#	ARTICLE	IF	CITATIONS
1	Exploration of motivation to participate in a study of cancer-related cognitive impairment among patients with newly diagnosed aggressive lymphoma: a qualitative sub-study. <i>Supportive Care in Cancer</i> , 2022, 30, 1331-1339.	2.2	1
2	Levels of Parental Drinking in the Presence of Children: An Exploration of Attitudinal Correlates. <i>Alcohol and Alcoholism</i> , 2022, 57, 460-469.	1.6	5
3	Place of alcohol in the "wellness toolkits" of midlife women in different social classes: A qualitative study in South Australia. <i>Sociology of Health and Illness</i> , 2022, 44, 488-507.	2.1	13
4	Predicting men's intentions to seek help for cancer symptoms: a comparison of the Theory of Planned Behaviour and the Health Belief Model. <i>Australian Journal of Psychology</i> , 2022, 74, 1-10.	2.8	1
5	Adaptive capacity: A qualitative study of midlife Australian women's resilience during COVID-19. <i>SSM Mental Health</i> , 2022, , 100080.	1.8	4
6	Caring for someone with cancer in rural Australia. <i>Supportive Care in Cancer</i> , 2022, 30, 4857-4865.	2.2	5
7	664 EXPLORING THE FEASIBILITY OF THE INTERRAI CHECK-UP FORM (SELF-REPORTED) IN OLDER PEOPLE LIVING WITH FRAILTY IN THE COMMUNITY. <i>Age and Ageing</i> , 2022, 51, .	1.6	0
8	"She'll Be Right, Mate" A Mixed Methods Analysis of Skin Cancer Prevention Practices among Australian Farmers' An At-Risk Group. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 2940.	2.6	5
9	The Relationship between Cancer Caregiver Burden and Psychological Outcomes: The Moderating Role of Social Connectedness. <i>Current Oncology</i> , 2022, 29, 14-26.	2.2	14
10	How does social class shape women's alcohol stockpiling during COVID-19?: A qualitative study in South Australia during the 2020 lockdown. <i>SSM Qualitative Research in Health</i> , 2022, 2, 100080.	1.5	5
11	Failure to attend radiation oncology appointments during COVID-19: Analysis of data from an Australian public hospital. <i>Journal of Medical Imaging and Radiation Oncology</i> , 2022, , .	1.8	1
12	Influences on Public Perceptions of the Importance of, and Responsibility for, Supportive Care Following Cancer Diagnosis. <i>Journal of Cancer Education</i> , 2021, 36, 1201-1210.	1.3	2
13	Comparative systematic review of the psychometric properties of measures of illness perceptions in family members of individuals diagnosed with a chronic physical illness. <i>Scandinavian Journal of Caring Sciences</i> , 2021, 35, 3-19.	2.1	4
14	Acceptability of online sun exposure awareness-raising interventions among young Australian women: an exploratory mixed-methods study. <i>Health Promotion International</i> , 2021, 36, 374-383.	1.8	2
15	Cross-cultural preliminary validation of a measure of social vulnerability in people with intellectual disabilities. <i>Journal of Intellectual and Developmental Disability</i> , 2021, 46, 67-79.	1.6	2
16	Returning to Work After Cancer in Australia: What Facilitates a Positive Return to Work Experience?. <i>Journal of Occupational Rehabilitation</i> , 2021, 31, 41-49.	2.2	5
17	The role of illness perceptions and exercise beliefs in exercise engagement during treatment for cancer. <i>Supportive Care in Cancer</i> , 2021, 29, 5065-5073.	2.2	6
18	Improving Survivors' Quality of Life Post-Treatment: The Perspectives of Rural Australian Cancer Survivors and Their Carers. <i>Cancers</i> , 2021, 13, 1600.	3.7	17

#	ARTICLE	IF	CITATIONS
19	Cognitive late effects following allogeneic stem cell transplantation in haematological cancer patients. <i>European Journal of Cancer Care</i> , 2021, 30, e13448.	1.5	4
20	Alcohol Consumption and Perceptions of Health Risks During COVID-19: A Qualitative Study of Middle-Aged Women in South Australia. <i>Frontiers in Public Health</i> , 2021, 9, 616870.	2.7	21
21	Best practice in the implementation of telehealth-based supportive cancer care: Using research evidence and discipline-based guidance. <i>Patient Education and Counseling</i> , 2021, 104, 2682-2699.	2.2	17
22	Victoria (Australia) radiotherapy response to working through the first and second wave of COVID-19: Strategies and staffing. <i>Journal of Medical Imaging and Radiation Oncology</i> , 2021, 65, 374-383.	1.8	6
23	The Impact of Illness Perceptions and Coping Strategies on Use of Supportive Care for Cancer. <i>Cancers</i> , 2021, 13, 2501.	3.7	4
24	Social Class and Changes in Australian Women's Affect and Alcohol Consumption During COVID-19. <i>Frontiers in Public Health</i> , 2021, 9, 645376.	2.7	11
25	Improving access to cancer information and supportive care services: A systematic review of mechanisms applied to link people with cancer to psychosocial supportive care services. <i>Psycho-Oncology</i> , 2021, 30, 1603-1625.	2.3	3
26	“Rescue” of Nonparticipants in Colorectal Cancer Screening: A Randomized Controlled Trial of Three Noninvasive Test Options. <i>Cancer Prevention Research</i> , 2021, 14, 803-810.	1.5	11
27	COVID-19, Alcohol Consumption and Stockpiling Practises in Midlife Women: Repeat Surveys During Lockdown in Australia and the United Kingdom. <i>Frontiers in Public Health</i> , 2021, 9, 642950.	2.7	10
28	Sexual satisfaction and sexual distress after cancer: The role of body image disruption, self-compassion, sexual pain and relationship satisfaction. <i>Psycho-Oncology</i> , 2021, 30, 1902-1909.	2.3	8
29	Confronting behaviour in palliative care: a qualitative study of the lived experience of nursing staff. <i>International Journal of Palliative Nursing</i> , 2021, 27, 245-253.	0.5	0
30	How do health services engage culturally and linguistically diverse consumers? An analysis of consumer engagement frameworks in Australia. <i>Health Expectations</i> , 2021, 24, 1747-1762.	2.6	20
31	Codesigning consumer engagement strategies with ethnic minority consumers in Australian cancer services: the CanEngage Project protocol. <i>BMJ Open</i> , 2021, 11, e048389.	1.9	8
32	Educational attainment in displaced children with cancer. <i>Lancet Oncology</i> , The, 2021, 22, 1650-1652.	10.7	0
33	Differences in the health, mental health and health-promoting behaviours of rural versus urban cancer survivors in Australia. <i>Supportive Care in Cancer</i> , 2020, 28, 633-643.	2.2	33
34	“I'm not the anti-smoker now. I just don't smoke anymore”: social obstacles to quitting smoking among emerging adults. <i>Addiction Research and Theory</i> , 2020, 28, 240-249.	1.9	6
35	Childhood cancer, age at diagnosis and educational attainment: A meta-analysis. <i>Critical Reviews in Oncology/Hematology</i> , 2020, 145, 102838.	4.4	15
36	Can targeting information on cancer-related psychosocial services by male gender and rurality improve attitude to service use in this difficult-to-engage population?. <i>Psycho-Oncology</i> , 2020, 29, 2075-2083.	2.3	3

#	ARTICLE	IF	CITATIONS
37	Longitudinal exploration of cancer-related cognitive impairment in patients with newly diagnosed aggressive lymphoma: protocol for a feasibility study. <i>BMJ Open</i> , 2020, 10, e038312.	1.9	6
38	Distress and problem assessment among people living with cancer from Culturally and Linguistically Diverse backgrounds. <i>Psycho-Oncology</i> , 2020, 29, 1662-1669.	2.3	5
39	Mapping Information Needs over the Diagnosis, Treatment, and Survivorship Trajectory for Esophago-gastric Cancer Patients and Their Main Supporters: a Retrospective Survey. <i>Journal of Cancer Education</i> , 2020, , 1.	1.3	0
40	Does Better Media Literacy Protect Against the Desire for Tanned Skin and Propensity for Making Appearance Comparisons?. <i>Social Media and Society</i> , 2020, 6, 205630512090536.	3.0	6
41	The role of social norms in the relationship between anti-smoking advertising campaigns and smoking cessation: a scoping review. <i>Health Education Research</i> , 2020, 35, 179-194.	1.9	15
42	Good training, systems and funding, not good luck: what hematologists and oncologists believe would make it easier for them to refer their cancer patients to psychosocial care. <i>Translational Behavioral Medicine</i> , 2019, 9, 139-146.	2.4	7
43	The Relationship Between Posting and Photo Manipulation Activities on Social Networking Sites and Internalization of a Tanned Ideal Among Australian Adolescents and Young Adults. <i>Social Media and Society</i> , 2019, 5, 205630511882041.	3.0	21
44	The role of rehabilitation in patients undergoing oesophagectomy for cancer and pre-malignant disease: A qualitative exploration of the views of patients, carers and healthcare providers. <i>European Journal of Cancer Care</i> , 2019, 28, e12996.	1.5	7
45	Illness Cognitions Among Adolescents and Young Adults Who Have a Parent with Cancer: a Qualitative Exploration Using the Common-Sense Model of Self-regulation as a Framework. <i>International Journal of Behavioral Medicine</i> , 2019, 26, 531-541.	1.7	4
46	Does Resilience Moderate the Relationship Between Stress and Smoking Status?. <i>Substance Use and Misuse</i> , 2019, 54, 412-425.	1.4	15
47	A Randomized Controlled Trial Testing Provision of Fecal and Blood Test Options on Participation for Colorectal Cancer Screening. <i>Cancer Prevention Research</i> , 2019, 12, 631-640.	1.5	9
48	The impact of a social media literacy intervention on positive attitudes to tanning: A pilot study. <i>Computers in Human Behavior</i> , 2019, 90, 188-195.	8.5	24
49	“I don’t think I’d feel good about myself if I was to give up smoking and go to one of these”: perceptions of e-cigarettes among South Australian young adult smokers and ex-smokers. <i>Addiction Research and Theory</i> , 2019, 27, 258-268.	1.9	3
50	Parental drinking in Australia: Does the age of children in the home matter?. <i>Drug and Alcohol Review</i> , 2019, 38, 306-315.	2.1	22
51	Can we address cancer disparities in immigrants by improving cancer literacy through English as a second language instruction?. <i>Translational Behavioral Medicine</i> , 2019, 9, 357-367.	2.4	3
52	The REIm-13. <i>European Journal of Psychological Assessment</i> , 2019, 35, 451-458.	3.0	6
53	Understanding variation in men’s help-seeking for cancer symptoms: A semistructured interview study.. <i>Psychology of Men and Masculinity</i> , 2019, 20, 61-70.	1.3	5
54	Intergenerational exchange of healthful eating encouragement: Consideration of family ancestry and disease history.. <i>Families, Systems and Health</i> , 2019, 37, 302-313.	0.6	3

#	ARTICLE	IF	CITATIONS
55	Children's Naive Concepts of OCD and How They Are Affected by Biomedical Versus Cognitive Behavioural Psychoeducation. <i>Behavioural and Cognitive Psychotherapy</i> , 2018, 46, 405-420.	1.2	6
56	Parental feeding practices to manage snack food intake: Associations with energy intake regulation in young children. <i>Appetite</i> , 2018, 123, 233-240.	3.7	14
57	Connecting the dots between breast cancer, obesity and alcohol consumption in middle-aged women: ecological and case control studies. <i>BMC Public Health</i> , 2018, 18, 460.	2.9	24
58	An 18-mo randomized, double-blind, placebo-controlled trial of DHA-rich fish oil to prevent age-related cognitive decline in cognitively normal older adults. <i>American Journal of Clinical Nutrition</i> , 2018, 107, 754-762.	4.7	40
59	Fear of cancer recurrence and psychological well-being in women with breast cancer: The role of causal cancer attributions and optimism. <i>European Journal of Cancer Care</i> , 2018, 27, e12579.	1.5	29
60	Faecal occult blood testing (FOBT)-based colorectal cancer screening trends and predictors of non-use: findings from the South Australian setting and implications for increasing FOBT uptake. <i>Australian Health Review</i> , 2018, 42, 45.	1.1	8
61	Locus of control, optimism, and recollections of depression and self-reported cognitive functioning following treatment for colorectal cancer. <i>Psycho-Oncology</i> , 2018, 27, 676-682.	2.3	6
62	Correlates of post-traumatic growth following childhood and adolescent cancer: A systematic review and meta-analysis. <i>Psycho-Oncology</i> , 2018, 27, 1100-1109.	2.3	47
63	An evaluation of social work services in a cancer accommodation facility for rural South Australians. <i>Supportive Care in Cancer</i> , 2018, 26, 147-154.	2.2	7
64	The impact of sample type and procedural attributes on relative acceptability of different colorectal cancer screening regimens. <i>Patient Preference and Adherence</i> , 2018, Volume 12, 1825-1836.	1.8	27
65	Effect of a spa bath on patient symptoms in an acute palliative care setting: A pilot study. <i>Complementary Therapies in Clinical Practice</i> , 2018, 32, 100-102.	1.7	7
66	Pilot randomized trial of a volitional help sheet-based tool to increase leisure time physical activity in breast cancer survivors. <i>British Journal of Health Psychology</i> , 2018, 23, 723-740.	3.5	13
67	The relationship between anticipated response and subsequent experience of cancer treatment-related side effects: A meta-analysis comparing effects before and after treatment exposure. <i>Cancer Treatment Reviews</i> , 2018, 68, 86-93.	7.7	21
68	Pilot test of brief instructions to improve the self-management of general food cravings. <i>Eating Behaviors</i> , 2018, 30, 88-92.	2.0	2
69	Factors associated with referral offer and acceptance following supportive care problem identification in a comprehensive cancer service. <i>European Journal of Cancer Care</i> , 2018, 27, e12869.	1.5	13
70	Patterns of participation over four rounds of annual fecal immunochemical test-based screening for colorectal cancer: what predicts rescreening?. <i>BMC Public Health</i> , 2018, 18, 81.	2.9	17
71	Web-Based Communication Strategies Designed to Improve Intention to Minimize Risk for Colorectal Cancer: Randomized Controlled Trial. <i>JMIR Cancer</i> , 2018, 4, e2.	2.4	2
72	Australian young adults's tanning behaviour: The role of ideal skin tone and sociocultural norms. <i>Australian Journal of Psychology</i> , 2017, 69, 86-94.	2.8	4

#	ARTICLE	IF	CITATIONS
73	Use of the Distress Thermometer in a cancer helpline context: Can it detect changes in distress, is it acceptable to nurses and callers, and do high scores lead to internal referrals?. <i>European Journal of Oncology Nursing</i> , 2017, 26, 49-55.	2.1	21
74	Preventing lifestyle-related disease among recently arrived immigrants by partnering with English language providers to improve cancer literacy. <i>European Journal of Cancer Care</i> , 2017, 26, e12659.	1.5	3
75	Understanding maternal dietary choices during pregnancy: The role of social norms and mindful eating. <i>Appetite</i> , 2017, 112, 227-234.	3.7	28
76	A Mediterranean diet lowers blood pressure and improves endothelial function: results from the MedLeY randomized intervention trial ., <i>American Journal of Clinical Nutrition</i> , 2017, 105, 1305-1313.	4.7	136
77	Sex Differences in the Relationship Between Socio-Cultural Norms and Sunbathing. <i>International Journal of Behavioral Medicine</i> , 2017, 24, 428-437.	1.7	7
78	Cancer survivorship monitoring systems for the collection of patient-reported outcomes: a systematic narrative review of international approaches. <i>Journal of Cancer Survivorship</i> , 2017, 11, 486-497.	2.9	14
79	Factors associated with parents' attitudes to the HPV vaccination of their adolescent sons : A systematic review. <i>Preventive Medicine</i> , 2017, 95, 26-37.	3.4	109
80	Use of social networking sites and associations with skin tone dissatisfaction, sun exposure, and sun protection in a sample of Australian adolescents. <i>Psychology and Health</i> , 2017, 32, 1-16.	2.2	19
81	"We're completely back to normal, but I'd say it's a new normal": a qualitative exploration of adaptive functioning in rural families following a parental cancer diagnosis. <i>Supportive Care in Cancer</i> , 2017, 25, 3561-3568.	2.2	11
82	Patient-reported outcomes following neoadjuvant chemotherapy or chemoradiotherapy treatment for esophageal cancer: a scoping review protocol. <i>JB I Database of Systematic Reviews and Implementation Reports</i> , 2017, 15, 1499-1507.	1.7	2
83	Thinking Style as a Predictor of Men's Participation in Cancer Screening. <i>American Journal of Men's Health</i> , 2017, 11, 318-329.	1.6	1
84	Prevalence, perceptions and predictors of alcohol consumption and abstinence among South Australian school students: a cross-sectional analysis. <i>BMC Public Health</i> , 2017, 17, 549.	2.9	10
85	Cancer-related cognitive impairment in children. <i>Current Opinion in Supportive and Palliative Care</i> , 2017, 11, 70-75.	1.3	31
86	The information needs of adult cancer survivors across the cancer continuum: A scoping review. <i>Patient Education and Counseling</i> , 2017, 100, 383-410.	2.2	98
87	Do interoceptive awareness and interoceptive responsiveness mediate the relationship between body appreciation and intuitive eating in young women?. <i>Appetite</i> , 2017, 109, 66-72.	3.7	33
88	The Relationship between Social Networking Site Use and the Internalization of a Thin Ideal in Females: A Meta-Analytic Review. <i>Frontiers in Psychology</i> , 2017, 8, 1351.	2.1	126
89	Exploring the Potential of Anticipated Regret as an Emotional Cue to Improve Bowel Cancer Screening Uptake. <i>BioMed Research International</i> , 2017, 2017, 1-7.	1.9	2
90	Barriers to Seeking Help for Skin Cancer Detection in Rural Australia. <i>Journal of Clinical Medicine</i> , 2017, 6, 19.	2.4	20

#	ARTICLE	IF	CITATIONS
91	The Mediterranean Diet and Cognitive Function among Healthy Older Adults in a 6-Month Randomised Controlled Trial: The MedLey Study. <i>Nutrients</i> , 2016, 8, 579.	4.1	85
92	Blood-based screening for bowel cancer may not resolve suboptimal screening participation in Australia. <i>Australian and New Zealand Journal of Public Health</i> , 2016, 40, 337-341.	1.8	5
93	Long-term effects of very low-carbohydrate and high-carbohydrate weight-loss diets on psychological health in obese adults with type 2 diabetes: randomized controlled trial. <i>Journal of Internal Medicine</i> , 2016, 280, 388-397.	6.0	34
94	Acculturation, Skin Tone Preferences, and Tanning Behaviours Among Young Adult Asian Australians. <i>Journal of Primary Prevention</i> , 2016, 37, 421-432.	1.6	5
95	Victimisation and Social Vulnerability of Adults with Intellectual Disability: Revisiting Wilson and Brewer (1992) and Responding to Updated Research. <i>Australian Psychologist</i> , 2016, 51, 73-75.	1.6	8
96	Theory-based modifications of an advanced notification letter improves screening for bowel cancer in men: A randomised controlled trial. <i>Social Science and Medicine</i> , 2016, 165, 1-9.	3.8	14
97	Protocol for a randomized controlled trial testing the impact of feedback on familial risk of chronic diseases on family-level intentions to participate in preventive lifestyle behaviors. <i>BMC Public Health</i> , 2016, 16, 965.	2.9	7
98	Intergenerational transmission of dietary behaviours: A qualitative study of Anglo-Australian, Chinese-Australian and Italian-Australian three-generation families. <i>Appetite</i> , 2016, 103, 309-317.	3.7	47
99	How calls from carers, friends and family members of someone affected by cancer differ from those made by people diagnosed with cancer; analysis of 4 years of South Australian Cancer Council Helpline data. <i>Supportive Care in Cancer</i> , 2016, 24, 2611-2618.	2.2	21
100	Psychosocial factors that influence men's help-seeking for cancer symptoms: a systematic synthesis of mixed methods research. <i>Psycho-Oncology</i> , 2015, 24, 1222-1232.	2.3	53
101	Institutional (mis)trust in colorectal cancer screening: a qualitative study with Greek, Iranian, Anglo-Australian and Indigenous groups. <i>Health Expectations</i> , 2015, 18, 2915-2927.	2.6	19
102	Familial risk for lifestyle-related chronic diseases: can family health history be used as a motivational tool to promote health behaviour in young adults?. <i>Health Promotion Journal of Australia</i> , 2015, 26, 122-128.	1.2	16
103	Older Australians can adhere to a traditional Mediterranean style diet over two weeks: a pilot dietary intervention study. <i>BMC Nutrition</i> , 2015, 1, .	1.6	12
104	A randomised controlled intervention trial evaluating the efficacy of an Australianised Mediterranean diet compared to the habitual Australian diet on cognitive function, psychological wellbeing and cardiovascular health in healthy older adults (MedLey study): protocol paper. <i>BMC Nutrition</i> , 2015, 1, .	1.6	18
105	Sun-related behaviours among young Australians with Asian ethnic background: differences according to sociocultural norms and skin tone perceptions. <i>European Journal of Cancer Care</i> , 2015, 24, 514-521.	1.5	17
106	Perceptions of the solarium ban in Australia: "Fake it, don't bake it". <i>Health Promotion Journal of Australia</i> , 2015, 26, 154-158.	1.2	2
107	Understanding Socio-cultural Influences on Smoking among Older Greek-Australian Smokers Aged 50 and over: Facilitators or Barriers? A Qualitative Study. <i>International Journal of Environmental Research and Public Health</i> , 2015, 12, 2718-2734.	2.6	8
108	A randomised controlled trial of personalised decision support delivered via the internet for bowel cancer screening with a faecal occult blood test: the effects of tailoring of messages according to social cognitive variables on participation. <i>BMC Medical Informatics and Decision Making</i> , 2015, 15, 25.	3.0	10

#	ARTICLE	IF	CITATIONS
