#	Paper	IF	Citations
54	Enhancing human aspects of care with young people with muscular dystrophy: An evaluation of a participatory qualitative study with clinicians.. <i>PLoS ONE</i> , 2022 , 17, e0263956	3.7	
53	Uncertainty in low back pain care - insights from an ethnographic study.. <i>Disability and Rehabilitation</i> , 2022 , 1-12	2.4	1
52	Physiotherapists Both Reproduce and Resist Biomedical Dominance when Working With People With Low Back Pain: A Qualitative Study Towards New Praxis.. <i>Qualitative Health Research</i> , 2022 , 10497323221084358	3.9	1
51	When worlds collide: Experiences of physiotherapists, chiropractors, and osteopaths working together.. <i>Musculoskeletal Science and Practice</i> , 2022 , 60, 102564	2.4	
50	Perspectives and experiences of people who were randomly assigned to wait-and-see approach in a gluteal tendinopathy trial: a qualitative follow-up study. <i>BMJ Open</i> , 2021 , 11, e044934	3	1
49	"I've learned to look at things in a different way": exploring patients' perspectives on participation in physiotherapist delivered integrated stress inoculation training and exercise for acute whiplash. <i>Disability and Rehabilitation</i> , 2021 , 1-8	2.4	1
48	Effect of a Consumer-Focused Website for Low Back Pain on Health Literacy, Treatment Choices, and Clinical Outcomes: Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2021 , 23, e27860	7.6	1
47	A socio-emotional analysis of technology use by people with intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , 2021 , 65, 149-161	3.2	3
46	How do people with knee pain from osteoarthritis respond to a brief video delivering empowering education about the condition and its management?. <i>Patient Education and Counseling</i> , 2021 , 104, 2018-2027	2.7	3
45	Exploring Why People with Back Pain Use the Pain Management Strategies They Do: Is Research Looking in the Wrong Places?. <i>Pain Medicine</i> , 2021 , 22, 2298-2306	2.8	1
44	Afflexivity in post-qualitative inquiry: prioritising affect and reflexivity in the evaluation of a health information website. <i>Health Sociology Review</i> , 2021 , 30, 323-338	2.3	0
43	An Exploration of the Experiences of Physical Therapists Who Identify as LGBTQIA+: Navigating Sexual Orientation and Gender Identity in Clinical, Academic, and Professional Roles.. <i>Physical Therapy</i> , 2021 ,	3.3	2
42	A critical review of the biopsychosocial model of low back pain care: time for a new approach?. <i>Disability and Rehabilitation</i> , 2020 , 1-15	2.4	24
41	Destabilising social inclusion and recovery, and pursuing 'lines of flight' in the mental health sector. <i>Sociology of Health and Illness</i> , 2020 , 42, 1328-1343	3	6
40	Potential Unintended Effects of Standardized Pain Questionnaires: A Qualitative Study. <i>Pain Medicine</i> , 2020 , 21, e22-e33	2.8	1
39	Design, Delivery, Maintenance, and Outcomes of Peer-to-Peer Online Support Groups for People With Chronic Musculoskeletal Disorders: Systematic Review. <i>Journal of Medical Internet Research</i> , 2020 , 22, e15822	7.6	5
38	An Internet-Based Consumer Resource for People with Low Back Pain (MyBackPain): Development and Evaluation. <i>JMIR Rehabilitation and Assistive Technologies</i> , 2020 , 7, e16101	3.2	6

37	Web-Based Consumer Health Education About Back Pain: Findings of Potential Tensions From a Photo-Elicitation and Observational Study. <i>JMIR Rehabilitation and Assistive Technologies</i> , 2020 , 7, e17130 ^{3,2}	4
36	How do people in China think about causes of their back pain? A predominantly qualitative cross-sectional survey. <i>BMC Musculoskeletal Disorders</i> , 2020 , 21, 476	2.8 1
35	A Comparison of Perceptions of Reassurance in Patients with Nontraumatic Neck Pain and Whiplash-Associated Disorders in Consultations with Primary Care Practitioners-An Online Survey. <i>Pain Medicine</i> , 2020 , 21, 3377-3386	2.8 2
34	The micro-politics of caring: tinkering with person-centered rehabilitation. <i>Disability and Rehabilitation</i> , 2020 , 42, 1529-1538	2.4 26
33	What Triggers an LBP Flare? A Content Analysis of Individuals' Perspectives. <i>Pain Medicine</i> , 2020 , 21, 13-20	2.8 7
32	The Dissident Interview: A Deterritorializing Guerrilla Encounter. <i>Qualitative Inquiry</i> , 2020 , 26, 650-660	1.3 6
31	MyBackPain-evaluation of an innovative consumer-focused website for low back pain: study protocol for a randomised controlled trial. <i>BMJ Open</i> , 2019 , 9, e027516	3 2
30	What decreases low back pain? A qualitative study of patient perspectives. <i>Scandinavian Journal of Pain</i> , 2019 , 19, 597-603	1.9 7
29	Cheer* in Health Care Practice: What It Excludes and Why It Matters. <i>Qualitative Health Research</i> , 2019 , 29, 1890-1903	3.9 6
28	People who identify as LGBTIQ+ can experience assumptions, discomfort, some discrimination, and a lack of knowledge while attending physiotherapy: a survey. <i>Journal of Physiotherapy</i> , 2019 , 65, 99-105	2.9 18
27	A Definition of "Flare" in Low Back Pain: A Multiphase Process Involving Perspectives of Individuals With Low Back Pain and Expert Consensus. <i>Journal of Pain</i> , 2019 , 20, 1267-1275	5.2 10
26	In Theory, Yes; in Practice, Uncertain: A Qualitative Study Exploring Physical Therapists' Attitudes Toward Their Roles in Weight Management for People With Knee Osteoarthritis. <i>Physical Therapy</i> , 2019 , 99, 601-611	3.3 11
25	Impact of flare-ups on the lives of individuals with low back pain: A qualitative investigation. <i>Musculoskeletal Science and Practice</i> , 2019 , 43, 52-57	2.4 5
24	Exploring the Characteristics and Preferences for Online Support Groups: Mixed Method Study. <i>Journal of Medical Internet Research</i> , 2019 , 21, e15987	7.6 8
23	A qualitative study exploring the views of individuals with knee osteoarthritis on the role of physiotherapists in weight management: A complex issue requiring a sophisticated skill set. <i>Musculoskeletal Care</i> , 2019 , 17, 206-214	1.6 5
22	Affect, intensity, and moral assemblage in rehabilitation practice. <i>BioSocieties</i> , 2019 , 14, 23-45	1.5 10
21	Keep fit: marginal ideas in contemporary therapeutic exercise. <i>Qualitative Research in Sport, Exercise and Health</i> , 2018 , 10, 400-411	7 7
20	Objecting: Multiplicity and the practice of physiotherapy. <i>Health (United Kingdom)</i> , 2018 , 22, 165-184	1.9 17

19	SeRUN study: Development of running profiles using a mixed methods analysis. <i>PLoS ONE</i> , 2018 , 13, e0200389	3.7	8
18	Enhancing human aspects of care with young people with muscular dystrophy: Results from a participatory qualitative study with clinicians. <i>Child: Care, Health and Development</i> , 2018 , 44, 269-277	2.8	13
17	General practitioners' views on managing knee osteoarthritis: a thematic analysis of factors influencing clinical practice guideline implementation in primary care. <i>BMC Rheumatology</i> , 2018 , 2, 30	2.9	32
16	Living with Death in Rehabilitation: A Phenomenological Account. <i>Human Studies</i> , 2018 , 41, 677-695	0.5	2
15	Enhancing the human dimensions of children's neuromuscular care: piloting a methodology for fostering team reflexivity. <i>Advances in Health Sciences Education</i> , 2018 , 23, 867-889	3.7	13
14	Weight-related stigma and health policy. <i>Cmaj</i> , 2017 , 189, E223-E224	3.5	14
13	Addressing weight stigma in physiotherapy: Development of a theory-driven approach to (re)thinking weight-related interactions. <i>Physiotherapy Theory and Practice</i> , 2017 , 33, 597-610	1.5	12
12	General practitioners' perspectives on a proposed new model of service delivery for primary care management of knee osteoarthritis: a qualitative study. <i>BMC Family Practice</i> , 2017 , 18, 85	2.6	16
11	Individuals' explanations for their persistent or recurrent low back pain: a cross-sectional survey. <i>BMC Musculoskeletal Disorders</i> , 2017 , 18, 466	2.8	47
10	What constitutes back pain flare? A cross sectional survey of individuals with low back pain. <i>Scandinavian Journal of Pain</i> , 2017 , 17, 294-301	1.9	11
9	Qu'est-ce que la stigmatisation a voir avec la physiothérapie?. <i>Physiotherapy Canada / Physiothérapie Canada</i> , 2017 , 69, 3-5	0.8	78
8	Physical Therapists' Ways of Talking About Overweight and Obesity: Clinical Implications. <i>Physical Therapy</i> , 2016 , 96, 865-75	3.3	17
7	Rehabilitation examined. <i>Journal of Physiotherapy</i> , 2016 , 62, 55-56	2.9	0
6	Researching stigma as an outsider: considerations for qualitative outsider research. <i>Qualitative Research in Psychology</i> , 2016 , 13, 246-263	2.2	16
5	Weight stigma in physiotherapy practice: Patient perceptions of interactions with physiotherapists. <i>Manual Therapy</i> , 2015 , 20, 835-41		29
4	Impact of Identity on Support for New Roles in Health Care: A Language Inquiry of Doctors' Commentary. <i>Journal of Language and Social Psychology</i> , 2015 , 34, 672-686	1.2	15
3	Physiotherapists demonstrate weight stigma: a cross-sectional survey of Australian physiotherapists. <i>Journal of Physiotherapy</i> , 2014 , 60, 157-62	2.9	46
2	Supporting sexuality after spinal cord injury: a scoping review of non-medical approaches. <i>Disability and Rehabilitation</i> , 1-14	2.4	0

1	A transactional perspective on the everyday use of technology by people with learning disabilities. <i>Journal of Occupational Science</i> ,1-17	1	1
