#	Paper	IF	Citations
103	Serial mediation analysis of treatment-specific processes in two contrasting alcohol treatments.. <i>Journal of Substance Abuse Treatment</i> , 2022 , 108799	4.2	
102	Correlates of the use of electronic devices to vape cannabis in a cohort of young Swiss male reporting current cannabis use. <i>European Journal of Public Health</i> , 2021 , 31, 437-441	2.1	1
101	Sexual Minority Orientation Is Associated With Greater Psychological Impact Due to the COVID-19 Crisis-Evidence From a Longitudinal Cohort Study of Young Swiss Men. <i>Frontiers in Public Health</i> , 2021 , 9, 692884	6	4
100	Changes in substance use and other reinforcing behaviours during the COVID-19 crisis in a general population cohort study of young Swiss men. <i>Journal of Behavioral Addictions</i> , 2021 ,	6.3	1
99	The psychological impact of the COVID-19 crisis is higher among young Swiss men with a lower socioeconomic status: Evidence from a cohort study. <i>PLoS ONE</i> , 2021 , 16, e0255050	3.7	4
98	Prosocialness in young males with substance and behavioral addictions. <i>Journal of Behavioral Addictions</i> , 2021 ,	6.3	1
97	Online Gambling Associations With Gambling Disorder and Related Problems in a Representative Sample of Young Swiss Men. <i>Frontiers in Psychiatry</i> , 2021 , 12, 703118	5	2
96	Cannabis use disorder trajectories and their prospective predictors in a large population-based sample of young Swiss men. <i>Addiction</i> , 2021 , 116, 560-570	4.6	1
95	Curvilinear associations between sexual orientation and problematic substance use, behavioural addictions and mental health among young Swiss men. <i>Addictive Behaviors</i> , 2021 , 112, 106609	4.2	3
94	Protective behavioral strategies and alcohol outcomes: Impact of mood and personality disorders. <i>Addictive Behaviors</i> , 2021 , 112, 106615	4.2	3
93	The psychological impact of the COVID-19 crisis on young Swiss men participating in a cohort study. <i>Swiss Medical Weekly</i> , 2021 , 151, w30028	3.1	4
92	Prevalence, modes of administration and motives for cannabidiol use in young Swiss men.. <i>Swiss Medical Weekly</i> , 2021 , 151, w30054	3.1	
91	Are Changes in Personality Traits and Alcohol Use Associated? A Cohort Study Among Young Swiss Men. <i>Frontiers in Psychiatry</i> , 2020 , 11, 591003	5	1
90	Development of alcohol use disorder in young Swiss men: the influence of retrospectively perceived parenting profiles. <i>Drugs: Education, Prevention and Policy</i> , 2020 , 1-11	1.2	
89	Screened Attention Deficit/Hyperactivity Disorder as a Predictor of Substance Use Initiation and Escalation in Early Adulthood and the Role of Self-Reported Conduct Disorder and Sensation Seeking: A 5-Year Longitudinal Study with Young Adult Swiss Men. <i>European Addiction Research</i> , 2020 , 25, 222-244	4.6	7
88	Screening for alcohol use disorder among individuals with comorbid psychiatric disorders: Diagnostic accuracy in a sample of young Swiss men. <i>Addictive Behaviors</i> , 2020 , 106, 106354	4.2	2
87	Multiple trajectories of alcohol use and the development of alcohol use disorder: Do Swiss men mature-out of problematic alcohol use during emerging adulthood?. <i>PLoS ONE</i> , 2020 , 15, e0220232	3.7	6

86	Identifying an accurate self-reported screening tool for alcohol use disorder: evidence from a Swiss, male population-based assessment. <i>Addiction</i> , 2020 , 115, 426-436	4.6	6
85	A randomized trial of brief web-based prevention of unhealthy alcohol use: Participant self-selection compared to a male young adult source population. <i>Internet Interventions</i> , 2020 , 19, 1002984	4.4	1
84	The Association between Type and Intensity of Sport and Tobacco or Nicotine Use-A Cross-Sectional Study among Young Swiss Men. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	1
83	Reconsidering the associations between self-reported alcohol use disorder and mental health problems in the light of co-occurring addictions in young Swiss men. <i>PLoS ONE</i> , 2019 , 14, e0222806	3.7	6
82	Attention deficit hyperactivity disorder and future alcohol outcomes: Examining the roles of coping and enhancement drinking motives among young men. <i>PLoS ONE</i> , 2019 , 14, e0218469	3.7	6
81	Alcohol-induced blackouts at age 20 predict the incidence, maintenance and severity of alcohol dependence at age 25: a prospective study in a sample of young Swiss men. <i>Addiction</i> , 2019 , 114, 1556-1566	4.6	18
80	Problematic smartphone use in young Swiss men: Its association with problematic substance use and risk factors derived from the pathway model. <i>Journal of Behavioral Addictions</i> , 2019 , 8, 326-334	6.3	12
79	Longitudinal Associations Between Life Satisfaction and Cannabis Use Initiation, Cessation, and Disorder Symptom Severity in a Cohort of Young Swiss Men. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	2
78	Comparing Mental Health across Distinct Groups of Users of Psychedelics, MDMA, Psychostimulants, and Cannabis. <i>Journal of Psychoactive Drugs</i> , 2019 , 51, 236-246	3.6	2
77	Protective Behavioral Strategies Scale-20: Psychometric properties of a French and German version among young males in Switzerland. <i>International Journal of Methods in Psychiatric Research</i> , 2019 , 28, e1777	4.3	2
76	Interpretation of DSM-5 alcohol use disorder criteria in self-report surveys may change with age. A longitudinal analysis of young Swiss men. <i>Addiction Research and Theory</i> , 2019 , 27, 489-497	2.6	5
75	Does level of attention deficit-hyperactivity disorder symptoms predicts poor transition into adulthood?. <i>International Journal of Public Health</i> , 2019 , 64, 165-172	4	3
74	Unique versus shared associations between self-reported behavioral addictions and substance use disorders and mental health problems: A commonality analysis in a large sample of young Swiss men. <i>Journal of Behavioral Addictions</i> , 2019 , 8, 664-677	6.3	23
73	Cybersex use and problematic cybersex use among young Swiss men: Associations with sociodemographic, sexual, and psychological factors. <i>Journal of Behavioral Addictions</i> , 2019 , 8, 794-803	6.3	8
72	Development of a short form of the compulsive internet use scale in Switzerland. <i>International Journal of Methods in Psychiatric Research</i> , 2019 , 28, e1765	4.3	9
71	Depressive symptoms, alcohol use and coping drinking motives: Examining various pathways to suicide attempts among young men. <i>Journal of Affective Disorders</i> , 2018 , 232, 243-251	6.6	18
70	Snus and Snuff Use in Switzerland Among Young Men: Are There Beneficial Effects on Smoking?. <i>Nicotine and Tobacco Research</i> , 2018 , 20, 1301-1309	4.9	4
69	Four-year follow-up of an internet-based brief intervention for unhealthy alcohol use in young men. <i>Addiction</i> , 2018 , 113, 1517-1521	4.6	3

68	Do sensation seeking and aggression traits moderate the association between peer influence and alcohol outcomes among young Swiss men?. <i>Addiction Research and Theory</i> , 2018 , 26, 52-62	2.6	
67	Latent profiles of family background, personality and mental health factors and their association with behavioural addictions and substance use disorders in young Swiss men. <i>European Psychiatry</i> , 2018 , 52, 76-84	6	16
66	Comorbidity of Symptoms of Alcohol and Cannabis Use Disorders among a Population-Based Sample of Simultaneous Users. Insight from a Network Perspective. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	6
65	Bidirectional Associations Between Self-Reported Gaming Disorder and Adult Attention Deficit Hyperactivity Disorder: Evidence From a Sample of Young Swiss Men. <i>Frontiers in Psychiatry</i> , 2018 , 9, 649	5	10
64	Cigarette and Cannabis Use in Young Swiss Men: Examination of the Bidirectional, Longitudinal Associations Between Frequency of Use and Descriptive Norms. <i>Journal of Studies on Alcohol and Drugs</i> , 2018 , 79, 585-590	1.9	1
63	Non-medical use of prescription drugs by young men: impact of potentially traumatic events and of social-environmental stressors. <i>Høgre Utbildning</i> , 2018 , 9, 1468706	5	7
62	Cigarette and Cannabis Use in Young Swiss Men: Examination of the Bidirectional, Longitudinal Associations Between Frequency of Use and Descriptive Norms. <i>Journal of Studies on Alcohol and Drugs</i> , 2018 , 79, 585-590	1.9	
61	Is gambling involvement a confounding variable for the relationship between Internet gambling and gambling problem severity?. <i>Computers in Human Behavior</i> , 2017 , 71, 148-152	7.7	22
60	Substance Use in Young Swiss Men: The Interplay of Perceived Social Support and Dispositional Characteristics. <i>Substance Use and Misuse</i> , 2017 , 52, 798-810	2.2	9
59	Emerging Adulthood: A Time of Changes in Psychosocial Well-Being. <i>Evaluation and the Health Professions</i> , 2017 , 40, 383-400	2.5	26
58	Family-Related Stress versus External Stressors: Differential Impacts on Alcohol and Illicit Drug Use in Young Men. <i>European Addiction Research</i> , 2017 , 23, 284-297	4.6	7
57	Latent Class Analysis of Gambling Activities in a Sample of Young Swiss Men: Association with Gambling Problems, Substance Use Outcomes, Personality Traits and Coping Strategies. <i>Journal of Gambling Studies</i> , 2016 , 32, 421-40	3	21
56	Subthreshold problem drinkers in DSM-5 alcohol use disorder classification. <i>American Journal on Addictions</i> , 2016 , 25, 408-15	3.7	6
55	Risky substance use and peer pressure in Swiss young men: Test of moderation effects. <i>Drug and Alcohol Dependence</i> , 2016 , 168, 89-98	4.9	7
54	Socioeconomic status and substance use among Swiss young men: a population-based cross-sectional study. <i>BMC Public Health</i> , 2016 , 16, 333	4.1	27
53	Video Gaming Disorder and Sport and Exercise in Emerging Adulthood: A Longitudinal Study. <i>Behavioral Medicine</i> , 2016 , 42, 105-11	4.4	36
52	Trajectories of drug use among French young people: Prototypical stages of involvement in illicit drug use. <i>Journal of Substance Use</i> , 2016 , 21, 485-490	0.8	2
51	Validation of French and German versions of a Perceived Neighborhood Social Cohesion Questionnaire among young Swiss males, and its relationship with substance use. <i>Journal of Health Psychology</i> , 2016 , 21, 171-82	3.1	7

50	Are alcohol outlet densities strongly associated with alcohol-related outcomes? A critical review of recent evidence. <i>Drug and Alcohol Review</i> , 2016 , 35, 40-54	3.2	96
49	Associations of age at cannabis first use and later substance abuse with mental health and depression in young men. <i>Journal of Substance Use</i> , 2016 , 21, 85-91	0.8	4
48	Bidirectional relationship between the body mass index and substance use in young men. <i>Substance Abuse</i> , 2016 , 37, 190-6	3.8	5
47	E-cigarette use in young Swiss men: is vaping an effective way of reducing or quitting smoking?. <i>Swiss Medical Weekly</i> , 2016 , 146, w14271	3.1	38
46	When vaping lobbyists get science wrong - reply to Poirson. <i>Swiss Medical Weekly</i> , 2016 , 146, w14332	3.1	1
45	Drinking Motives As Mediators of the Associations between Reinforcement Sensitivity and Alcohol Misuse and Problems. <i>Frontiers in Psychology</i> , 2016 , 7, 718	3.4	18
44	Factor structure and psychometric properties of a French and German shortened version of the Behavioural Inhibition System/Behavioural Activation System scales. <i>International Journal of Methods in Psychiatric Research</i> , 2016 , 25, 44-54	4.3	4
43	Reframing video gaming and internet use addiction: empirical cross-national comparison of heavy use over time and addiction scales among young users. <i>Addiction</i> , 2016 , 111, 513-22	4.6	31
42	Is attention deficit/hyperactivity disorder among men associated with initiation or escalation of substance use at 15-month follow-up? A longitudinal study involving young Swiss men. <i>Addiction</i> , 2016 , 111, 1867-78	4.6	24
41	Substance use capital: Social resources enhancing youth substance use. <i>Revue DEpidemiologie Et De Sante Publique</i> , 2016 , 64, 255-62	0.6	2
40	We have to become more specific: A reply to Morrison et al. <i>Drug and Alcohol Review</i> , 2016 , 35, 58-60	3.2	3
39	Drinking locations and alcohol-related harm: Cross-sectional and longitudinal associations in a sample of young Swiss men. <i>International Journal of Drug Policy</i> , 2015 , 26, 653-61	5.5	17
38	Association between non-medical prescription drug use and personality traits among young Swiss men. <i>Psychiatry and Clinical Neurosciences</i> , 2015 , 69, 228-37	6.2	3
37	Physical Activity and Snus: Is There a Link?. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 7185-98	4.6	9
36	Is the relationship between major depressive disorder and self-reported alcohol use disorder an artificial one?. <i>Alcohol and Alcoholism</i> , 2015 , 50, 195-9	3.5	9
35	Cannabis use and other illicit drug use: do subjective experiences during first cannabis use increase the probability of using illicit drug?. <i>Journal of Substance Use</i> , 2015 , 20, 234-238	0.8	2
34	Not in Education, Employment, or Training status among young Swiss men. Longitudinal associations with mental health and substance use. <i>Journal of Adolescent Health</i> , 2015 , 56, 238-43	5.8	50
33	An 8-Item Short Form of the Inventory of Dimensions of Emerging Adulthood (IDEA) Among Young Swiss Men. <i>Evaluation and the Health Professions</i> , 2015 , 38, 246-54	2.5	20

32	The Swiss Cohort Study on Substance Use Risk Factors [Findings of two Waves. <i>Sucht</i> , 2015 , 61, 251-262	0.5	37
31	Routes of administration of cannabis used for nonmedical purposes and associations with patterns of drug use. <i>Journal of Adolescent Health</i> , 2014 , 54, 235-40	5.8	57
30	Health-risk behaviors and quality of life among young men. <i>Quality of Life Research</i> , 2014 , 23, 1009-17	3.7	10
29	Health impact of sport and exercise in emerging adult men: a prospective study. <i>Quality of Life Research</i> , 2014 , 23, 2225-34	3.7	10
28	Association between nonmedical prescription drug use and health status among young Swiss men. <i>Journal of Adolescent Health</i> , 2014 , 55, 549-55	5.8	3
27	More is not always better-comparison of three instruments measuring volume of drinking in a sample of young men and their association with consequences. <i>Journal of Studies on Alcohol and Drugs</i> , 2014 , 75, 880-8	1.9	19
26	Differential association of drinking motives with alcohol use on weekdays and weekends. <i>Psychology of Addictive Behaviors</i> , 2014 , 28, 651-8	3.4	31
25	Concurrent and simultaneous polydrug use among young Swiss males: use patterns and associations of number of substances used with health issues. <i>International Journal of Adolescent Medicine and Health</i> , 2014 , 26, 217-24	1.1	23
24	Prevalence of and associated factors for adult attention deficit hyperactivity disorder in young Swiss men. <i>PLoS ONE</i> , 2014 , 9, e89298	3.7	15
23	Use of neuroenhancement drugs: prevalence, frequency and use expectations in Switzerland. <i>International Journal of Environmental Research and Public Health</i> , 2014 , 11, 3032-45	4.6	14
22	Prevalence and factors associated with use of smokeless tobacco in young Swiss men. <i>European Journal of Public Health</i> , 2014 , 24, 459-64	2.1	15
21	Beverage preferences and associated drinking patterns, consequences and other substance use behaviours. <i>European Journal of Public Health</i> , 2014 , 24, 496-501	2.1	22
20	Subjective cognitive decline in patients with mild cognitive impairment and healthy older adults: association with personality traits. <i>Geriatrics and Gerontology International</i> , 2014 , 14, 589-95	2.9	25
19	Concurrent versus simultaneous use of alcohol and non-medical use of prescription drugs: is simultaneous use worse for mental, social, and health issues?. <i>Journal of Psychoactive Drugs</i> , 2014 , 46, 334-9	3.6	12
18	The relationship between subjective experiences during first use of tobacco and cannabis and the effect of the substance experienced first. <i>Nicotine and Tobacco Research</i> , 2014 , 16, 84-92	4.9	6
17	Patterns and Transitions in Substance Use Among Young Swiss Men: A Latent Transition Analysis Approach. <i>Journal of Drug Issues</i> , 2014 , 44, 381-393	1.4	12
16	Non-medical prescription drug and illicit street drug use among young Swiss men and associated mental health issues. <i>International Journal of Adolescent Medicine and Health</i> , 2014 , 26, 525-30	1.1	6
15	Patterns of cannabis use and prospective associations with health issues among young males. <i>Addiction</i> , 2014 , 109, 937-45	4.6	22

14	Peer pressure and alcohol use in young men: a mediation analysis of drinking motives. <i>International Journal of Drug Policy</i> , 2014 , 25, 700-8	5.5	41
13	Associations of physical activity and sport and exercise with at-risk substance use in young men: a longitudinal study. <i>Preventive Medicine</i> , 2014 , 64, 27-31	4.3	27
12	Risky single occasion drinking frequency and alcohol-related consequences: can abstinence during early adulthood lead to alcohol problems?. <i>Swiss Medical Weekly</i> , 2014 , 144, w14017	3.1	9
11	Health literacy and substance use in young Swiss men. <i>International Journal of Public Health</i> , 2013 , 58, 939-48	4	26
10	Perception of tobacco, cannabis, and alcohol use of others is associated with one's own use. <i>Addiction Science & Clinical Practice</i> , 2013 , 8, 15	4.1	28
9	Religion is good, belief is better: religion, religiosity, and substance use among young Swiss men. <i>Substance Use and Misuse</i> , 2013 , 48, 1085-98	2.2	30
8	Examining non-response bias in substance use research--are late respondents proxies for non-respondents?. <i>Drug and Alcohol Dependence</i> , 2013 , 132, 316-23	4.9	117
7	Use of electronic cigarettes among young Swiss men. <i>Journal of Epidemiology and Community Health</i> , 2013 , 67, 1075-6	5.1	45
6	Need for informed consent in substance use studies--harm of bias?. <i>Journal of Studies on Alcohol and Drugs</i> , 2013 , 74, 931-40	1.9	40
5	Factor structure of early smoking experiences and associations with smoking behavior: valence or sensitivity model?. <i>International Journal of Environmental Research and Public Health</i> , 2013 , 10, 6305-18	4.6	2
4	Profiles of drug users in Switzerland and effects of early-onset intensive use of alcohol, tobacco and cannabis on other illicit drug use. <i>Swiss Medical Weekly</i> , 2013 , 143, w13805	3.1	22
3	Empathy for Pain from Adolescence through Adulthood: An Event-Related Brain Potential Study. <i>Frontiers in Psychology</i> , 2012 , 3, 501	3.4	40
2	Age-relevance of person characteristics: persons' beliefs about developmental change across the lifespan. <i>Developmental Psychology</i> , 2011 , 47, 376-87	3.7	21
1	Dynamic Integration of Emotion and Cognition: Equilibrium Regulation in Development and Aging 2010 ,		34
