#	Paper	IF	Citations
215	Quarantots, quarankids, and quaranteens: how research can contribute to mitigating the deleterious impacts of the COVID-19 pandemic on health behaviours and social inequalities while achieving sustainable change.. <i>Canadian Journal of Public Health</i> , 2022 , 113, 53	3.2	1
214	Understanding and attenuating pandemic-related disruptions: a plan to reduce inequalities in child development.. <i>Canadian Journal of Public Health</i> , 2022 , 113, 23	3.2	
213	Integrating infoveillance, infodemiology, and consequential intervention research in our public health systems to better protect and promote the health of Canadians: ideas and perspectives.. <i>Canadian Journal of Public Health</i> , 2022 , 113, 147	3.2	0
212	Rethinking walkability and developing a conceptual definition of active living environments to guide research and practice.. <i>BMC Public Health</i> , 2022 , 22, 450	4.1	1
211	Improving health through multisectoral collaboration: enablers and barriers. <i>Canadian Journal of Public Health</i> , 2021 , 112, 1059-1068	3.2	0
210	Socioeconomic stability is associated with lower injection frequency among people with distinct trajectories of injection drug use. <i>International Journal of Drug Policy</i> , 2021 , 94, 103205	5.5	3
209	On successfully avoiding communication inequalities and instilling positive impacts: The experience of the 2012-2016 WIXX campaign in Québec.. <i>Preventive Medicine Reports</i> , 2021 , 24, 101582	2.6	
208	On redesigning public health in Québec: lessons learned from the pandemic. <i>Canadian Journal of Public Health</i> , 2020 , 111, 912-920	3.2	8
207	Smoking in Young Adults: A Study of 4-Year Smoking Behavior Patterns and Residential Presence of Features Facilitating Smoking Using Data From the Interdisciplinary Study of Inequalities in Smoking Cohort. <i>Nicotine and Tobacco Research</i> , 2020 , 22, 1997-2005	4.9	4
206	NutriQuébec: a unique web-based prospective cohort study to monitor the population's eating and other lifestyle behaviours in the province of Québec. <i>BMJ Open</i> , 2020 , 10, e039889	3	1
205	Adolescents' Weight Management Goals: Healthy and Unhealthy Associations with Eating Habits and Physical Activity. <i>Journal of School Health</i> , 2020 , 90, 15-24	2.1	3
204	Impact of organized colorectal cancer screening programs on screening uptake and screening inequalities: A study of systematic- and patient-reliant programs in Canada. <i>Journal of Cancer Policy</i> , 2020 , 24, 100229	1	0
203	Pretreatment motivation and therapy outcomes in eating disorders: A systematic review and meta-analysis. <i>International Journal of Eating Disorders</i> , 2020 , 53, 1879-1900	6.3	5
202	Relationships between respiratory sinus arrhythmia and stress in college students. <i>Journal of Behavioral Medicine</i> , 2020 , 43, 308-317	3.6	5
201	Does Place Matter? An International Comparison of Early Childhood Development Outcomes between the Metropolitan Areas of Melbourne, Australia and Montreal, Canada. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	2
200	The Role of Access to a Regular Primary Care Physician in Mediating Immigration-Based Disparities in Colorectal Screening: Application of Multiple Mediation Methods. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2019 , 28, 650-658	4	1
199	INTERACT: A comprehensive approach to assess urban form interventions through natural experiments. <i>BMC Public Health</i> , 2019 , 19, 51	4.1	16

198	Is older adults physical activity during transport compensated during other activities? Comparing 4 study cohorts using GPS and accelerometer data. <i>Journal of Transport and Health</i> , 2019 , 12, 229-236	3	10
197	The Overall Awareness and Impact of the WIXX Multimedia Communication Campaign, 2012-2016. <i>Journal of Physical Activity and Health</i> , 2019 , 16, 318-324	2.5	2
196	Residential environments and smoking behaviour patterns among young adults: A prospective study using data from the Interdisciplinary Study of Inequalities in Smoking cohort. <i>Preventive Medicine</i> , 2019 , 123, 48-54	4.3	6
195	A naturalistic comparison of two inpatient treatment protocols for adults with anorexia nervosa: Does reducing duration of treatment and external controls compromise outcome?. <i>International Journal of Eating Disorders</i> , 2019 , 52, 1015-1023	6.3	1
194	Who is ready to bicycle? Categorizing and mapping bicyclists with behavior change concepts. <i>Transport Policy</i> , 2019 , 82, 11-17	5.7	4
193	A longitudinal, epigenome-wide study of DNA methylation in anorexia nervosa: results in actively ill, partially weight-restored, long-term remitted and non-eating-disordered women. <i>Journal of Psychiatry and Neuroscience</i> , 2019 , 44, 205-213	4.5	16
192	Opioid agonist treatment dosage and patient-perceived dosage adequacy, and risk of hepatitis C infection among people who inject drugs. <i>Cmaj</i> , 2019 , 191, E462-E468	3.5	12
191	Evaluating the impact of implementing public bicycle share programs on cycling: the International Bikeshare Impacts on Cycling and Collisions Study (IBICCS). <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2019 , 16, 107	8.4	8
190	Associations between individual characteristics, availability of bicycle infrastructure, and city-wide safety perceptions of bicycling: A cross-sectional survey of bicyclists in 6 Canadian and U.S. cities. <i>Transportation Research, Part A: Policy and Practice</i> , 2019 , 123, 229-239	3.7	14
189	Impacts of Bicycle Infrastructure in Mid-Sized Cities (IBIMS): protocol for a natural experiment study in three Canadian cities. <i>BMJ Open</i> , 2018 , 8, e019130	3	11
188	Cervical cancer screening in Montreal: Building evidence to support primary care and policy interventions. <i>Preventive Medicine</i> , 2018 , 111, 265-271	4.3	5
187	Estimating the health benefits of planned public transit investments in Montreal. <i>Environmental Research</i> , 2018 , 160, 412-419	7.9	6
186	Cardiac vagal dysfunction moderates patterns of craving across the day in moderate to heavy consumers of alcohol. <i>PLoS ONE</i> , 2018 , 13, e0200424	3.7	2
185	Quality of life trajectories during the first year following hematopoietic cell transplantation: an inception cohort study. <i>Supportive Care in Cancer</i> , 2018 , 26, 2379-2386	3.9	7
184	A theory of planned behaviour perspective on practitioners' beliefs toward the integration of the WIXX communication campaign messages and activities into daily practice. <i>Public Health</i> , 2018 , 154, 37-43	4	4
183	Differing patterns of stress and craving across the day in moderate-heavy alcohol consumers during their typical drinking routine and an imposed period of alcohol abstinence. <i>PLoS ONE</i> , 2018 , 13, e0195063	3.7	12
182	Evaluation of the impact of a public bicycle share program on population bicycling in Vancouver, BC. <i>Preventive Medicine Reports</i> , 2018 , 12, 176-181	2.6	10
181	Prognostic value of autonomous and controlled motivation in outpatient eating-disorder treatment. <i>International Journal of Eating Disorders</i> , 2018 , 51, 1194-1200	6.3	3

180	The association between income and leisure-time physical activity is moderated by utilitarian lifestyles: A nationally representative US population (NHANES 1999-2014). <i>Preventive Medicine</i> , 2018 , 113, 147-152	4.3	13
179	Correlates of Initial Recall of a Multimedia Communication Campaign to Promote Physical Activity among Tweens: the WIXX Campaign. <i>Health Communication</i> , 2017 , 32, 103-110	3.2	7
178	Short-Term Impact of a Multimedia Communication Campaign on Children's Physical Activity Beliefs and Behavior. <i>Journal of Health Communication</i> , 2017 , 22, 1-9	2.5	5
177	Physical activity and lung cancer risk in men and women. <i>Cancer Causes and Control</i> , 2017 , 28, 309-318	2.8	8
176	The approaches to measuring the potential spatial access to urban health services revisited: distance types and aggregation-error issues. <i>International Journal of Health Geographics</i> , 2017 , 16, 32	3.5	54
175	Does level of motivation for change impact post-treatment outcomes in the eating disorders? Protocol for a systematic review with quantitative analysis. <i>Journal of Eating Disorders</i> , 2017 , 5, 17	4.1	4
174	Autonomy support and autonomous motivation in the outpatient treatment of adults with an eating disorder. <i>International Journal of Eating Disorders</i> , 2017 , 50, 1058-1066	6.3	15
173	Neighbourhood walkability and home neighbourhood-based physical activity: an observational study of adults with type 2 diabetes. <i>BMC Public Health</i> , 2016 , 16, 957	4.1	15
172	Understanding the role of contrasting urban contexts in healthy aging: an international cohort study using wearable sensor devices (the CURHA study protocol). <i>BMC Geriatrics</i> , 2016 , 16, 96	4.1	25
171	Individual and collective factors predicting change in diet quality over 3 years in a subset of older men and women from the NuAge cohort. <i>European Journal of Nutrition</i> , 2016 , 55, 1671-81	5.2	10
170	Association of implementation of a public bicycle share program with intention and self-efficacy: The moderating role of socioeconomic status. <i>Journal of Health Psychology</i> , 2016 , 21, 944-53	3.1	4
169	Epistatic interactions involving DRD2, DRD4, and COMT polymorphisms and risk of substance abuse in women with binge-purge eating disturbances. <i>Journal of Psychiatric Research</i> , 2016 , 77, 8-14	5.2	8
168	The food environment and diet quality of urban-dwelling older women and men: Assessing the moderating role of diet knowledge. <i>Canadian Journal of Public Health</i> , 2016 , 107, 5309	3.2	15
167	Beyond Smoking Prevalence: Exploring the Variability of Associations between Neighborhood Exposures across Two Nested Spatial Units and Two-Year Smoking Trajectory among Young Adults. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13,	4.6	8
166	Identifying risk profiles for childhood obesity using recursive partitioning based on individual, familial, and neighborhood environment factors. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2015 , 12, 17	8.4	13
165	Transit use and walking as potential mediators of the association between accessibility to services and amenities and social participation among urban-dwelling older adults: Insights from the VoisiNuAge study. <i>Journal of Transport and Health</i> , 2015 , 2, 35-43	3	16
164	Knowing about a public bicycle share program in Montreal, Canada: Are diffusion of innovation and proximity enough for equitable awareness?. <i>Journal of Transport and Health</i> , 2015 , 2, 360-368	3	32
163	Associations between walking and depressive symptoms among older adults: Do purposes and amounts of walking matter? Results from the VoisiNuAge Study. <i>Mental Health and Physical Activity</i> , 2015 , 8, 37-43	5	4

162	Implementing a Public Bicycle Share Program: Impact on Perceptions and Support for Public Policies for Active Transportation. <i>Journal of Physical Activity and Health</i> , 2015 , 12, 477-82	2.5	5
161	Interventions for preventing, delaying the onset, or decreasing the burden of frailty: an overview of systematic reviews. <i>Systematic Reviews</i> , 2015 , 4, 128	3	10
160	Worksite health and wellness programs: Canadian achievements & prospects. <i>Progress in Cardiovascular Diseases</i> , 2014 , 56, 484-92	8.5	12
159	Birth Preparedness and Complication Readiness (BPCR) interventions to reduce maternal and neonatal mortality in developing countries: systematic review and meta-analysis. <i>BMC Pregnancy and Childbirth</i> , 2014 , 14, 129	3.2	76
158	Trying to lose weight: the association of income and age to weight-loss strategies in the U.S. <i>American Journal of Preventive Medicine</i> , 2014 , 46, 585-92	6.1	19
157	Identifying the Leaders: Applying Diffusion of Innovation Theory to Use of a Public Bikeshare System in Vancouver, Canada. <i>Transportation Research Record</i> , 2014 , 2468, 74-83	1.7	7
156	Grassroots projects aimed at the built environment: Association with neighbourhood deprivation, land-use mix and injury risk to road users. <i>Canadian Journal of Public Health</i> , 2014 , 106, eS21-5	3.2	1
155	Influence of area deprivation and perceived neighbourhood safety on active transport to school among urban Quebec preadolescents. <i>Canadian Journal of Public Health</i> , 2014 , 105, e376-82	3.2	10
154	Initial recall and understanding of a multimedia communication campaign to promote physical activity among tweens: a process evaluation study. <i>Preventive Medicine</i> , 2014 , 69, 192-6	4.3	9
153	Poverty's latent effect on adiposity during childhood: evidence from a Québec birth cohort. <i>Journal of Epidemiology and Community Health</i> , 2014 , 68, 239-45	5.1	15
152	Increasing institutional deliveries among antenatal clients: effect of birth preparedness counselling. <i>Health Policy and Planning</i> , 2014 , 29, 1061-70	3.4	13
151	Persistent and occasional poverty and children's food consumption: evidence from a longitudinal Québec birth cohort. <i>Journal of Epidemiology and Community Health</i> , 2014 , 68, 987-92	5.1	4
150	Evaluating the impact of environmental interventions across 2 countries: the International Bikeshare Impacts on Cycling and Collisions Study (IBICCS) Study protocol. <i>BMC Public Health</i> , 2014 , 14, 1103	4.1	8
149	Methylation of BDNF in women with bulimic eating syndromes: associations with childhood abuse and borderline personality disorder. <i>Progress in Neuro-Psychopharmacology and Biological Psychiatry</i> , 2014 , 54, 43-9	5.5	71
148	The potential modal shift and health benefits of implementing a public bicycle share program in Montreal, Canada. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2013 , 10, 66	8.4	40
147	Individual- and area-level disparities in access to the road network, subway system and a public bicycle share program on the Island of Montreal, Canada. <i>Annals of Behavioral Medicine</i> , 2013 , 45 Suppl 1, S95-100	4.5	9
146	Comparison of two indices of availability of fruits/vegetable and fast food outlets. <i>Journal of Urban Health</i> , 2013 , 90, 240-5	5.8	13
145	The impact of implementing a public bicycle share program on the likelihood of collisions and near misses in Montreal, Canada. <i>Preventive Medicine</i> , 2013 , 57, 920-4	4.3	21

144	Examining the spatial congruence between data obtained with a novel activity location questionnaire, continuous GPS tracking, and prompted recall surveys. <i>International Journal of Health Geographics</i> , 2013 , 12, 40	3.5	33
143	Associations between different forms of body dissatisfaction and the use of weight-related behaviors among a representative population-based sample of adolescents. <i>Eating and Weight Disorders</i> , 2013 , 18, 61-73	3.6	6
142	Longitudinal associations between walking frequency and depressive symptoms in older adults: results from the VoisiNuAge study. <i>Journal of the American Geriatrics Society</i> , 2013 , 61, 2072-2078	5.6	9
141	Comparison of three lifecourse models of poverty in predicting cardiovascular disease risk in youth. <i>Annals of Epidemiology</i> , 2013 , 23, 485-91	6.4	10
140	Neighborhood resources and social participation among older adults: results from the VoisiNuage study. <i>Journal of Aging and Health</i> , 2013 , 25, 296-318	2.6	45
139	The role of social participation and walking in depression among older adults: results from the VoisiNuAge study. <i>Canadian Journal on Aging</i> , 2013 , 32, 1-12	1.6	22
138	Fear of Falling among Seniors: A Target to Consider in Occupational and Physical Therapy Practice?. <i>Physical and Occupational Therapy in Geriatrics</i> , 2013 , 31, 197-213	1.1	9
137	Impact evaluation of a public bicycle share program on cycling: a case example of BIXI in Montreal, Quebec. <i>American Journal of Public Health</i> , 2013 , 103, e85-92	5.1	65
136	The embodied and relational nature of the mind: implications for clinical interventions in aging individuals and populations. <i>Clinical Interventions in Aging</i> , 2013 , 8, 657-65	4	10
135	Interaction of the BclII glucocorticoid receptor polymorphism and childhood abuse in Bulimia Nervosa (BN): relationship to BN and to associated trait manifestations. <i>Journal of Psychiatric Research</i> , 2012 , 46, 152-8	5.2	20
134	Quality of care for major depression and its determinants: a multilevel analysis. <i>BMC Psychiatry</i> , 2012 , 12, 142	4.2	39
133	Tracking exposure to child poverty during the first 10 years of life in a Quebec birth cohort. <i>Canadian Journal of Public Health</i> , 2012 , 103, e270-6	3.2	14
132	Associations between children's diets and features of their residential and school neighbourhood food environments. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS48-54	3.2	37
131	Internal consistency, concurrent validity, and discriminant validity of a measure of public support for policies for active living in transportation (PAL-T) in a population-based sample of adults. <i>Journal of Urban Health</i> , 2012 , 89, 258-69	5.8	5
130	Understanding the determinants of active transportation to school among children: evidence of environmental injustice from the Quebec Longitudinal Study of Child Development. <i>Health and Place</i> , 2012 , 18, 163-71	4.6	35
129	The role of social reinforcement in the maintenance of short-term effects after a self-management intervention for frail housebound seniors with arthritis. <i>Canadian Journal on Aging</i> , 2012 , 31, 195-207	1.6	8
128	Living in a well-serviced urban area is associated with maintenance of frequent walking among seniors in the VoisiNuAge study. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2012 , 67, 76-88	4.6	43
127	Integrating the Ecological Approach in Disease Prevention and Health Promotion Programs for Older Adults: An Exercise in Navigating the Headwinds. <i>Journal of Applied Gerontology</i> , 2012 , 31, 101-123	3.3	5

126	Does intolerance of smoking at school or in restaurants or corner stores decrease cigarette use initiation in adolescents?. <i>Nicotine and Tobacco Research</i> , 2012 , 14, 1154-60	4.9	10
125	Effect of a fall prevention program on balance maintenance using a quasi-experimental design in real-world settings. <i>Journal of Aging and Health</i> , 2012 , 24, 827-45	2.6	8
124	Associations between residential food environment and dietary patterns in urban-dwelling older adults: results from the VoisiNuAge study. <i>Public Health Nutrition</i> , 2012 , 15, 2026-39	3.3	32
123	Overcoming the unhealthy pursuit of thinness: reaction to the Québec Charter for a Healthy and Diverse Body Image. <i>American Journal of Public Health</i> , 2012 , 102, 1600-6	5.1	17
122	Neighborhood social inequalities in road traffic injuries: the influence of traffic volume and road design. <i>American Journal of Public Health</i> , 2012 , 102, 1112-9	5.1	102
121	A typology of neighborhoods and blood pressure in the RECORD Cohort Study. <i>Journal of Hypertension</i> , 2012 , 30, 1336-46	1.9	17
120	Neighborhood characteristics and depressive mood among older adults: an integrative review. <i>International Psychogeriatrics</i> , 2012 , 24, 1207-25	3.4	84
119	Physical inactivity mediates the association between the perceived exercising behavior of social network members and obesity: a cross-sectional study. <i>PLoS ONE</i> , 2012 , 7, e46558	3.7	20
118	Associations between perceived proximity to neighborhood resources, disability, and social participation among community-dwelling older adults: results from the VoisiNuAge study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2011 , 92, 1979-86	2.8	57
117	Use of a new public bicycle share program in Montreal, Canada. <i>American Journal of Preventive Medicine</i> , 2011 , 41, 80-3	6.1	128
116	Contributions of the glucocorticoid receptor polymorphism (Bcl1) and childhood abuse to risk of bulimia nervosa. <i>Psychiatry Research</i> , 2011 , 187, 193-7	9.9	26
115	Do area characteristics predict change in moderate-to-vigorous physical activity from ages 11 to 15 years?. <i>Social Science and Medicine</i> , 2011 , 72, 430-8	5.1	39
114	Ecological models revisited: their uses and evolution in health promotion over two decades. <i>Annual Review of Public Health</i> , 2011 , 32, 307-26	20.6	363
113	Child asthma and change in elevated depressive symptoms among mothers of children of a birth cohort from Quebec. <i>Women and Health</i> , 2011 , 51, 461-81	1.7	2
112	Collective resources or local social inequalities? Examining the social determinants of mental health in rural areas. <i>European Journal of Public Health</i> , 2011 , 21, 197-203	2.1	32
111	Longitudinal changes in active transportation to school in Canadian youth aged 6 through 16 years. <i>Pediatrics</i> , 2011 , 128, e404-13	7.4	67
110	Interactive effects of reward sensitivity and residential fast-food restaurant exposure on fast-food consumption. <i>American Journal of Clinical Nutrition</i> , 2010 , 91, 771-6	7	51
109	Having a personal weight goal that mismatches healthy weight recommendations increases the likelihood of using unhealthy behaviors among a representative population-based sample of adolescents. <i>Eating Behaviors</i> , 2010 , 11, 281-7	3	7

108	Sustained active transportation is associated with a favorable body mass index trajectory across the early school years: findings from the Quebec Longitudinal Study of Child Development birth cohort. <i>Preventive Medicine</i> , 2010 , 50 Suppl 1, S59-64	4.3	57
107	Associations among Park Use, Age, Social Participation, and Neighborhood Age Composition in Montreal. <i>Leisure Sciences</i> , 2010 , 32, 318-336	1.4	17
106	Trait-defined eating-disorder subtypes and history of childhood abuse. <i>International Journal of Eating Disorders</i> , 2010 , 43, 428-32	6.3	27
105	Sense of mastery and metabolic risk: moderating role of the local fast-food environment. <i>Psychosomatic Medicine</i> , 2010 , 72, 324-31	3.7	25
104	The Toronto Charter for Physical Activity: a global call for action. <i>Journal of Physical Activity and Health</i> , 2010 , 7, 421-2	2.5	68
103	Examining the association between socioeconomic position and body mass index in 1978 and 2005 among Canadian working-age women and men. <i>International Journal of Public Health</i> , 2010 , 55, 193-200		15
102	Inventory and analysis of definitions of social participation found in the aging literature: proposed taxonomy of social activities. <i>Social Science and Medicine</i> , 2010 , 71, 2141-9	5.1	381
101	Making the narrative walk-in-real-time methodology relevant for public health intervention: towards an integrative approach. <i>Health and Place</i> , 2010 , 16, 1166-73	4.6	46
100	Associations among socioeconomic status, perceived neighborhood control, perceived individual control, and self-reported health. <i>Journal of Community Psychology</i> , 2010 , 38, 729-741	2.2	10
99	Associations between area-level unemployment, body mass index, and risk factors for cardiovascular disease in an urban area. <i>International Journal of Environmental Research and Public Health</i> , 2009 , 6, 3082-96	4.6	21
98	Impact of a community-based falls prevention program on maintenance of physical activity among older adults. <i>Journal of Aging and Health</i> , 2009 , 21, 480-500	2.6	8
97	Association of trait-defined, eating-disorder sub-phenotypes with (biallelic and triallelic) 5HTTLPR variations. <i>Journal of Psychiatric Research</i> , 2009 , 43, 1086-94	5.2	38
96	Unravelling the extent of inequalities in health across urban and rural areas: evidence from a national sample in England. <i>Social Science and Medicine</i> , 2009 , 68, 654-63	5.1	67
95	Disentangling the relative influence of built and socioeconomic environments on walking: the contribution of areas homogenous along exposures of interest. <i>Social Science and Medicine</i> , 2009 , 69, 1296-305	5.1	54
94	Not all social capital is good capital. <i>Health and Place</i> , 2009 , 15, 1071-7	4.6	88
93	Eating-disorder symptoms and syndromes in a sample of urban-dwelling Canadian women: contributions toward a population health perspective. <i>International Journal of Eating Disorders</i> , 2009 , 42, 158-65	6.3	17
92	School opportunities and physical activity frequency in nine year old children. <i>International Journal of Public Health</i> , 2009 , 54, 150-7	4	3
91	Casting weight goal as a function of weight status among a representative population-based sample of adolescents. <i>Body Image</i> , 2009 , 6, 277-84	7.4	9

90	Tracking of obesity and physical activity from childhood to adulthood: the Physical Activity Longitudinal Study. <i>Pediatric Obesity</i> , 2009 , 4, 281-8		230
89	ParticipACTION: Baseline assessment of the 'new ParticipACTION': A quantitative survey of Canadian organizational awareness and capacity. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 86	8.4	8
88	ParticipACTION: Baseline assessment of the capacity available to the 'New ParticipACTION': A qualitative study of Canadian organizations. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 87	8.4	12
87	ParticipACTION: A mass media campaign targeting parents of inactive children; knowledge, saliency, and trialing behaviours. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 88	8.4	29
86	ORIGINAL RESEARCH. <i>Canadian Journal of Diabetes</i> , 2009 , 33, 86-92	2.1	
85	Staying connected: neighbourhood correlates of social participation among older adults living in an urban environment in Montréal, Quebec. <i>Health Promotion International</i> , 2009 , 24, 46-57	3	159
