#	ARTICLE	IF	CITATIONS
1	Telephone-based behavioral activation with mental imagery for depression: A pilot randomized clinical trial in isolated older adults during the Covid-19 pandemic. <i>International Journal of Geriatric Psychiatry</i> , 2022, 37, .	1.3	9
2	Mechanistic pathways of change in twice weekly versus once weekly sessions of psychotherapy for depression. <i>Behaviour Research and Therapy</i> , 2022, 151, 104038.	1.6	5
3	Imagine How Good That Feels: The Impact of Anticipated Positive Emotions on Motivation for Reward Activities. <i>Cognitive Therapy and Research</i> , 2022, 46, 704-720.	1.2	7
4	Prospective mental imagery in depression: Impact on reward processing and reward-motivated behaviour. <i>Clinical Psychology in Europe</i> , 2021, 3, .	0.5	16
5	Impact of measurement frequency on self-reported depressive symptoms: An experimental study in a clinical setting. <i>Journal of Affective Disorders Reports</i> , 2021, 5, 100168.	0.9	3
6	Mental imagery as a "emotivational amplifier" to promote activities. <i>Behaviour Research and Therapy</i> , 2019, 114, 51-59.	1.6	90
7	Imagery rescripting in individuals with binge-eating behavior: An experimental proof-of-concept study. <i>International Journal of Eating Disorders</i> , 2019, 52, 183-188.	2.1	15
8	Cognitive Processing and Regulation Modulates Analogue Trauma Symptoms in a Virtual Reality Paradigm. <i>Cognitive Therapy and Research</i> , 2019, 43, 199-213.	1.2	9
9	Exploring mechanisms of change in schema therapy for chronic depression. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2018, 58, 97-105.	0.6	25
10	Psychophysiological reactivity, coping behaviour and intrusive memories upon multisensory Virtual Reality and Script-Driven Imagery analogue trauma: A randomised controlled crossover study. <i>Journal of Anxiety Disorders</i> , 2018, 59, 42-52.	1.5	13
11	Effects of Engaging in Repeated Mental Imagery of Future Positive Events on Behavioural Activation in Individuals with Major Depressive Disorder. <i>Cognitive Therapy and Research</i> , 2017, 41, 369-380.	1.2	66
12	Negative mood-induction modulates default mode network resting-state functional connectivity in chronic depression. <i>Journal of Affective Disorders</i> , 2017, 208, 590-596.	2.0	27
13	An investigation of mental imagery in bipolar disorder: Exploring "the mind's eye". <i>Bipolar Disorders</i> , 2016, 18, 669-683.	1.1	41
14	Mental Imagery in Depression: Phenomenology, Potential Mechanisms, and Treatment Implications. <i>Annual Review of Clinical Psychology</i> , 2016, 12, 249-280.	6.3	193
15	Schema therapy for chronic depression: Results of a multiple single case series. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2016, 51, 66-73.	0.6	73
16	Interpersonal Problems, Dependency, and Self-Criticism in Major Depressive Disorder. <i>Journal of Clinical Psychology</i> , 2015, 71, 93-104.	1.0	38
17	Neural correlates of self-referential processing and implicit self-associations in chronic depression. <i>Journal of Affective Disorders</i> , 2015, 186, 40-47.	2.0	23
18	Self-Reported Psychotic-Like Experiences Are a Poor Estimate of Clinician-Rated Attenuated and Frank Delusions and Hallucinations. <i>Psychopathology</i> , 2014, 47, 194-201.	1.1	65

#	ARTICLE	IF	CITATIONS
19	The effect of psychotherapy for depression on improvements in social functioning: a meta-analysis. <i>Psychological Medicine</i> , 2014, 44, 2913-2926.	2.7	63
20	Looking at food in sad mood: Do attention biases lead emotional eaters into overeating after a negative mood induction?. <i>Eating Behaviors</i> , 2014, 15, 230-236.	1.1	41
21	The influence of patients' preference/attitude towards psychotherapy and antidepressant medication on the treatment of major depressive disorder. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2014, 45, 170-177.	0.6	28
22	The impact of comorbid depression on recovery from personality disorders and improvements in psychosocial functioning: Results from a randomized controlled trial. <i>Behaviour Research and Therapy</i> , 2014, 63, 55-62.	1.6	13
23	Effects of a best-possible-self mental imagery exercise on mood and dysfunctional attitudes. <i>Psychiatry Research</i> , 2014, 215, 105-110.	1.7	41
24	Behavioural activation <i>v.</i> antidepressant medication for treating depression in Iran: randomised trial. <i>British Journal of Psychiatry</i> , 2013, 202, 204-211.	1.7	60
25	Two-year stability and change of neuroticism and extraversion in treated and untreated persons with depression: Findings from the Netherlands Study of Depression and Anxiety (NESDA). <i>Journal of Affective Disorders</i> , 2013, 150, 201-208.	2.0	19
26	Short-term group schema cognitive-behavioral therapy for young adults with personality disorders and personality disorder features: Associations with changes in symptomatic distress, schemas, schema modes and coping styles. <i>Behaviour Research and Therapy</i> , 2013, 51, 487-492.	1.6	51
27	The influence of comorbid personality disorder on the effects of behavioural activation vs. antidepressant medication for major depressive disorder: Results from a randomized trial in Iran. <i>Behaviour Research and Therapy</i> , 2013, 51, 499-506.	1.6	19
28	Treatment for chronic depression using schema therapy.. <i>Clinical Psychology: Science and Practice</i> , 2013, 20, 166-180.	0.6	50
29	Early maladaptive schemas in depressed patients: Stability and relation with depressive symptoms over the course of treatment. <i>Journal of Affective Disorders</i> , 2012, 136, 581-590.	2.0	108
30	Interpersonal problems as predictors of therapeutic alliance and symptom improvement in cognitive therapy for depression. <i>Journal of Affective Disorders</i> , 2012, 138, 458-467.	2.0	67
31	Extended Schema Mode Conceptualizations for Specific Personality Disorders: An Empirical Study. <i>Journal of Personality Disorders</i> , 2011, 25, 41-58.	0.8	86
