

Declan G Byrne

List of Publications by Citations

Source: <https://exaly.com/author-pdf/3274804/declan-g-byrne-publications-by-citations.pdf>

Version: 2024-04-26

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
69	Increasing wait times predict increasing mortality for emergency medical admissions. <i>European Journal of Emergency Medicine</i> , 2011 , 18, 192-6	2.3	64
68	Serum potassium levels as an outcome determinant in acute medical admissions. <i>Clinical Medicine</i> , 2015 , 15, 239-43	1.9	31
67	Predictive testing for BRCA1 and 2 mutations: a male contribution. <i>Annals of Oncology</i> , 2003 , 14, 549-53	10.3	31
66	Acute medical units: review of evidence. <i>European Journal of Internal Medicine</i> , 2011 , 22, 344-7	3.9	23
65	Usage of unscheduled hospital care by homeless individuals in Dublin, Ireland: a cross-sectional study. <i>BMJ Open</i> , 2017 , 7, e016420	3	22
64	Age and outcome in acute emergency medical admissions. <i>Age and Ageing</i> , 2010 , 39, 694-8	3	22
63	Blood cultures in emergency medical admissions: a key patient cohort. <i>European Journal of Emergency Medicine</i> , 2016 , 23, 38-43	2.3	20
62	Dietary contributors to hypertension in adults reviewed. <i>Irish Journal of Medical Science</i> , 2015 , 184, 81-90	0.9	18
61	Radiology imaging delays as independent predictors of length of hospital stay for emergency medical admissions. <i>Clinical Radiology</i> , 2016 , 71, 912-8	2.9	18
60	Social deprivation and hospital admission rates, length of stay and readmissions in emergency medical admissions. <i>European Journal of Internal Medicine</i> , 2015 , 26, 766-71	3.9	17
59	Does admission via an Acute Medical Unit influence hospital mortality? 12 years experience in a large Dublin Hospital. <i>Acute Medicine</i> , 2014 , 13, 152-158	0.7	16
58	Deprivation index and dependency ratio are key determinants of emergency medical admission rates. <i>European Journal of Internal Medicine</i> , 2015 , 26, 709-13	3.9	13
57	Patient risk profiling in acute medicine: the way forward?. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2015 , 108, 689-96	2.7	12
56	Deprivation influences the emergency admission rate of ambulatory care sensitive conditions. <i>Clinical Medicine</i> , 2016 , 16, 119-23	1.9	12
55	Vitamin D and SARS-CoV-2 infection-evolution of evidence supporting clinical practice and policy development : A position statement from the Covid-D Consortium. <i>Irish Journal of Medical Science</i> , 2021 , 190, 1253-1265	1.9	11
54	Comparative influence of Acute Illness Severity and comorbidity on mortality. <i>European Journal of Internal Medicine</i> , 2020 , 72, 42-46	3.9	10
53	Factors associated with length of stay following an emergency medical admission. <i>European Journal of Internal Medicine</i> , 2015 , 26, 237-42	3.9	9

52	Emergency readmissions are substantially determined by acute illness severity and chronic debilitating illness: a single centre cohort study. <i>European Journal of Internal Medicine</i> , 2015 , 26, 12-7	3.9	9
51	Fifteen-year outcomes of an acute medical admission unit. <i>Irish Journal of Medical Science</i> , 2018 , 187, 1097-1105	1.9	8
50	Social deprivation, population dependency ratio and an extended hospital episode - Insights from acute medicine. <i>European Journal of Internal Medicine</i> , 2015 , 26, 714-9	3.9	8
49	Predicting Outcomes in Emergency Medical Admissions Using a Laboratory Only Nomogram. <i>Computational and Mathematical Methods in Medicine</i> , 2017 , 2017, 5267864	2.8	7
48	Social deprivation and the rate of emergency medical admission for older persons. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2016 , 109, 645-651	2.7	7
47	Influence of social deprivation, overcrowding and family structure on emergency medical admission rates. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2016 , 109, 675-680	2.7	7
46	Outcomes in acute medicine - Evidence from extended observations on readmissions, hospital length of stay and mortality outcomes. <i>European Journal of Internal Medicine</i> , 2019 , 66, 69-74	3.9	6
45	Improved mortality outcomes over time for weekend emergency medical admissions. <i>Irish Journal of Medical Science</i> , 2018 , 187, 5-11	1.9	6
44	Hyponatraemia in Emergency Medical Admissions-Outcomes and Costs. <i>Journal of Clinical Medicine</i> , 2014 , 3, 1220-33	5.1	6
43	Time patterns in mortality after an emergency medical admission; relationship to weekday or weekend admission. <i>European Journal of Internal Medicine</i> , 2016 , 36, 44-49	3.9	6
42	Hyponatraemia during an emergency medical admission as a marker of illness severity & case complexity. <i>European Journal of Internal Medicine</i> , 2019 , 59, 60-64	3.9	6
41	Survival analysis of weekend emergency medical admissions. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2017 , 110, 291-297	2.7	5
40	Effect of social deprivation on the admission rate and outcomes of adult respiratory emergency admissions. <i>Respiratory Medicine</i> , 2017 , 125, 94-101	4.6	5
39	Deprivation status and the hospital costs of an emergency medical admission. <i>European Journal of Internal Medicine</i> , 2017 , 46, 30-34	3.9	4
38	Chronic disabling disease--impact on outcomes and costs in emergency medical admissions. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2015 , 108, 387-96	2.7	4
37	Factors predicting the hospital episode costs of emergency medical admissions. <i>European Journal of Internal Medicine</i> , 2014 , 25, 633-8	3.9	4
36	Investigating the Relationship between Vitamin D and Persistent Symptoms Following SARS-CoV-2 Infection. <i>Nutrients</i> , 2021 , 13,	6.7	4
35	High Risk Subgroups Sensitive to Air Pollution Levels Following an Emergency Medical Admission. <i>Toxics</i> , 2017 , 5,	4.7	3

34	Improved outcomes of high-risk emergency medical admissions cared for by experienced physicians. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2015 , 108, 119-25	2.7	3
33	The Relationship Between Social Deprivation and a Weekend Emergency Medical Admission. <i>Acute Medicine</i> , 2016 , 15, 124-129	0.7	3
32	A Risk Index for Geriatric Acute Medical Admissions (RIGAMA). <i>Acute Medicine</i> , 2014 , 13, 6-11	0.7	3
31	Persons with disability, social deprivation and an emergency medical admission. <i>Irish Journal of Medical Science</i> , 2018 , 187, 593-600	1.9	3
30	The Relationship Between Social Deprivation and a Weekend Emergency Medical Admission. <i>Acute Medicine</i> , 2016 , 15, 124-129	0.7	3
29	The dynamics of the emergency medical readmission - The underlying fundamentals. <i>European Journal of Internal Medicine</i> , 2017 , 45, 78-83	3.9	2
28	Consultant duration of clinical practice as a cost determinant of an emergency medical admission. <i>European Journal of Health Economics</i> , 2015 , 16, 561-7	3.6	2
27	Social Factors Determine the Emergency Medical Admission Workload. <i>Journal of Clinical Medicine</i> , 2017 , 6,	5.1	2
26	Pattern of Investigation Reflects Risk Profile in Emergency Medical Admissions. <i>Journal of Clinical Medicine</i> , 2015 , 4, 1113-25	5.1	2
25	Prognostic Value Of Blood Cultures as an Illness Severity Marker In Emergency Medical Admissions. <i>Acute Medicine</i> , 2020 , 19, 83-89	0.7	2
24	Is there excessive troponin testing in clinical practice? Evidence from emergency medical admissions. <i>European Journal of Internal Medicine</i> , 2021 , 86, 48-53	3.9	2
23	Non-Specific Clinical Presentations are Not Prognostic and do not Anticipate Hospital Length of Stay or Resource Utilization. <i>European Journal of Internal Medicine</i> , 2021 , 87, 75-82	3.9	2
22	Emergency medical admissions and COVID-19: impact on 30-day mortality and hospital length of stay. <i>Irish Journal of Medical Science</i> , 2021 , 1	1.9	2
21	Medical Practitioners Act 2007: the increased medical record burden. <i>Irish Medical Journal</i> , 2010 , 103, 85-6	0.7	2
20	Relationship of the clinical acuity & complexity to the outcome of an emergency medical admission. <i>Acute Medicine</i> , 2018 , 17, 18-25	0.7	2
19	Differences in identification of patients' deterioration may hamper the success of clinical escalation protocols. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2019 , 112, 497-504	2.7	1
18	Age and the economics of an emergency medical admission-what factors determine costs?. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2017 , 110, 83-88	2.7	1
17	Cancer incidence in Ireland—the possible role of diet, nutrition and lifestyle. <i>Zeitschrift Fur Gesundheitswissenschaften</i> , 2017 , 25, 197-213	1.4	1

16	Air Quality and Hospital Outcomes in Emergency Medical Admissions with Respiratory Disease. <i>Toxics</i> , 2016 , 4,	4.7	1
15	Broadband access, housing and car ownership as deprivation predictors of the emergency medical admission. <i>European Journal of Internal Medicine</i> , 2016 , 35, e25-e26	3.9	1
14	Severe COVID-19 is characterised by inflammation and immature myeloid cells early in disease progression.. <i>Heliyon</i> , 2022 , 8, e09230	3.6	1
13	Socio-economic status and the clinical acuity of emergency medical admissions. <i>Panminerva Medica</i> , 2018 , 60, 235-237	2	0
12	Lung function and outcomes in emergency medical admissions. <i>European Journal of Internal Medicine</i> , 2019 , 59, 34-38	3.9	0
11	Title: Understanding a Low Vitamin D State in the Context of COVID-19.. <i>Frontiers in Pharmacology</i> , 2022 , 13, 835480	5.6	0
10	Rising Emergency Admission and Readmission Rates-a Retrospective Study of Demographic and Socio-economic Factors. <i>Journal of General Internal Medicine</i> , 2018 , 33, 1623-1625	4	
9	312 Implementation of a Formalised Weekend Hospital Handover Process. <i>Age and Ageing</i> , 2019 , 48, iii17-iii65	3	
8	Medical complications and outcomes at an onsite rehabilitation unit for older people. <i>Irish Journal of Medical Science</i> , 2013 , 182, 499-502	1.9	
7	297Blu and Far Between Evaluation of Influenza Vaccination among Eligible Patients with Prolonged In-hospital Stay.. <i>Age and Ageing</i> , 2017 , 46, iii13-iii59	3	
6	270Sedatives Usage in Inpatient Fallers in an Acute Hospital. <i>Age and Ageing</i> , 2017 , 46, iii13-iii59	3	
5	Reflections on off hour admissions to ICU. <i>Critical Care</i> , 2009 , 13, 418	10.8	
4	Admission and readmission rate incidences from deprived areas-impact of a classical or multi-dimensional model. <i>Irish Journal of Medical Science</i> , 2019 , 188, 303-310	1.9	
3	23The Impact of Acute Specialised Geriatric Take in a Large Teaching Hospital over Three Years. <i>Age and Ageing</i> , 2018 , 47, v13-v60	3	
2	Re: Validation of the medical admission risk system (MARS): a combined physiological and laboratory risk prediction tool for 5- to 7-day in-hospital mortality. Ohman MC, et al. <i>QJM</i> . 2018. PMID: 29538743. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2018 , 111, 509-510	2.7	
1	The Relationship between Resource Utilization, Clinical Risk and Hospital Costs for Emergency Medical Admissions. <i>Acute Medicine</i> , 2016 , 15, 7-12	0.7
