

Elena Goosen

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/3059666/elena-goosen-publications-by-year.pdf>

Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

18 papers	21 citations	2 h-index	4 g-index
22 ext. papers	22 ext. citations	0.3 avg, IF	1.33 L-index

#	Paper	IF	Citations
18	Multifunctional Safety System as a Framework for the Digital Transformation of the Coal Mining Industry. <i>IOP Conference Series: Earth and Environmental Science</i> , 2021 , 688, 012004	0.3	
17	Industry 4.0. and an upgrade of the business models of large mining companies. <i>IOP Conference Series: Earth and Environmental Science</i> , 2021 , 823, 012057	0.3	2
16	Corporate rent and its role in replication of regional resource dependence. <i>IOP Conference Series: Earth and Environmental Science</i> , 2021 , 823, 012055	0.3	
15	Toward industry 4.0 in energy sector. <i>IOP Conference Series: Materials Science and Engineering</i> , 2020 , 865, 012020	0.4	1
14	Readiness of Russian Regions for Integrated Development of Mineral Resources: Quantitative Assessment. <i>Smart Innovation, Systems and Technologies</i> , 2020 , 326-336	0.5	
13	Backward Linkage Value Chains as a Tool for Selecting Promising Production Technologies in Kuzbass Coal Industry. <i>Smart Innovation, Systems and Technologies</i> , 2020 , 138-148	0.5	2
12	Development of scientific framework to prepare resource regions in Russia for integrated subsoil use: Quantitative assessment. <i>IOP Conference Series: Earth and Environmental Science</i> , 2019 , 262, 012022 ^{0.3}		
11	Role of large mineral mining companies in resource regions: Finding tools of balanced interaction. <i>IOP Conference Series: Earth and Environmental Science</i> , 2019 , 262, 012025	0.3	1
10	Evolution of VAC in the context of coal industry advance in the conditions of digitization in Russia. <i>Eurasian Mining</i> , 2019 , 36-40	2.3	6
9	Shift of the world energy sector development paradigm: consequences for Russia. <i>IOP Conference Series: Earth and Environmental Science</i> , 2018 , 206, 012053	0.3	
8	Search for transforming innovations for Russian regions and barriers to their implementation. <i>IOP Conference Series: Earth and Environmental Science</i> , 2018 , 206, 012055	0.3	
7	Modern forms of project interaction of science, business, and government in the coal industry. <i>IOP Conference Series: Earth and Environmental Science</i> , 2018 , 206, 012016	0.3	
6	The problems and prospects of the public-private partnership in the Russian fuel and energy sector. <i>IOP Conference Series: Earth and Environmental Science</i> , 2017 , 53, 012018	0.3	4
5	Socio-economic development of territories based on the principles of public-private partnership in the sphere of comprehensive mineral exploration. <i>IOP Conference Series: Earth and Environmental Science</i> , 2017 , 84, 012013	0.3	1
4	Machine-Building for Fuel and Energy Complex: Perspective Forms of Interaction. <i>IOP Conference Series: Materials Science and Engineering</i> , 2017 , 253, 012023	0.4	
3	The problems of identification of resource-type regions. <i>IOP Conference Series: Earth and Environmental Science</i> , 2017 , 84, 012016	0.3	1
2	New forms of public-private partnership for sustainable development of the fuel and energy sector. <i>IOP Conference Series: Earth and Environmental Science</i> , 2017 , 84, 012014	0.3	2
