|---|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Disposition and metabolism of the bisphenol analogue, bisphenol S, in Harlan Sprague Dawley rats and B6C3F1/N mice and in vitro in hepatocytes from rats, mice, and humans. <i>Toxicology and Applied Pharmacology</i> , 2018, 351, 32-45. | 2.8 | 21        |
| 2 | Toxicokinetics and bioavailability of bisphenol AF following oral administration in rodents: A dose, species, and sex comparison. <i>Toxicology and Applied Pharmacology</i> , 2019, 373, 39-47.                                           | 2.8 | 10        |
| 3 | Embryo-fetal development studies with the dietary supplement vinpocetine in the rat and rabbit. <i>Birth Defects Research</i> , 2018, 110, 883-896.                                                                                        | 1.5 | 8         |
| 4 | Disposition of [14C]hydroquinone in Harlan Sprague-Dawley rats and B6C3F1/N mice: species and route comparison. <i>Xenobiotica</i> , 2018, 48, 1128-1141.                                                                                  | 1.1 | 6         |
| 5 | Comparative toxicokinetics of bisphenol S in rats and mice following gavage administration. <i>Toxicology and Applied Pharmacology</i> , 2020, 406, 115207.                                                                                | 2.8 | 6         |
| 6 | Comparative toxicokinetics of bisphenol S and bisphenol AF in male rats and mice following repeated exposure via feed. <i>Xenobiotica</i> , 2021, 51, 210-221.                                                                             | 1.1 | 4         |
| 7 | Disposition and metabolism of antibacterial agent, triclocarban, in rodents; a species and route comparison. <i>Xenobiotica</i> , 2020, 50, 1469-1482.                                                                                     | 1.1 | 2         |
| 8 | An investigation of systemic exposure to bisphenol AF during critical periods of development in the rat. <i>Toxicology and Applied Pharmacology</i> , 2021, 411, 115369.                                                                   | 2.8 | 2         |
| 9 | Response to the letter to the editor for embryo-fetal development studies with the dietary supplement vinpocetine in the rat and rabbit. <i>Birth Defects Research</i> , 2018, 110, 1374-1375.                                             | 1.5 | 1         |
