year follow-up study. <i>BMC Geriatrics</i> , 2016 , 16, 120	4.1	29
45	Association Between Antidepressant Drug Use and Hip Fracture in Older People Before and After Treatment Initiation. <i>JAMA Psychiatry</i> , 2019 , 76, 172-179	14.5	26
44	Prevalence of pain and pharmacological pain treatment among old people in nursing homes in 2007 and 2013. <i>European Journal of Clinical Pharmacology</i> , 2018 , 74, 483-488	2.8	22
43	Blood pressure, gait speed, and mortality in very old individuals: a population-based cohort study. <i>Journal of the American Medical Directors Association</i> , 2015 , 16, 208-14	5.9	22
42	Walking Aids Moderate Exercise Effects on Gait Speed in People With Dementia: A Randomized Controlled Trial. <i>Journal of the American Medical Directors Association</i> , 2017 , 18, 227-233	5.9	21
41	ADL performance and dependency on nursing care in patients with hip fractures and acute confusion in a task allocation care system. <i>Scandinavian Journal of Caring Sciences</i> , 1991 , 5, 3-11	2.3	21
40	Reorganization of Nursing and Medical Care to Reduce the Incidence of Postoperative Delirium and Improve Rehabilitation Outcome in Elderly Patients Treated for Femoral Neck Fractures 1999 , 13, 193		21
39	Effects of geriatric interdisciplinary home rehabilitation on complications and readmissions after hip fracture: a randomized controlled trial. <i>Clinical Rehabilitation</i> , 2019 , 33, 64-73	3.3	20
38	Functional capacity and dependency in transfer and dressing are associated with depressive symptoms in older people. <i>Clinical Interventions in Aging</i> , 2014 , 9, 249-56	4	17
37	The Effects of Exercise on Falls in Older People With Dementia Living in Nursing Homes: A Randomized Controlled Trial. <i>Journal of the American Medical Directors Association</i> , 2019 , 20, 835-842.e15	5.9	17
36	Do urinary tract infections affect morale among very old women?. <i>Health and Quality of Life Outcomes</i> , 2010 , 8, 73	3	16
35	Effects of a high-intensity functional exercise program on depressive symptoms among people with dementia in residential care: a randomized controlled trial. <i>International Journal of Geriatric Psychiatry</i> , 2016 , 31, 868-78	3.9	16

34	Risks of Myocardial Infarction, Death, and Diabetes in Identical Twin Pairs With Different Body Mass Indexes. <i>JAMA Internal Medicine</i> , 2016 , 176, 1522-1529	11.5	14
33	Self-transcendence (ST) among very old people--its associations to social and medical factors and development over five years. <i>Archives of Gerontology and Geriatrics</i> , 2015 , 61, 247-53	4	13
32	The Applicability of a High-Intensity Functional Exercise Program Among Older People With Dementia Living in Nursing Homes. <i>Journal of Geriatric Physical Therapy</i> , 2019 , 42, E16-E24	3.2	13
31	Disturbances in Oxygen Balance During Cardiopulmonary Bypass: A Risk Factor for Postoperative Delirium. <i>Journal of Cardiothoracic and Vascular Anesthesia</i> , 2018 , 32, 684-690	2.1	13
30	The prevalence of stroke and depression and factors associated with depression in elderly people with and without stroke. <i>BMC Geriatrics</i> , 2016 , 16, 174	4.1	12
29	Is a change in functional capacity or dependency in activities of daily living associated with a change in mental health among older people living in residential care facilities?. <i>Clinical Interventions in Aging</i> , 2013 , 8, 1561-8	4	12
28	Psychometric properties and feasibility of the Swedish version of the Philadelphia Geriatric Center Morale Scale. <i>Quality of Life Research</i> , 2015 , 24, 2795-805	3.7	11
27	Complications with focus on delirium during hospital stay related to femoral nerve block compared to conventional pain management among patients with hip fracture - A randomised controlled trial. <i>Injury</i> , 2020 , 51, 1634-1641	2.5	11
26	Cognitive function and walking velocity in people with dementia; a comparison of backward and forward walking. <i>Gait and Posture</i> , 2017 , 58, 481-486	2.6	11
25	Validation of the confusion assessment method in detecting postoperative delirium in cardiac surgery patients. <i>American Journal of Critical Care</i> , 2015 , 24, 480-7	1.7	10
24	Effects of Geriatric Interdisciplinary Home Rehabilitation on Independence in Activities of Daily Living in Older People With Hip Fracture: A Randomized Controlled Trial. <i>Archives of Physical Medicine and Rehabilitation</i> , 2020 , 101, 571-578	2.8	10
23	Potential drug-related problems detected by electronic expert support system: physicians' views on clinical relevance. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 941-8	2.3	9
22	Psychotropic drug use and mortality in old people with dementia: investigating sex differences. <i>BMC Pharmacology & Toxicology</i> , 2017 , 18, 36	2.6	9
21	High morale is associated with increased survival in the very old. <i>Age and Ageing</i> , 2015 , 44, 630-6	3	9
20	Higher morale is associated with lower risk of depressive disorders five years later among very old people. <i>Archives of Gerontology and Geriatrics</i> , 2017 , 69, 61-68	4	8
19	Association between socioeconomic and health factors and edentulism in people aged 65 and older - a population-based survey. <i>Scandinavian Journal of Public Health</i> , 2018 , 46, 690-698	3	8
18	Leisure Engagement: Medical Conditions, Mobility Difficulties, and Activity Limitations-A Later Life Perspective. <i>Journal of Aging Research</i> , 2015 , 2015, 610154	2.3	7
17	The association between cognition and gait in a representative sample of very old people - the influence of dementia and walking aid use. <i>BMC Geriatrics</i> , 2020 , 20, 34	4.1	6

16	Antidepressant use and mortality in very old people. <i>International Psychogeriatrics</i> , 2016 , 28, 1201-10	3.4	6
15	Geriatric Interdisciplinary Home Rehabilitation After Hip Fracture in People with Dementia - A Subgroup Analysis of a Randomized Controlled Trial. <i>Clinical Interventions in Aging</i> , 2020 , 15, 1575-1586	4	6
14	The use of a screening scale improves the recognition of delirium in older patients after cardiac surgery-A retrospective observational study. <i>Journal of Clinical Nursing</i> , 2019 , 28, 2309-2318	3.2	5
13	Morale in very old people who have had a stroke. <i>Archives of Gerontology and Geriatrics</i> , 2014 , 58, 408-14	4	5
12	Five-year change in morale is associated with negative life events in very old age. <i>Aging and Mental Health</i> , 2019 , 23, 84-91	3.5	5
11	Morale in Old Age and Its Association with Sociodemographic, Social, and Health-Related Factors in Different Age Groups. <i>Journal of Aging Research</i> , 2020 , 2020, 3939718	2.3	4
10	Antipsychotic Drugs and Hip Fracture: Associations Before and After the Initiation of Treatment. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 1636-1642.e6	5.9	2
9	Risk factors for a decrease in high morale in very old people over a 5-year period: data from two Nordic countries. <i>European Journal of Ageing</i> , 2020 , 17, 31-41	3.6	2
8	Measurement error of the Mini-Mental State Examination among individuals with dementia that reside in nursing homes. <i>European Journal of Ageing</i> , 2021 , 18, 109-115	3.6	2
7	Rehabilitation of Stroke Patients Who Are Older and Severely Affected: Short- and Long-term Perspectives. <i>Topics in Stroke Rehabilitation</i> , 2000 , 6, 20-29	2.6	1
6	Influence of Drugs on Sleep Apnoea in Stroke Patients. <i>Clinical Drug Investigation</i> , 2000 , 19, 447-455	3.2	1
5	Exercise effects on backward walking speed in people with dementia: A randomized controlled trial. <i>Gait and Posture</i> , 2021 , 85, 65-70	2.6	1
4	A clinically feasible short version of the 15-item geriatric depression scale extracted using item response theory in a sample of adults aged 85 years and older. <i>Aging and Mental Health</i> , 2021 , 1-7	3.5	1
3	Physical Activity in Late Middle- to Older-Aged People and Dementia, Cognitive, and Physical Function Two Decades Later.. <i>Dementia and Geriatric Cognitive Disorders</i> , 2022 , 1-7	2.6	0
2	Between Heaven and Hell: Experiences of Preoperative Pain and Pain Management among Older Patients with Hip Fracture.. <i>SAGE Open Nursing</i> , 2022 , 8, 23779608221097450	1.2	0
1	Backward relative to forward walking speed and falls in older adults with dementia.. <i>Gait and Posture</i> , 2022 , 96, 60-66	2.6	0
