#	Paper	IF	Citations
215	Inventory and analysis of definitions of social participation found in the aging literature: proposed taxonomy of social activities. <i>Social Science and Medicine</i> , 2010 , 71, 2141-9	5.1	381
214	Ecological models revisited: their uses and evolution in health promotion over two decades. <i>Annual Review of Public Health</i> , 2011 , 32, 307-26	20.6	363
213	Toward the next generation of research into small area effects on health: a synthesis of multilevel investigations published since July 1998. <i>Journal of Epidemiology and Community Health</i> , 2007 , 61, 853-61	5.1	244
212	Tracking of obesity and physical activity from childhood to adulthood: the Physical Activity Longitudinal Study. <i>Pediatric Obesity</i> , 2009 , 4, 281-8		230
211	The Exercise-Induced Feeling Inventory: Development and Initial Validation. <i>Journal of Sport and Exercise Psychology</i> , 1993 , 15, 403-423	1.5	203
210	From walkability to active living potential: an "ecometric" validation study. <i>American Journal of Preventive Medicine</i> , 2005 , 28, 126-33	6.1	167
209	Staying connected: neighbourhood correlates of social participation among older adults living in an urban environment in Montréal, Quebec. <i>Health Promotion International</i> , 2009 , 24, 46-57	3	159
208	Interpersonal influence and disordered eating behaviors in adolescent girls: the role of peer modeling, social reinforcement, and body-related teasing. <i>Eating Behaviors</i> , 2001 , 2, 215-36	3	153
207	Use of a new public bicycle share program in Montreal, Canada. <i>American Journal of Preventive Medicine</i> , 2011 , 41, 80-3	6.1	128
206	Hypersensitivity to social interactions in bulimic syndromes: Relationship to binge eating.. <i>Journal of Consulting and Clinical Psychology</i> , 1999 , 67, 765-775	6.5	123
205	Neighborhood social inequalities in road traffic injuries: the influence of traffic volume and road design. <i>American Journal of Public Health</i> , 2012 , 102, 1112-9	5.1	102
204	A naturalistic study of the impact of acute physical activity on feeling states and affect in women.. <i>Health Psychology</i> , 1996 , 15, 391-397	5	100
203	Not all social capital is good capital. <i>Health and Place</i> , 2009 , 15, 1071-7	4.6	88
202	Neighborhood characteristics and depressive mood among older adults: an integrative review. <i>International Psychogeriatrics</i> , 2012 , 24, 1207-25	3.4	84
201	Field validation of listings of food stores and commercial physical activity establishments from secondary data. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2008 , 5, 58	8.4	81
200	Birth Preparedness and Complication Readiness (BPCR) interventions to reduce maternal and neonatal mortality in developing countries: systematic review and meta-analysis. <i>BMC Pregnancy and Childbirth</i> , 2014 , 14, 129	3.2	76
199	Physical activity and psychological well-being: knowledge base, current issues, and caveats. <i>Nutrition Reviews</i> , 1996 , 54, S53-65	6.4	74

198	To see or not to see: effects of exercising in mirrored environments on sedentary women's feeling states and self-efficacy. <i>Health Psychology</i> , 2003 , 22, 354-61	5	73
197	Binge antecedents in bulimic syndromes: an examination of dissociation and negative affect. <i>International Journal of Eating Disorders</i> , 2007 , 40, 531-6	6.3	72
196	The 5HTTLPR polymorphism, psychopathologic symptoms, and platelet [3H-] paroxetine binding in bulimic syndromes. <i>International Journal of Eating Disorders</i> , 2005 , 37, 57-60	6.3	72
195	Methylation of BDNF in women with bulimic eating syndromes: associations with childhood abuse and borderline personality disorder. <i>Progress in Neuro-Psychopharmacology and Biological Psychiatry</i> , 2014 , 54, 43-9	5.5	71
194	Distinct trajectories of leisure time physical activity and predictors of trajectory class membership: a 22 year cohort study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2008 , 5, 57	8.4	70
193	The Toronto Charter for Physical Activity: a global call for action. <i>Journal of Physical Activity and Health</i> , 2010 , 7, 421-2	2.5	68
192	Effects of leadership style and group dynamics on enjoyment of physical activity. <i>American Journal of Health Promotion</i> , 2000 , 14, 277-83	2.5	68
191	Association of serotonin and cortisol indices with childhood abuse in bulimia nervosa. <i>Archives of General Psychiatry</i> , 2001 , 58, 837-43		68
190	Unravelling the extent of inequalities in health across urban and rural areas: evidence from a national sample in England. <i>Social Science and Medicine</i> , 2009 , 68, 654-63	5.1	67
189	Longitudinal changes in active transportation to school in Canadian youth aged 6 through 16 years. <i>Pediatrics</i> , 2011 , 128, e404-13	7.4	67
188	Impact evaluation of a public bicycle share program on cycling: a case example of BIXI in Montreal, Quebec. <i>American Journal of Public Health</i> , 2013 , 103, e85-92	5.1	65
187	Association of individual network social capital with abdominal adiposity, overweight and obesity. <i>Journal of Public Health</i> , 2009 , 31, 175-83	3.5	63
186	Youth smoking initiation: disentangling context from composition. <i>Health and Place</i> , 2002 , 8, 155-66	4.6	63
185	Making youth tobacco control programs more ecological: organizational and professional profiles. <i>American Journal of Health Promotion</i> , 2002 , 16, 267-79	2.5	63
184	Contributions of acute bouts of vigorous physical activity to explaining diurnal variations in feeling states in active, middle-aged women.. <i>Health Psychology</i> , 2000 , 19, 365-375	5	63
183	Heterogeneity of Incentives for Physical Activity and Self-Efficacy in Highly Active and Moderately Active Women Exercisers. <i>Journal of Applied Social Psychology</i> , 1998 , 28, 1016-1029	2.1	61
182	Effects of baseline responses, in-task feelings, and duration of activity on exercise-induced feeling states in women.. <i>Health Psychology</i> , 1995 , 14, 350-359	5	61
181	Association between neighborhood active living potential and walking. <i>American Journal of Epidemiology</i> , 2008 , 167, 944-53	3.8	60

180	Emerging measurement and statistical methods in physical activity research. <i>American Journal of Preventive Medicine</i> , 2002 , 23, 44-55	6.1	60
179	The role of perfectionism and excessive commitment to exercise in explaining dietary restraint: replication and extension. <i>International Journal of Eating Disorders</i> , 2001 , 29, 307-13	6.3	58
178	Associations between perceived proximity to neighborhood resources, disability, and social participation among community-dwelling older adults: results from the VoisiNuAge study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2011 , 92, 1979-86	2.8	57
177	Sustained active transportation is associated with a favorable body mass index trajectory across the early school years: findings from the Quebec Longitudinal Study of Child Development birth cohort. <i>Preventive Medicine</i> , 2010 , 50 Suppl 1, S59-64	4.3	57
176	The approaches to measuring the potential spatial access to urban health services revisited: distance types and aggregation-error issues. <i>International Journal of Health Geographics</i> , 2017 , 16, 32	3.5	54
175	Disentangling the relative influence of built and socioeconomic environments on walking: the contribution of areas homogenous along exposures of interest. <i>Social Science and Medicine</i> , 2009 , 69, 1296-305	5.1	54
174	Impulsivity, dietary control and the urge to binge in bulimic syndromes. <i>International Journal of Eating Disorders</i> , 1999 , 26, 261-74	6.3	54
173	Interactive effects of reward sensitivity and residential fast-food restaurant exposure on fast-food consumption. <i>American Journal of Clinical Nutrition</i> , 2010 , 91, 771-6	7	51
172	Establishing the soundness of administrative spatial units for operationalising the active living potential of residential environments: an exemplar for designing optimal zones. <i>International Journal of Health Geographics</i> , 2008 , 7, 43	3.5	48
171	The 5HTTLPR polymorphism, prior maltreatment and dramatic-erratic personality manifestations in women with bulimic syndromes. <i>Journal of Psychiatry and Neuroscience</i> , 2007 , 32, 354-62	4.5	47
170	Making the narrative walk-in-real-time methodology relevant for public health intervention: towards an integrative approach. <i>Health and Place</i> , 2010 , 16, 1166-73	4.6	46
169	Neighborhood resources and social participation among older adults: results from the VoisiNuage study. <i>Journal of Aging and Health</i> , 2013 , 25, 296-318	2.6	45
168	Positive and negative body-related comments and their relationship with body dissatisfaction in middle-aged women. <i>Psychology and Health</i> , 2004 , 19, 261-272	2.9	45
167	Living in a well-serviced urban area is associated with maintenance of frequent walking among seniors in the VoisiNuAge study. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2012 , 67, 76-88	4.6	43
166	Opportunities for student physical activity in elementary schools: a cross-sectional survey of frequency and correlates. <i>Health Education and Behavior</i> , 2006 , 33, 215-32	4.2	42
165	Evidence of the psychometric qualities of a simplified version of the Activities-specific Balance Confidence scale for community-dwelling seniors. <i>Archives of Physical Medicine and Rehabilitation</i> , 2007 , 88, 664-72	2.8	41
164	The potential modal shift and health benefits of implementing a public bicycle share program in Montreal, Canada. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2013 , 10, 66	8.4	40
163	Quality of care for major depression and its determinants: a multilevel analysis. <i>BMC Psychiatry</i> , 2012 , 12, 142	4.2	39

162	Do area characteristics predict change in moderate-to-vigorous physical activity from ages 11 to 15 years?. <i>Social Science and Medicine</i> , 2011 , 72, 430-8	5.1	39
161	Association of trait-defined, eating-disorder sub-phenotypes with (biallelic and triallelic) 5HTTLPR variations. <i>Journal of Psychiatric Research</i> , 2009 , 43, 1086-94	5.2	38
160	Moving forward in fall prevention: an intervention to improve balance among older adults in real-world settings. <i>American Journal of Public Health</i> , 2005 , 95, 2049-56	5.1	38
159	Associations between children's diets and features of their residential and school neighbourhood food environments. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS48-54	3.2	37
158	Community unemployment and immigrants' health in Montreal. <i>Social Science and Medicine</i> , 2006 , 63, 485-500	5.1	36
157	The influence of school smoking policies on student tobacco use. <i>JAMA Pediatrics</i> , 2007 , 161, 842-8		36
156	Behavior change following a self-management intervention for housebound older adults with arthritis: an experimental study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2006 , 3, 12	8.4	36
155	Mood- and restraint-based antecedents to binge episodes in bulimia nervosa: possible influences of the serotonin system. <i>Psychological Medicine</i> , 2005 , 35, 1553-62	6.9	36
154	Serotonin function, personality-trait variations, and childhood abuse in women with bulimia-spectrum eating disorders. <i>Journal of Clinical Psychiatry</i> , 2004 , 65, 830-7	4.6	36
153	Relevance of the 5-HTTLPR polymorphism and childhood abuse to increased psychiatric comorbidity in women with bulimia-spectrum disorders. <i>Journal of Clinical Psychiatry</i> , 2008 , 69, 981-90	4.6	36
152	Understanding the determinants of active transportation to school among children: evidence of environmental injustice from the Quebec Longitudinal Study of Child Development. <i>Health and Place</i> , 2012 , 18, 163-71	4.6	35
151	Conceptualizing and operationalizing neighbourhoods: the conundrum of identifying territorial units. <i>Canadian Journal of Public Health</i> , 2007 , 98 Suppl 1, S18-26	3.2	35
150	Duration of poverty and child health in the Quebec Longitudinal Study of Child Development: longitudinal analysis of a birth cohort. <i>Pediatrics</i> , 2007 , 119, e1063-70	7.4	35
149	Examining the spatial congruence between data obtained with a novel activity location questionnaire, continuous GPS tracking, and prompted recall surveys. <i>International Journal of Health Geographics</i> , 2013 , 12, 40	3.5	33
148	Knowing about a public bicycle share program in Montreal, Canada: Are diffusion of innovation and proximity enough for equitable awareness?. <i>Journal of Transport and Health</i> , 2015 , 2, 360-368	3	32
147	Collective resources or local social inequalities? Examining the social determinants of mental health in rural areas. <i>European Journal of Public Health</i> , 2011 , 21, 197-203	2.1	32
146	Associations between residential food environment and dietary patterns in urban-dwelling older adults: results from the VoisiNuAge study. <i>Public Health Nutrition</i> , 2012 , 15, 2026-39	3.3	32
145	Proportions of students who use various modes of transportation to and from school in a representative population-based sample of children and adolescents, 1999. <i>Preventive Medicine</i> , 2008 , 46, 63-6	4.3	32

144	Musculoskeletal fitness and weight gain in Canada. <i>Medicine and Science in Sports and Exercise</i> , 2007 , 39, 38-43	1.2	32
143	The contribution of daily experiences and acute exercise to fluctuations in daily feeling states among older, obese adults with knee osteoarthritis. <i>Journal of Behavioral Medicine</i> , 2004 , 27, 101-21	3.6	32
142	The curse of inactivity: failure of acute exercise to enhance feeling States in a community sample of sedentary adults. <i>Journal of Health Psychology</i> , 1997 , 2, 509-23	3.1	31
141	Drug and alcohol use by Canadian university athletes: a national survey. <i>Journal of Drug Education</i> , 1996 , 26, 275-87	0.1	30
140	ParticipACTION: A mass media campaign targeting parents of inactive children; knowledge, saliency, and trialing behaviours. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 88	8.4	29
139	The relationship of self-esteem and body esteem in women with and without eating disorders. <i>International Journal of Eating Disorders</i> , 2002 , 31, 318-23	6.3	29
138	A naturalistic evaluation of the relation between dietary restraint, the urge to binge, and actual binge eating: a clarification. <i>International Journal of Eating Disorders</i> , 2005 , 38, 355-60	6.3	29
137	Short-Term Effects of a Self-Management Intervention on Health Status of Housebound Older Adults With Arthritis. <i>Journal of Applied Gerontology</i> , 2008 , 27, 539-567	3.3	28
136	Understanding the dimensions of socioeconomic status that influence toddlers' health: unique impact of lack of money for basic needs in Quebec's birth cohort. <i>Journal of Epidemiology and Community Health</i> , 2005 , 59, 42-8	5.1	28
135	Trait-defined eating-disorder subtypes and history of childhood abuse. <i>International Journal of Eating Disorders</i> , 2010 , 43, 428-32	6.3	27
134	Contributions of the glucocorticoid receptor polymorphism (Bcl1) and childhood abuse to risk of bulimia nervosa. <i>Psychiatry Research</i> , 2011 , 187, 193-7	9.9	26
133	Prevalence of stages of change for physical activity in rural, suburban and inner-city communities. <i>Journal of Community Health</i> , 1997 , 22, 1-13	4	26
132	Dissocial behavior, the 5HTTLPR polymorphism, and maltreatment in women with bulimic syndromes. <i>American Journal of Medical Genetics Part B: Neuropsychiatric Genetics</i> , 2008 , 147B, 128-30	3.5	26
131	Implications of compulsive and impulsive traits for serotonin status in women with bulimia nervosa. <i>Psychiatry Research</i> , 2003 , 120, 219-29	9.9	26
130	Understanding the role of contrasting urban contexts in healthy aging: an international cohort study using wearable sensor devices (the CURHA study protocol). <i>BMC Geriatrics</i> , 2016 , 16, 96	4.1	25
129	Sense of mastery and metabolic risk: moderating role of the local fast-food environment. <i>Psychosomatic Medicine</i> , 2010 , 72, 324-31	3.7	25
128	Physical activity, cardiorespiratory fitness and body mass index as predictors of substantial weight gain and obesity: the Canadian physical activity longitudinal study. <i>Canadian Journal of Public Health</i> , 2007 , 98, 121-4	3.2	25
127	Intrafamilial correspondences on platelet [3H]-paroxetine-binding indices in bulimic probands and their unaffected first-degree relatives. <i>Neuropsychopharmacology</i> , 2006 , 31, 1785-92	8.7	25

126	Effects of abstinence from habitual involvement in regular exercise on feeling states: an ecological momentary assessment study. <i>British Journal of Health Psychology</i> , 2008 , 13, 237-55	8.3	23
125	Neighborhood-level active living buoys for individuals with physical disabilities. <i>American Journal of Preventive Medicine</i> , 2007 , 32, 224-30	6.1	23
124	The role of social participation and walking in depression among older adults: results from the VoisiNuAge study. <i>Canadian Journal on Aging</i> , 2013 , 32, 1-12	1.6	22
123	Exercising with others exacerbates the negative effects of mirrored environments on sedentary women's feeling states. <i>Psychology and Health</i> , 2007 , 22, 945-962	2.9	22
122	Does the 'average size' of women in the neighbourhood influence a woman's likelihood of body dissatisfaction?. <i>Health and Place</i> , 2003 , 9, 327-35	4.6	22
121	Public and private sector responses to essential drugs policies: a multilevel analysis of drug prescription and selling practices in Mali. <i>Social Science and Medicine</i> , 2003 , 57, 937-48	5.1	22
120	The impact of implementing a public bicycle share program on the likelihood of collisions and near misses in Montreal, Canada. <i>Preventive Medicine</i> , 2013 , 57, 920-4	4.3	21
119	Associations between area-level unemployment, body mass index, and risk factors for cardiovascular disease in an urban area. <i>International Journal of Environmental Research and Public Health</i> , 2009 , 6, 3082-96	4.6	21
118	Application of the Experience Sampling Method to the Study of the Effects of Exercise Withdrawal on Weil-Being. <i>Journal of Sport and Exercise Psychology</i> , 1992 , 14, 361-374	1.5	21
117	Interaction of the BclII glucocorticoid receptor polymorphism and childhood abuse in Bulimia Nervosa (BN): relationship to BN and to associated trait manifestations. <i>Journal of Psychiatric Research</i> , 2012 , 46, 152-8	5.2	20
116	Implementing a community-based falls-prevention program: from drawing board to reality. <i>Canadian Journal on Aging</i> , 2007 , 26, 213-25	1.6	20
115	Sustainability of the impact of a public health intervention: lessons learned from the laval walking clubs experience. <i>Health Promotion Practice</i> , 2005 , 6, 44-52	1.8	20
114	Physical inactivity mediates the association between the perceived exercising behavior of social network members and obesity: a cross-sectional study. <i>PLoS ONE</i> , 2012 , 7, e46558	3.7	20
113	Serotonin-system polymorphisms (5-HTTLPR and -1438G/A) and responses of patients with bulimic syndromes to multimodal treatments. <i>Journal of Clinical Psychiatry</i> , 2008 , 69, 1565-71	4.6	20
112	Trying to lose weight: the association of income and age to weight-loss strategies in the U.S. <i>American Journal of Preventive Medicine</i> , 2014 , 46, 585-92	6.1	19
111	Integrating the ecological approach in health promotion for older adults: a survey of programs aimed at elder abuse prevention, falls prevention, and appropriate medication use. <i>International Journal of Public Health</i> , 2008 , 53, 46-56		19
110	Reactivity to written mental arithmetic: effects of exercise lay-off and habituation. <i>Physiology and Behavior</i> , 1992 , 51, 501-6	3.5	19
109	Association of body mass index and dietary restraint with changes in eating behaviour throughout late childhood and early adolescence: a 5-year study. <i>Public Health Nutrition</i> , 2007 , 10, 780-9	3.3	18

108	A two-factor model of disordered eating. <i>Eating Behaviors</i> , 2001 , 2, 51-65	3	18
107	Associations among Park Use, Age, Social Participation, and Neighborhood Age Composition in Montreal. <i>Leisure Sciences</i> , 2010 , 32, 318-336	1.4	17
106	Eating-disorder symptoms and syndromes in a sample of urban-dwelling Canadian women: contributions toward a population health perspective. <i>International Journal of Eating Disorders</i> , 2009 , 42, 158-65	6.3	17
105	Overcoming the unhealthy pursuit of thinness: reaction to the Québec Charter for a Healthy and Diverse Body Image. <i>American Journal of Public Health</i> , 2012 , 102, 1600-6	5.1	17
104	A typology of neighborhoods and blood pressure in the RECORD Cohort Study. <i>Journal of Hypertension</i> , 2012 , 30, 1336-46	1.9	17
103	Disentangling substance from rhetoric: a rebuttal to Ekkekakis and Petruzzello (2001). <i>Psychology of Sport and Exercise</i> , 2001 , 2, 73-88	4.2	17
102	INTERACT: A comprehensive approach to assess urban form interventions through natural experiments. <i>BMC Public Health</i> , 2019 , 19, 51	4.1	16
101	Transit use and walking as potential mediators of the association between accessibility to services and amenities and social participation among urban-dwelling older adults: Insights from the VoisiNuAge study. <i>Journal of Transport and Health</i> , 2015 , 2, 35-43	3	16
100	A longitudinal, epigenome-wide study of DNA methylation in anorexia nervosa: results in actively ill, partially weight-restored, long-term remitted and non-eating-disordered women. <i>Journal of Psychiatry and Neuroscience</i> , 2019 , 44, 205-213	4.5	16
99	Neighbourhood walkability and home neighbourhood-based physical activity: an observational study of adults with type 2 diabetes. <i>BMC Public Health</i> , 2016 , 16, 957	4.1	15
98	Autonomy support and autonomous motivation in the outpatient treatment of adults with an eating disorder. <i>International Journal of Eating Disorders</i> , 2017 , 50, 1058-1066	6.3	15
97	Poverty's latent effect on adiposity during childhood: evidence from a Québec birth cohort. <i>Journal of Epidemiology and Community Health</i> , 2014 , 68, 239-45	5.1	15
96	Examining the association between socioeconomic position and body mass index in 1978 and 2005 among Canadian working-age women and men. <i>International Journal of Public Health</i> , 2010 , 55, 193-200		15
95	Promoting active living among people with physical disabilities evidence for neighborhood-level buoys. <i>American Journal of Preventive Medicine</i> , 2008 , 34, 291-8	6.1	15
94	Use of local area facilities for involvement in physical activity in Canada: insights for developing environmental and policy interventions. <i>Health Promotion International</i> , 2007 , 22, 227-35	3	15
93	The food environment and diet quality of urban-dwelling older women and men: Assessing the moderating role of diet knowledge. <i>Canadian Journal of Public Health</i> , 2016 , 107, 5309	3.2	15
92	Tracking exposure to child poverty during the first 10 years of life in a Quebec birth cohort. <i>Canadian Journal of Public Health</i> , 2012 , 103, e270-6	3.2	14
91	Modifying effects of sex, age, and education on 22-year trajectory of leisure-time physical activity in a Canadian cohort. <i>Journal of Physical Activity and Health</i> , 2007 , 4, 153-66	2.5	14

90	Links between maternal breast-feeding duration and Québec infants' health: a population-based study. Are the effects different for poor children?. <i>Maternal and Child Health Journal</i> , 2006 , 10, 537-43	2.4	14
89	Associations between individual characteristics, availability of bicycle infrastructure, and city-wide safety perceptions of bicycling: A cross-sectional survey of bicyclists in 6 Canadian and U.S. cities. <i>Transportation Research, Part A: Policy and Practice</i> , 2019 , 123, 229-239	3.7	14
88	Identifying risk profiles for childhood obesity using recursive partitioning based on individual, familial, and neighborhood environment factors. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2015 , 12, 17	8.4	13
87	Comparison of two indices of availability of fruits/vegetable and fast food outlets. <i>Journal of Urban Health</i> , 2013 , 90, 240-5	5.8	13
86	Increasing institutional deliveries among antenatal clients: effect of birth preparedness counselling. <i>Health Policy and Planning</i> , 2014 , 29, 1061-70	3.4	13
85	The association between income and leisure-time physical activity is moderated by utilitarian lifestyles: A nationally representative US population (NHANES 1999-2014). <i>Preventive Medicine</i> , 2018 , 113, 147-152	4.3	13
84	Worksite health and wellness programs: Canadian achievements & prospects. <i>Progress in Cardiovascular Diseases</i> , 2014 , 56, 484-92	8.5	12
83	ParticipACTION: Baseline assessment of the capacity available to the 'New ParticipACTION': A qualitative study of Canadian organizations. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 87	8.4	12
