#	ARTICLE	IF	CITATIONS
1	An intervention to promote walking amongst the general population based on an "extended"™ theory of planned behaviour: A waiting list randomised controlled trial. <i>Psychology and Health</i> , 2010, 25, 71-88.	1.2	137
2	What sense do people make of a theory of planned behaviour questionnaire?. <i>Journal of Health Psychology</i> , 2009, 14, 861-871.	1.3	70
3	An exploration of walking behaviour"An interpretative phenomenological approach. <i>Social Science and Medicine</i> , 2007, 65, 2172-2183.	1.8	60
4	So prohibition can work?Changes in use of novel psychoactive substances among adolescents attending a drug and alcohol treatment service following a legislative ban. <i>International Journal of Drug Policy</i> , 2015, 26, 887-889.	1.6	60
5	Psychosocial interventions for benzodiazepine harmful use, abuse or dependence. <i>The Cochrane Library</i> , 2015, , CD009652.	1.5	57
6	Healthcare seeking practices and barriers to accessing under-five child health services in urban slums in Malawi: a qualitative study. <i>BMC Health Services Research</i> , 2016, 16, 410.	0.9	39
7	Are beliefs elicited biased by question order? A theory of planned behaviour belief elicitation study about walking in the UK general population. <i>British Journal of Health Psychology</i> , 2007, 12, 93-110.	1.9	30
8	Promotion of physical activity in primary care: knowledge and practice of general practitioners and physiotherapists. <i>Zeitschrift Fur Gesundheitswissenschaften</i> , 2013, 21, 63-69.	0.8	30
9	Methadone-maintained patients in primary care have higher rates of chronic disease and multimorbidity, and use health services more intensively than matched controls. <i>European Journal of General Practice</i> , 2014, 20, 275-280.	0.9	27
10	Determinants of healthcare seeking for childhood illnesses among caregivers of under-five children in urban slums in Malawi: a population-based cross-sectional study. <i>BMC Pediatrics</i> , 2020, 20, 20.	0.7	26
11	Brief interventions are effective in reducing alcohol consumption in opiate"dependent methadone"maintained patients: Results from an implementation study. <i>Drug and Alcohol Review</i> , 2012, 31, 348-356.	1.1	25
12	The barriers and facilitators to the implementation of National Clinical Programmes in Ireland: using the MRC framework for process evaluations. <i>BMC Health Services Research</i> , 2018, 18, 733.	0.9	24
13	Early Intervention in Psychosis services: A systematic review and narrative synthesis of the barriers and facilitators to implementation. <i>European Psychiatry</i> , 2022, 65, 1-44.	0.1	20
14	The Systematic Development of a Brief Intervention to Increase Walking in the General Public Using an "Extended"™ Theory of Planned Behavior. <i>Journal of Physical Activity and Health</i> , 2013, 10, 940-948.	1.0	17
15	Demographic and clinical factors predicting retention in methadone maintenance: results from an Irish cohort. <i>Irish Journal of Medical Science</i> , 2016, 185, 433-441.	0.8	15
16	What influences where they seek care? Caregivers"™ preferences for under-five child healthcare services in urban slums of Malawi: A discrete choice experiment. <i>PLoS ONE</i> , 2018, 13, e0189940.	1.1	15
17	Onset of Cocaine Use. <i>Journal of Addiction Medicine</i> , 2013, 7, 183-188.	1.4	13
18	A telephone survey of parental attitudes and behaviours regarding teenage drinking. <i>BMC Public Health</i> , 2010, 10, 297.	1.2	12

#	ARTICLE	IF	CITATIONS
19	Situational and psycho-social factors associated with relapse following residential detoxification in a population of Irish opioid dependent patients. <i>Irish Journal of Psychological Medicine</i> , 2012, 29, 72-79.	0.7	12
20	Non-attendance at counselling therapy in cocaine-using methadone-maintained patients: lessons learnt from an abandoned randomised controlled trial. <i>Irish Journal of Medical Science</i> , 2012, 181, 483-489.	0.8	12
21	Determinants of self-rated health in an Irish deprived suburban population – a cross sectional face-to-face household survey. <i>BMC Public Health</i> , 2016, 16, 767.	1.2	12
22	Primary medical care in Irish prisons. <i>BMC Health Services Research</i> , 2010, 10, 74.	0.9	11
23	Examining total and domain-specific sedentary behaviour using the socio-ecological model – a cross-sectional study of Irish adults. <i>BMC Public Health</i> , 2019, 19, 1155.	1.2	11
24	Screening and Brief Interventions for Illicit Drug Use and Alcohol Use in Methadone Maintained Opiate-Dependent Patients: Results of a Pilot Cluster Randomized Controlled Trial Feasibility Study. <i>Substance Use and Misuse</i> , 2016, 51, 1104-1115.	0.7	10
25	Is the Urban Child Health Advantage Declining in Malawi?: Evidence from Demographic and Health Surveys and Multiple Indicator Cluster Surveys. <i>Journal of Urban Health</i> , 2019, 96, 131-143.	1.8	10
26	Bordering on crisis: A qualitative analysis of focus group, social media, and news media perspectives on the Republic of Ireland-Northern Ireland border during the “first wave” of the COVID-19 pandemic. <i>Social Science and Medicine</i> , 2021, 282, 114111.	1.8	10
27	Demographic factors and attitudes that influence the support of the general public for the introduction of universal healthcare in Ireland: A national survey. <i>Health Policy</i> , 2018, 122, 147-156.	1.4	9
28	A naturalistic longitudinal analysis of post-detoxification outcomes in opioid-dependent patients. <i>Drug and Alcohol Review</i> , 2018, 37, S339-S347.	1.1	9
29	Participation of patients and family members in healthcare services at the service and national levels: A lesson learned in Dublin, Ireland. <i>Patient Education and Counseling</i> , 2017, 100, 583-591.	1.0	8
30	Media Representations of Science during the First Wave of the COVID-19 Pandemic: A Qualitative Analysis of News and Social Media on the Island of Ireland. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 9542.	1.2	7
31	Factors influencing the performance of community health volunteers working within urban informal settlements in low- and middle-income countries: a qualitative meta-synthesis review. <i>Human Resources for Health</i> , 2021, 19, 144.	1.1	7
32	We Can Quit2 (WCQ2): a community-based intervention on smoking cessation for women living in disadvantaged areas of Ireland – study protocol for a pilot cluster randomised controlled trial. <i>Pilot and Feasibility Studies</i> , 2019, 5, 138.	0.5	6
33	Tailoring a brief intervention for illicit drug use and alcohol use in Irish methadone maintained opiate dependent patients: a qualitative process. <i>BMC Psychiatry</i> , 2016, 16, 373.	1.1	5
34	Feasibility of a physical activity pathway for Irish primary care physiotherapy services. <i>Physiotherapy</i> , 2017, 103, 106-112.	0.2	5
35	Peer-Delivery of a Gender-Specific Smoking Cessation Intervention for Women Living in Disadvantaged Communities in Ireland We Can Quit2 (WCQ2) – A Pilot Cluster Randomized Controlled Trial. <i>Nicotine and Tobacco Research</i> , 2022, 24, 564-573.	1.4	5
36	A theory-based multicomponent intervention to reduce occupational sedentary behaviour in professional male workers: protocol for a cluster randomised crossover pilot feasibility study. <i>Pilot and Feasibility Studies</i> , 2020, 6, 175.	0.5	4

#	ARTICLE	IF	CITATIONS
37	A Cluster-Randomised Crossover Pilot Feasibility Study of a Multicomponent Intervention to Reduce Occupational Sedentary Behaviour in Professional Male Employees. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 9292.	1.2	4
38	Developing a health promoting university in Trinity College Dublinâ€™ overview and outline process evaluation. <i>Health Promotion International</i> , 2021, , .	0.9	4
39	Non-adherence to COVID-19 containment behaviours: results from an all-Ireland telephone survey. <i>BMC Public Health</i> , 2022, 22, 898.	1.2	4
40	Can a practice pharmacist improve prescribing safety and reduce costs in polypharmacy patients? A pilot study of an intervention in an Irish general practice setting. <i>BMJ Open</i> , 2022, 12, e050261.	0.8	4
41	Alcohol consumption in pregnancy: results from the general practice setting. <i>Irish Journal of Medical Science</i> , 2013, 183, 231-40.	0.8	3
42	A qualitative study of the perceived impact of a community mobilisation intervention to reduce alcohol consumption among amateur sportsmen. <i>Irish Journal of Psychological Medicine</i> , 2013, 30, 57-66.	0.7	3
43	Location and deprivation are important influencers of physical activity in primary care populations. <i>Public Health</i> , 2016, 136, 80-86.	1.4	3
44	Study protocol for the COvid-19 Toolbox for All IslaNd (CONTAIN) project: A cross-border analysis in Ireland to disentangle psychological, behavioural, media and governmental responses to COVID-19. <i>HRB Open Research</i> , 2020, 3, 48.	0.3	3
45	Study protocol for the COvid-19 Toolbox for All IslaNd (CONTAIN) project: A cross-border analysis in Ireland to disentangle psychological, behavioural, media and governmental responses to COVID-19. <i>HRB Open Research</i> , 2020, 3, 48.	0.3	3
46	Smoking cessation programmes for women living in disadvantaged communities, â€™We Can Quit 2â€™ A systematic review protocol. <i>HRB Open Research</i> , 2019, 2, 10.	0.3	3
47	Development and proposed evaluation of an eHealth learning tool for undergraduate university students in Ireland. <i>Health Promotion International</i> , 2021, , .	0.9	2
48	The effectiveness of smoking cessation interventions for socio-economically disadvantaged women: a systematic review and meta-analysis. <i>Systematic Reviews</i> , 2022, 11, .	2.5	2
49	Establishing a general practitioner led minor injury service: mixed methods evaluation at 10Â months with an emphasis on use of radiology by GPs in the out-of-hours setting. <i>Irish Journal of Medical Science</i> , 2013, 182, 213-216.	0.8	1
50	Analysis of low birth weight first-born babies by geography and deprivation as an aid to policy and service targeting. <i>Journal of Public Health</i> , 2019, 42, e66-e73.	1.0	1
51	eHealth-based intervention to increase physical activity levels in people with cancer: protocol of a feasibility trial in an Irish acute hospital setting. <i>BMJ Open</i> , 2019, 9, e024999.	0.8	1
52	Patient, family and clinician preferences for the intensity and implementation of patient and family participation in healthcare design and delivery in psychiatry. <i>European Journal of Psychiatry</i> , 2019, 33, 8-16.	0.7	1
53	Obstacles to Public Health that even Pandemics cannot Overcome: The Politics of Covid-19 on the Island of Ireland. <i>Irish Studies in International Affairs</i> , 2021, 32, 225-246.	0.1	1
54	An application of PRECIS-2 to evaluate trial design in a pilot cluster randomised controlled trial of a community-based smoking cessation intervention for women living in disadvantaged areas of Ireland. <i>Pilot and Feasibility Studies</i> , 2022, 8, 19.	0.5	1

#	ARTICLE	IF	CITATIONS
55	Young people in drug treatment in Ireland: their views on substance use aetiology, trajectory, parents' role in substance use and coping skills. Irish Journal of Psychological Medicine, 2015, 32, 247-258.	0.7	0
56	The sedentary profile of primary care patients. Journal of Public Health, 2016, 39, fdw048.	1.0	0
57	P45...The we can quit2 smoking cessation trial knowledge exchange and dissemination: priorities from a community perspective, and recommendations for future research and policy. , 2021, , .		0
58	Smoking cessation programmes for women living in disadvantaged communities, 'We Can Quit 2' A systematic review protocol. HRB Open Research, 0, 2, 10.	0.3	0
59	Smoking cessation programmes for women living in disadvantaged communities, 'We Can Quit 2' A systematic review protocol. HRB Open Research, 0, 2, 10.	0.3	0
60	The We Can Quit2 Smoking Cessation Trial: Knowledge Exchange and Dissemination Following a Community-Based Participatory Research Approach. International Journal of Environmental Research and Public Health, 2022, 19, 2333.	1.2	0
