#	Paper	IF	Citations
285	Mental health problems in children with intellectual disability.. <i>The Lancet Child and Adolescent Health</i> , 2022 ,	14.5	2
284	Borderline Intellectual Functioning 2022 , 95-106		
283	The Prevalence of Disability among Roma and non-Roma Children in Four West Balkan Countries. <i>Disability and Health Journal</i> , 2022 , 101338	4.2	
282	Vaccine hesitancy among working-age adults with/without disability in the UK. <i>Public Health</i> , 2021 , 200, 106-108	4	1
281	Policy Implications, Eligibility, and Demographic Characteristics of People With Intellectual Disability Who Access Self-Directed Funding in the United States. <i>Intellectual and Developmental Disabilities</i> , 2021 , 59, 123-140	2	1
280	Disability, Loneliness and Health in the UK: cross-sectional survey. <i>European Journal of Public Health</i> , 2021 , 31, 533-538	2.1	0
279	The association between disability and risk of exposure to peer cyber victimisation is moderated by gender: Cross-sectional survey. <i>Disability and Health Journal</i> , 2021 , 101170	4.2	1
278	The Circumstances of Children with and without Disabilities or Significant Cognitive Delay Living in Ordinary Households in 30 Middle- and Low-Income Countries. <i>Disabilities</i> , 2021 , 1, 174-186		1
277	Health and healthcare for people with disabilities in the UK during the COVID-19 pandemic. <i>Disability and Health Journal</i> , 2021 , 15, 101171	4.2	6
276	The exposure of children with and without disabilities to violent parental discipline: Cross-sectional surveys in 17 middle- and low-income countries. <i>Child Abuse and Neglect</i> , 2021 , 111, 104773	4.3	1
275	Loneliness, social support, social isolation and wellbeing among working age adults with and without disability: Cross-sectional study. <i>Disability and Health Journal</i> , 2021 , 14, 100965	4.2	38
274	Identifying children at risk of intellectual disability in UNICEF's multiple indicator cluster surveys: Cross-sectional survey. <i>Disability and Health Journal</i> , 2021 , 14, 100986	4.2	6
273	Improving health care for disabled people in COVID-19 and beyond: Lessons from Australia and England. <i>Disability and Health Journal</i> , 2021 , 14, 101050	4.2	18
272	Youth with disabilities are more likely than their peers to engage in hazardous child labour. <i>Child: Care, Health and Development</i> , 2021 , 47, 119-127	2.8	
271	Overt acts of perceived discrimination reported by British working-age adults with and without disability. <i>Journal of Public Health</i> , 2021 , 43, e16-e23	3.5	5
270	The impact of the COVID-19 pandemic on the health of adults with intellectual impairment: evidence from two longitudinal UK surveys. <i>Journal of Intellectual Disability Research</i> , 2021 , 65, 890-897	3.2	4
269	The impact of disability on employment and financial security following the outbreak of the 2020 COVID-19 pandemic in the UK. <i>Journal of Public Health</i> , 2021 , 43, 472-478	3.5	14

268	The Disability and Wellbeing Monitoring Framework: data, data gaps, and policy implications. <i>Australian and New Zealand Journal of Public Health</i> , 2020 , 44, 227-232	2.3	6
267	Type of disability, gender, and age affect school satisfaction: Findings from the UK Millennium Cohort Study. <i>British Journal of Educational Psychology</i> , 2020 , 90, 870-885	3.2	3
266	Correspondence. <i>Journal of Public Health</i> , 2020 , 42, e575-e577	3.5	
265	Prevalence of underweight, wasting and stunting among young children with a significant cognitive delay in 47 low-income and middle-income countries. <i>Journal of Intellectual Disability Research</i> , 2020 , 64, 93-102	3.2	7
264	Violence and Mental Health: Does Disability Make a Difference?. <i>Epidemiology</i> , 2020 , 31, e6-e7	3.1	1
263	Hierarchical Models for International Comparisons: Smoking, Disability, and Social Inequality in 21 European Countries. <i>Epidemiology</i> , 2020 , 31, 282-289	3.1	1
262	Exposure to discrimination and subsequent changes in self-rated health: prospective evidence from the UK's Life Opportunities Survey. <i>Public Health</i> , 2020 , 185, 176-181	4	1
261	The wellbeing of working-age adults with and without disability in the UK: Associations with age, gender, ethnicity, partnership status, educational attainment and employment status. <i>Disability and Health Journal</i> , 2020 , 13, 100889	4.2	8
260	I had every right to be there: discriminatory acts towards young people with disabilities on public transport. <i>Disability and Society</i> , 2020 , 1-24	1.8	1
259	The Subjective Well-Being of Adolescent Canadians with Disabilities. <i>Journal of Child and Family Studies</i> , 2020 , 29, 3381-3397	2.3	2
258	Self-reported smoking, alcohol and drug use among adolescents and young adults with and without mild to moderate intellectual disability. <i>Journal of Intellectual and Developmental Disability</i> , 2020 , 45, 35-45	1.9	7
257	Early Years Parenting Mediates Early Adversity Effects on Problem Behaviors in Intellectual Disability. <i>Child Development</i> , 2020 , 91, e649-e664	4.9	23
256	Vaccine Coverage among Children with and without Intellectual Disabilities in the UK: Cross Sectional Study. <i>BMC Public Health</i> , 2019 , 19, 748	4.1	5
255	Developmental trajectories of behaviour problems and prosocial behaviours of children with intellectual disabilities in a population-based cohort. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2019 , 60, 1210-1218	7.9	18
254	What do we know about the health and health care of people with intellectual disabilities from minority ethnic groups in the United Kingdom? A systematic review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019 , 32, 1310-1334	2.2	4
253	The association between employment and the health of people with intellectual disabilities: A systematic review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2019 , 32, 1335-1348	2.2	18
252	Response to: Methodological point on mediation analysis. <i>International Journal of Epidemiology</i> , 2019 , 48, 1731-1732	7.8	
251	Emotional difficulties and self-harm among British adolescents with and without disabilities: Cross sectional study. <i>Disability and Health Journal</i> , 2019 , 12, 581-587	4.2	5

250	Adolescents' self-report of school satisfaction: The interaction between disability and gender. <i>School Psychology</i> , 2019 , 34, 148-158	2	8
249	Mental health of adolescents: variations by borderline intellectual functioning and disability. <i>European Child and Adolescent Psychiatry</i> , 2019 , 28, 1231-1240	5.5	8
248	Health and wellbeing of people with intellectual disability in New South Wales, Australia: a data linkage cohort. <i>BMJ Open</i> , 2019 , 9, e031624	3	15
247	Association of Borderline Intellectual Functioning and Adverse Childhood Experience with adult psychiatric morbidity. Findings from a British birth cohort. <i>BMC Psychiatry</i> , 2019 , 19, 387	4.2	17
246	The relationship between disability and suicide: prospective evidence from the Ten to Men cohort. <i>Journal of Public Health</i> , 2019 , 41, 707-713	3.5	5
245	Risk of exposure to air pollution among British children with and without intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , 2019 , 63, 161-167	3.2	9
244	Constipation management in people with intellectual disability: A systematic review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018 , 31, 709-724	2.2	7
243	Smoking among adults with and without disabilities in the UK. <i>Journal of Public Health</i> , 2018 , 40, e502-e509	5	6
242	Self-Reported Participation in Sport/Exercise Among Adolescents and Young Adults With and Without Mild to Moderate Intellectual Disability. <i>Journal of Physical Activity and Health</i> , 2018 , 15, 247-254	2.5	11
241	Gender, parental education, and experiences of bullying victimization by Australian adolescents with and without a disability. <i>Child: Care, Health and Development</i> , 2018 , 44, 332-341	2.8	12
240	The mental health of adolescents with and without mild/moderate intellectual disabilities in England: Secondary analysis of a longitudinal cohort study. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018 , 31, 768-777	2.2	9
239	The association between non-standard employment, job insecurity and health among British adults with and without intellectual impairments: Cohort study. <i>SSM - Population Health</i> , 2018 , 4, 197-205	3.8	13
238	Parent-Related Stress of Male and Female Carers of Adolescents with Intellectual Disabilities and Carers of Children within the General Population: A Cross-Sectional Comparison. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018 , 31, 51-61	2.2	28
237	Postural care for people with intellectual disabilities and severely impaired motor function: A scoping review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018 , 31 Suppl 1, 11-28	2.2	5
236	People with intellectual disabilities and dysphagia. <i>Disability and Rehabilitation</i> , 2018 , 40, 1345-1360	2.4	17
235	Prevalence of constipation in people with intellectual disability: A systematic review. <i>Journal of Intellectual and Developmental Disability</i> , 2018 , 43, 392-406	1.9	9
234	Concurrence of the strengths and difficulties questionnaire and developmental behaviour checklist among children with an intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2018 , 62, 150-155	3.2	14
233	Sexual activity and sexual health among young adults with and without mild/moderate intellectual disability. <i>BMC Public Health</i> , 2018 , 18, 667	4.1	24

232	The association between employment status and health among British adults with and without intellectual impairments: cross-sectional analyses of a cohort study. <i>BMC Public Health</i> , 2018 , 18, 401	4.1	7
231	Significant cognitive delay among 3- to 4-year old children in low- and middle-income countries: prevalence estimates and potential impact of preventative interventions. <i>International Journal of Epidemiology</i> , 2018 , 47, 1465-1474	7.8	12
230	To what extent is the association between disability and mental health in adolescents mediated by bullying? A causal mediation analysis. <i>International Journal of Epidemiology</i> , 2018 , 47, 1402-1413	7.8	20
229	Disability-based discrimination and health: findings from an Australian-based population study. <i>Australian and New Zealand Journal of Public Health</i> , 2018 , 42, 172-174	2.3	25
228	The Mental Health of British Adults with Intellectual Impairments Living in General Households. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2017 , 30, 188-197	2.2	15
227	Service Responses to People with Intellectual Disabilities and Epilepsy: A Systematic Review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2017 , 30, 1-32	2.2	20
226	The Social-Emotional Well-Being of Children of Mothers with Intellectual Impairment: A Population-Based Analysis. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2017 , 30, 469-481	2.2	11
225	Acute respiratory infection, diarrhoea and fever in young children at-risk of intellectual disability in 24 low- and middle-income countries. <i>Public Health</i> , 2017 , 142, 85-93	4	5
224	Cohort profile: a data linkage cohort to examine health service profiles of people with intellectual disability in New South Wales, Australia. <i>BMJ Open</i> , 2017 , 7, e015627	3	18
223	Prevalence of Dysphagia in People With Intellectual Disability: A Systematic Review. <i>Intellectual and Developmental Disabilities</i> , 2017 , 55, 377-391	2	25
222	Overweight and obesity among children at risk of intellectual disability in 20 low and middle income countries. <i>Journal of Intellectual Disability Research</i> , 2016 , 60, 1128-1135	3.2	5
221	Predictors of self-reported alcohol use and attitudes toward alcohol among 11-year-old British children with and without intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2016 , 60, 1212-1226	2.2	8
220	Trends in the identification of children with learning disabilities within state schools in England. <i>Tizard Learning Disability Review</i> , 2016 , 21, 108-112	0.4	
219	Australian indigenous children with low cognitive ability: Family and cultural participation. <i>Research in Developmental Disabilities</i> , 2016 , 56, 117-27	2.7	4
218	Perceptions of safety and exposure to violence in public places among working age adults with disabilities or long-term health conditions in the UK: cross sectional study. <i>Public Health</i> , 2016 , 135, 91-64	4	8
217	The physical health of British adults with intellectual disability: cross sectional study. <i>International Journal for Equity in Health</i> , 2016 , 15, 11	4.6	79
216	Exposure to second hand tobacco smoke at home and child smoking at age 11 among British children with and without intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2016 , 60, 274-81	3.2	6
215	Inequalities in socio-economic characteristics and health and wellbeing of men with and without disabilities: a cross-sectional analysis of the baseline wave of the Australian Longitudinal Study on Male Health. <i>BMC Public Health</i> , 2016 , 16, 1042	4.1	10

214	Obesity in British children with and without intellectual disability: cohort study. <i>BMC Public Health</i> , 2016 , 16, 644	4.1	26
213	Prevalence and risk of violence against people with and without disabilities: findings from an Australian population-based study. <i>Australian and New Zealand Journal of Public Health</i> , 2016 , 40, 16-21	2.3	47
212	Trauma and Life Events in Adults with Intellectual Disability. <i>Current Developmental Disorders Reports</i> , 2015 , 2, 93-99	1.9	49
211	Health Surveillance and People with Intellectual Disabilities. <i>International Review of Research in Developmental Disabilities</i> , 2015 , 48, 73-114	1	7
210	Systematic Reviews of the Health or Health care of People with Intellectual Disabilities: A Systematic Review to Identify Gaps in the Evidence Base. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2015 , 28, 455-523	2.2	33
209	Prevalence of epilepsy among people with intellectual disabilities: A systematic review. <i>Seizure: the Journal of the British Epilepsy Association</i> , 2015 , 29, 46-62	3.2	138
208	Mortality in people with intellectual disabilities and epilepsy: A systematic review. <i>Seizure: the Journal of the British Epilepsy Association</i> , 2015 , 29, 123-33	3.2	31
207	Health Inequity and Children with Intellectual Disabilities. <i>International Review of Research in Developmental Disabilities</i> , 2015 , 48, 11-42	1	11
206	Discrimination and the Health of People with Intellectual Disabilities. <i>International Review of Research in Developmental Disabilities</i> , 2015 , 43-72	1	7
205	Introduction: Health Disparities, Health Inequity, and People with Intellectual Disabilities. <i>International Review of Research in Developmental Disabilities</i> , 2015 , 48, 1-9	1	7
204	Exposure of children with developmental delay to social determinants of poor health: cross-sectional case record review study. <i>Child: Care, Health and Development</i> , 2015 , 41, 249-57	2.8	28
203	Prosocial skills in young children with autism, and their mothers' psychological well-being: Longitudinal relationships. <i>Research in Autism Spectrum Disorders</i> , 2015 , 13-14, 25-31	3	13
202	The health of parents with and without intellectual impairment in the UK. <i>Journal of Intellectual Disability Research</i> , 2015 , 59, 1142-54	3.2	17
201	Mothers with intellectual impairment and their 9-month-old infants. <i>Journal of Intellectual Disability Research</i> , 2015 , 59, 541-50	3.2	28
200	Rates of breastfeeding and exposure to socio-economic adversity amongst children with intellectual disability. <i>Research in Developmental Disabilities</i> , 2015 , 39, 12-9	2.7	8
199	The self-rated health of British adults with intellectual disability. <i>Research in Developmental Disabilities</i> , 2014 , 35, 591-6	2.7	11
198	Developing an evidence base for violent and disablist hate crime in Britain: findings from the life opportunities survey. <i>Journal of Interpersonal Violence</i> , 2014 , 29, 3086-104	2.2	49
197	Disability-based inequity in youth subjective well-being: current findings and future directions. <i>Disability and Society</i> , 2014 , 29, 877-892	1.8	12

196	Prevalence and factors associated with polypharmacy in Victorian adults with intellectual disability. <i>Research in Developmental Disabilities</i> , 2014 , 35, 3071-80	2.7	38
195	Becoming disabled: The association between disability onset in younger adults and subsequent changes in productive engagement, social support, financial hardship and subjective wellbeing. <i>Disability and Health Journal</i> , 2014 , 7, 448-56	4.2	17
194	The wellbeing of siblings of children with disabilities. <i>Research in Developmental Disabilities</i> , 2014 , 35, 2085-92	2.7	24
193	Employment status transitions among young adults, with and without disability. <i>Australian Journal of Social Issues</i> , 2014 , 49, 151-170	1.2	12
192	Commentary: our children deserve better. <i>Tizard Learning Disability Review</i> , 2014 , 19, 190-193	0.4	
191	Perceptions of neighbourhood quality, social and civic participation and the self rated health of British adults with intellectual disability: cross sectional study. <i>BMC Public Health</i> , 2014 , 14, 1252	4.1	27
190	The impact of health checks for people with intellectual disabilities: an updated systematic review of evidence. <i>Research in Developmental Disabilities</i> , 2014 , 35, 2450-62	2.7	66
189	A Break from Caring for a Disabled Child: Parent Perceptions of the Uses and Benefits of Short Break Provision in England. <i>British Journal of Social Work</i> , 2014 , 44, 1180-1196	1.2	6
188	Trends in age-standardised mortality rates and life expectancy of people with learning disabilities in Sheffield over a 33-year period. <i>Tizard Learning Disability Review</i> , 2014 , 19, 90-95	0.4	31
187	Short Break and Respite Services for Disabled Children in England: Comparing Children's and Parents' Perspectives of Their Impact on Children. <i>Children and Society</i> , 2014 , 28, 478-494	1.4	6
186	Setting global research priorities for developmental disabilities, including intellectual disabilities and autism. <i>Journal of Intellectual Disability Research</i> , 2014 , 58, 1121-30	3.2	56
185	Environmental risk factors associated with the persistence of conduct difficulties in children with intellectual disabilities and autistic spectrum disorders. <i>Research in Developmental Disabilities</i> , 2014 , 35, 3508-17	2.7	43
184	Obesity and health behaviours of British adults with self-reported intellectual impairments: cross sectional survey. <i>BMC Public Health</i> , 2014 , 14, 219	4.1	30
183	Parenting and the behavior problems of young children with an intellectual disability: concurrent and longitudinal relationships in a population-based study. <i>American Journal on Intellectual and Developmental Disabilities</i> , 2014 , 119, 422-35	2.2	35
182	The developmental health of children of parents with intellectual disabilities: cross sectional study. <i>Research in Developmental Disabilities</i> , 2014 , 35, 917-21	2.7	43
181	The emotional and behavioural functioning of siblings of children with special health care needs across childhood. <i>Research in Developmental Disabilities</i> , 2014 , 35, 814-25	2.7	21
180	Commentary: Childhood exposure to environmental adversity and the well-being of people with intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , 2013 , 57, 589-600	3.2	44
179	Health behaviours and mental health status of parents with intellectual disabilities: cross sectional study. <i>Public Health</i> , 2013 , 127, 1111-6	4	36

178	Anti-social behaviour and police contact among 13- to 15-year-old English adolescents with and without mild/moderate intellectual disability. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2013 , 26, 362-9	2.2	22
177	Health and wellbeing of Victorian adults with intellectual disability compared to the general Victorian population. <i>Research in Developmental Disabilities</i> , 2013 , 34, 4034-42	2.7	26
176	Issues concerning self-report data and population-based data sets involving people with intellectual disabilities. <i>Intellectual and Developmental Disabilities</i> , 2013 , 51, 333-48	2	60
175	Disabled children are more likely to be exposed to violence than their non-disabled peers. <i>Evidence-Based Medicine</i> , 2013 , 18, 152-3		
174	Introduction to the special issue: community living and participation. <i>Intellectual and Developmental Disabilities</i> , 2013 , 51, 293-7	2	1
173	Exploring boundary attitude. <i>Journal of Adult Protection, The</i> , 2013 , 15, 26-36	0.7	4
172	Quality of life indicators for individuals with intellectual disabilities: extending current practice. <i>Intellectual and Developmental Disabilities</i> , 2013 , 51, 316-32	2	66
171	Estimating how many deaths of people with learning disabilities in England could be prevented by better medical care. <i>Tizard Learning Disability Review</i> , 2013 , 18, 146-149	0.4	6
170	The uptake of health checks for adults with learning disabilities in England: 2008/9-2011/12. <i>Tizard Learning Disability Review</i> , 2013 , 18, 45-49	0.4	5
169	Screening for thyroid insufficiency in adults with Down syndrome. <i>Tizard Learning Disability Review</i> , 2013 , 18, 98-103	0.4	
168	Preventing dependency, promoting independence: a researcher's perspective. <i>Tizard Learning Disability Review</i> , 2013 , 18, 200-202	0.4	
167	Is there a bidirectional relationship between maternal well-being and child behavior problems in autism spectrum disorders? Longitudinal analysis of a population-defined sample of young children. <i>Autism Research</i> , 2013 , 6, 201-11	5.1	46
166	Towards the prevention of behavioural and psychiatric disorders in people with intellectual disabilities. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2013 , 26, 501-14	2.2	17
165	Health Inequalities and People with Intellectual Disabilities 2013 ,		45
164	Lower well-being of young Australian adults with self-reported disability reflects their poorer living conditions rather than health issues. <i>Australian and New Zealand Journal of Public Health</i> , 2012 , 36, 176-82 ³		47
163	New directions in health care and disability: the need for a shared understanding of human functioning. <i>Australian and New Zealand Journal of Public Health</i> , 2012 , 36, 458-61	2.3	10
162	Understanding Disabled Childhoods: What Can We Learn From Population-Based Studies?. <i>Children and Society</i> , 2012 , 26, 214-222	1.4	15
161	British adults with chronic health conditions or impairments face significant barriers to accessing health services. <i>Public Health</i> , 2012 , 126, 920-7	4	33

160	The identification of children with, or at significant risk of, intellectual disabilities in low- and middle-income countries: a review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2012 , 25, 99-118 ²	2.2	19
159	Interventions provided by parents for children with intellectual disabilities in low and middle income countries. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2012 , 25, 135-42	2.2	29
158	Efficacy of community-based rehabilitation for children with or at significant risk of intellectual disabilities in low- and middle-income countries: a review. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2012 , 25, 143-54	2.2	24
157	Using direct payments to fund short breaks for families with a disabled child. <i>Child: Care, Health and Development</i> , 2012 , 38, 900-9	2.8	5
156	Do short break and respite services for families with a disabled child in England make a difference to siblings? A qualitative analysis of sibling and parent responses. <i>Children and Youth Services Review</i> , 2012 , 34, 451-459	2	12
155	The transition cliff in the administrative prevalence of learning disabilities in England. <i>Tizard Learning Disability Review</i> , 2012 , 17, 139-143	0.4	41
154	Deprivation, ethnicity and the prevalence of intellectual and developmental disabilities. <i>Journal of Epidemiology and Community Health</i> , 2012 , 66, 218-24	5.1	122
153	How much does intellectual disability really cost? First estimates for Australia. <i>Journal of Intellectual and Developmental Disability</i> , 2012 , 37, 42-9	1.9	60
152	Improving health and lives: The Learning Disabilities Public Health Observatory. <i>Advances in Mental Health and Intellectual Disabilities</i> , 2012 , 6, 26-32	0.5	31
151	Patterns of decline in numbers of learning disability nurses employed by the English National Health Service. <i>Tizard Learning Disability Review</i> , 2012 , 17, 194-198	0.4	4
150	Intellectual Disabilities Classification, Epidemiology and Causes 2012 , 1-22		4
149	Mental health trajectories of young people after disability onset. <i>Disability and Health Journal</i> , 2011 , 4, 91-101	4.2	18
