

Robin L P Jump

List of Publications by Citations

Source: <https://exaly.com/author-pdf/287888/robin-l-p-jump-publications-by-citations.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
78	Asymptomatic carriers are a potential source for transmission of epidemic and nonepidemic <i>Clostridium difficile</i> strains among long-term care facility residents. <i>Clinical Infectious Diseases</i> , 2007 , 45, 992-8	11.6	415
77	Vegetative <i>Clostridium difficile</i> survives in room air on moist surfaces and in gastric contents with reduced acidity: a potential mechanism to explain the association between proton pump inhibitors and <i>C. difficile</i> -associated diarrhea?. <i>Antimicrobial Agents and Chemotherapy</i> , 2007 , 51, 2883-7	5.9	166
76	Comparison of clinical and microbiological response to treatment of <i>Clostridium difficile</i> -associated disease with metronidazole and vancomycin. <i>Clinical Infectious Diseases</i> , 2008 , 47, 56-62	11.6	128
75	Effective antimicrobial stewardship in a long-term care facility through an infectious disease consultation service: keeping a LID on antibiotic use. <i>Infection Control and Hospital Epidemiology</i> , 2012 , 33, 1185-92	2	101
74	At a Rural Veterans Affairs Medical Center, Telehealth Decreased Antibiotic Use in Long-Term, but not Acute Care. <i>Open Forum Infectious Diseases</i> , 2017 , 4, S275-S275	1	78
73	1829. A Systems Approach to Nursing Home Antimicrobial Stewardship. <i>Open Forum Infectious Diseases</i> , 2018 , 5, S520-S520	1	78
72	293. Concurrent Atlantoaxial Septic Arthritis and Septic Thrombosis of the Ophthalmic Vein due to <i>Staphylococcus aureus</i> : A Case Report and Review of the Literature. <i>Open Forum Infectious Diseases</i> , 2018 , 5, S120-S120	1	78
71	Urinary Tract Infection and Asymptomatic Bacteriuria in Older Adults. <i>Infectious Disease Clinics of North America</i> , 2017 , 31, 673-688	6.5	76
70	Optimizing Antibiotic Stewardship in Nursing Homes: A Narrative Review and Recommendations for Improvement. <i>Drugs and Aging</i> , 2015 , 32, 699-716	4.7	75
69	Another setting for stewardship: high rate of unnecessary antimicrobial use in a veterans affairs long-term care facility. <i>Journal of the American Geriatrics Society</i> , 2013 , 61, 289-90	5.6	58
68	In vitro killing of nosocomial pathogens by acid and acidified nitrite. <i>Antimicrobial Agents and Chemotherapy</i> , 2006 , 50, 3901-4	5.9	53
67	Metabolomics analysis identifies intestinal microbiota-derived biomarkers of colonization resistance in clindamycin-treated mice. <i>PLoS ONE</i> , 2014 , 9, e101267	3.7	53
66	Antimicrobial Stewardship in Long-Term Care Facilities: A Call to Action. <i>Journal of the American Medical Directors Association</i> , 2016 , 17, 183.e1-16	5.9	52
65	Challenges and Strategies for Prevention of Multidrug-Resistant Organism Transmission in Nursing Homes. <i>Current Infectious Disease Reports</i> , 2017 , 19, 18	3.9	48
64	A Survey and Analysis of the American Public's Perceptions and Knowledge About Antibiotic Resistance. <i>Open Forum Infectious Diseases</i> , 2016 , 3, ofw112	1	47
63	infection in older adults. <i>Aging Health</i> , 2013 , 9, 403-414		44
62	Infectious Diseases in Older Adults of Long-Term Care Facilities: Update on Approach to Diagnosis and Management. <i>Journal of the American Geriatrics Society</i> , 2018 , 66, 789-803	5.6	35

61	Influence of Aging and Environment on Presentation of Infection in Older Adults. <i>Infectious Disease Clinics of North America</i> , 2017 , 31, 593-608	6.5	34
60	Template for an Antibiotic Stewardship Policy for Post-Acute and Long-Term Care Settings. <i>Journal of the American Medical Directors Association</i> , 2017 , 18, 913-920	5.9	31
59	Tigecycline exhibits inhibitory activity against <i>Clostridium difficile</i> in the colon of mice and does not promote growth or toxin production. <i>Antimicrobial Agents and Chemotherapy</i> , 2011 , 55, 546-9	5.9	31
58	Implementing Antimicrobial Stewardship in Long-term Care Settings: An Integrative Review Using a Human Factors Approach. <i>Clinical Infectious Diseases</i> , 2017 , 65, 1943-1951	11.6	29
57	Unprecedented solutions for extraordinary times: Helping long-term care settings deal with the COVID-19 pandemic. <i>Infection Control and Hospital Epidemiology</i> , 2020 , 41, 729-730	2	25
56	The Development of a Decision Tool for the Empiric Treatment of Suspected Urinary Tract Infection in Frail Older Adults: A Delphi Consensus Procedure. <i>Journal of the American Medical Directors Association</i> , 2018 , 19, 757-764	5.9	25
55	Respiratory Syncytial Virus and Other Noninfluenza Respiratory Viruses in Older Adults. <i>Infectious Disease Clinics of North America</i> , 2017 , 31, 767-790	6.5	21
54	Suppression of gastric acid production by proton pump inhibitor treatment facilitates colonization of the large intestine by vancomycin-resistant <i>Enterococcus</i> spp. and <i>Klebsiella pneumoniae</i> in clindamycin-treated mice. <i>Antimicrobial Agents and Chemotherapy</i> , 2006 , 50, 3905-7	5.9	21
53	Knowledge, beliefs, and confidence regarding infections and antimicrobial stewardship: a survey of Veterans Affairs providers who care for older adults. <i>American Journal of Infection Control</i> , 2015 , 43, 298-300	3.8	18
52	A pilot study using telehealth to implement antimicrobial stewardship at two rural Veterans Affairs medical centers. <i>Infection Control and Hospital Epidemiology</i> , 2018 , 39, 1163-1169	2	18
51	in the Long-Term Care Facility: Prevention and Management. <i>Current Geriatrics Reports</i> , 2015 , 4, 60-69	1.3	17
50	A Structured Tool for Communication and Care Planning in the Era of the COVID-19 Pandemic. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 943-947	5.9	17
49	Risk Factors and Mortality Rates Associated With Invasive Group B <i>Streptococcus</i> Infections Among Patients in the US Veterans Health Administration. <i>JAMA Network Open</i> , 2019 , 2, e1918324	10.4	16
48	Multihospital outbreak of <i>Clostridium difficile</i> infection, Cleveland, Ohio, USA. <i>Emerging Infectious Diseases</i> , 2010 , 16, 827-9	10.2	14
47	Mixed-Methods Pilot Study to Assess Perceptions of Antimicrobial Stewardship in Nursing Homes. <i>Journal of the American Geriatrics Society</i> , 2017 , 65, 1073-1078	5.6	13
46	<i>Serratia fonticola</i> , pathogen or bystander? A case series and review of the literature. <i>IDCases</i> , 2016 , 5, 6-8	2	13
45	Environmental decontamination with ultraviolet radiation to prevent recurrent <i>Clostridium difficile</i> infection in 2 roommates in a long-term care Facility. <i>Infection Control and Hospital Epidemiology</i> , 2012 , 33, 534-6	2	12
44	Diagnosis, Treatment, and Prevention of Urinary Tract Infections in Post-Acute and Long-Term Care Settings: A Consensus Statement From AMDA's Infection Advisory Subcommittee. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 12-24.e2	5.9	12

43	Specialty care delivery: bringing infectious disease expertise to the residents of a Veterans Affairs long-term care facility. <i>Journal of the American Geriatrics Society</i> , 2013 , 61, 782-7	5.6	11
42	An online course improves nurses' awareness of their role as antimicrobial stewards in nursing homes. <i>American Journal of Infection Control</i> , 2017 , 45, 466-470	3.8	10
41	Changes in antibiotic use following implementation of a telehealth stewardship pilot program. <i>Infection Control and Hospital Epidemiology</i> , 2019 , 40, 810-814	2	9
40	Results of a Veterans Affairs employee education program on antimicrobial stewardship for older adults. <i>American Journal of Infection Control</i> , 2016 , 44, 349-51	3.8	9
39	Pneumococcal Vaccination Guidance for Post-Acute and Long-Term Care Settings: Recommendations From AMDA's Infection Advisory Committee. <i>Journal of the American Medical Directors Association</i> , 2017 , 18, 99-104	5.9	8
38	Potential utility of pharmacy data to measure antibiotic use in nursing homes. <i>Infection Control and Hospital Epidemiology</i> , 2019 , 40, 819-820	2	7
37	IMPACT OF TIGECYCLINE VERSUS OTHER ANTIBIOTICS ON THE FECAL METABOLOME AND ON COLONIZATION RESISTANCE TO IN MICE. <i>Pathogens and Immunity</i> , 2017 , 2, 1-20	4.9	6
36	Desirability of Outcome Ranking for the Management of Antimicrobial Therapy (DOOR MAT): A Framework for Assessing Antibiotic Selection Strategies in the Presence of Drug Resistance. <i>Clinical Infectious Diseases</i> , 2021 , 73, 344-350	11.6	6
35	Reliability of nonlocalizing signs and symptoms as indicators of the presence of infection in nursing-home residents. <i>Infection Control and Hospital Epidemiology</i> , 2020 , 1-10	2	5
34	Antimicrobial Stewardship in Long-Term Care Facilities: Approaches to Creating an Antibiogram when Few Bacterial Isolates Are Cultured Annually. <i>Journal of the American Medical Directors Association</i> , 2018 , 19, 744-747	5.9	5
33	Can anaerobes be acid fast? A novel, clinically relevant acid fast anaerobe. <i>JMM Case Reports</i> , 2016 , 3, e005036	0.5	5
32	Oral Cryptococcosis in a Patient with Chronic Lymphocytic Leukemia. <i>International Journal of Infectious Diseases</i> , 2016 , 50, 18-20	10.5	5
31	Recommendations for Improving Antimicrobial Stewardship in Long-Term Care Settings Through Collaboration. <i>Infectious Disease Clinics of North America</i> , 2020 , 34, 129-143	6.5	4
30	Discrepancies between surveillance definition and the clinical incidence of <i>Clostridium difficile</i> infection in a Veterans Affairs long-term care facility. <i>Infection Control and Hospital Epidemiology</i> , 2014 , 35, 1435-6	2	4
29	Does Universal Testing for COVID-19 Work for Everyone?. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 1525-1532	5.9	4
28	Antibiograms Cannot Be Used Interchangeably Between Acute Care Medical Centers and Affiliated Nursing Homes. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 72-77	5.9	4
27	Cloudy, Foul-Smelling Urine Not a Criteria for Diagnosis of Urinary Tract Infection in Older Adults. <i>Journal of the American Medical Directors Association</i> , 2016 , 17, 754	5.9	3
26	Challenges in Tracking and Reporting Antibiotic Use in Long-Term Care. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 1191-1196	5.9	3

25	Antibiotic Use Among Residents Receiving Skilled Nursing Care in 29 U.S. Nursing Homes. <i>Journal of the American Geriatrics Society</i> , 2021 , 69, 399-406	5.6	3
24	Concurrent Atlantoaxial Septic Arthritis and Septic Thrombosis of the Ophthalmic Vein due to : A Case Report and Review of the Literature. <i>Open Forum Infectious Diseases</i> , 2019 , 6, ofy328	1	2
23	A virtual clinic improves pneumococcal vaccination coverage among patients living with HIV at a Veterans Affairs Medical Center. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2018 , 30, 146-149	2.2	2
22	Infections in Older Adults: A Case-Based Discussion Series Emphasizing Antibiotic Stewardship. <i>MedEdPORTAL: the Journal of Teaching and Learning Resources</i> , 2018 , 14, 10754	1.2	2
21	Antibiotic Stewardship for Older Adults in Ambulatory Care Settings: Addressing an Unmet Challenge. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 244-249	5.6	2
20	Prosthetic Valve Endocarditis Caused by : A Case Report of Molecular Diagnostics Informing Nonsurgical Management. <i>Open Forum Infectious Diseases</i> , 2016 , 3, ofw202	1	2
19	Implementation of an Antibiotic Stewardship Program in Long-term Care Facilities Across the US.. <i>JAMA Network Open</i> , 2022 , 5, e220181	10.4	2
18	The Winter Respiratory Viral Season During the COVID-19 Pandemic. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 1741-1745	5.9	1
17	Similar Mortality Among United States Veterans With Invasive and Noninvasive Pneumonia due to Group B .. <i>Open Forum Infectious Diseases</i> , 2022 , 9, ofac051	1	1
16	Use of electronic pharmacy transaction data and website development to assess antibiotic use in nursing homes. <i>BMC Medical Informatics and Decision Making</i> , 2021 , 21, 148	3.6	1
15	Influence of microbiological culture results on antibiotic choices for veterans with hospital-acquired pneumonia and ventilator-associated pneumonia. <i>Infection Control and Hospital Epidemiology</i> , 2021 , 1-8	2	1
14	Prosthetic Valve Endocarditis (PVE) Caused by Bartonella henselae: A Case Report of Molecular Methods to Diagnose and Inform Non-Surgical Management. <i>Open Forum Infectious Diseases</i> , 2016 , 3,	1	1
13	Prevention of Infection Due to Clostridium difficile. <i>Infectious Disease Clinics of North America</i> , 2016 , 30, 999-1012	6.5	1
12	A positive pneumococcal urinary antigen test promotes narrow spectrum antibiotic use in patients with non-invasive pneumococcal pneumonia. <i>Diagnostic Microbiology and Infectious Disease</i> , 2020 , 96, 114897	2.9	1
11	Trends in Collection of Microbiological Cultures Across Veterans Affairs Community Living Centers in the United States Over 8 Years. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 115-120	5.9	1
10	857. A Tele-Antibiotic Stewardship Program Influences Antibiotic Use at 2 Rural Veterans Affairs Medical Centers. <i>Open Forum Infectious Diseases</i> , 2018 , 5, S19-S19	1	1
9	220. Taking Off With Antimicrobial Intervention Rounds (AIR): Successes of a Pilot Stewardship Service at a Tertiary-Care VA Medical Center. <i>Open Forum Infectious Diseases</i> , 2018 , 5, S95-S96	1	1
8	Omicron infection milder in nursing home residents.. <i>The Lancet Healthy Longevity</i> , 2022 , 3, e314-e315	9.5	1

7	The Role of Antibiotic Stewardship and Telemedicine in the Management of Multidrug-Resistant Infections. <i>Infectious Disease Clinics of North America</i> , 2020 , 34, 903-920	6.5	o
6	Desirability of Outcome Ranking for the Management of Antimicrobial Therapy (DOOR MAT) Reveals Improvements in the Treatment of Bloodstream Infections Caused by Escherichia coli and Klebsiella pneumoniae in Patients from the Veterans Health Administration. <i>Clinical Infectious Diseases</i> , 2021 , 73, 1231-1238	11.6	o
5	Impact of fever thresholds in detection of COVID-19 in Department of Veterans Affairs Community Living Center residents. <i>Journal of the American Geriatrics Society</i> , 2021 , 69, 3044-3050	5.6	o
4	Veterans Affairs Medical Center employee comments suggest additional educational targets to improve influenza vaccination campaigns. <i>Infection Control and Hospital Epidemiology</i> , 2015 , 36, 363-4	2	
3	Modest Association between Antibiotic and Antipsychotic Prescribing Rates in Nursing Homes. <i>Journal of the American Medical Directors Association</i> , 2021 ,	5.9	
2	Data Matching to Support Analysis of Cancer Epidemiology Among Veterans Compared With Non-Veteran Populations-An Exemplar in Brain Tumors. <i>JCO Clinical Cancer Informatics</i> , 2021 , 5, 985-994 ^{5.2}		
1	Expanding the definition beyond surveillance criteria reveals a large burden of osteomyelitis caused by group B Streptococcus in the United States Veterans Health Administration.. <i>BMC Infectious Diseases</i> , 2022 , 22, 237	4
