#	ARTICLE	IF	CITATIONS
1	Prevalence, incidence, and natural course of anorexia and bulimia nervosa among adolescents and young adults. <i>European Child and Adolescent Psychiatry</i> , 2016, 25, 903-918.	4.7	168
2	Epidemiology of the Association Between Somatoform Disorders and Anxiety and Depressive Disorders: An Update. <i>Psychosomatic Medicine</i> , 2007, 69, 860-863.	2.0	160
3	Childhood maternal care is associated with DNA methylation of the genes for brain-derived neurotrophic factor (<i>BDNF</i>) and oxytocin receptor (<i>OXTR</i>) in peripheral blood cells in adult men and women. <i>Stress</i> , 2015, 18, 451-461.	1.8	148
4	Is repetitive negative thinking a transdiagnostic process? A comparison of key processes of RNT in depression, generalized anxiety disorder, obsessive-compulsive disorder, and community controls. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2019, 64, 45-53.	1.2	74
5	Disturbed sleep as risk factor for the subsequent onset of bipolar disorder – Data from a 10-year prospective-longitudinal study among adolescents and young adults. <i>Journal of Psychiatric Research</i> , 2015, 68, 76-82.	3.1	71
6	Maternal adversities during pregnancy and cord blood oxytocin receptor (<i>OXTR</i>) DNA methylation. <i>Social Cognitive and Affective Neuroscience</i> , 2016, 11, 1460-1470.	3.0	59
7	IMPACT OF SPECIFIC PHOBIA ON THE RISK OF ONSET OF MENTAL DISORDERS: A 10-YEAR PROSPECTIVE-LONGITUDINAL COMMUNITY STUDY OF ADOLESCENTS AND YOUNG ADULTS. <i>Depression and Anxiety</i> , 2016, 33, 667-675.	4.1	50
8	Associations of fearful spells and panic attacks with incident anxiety, depressive, and substance use disorders: A 10-year prospective-longitudinal community study of adolescents and young adults. <i>Journal of Psychiatric Research</i> , 2014, 55, 8-14.	3.1	41
9	The importance of physical activity and sleep for affect on stressful days: Two intensive longitudinal studies.. <i>Emotion</i> , 2016, 16, 488-497.	1.8	38
10	Incident mental disorders in the aftermath of traumatic events: A prospective-longitudinal community study. <i>Journal of Affective Disorders</i> , 2018, 227, 82-89.	4.1	36
11	Coronavirus conspiracy beliefs in the German-speaking general population: endorsement rates and links to reasoning biases and paranoia. <i>Psychological Medicine</i> , 2022, 52, 4162-4176.	4.5	36
12	Mental disorders and the risk for the subsequent first suicide attempt: results of a community study on adolescents and young adults. <i>European Child and Adolescent Psychiatry</i> , 2018, 27, 839-848.	4.7	34
13	Prospective prediction of suicide attempts in community adolescents and young adults, using regression methods and machine learning. <i>Journal of Affective Disorders</i> , 2020, 265, 570-578.	4.1	34
14	Well-being in major depression and social phobia with and without comorbidity. <i>International Journal of Clinical and Health Psychology</i> , 2018, 18, 201-208.	5.1	29
15	Psychotic experiences and incident suicidal ideation and behaviour: Disentangling the longitudinal associations from connected psychopathology. <i>Psychiatry Research</i> , 2016, 245, 267-275.	3.3	25
16	Daily fluctuation of emotions and memories thereof: Design and methods of an experience sampling study of major depression, social phobia, and controls. <i>International Journal of Methods in Psychiatric Research</i> , 2017, 26, .	2.1	24
17	How Health Behaviors Relate to Academic Performance via Affect: An Intensive Longitudinal Study. <i>PLoS ONE</i> , 2014, 9, e111080.	2.5	23
18	Associations of specific phobia and its subtypes with physical diseases: an adult community study. <i>BMC Psychiatry</i> , 2016, 16, 155.	2.6	23

#	ARTICLE	IF	CITATIONS
19	Self-help for stress and burnout without therapist contact: An online randomised controlled trial. <i>Work and Stress</i> , 2018, 32, 189-208.	4.5	23
20	Family functioning mediates the association between parental depression and low self-esteem in adolescents. <i>Journal of Affective Disorders</i> , 2016, 203, 184-189.	4.1	21
21	Exposure to environmental factors increases connectivity between symptom domains in the psychopathology network. <i>BMC Psychiatry</i> , 2016, 16, 223.	2.6	20
22	Obsessive-compulsive disorder and the risk of subsequent mental disorders: A community study of adolescents and young adults. <i>Depression and Anxiety</i> , 2018, 35, 339-345.	4.1	20
23	Comorbidity of Infectious Diseases and Anxiety Disorders in Adults and Its Association with Quality of Life: A Community Study. <i>Frontiers in Public Health</i> , 2014, 2, 80.	2.7	18
24	Day-to-day variations in health behaviors and daily functioning: two intensive longitudinal studies. <i>Journal of Behavioral Medicine</i> , 2017, 40, 307-319.	2.1	17
25	General or specific? The memoryâ€“experience gap for individuals diagnosed with a major depressive disorder or a social phobia diagnosis, and individuals without such diagnoses. <i>Memory</i> , 2019, 27, 1194-1203.	1.7	17
26	Characteristics of initial fearful spells and their associations with DSM-IV panic attacks and panic disorder in adolescents and young adults from the community. <i>Journal of Affective Disorders</i> , 2014, 165, 95-102.	4.1	13
27	Anxiety, Depression, and Apathy as Predictors of Cognitive Decline in Patients With Parkinson's Diseaseâ€“A Three-Year Follow-Up Study. <i>Frontiers in Neurology</i> , 2022, 13, 792830.	2.4	12
28	Specific traumatic events elevate the risk of a suicide attempt in a 10-year longitudinal community study on adolescents and young adults. <i>European Child and Adolescent Psychiatry</i> , 2020, 29, 179-186.	4.7	11
29	Approval of Coercion in Psychiatry in Public Perception and the Role of Stigmatization. <i>Frontiers in Psychiatry</i> , 2021, 12, 819573.	2.6	11
30	Risk factors for fearful spells, panic attacks and panic disorder in a community cohort of adolescents and young adults. <i>Journal of Affective Disorders</i> , 2016, 193, 305-308.	4.1	10
31	Does help-seeking alter the risk for incident psychopathology in adolescents and young adults with and without fearful spells or panic attacks? Findings from a 10-year prospective-longitudinal community study. <i>Journal of Affective Disorders</i> , 2014, 169, 221-227.	4.1	9
32	Rumination on unwanted intrusive thoughts affects the urge to neutralize in nonclinical individuals. <i>Journal of Obsessive-Compulsive and Related Disorders</i> , 2019, 20, 4-12.	1.5	8
33	Social Interaction in Major Depressive Disorder, Social Phobia, and Controls: the Importance of Affect. <i>Journal of Technology in Behavioral Science</i> , 2020, 5, 139-148.	2.3	8
34	Improving Ambulatory Saliva-Sampling Compliance in Pregnant Women: A Randomized Controlled Study. <i>PLoS ONE</i> , 2014, 9, e86204.	2.5	7
35	â€“I feel better whenâ€“: An analysis of the memory-experience gap for peoplesâ€™ estimates of the relationship between health behaviours and experiences. <i>Psychology and Health</i> , 2017, 32, 1152-1166.	2.2	7
36	How Response Styles Moderate the Relationship between Daily Stress and Social Interactions in Depression, Social Phobia, and Controls. <i>Psychotherapy and Psychosomatics</i> , 2021, 90, 280-284.	8.8	7

#	ARTICLE	IF	CITATIONS
37	Does laughing have a stress-buffering effect in daily life? An intensive longitudinal study. PLoS ONE, 2020, 15, e0235851.	2.5	7
38	Multimorbidity networks of mental disorder symptom domains across psychopathology severity levels in community youth. Journal of Psychiatric Research, 2021, 141, 267-275.	3.1	7
39	The Association of Sensory Responsiveness with Somatic Symptoms and Illness Anxiety. International Journal of Behavioral Medicine, 2016, 23, 39-48.	1.7	6
40	Prior Beliefs About the Importance and Control of Thoughts are Predictive But Not Specific to Subsequent Intrusive Unwanted Thoughts and Neutralizing Behaviors. Cognitive Therapy and Research, 2020, 44, 360-375.	1.9	6
41	Family Aggregation and Risk Factors in Phobic Disorders over Three-Generations in a Nation-Wide Study. PLoS ONE, 2016, 11, e0146591.	2.5	6
42	It was intuitive, and it felt good: a daily diary study on how people feel when making decisions. Cognition and Emotion, 2019, 33, 1505-1513.	2.0	5
43	On the automatic detection of enacted compulsive hand washing using commercially available wearable devices. Computers in Biology and Medicine, 2022, 143, 105280.	7.0	5
44	Social Phobia Is Associated with Delayed Onset of Chickenpox, Measles, and Mumps Infections. Frontiers in Psychiatry, 2016, 7, 203.	2.6	4
45	Cognitive Motivations for the Initiation of Ritualistic Hand Washing in Obsessive-Compulsive Disorder. Cognitive Therapy and Research, 2020, 44, 943-953.	1.9	4
46	An exploration of the nomological network of tryphobia. PLoS ONE, 2021, 16, e0257409.	2.5	4
47	Self-reported volitional control in adolescents and young adults from a community cohort: Associations with current, past and future mental disorders. Psychiatry Research, 2018, 260, 292-299.	3.3	2
48	Time to readmission in psychiatric inpatients with a therapeutic leave. Journal of Psychiatric Research, 2021, 144, 102-109.	3.1	2
49	Visualizing Multivariate Dependencies with Association Chain Graphs. Methodology, 2007, 3, 24-34.	1.1	2
50	Nonadherence with ambulatory saliva sampling is associated with biased salivary testosterone estimates. Psychoneuroendocrinology, 2014, 44, 13-19.	2.7	1
51	Having versus not having social interactions in patients diagnosed with depression or social phobia and controls. PLoS ONE, 2021, 16, e0249765.	2.5	1
52	Is a Ruminative Thinking Style Related to Obsessive-Compulsive Symptom Severity Beyond Its Associations with Depressive and Anxiety Symptom Severity?. International Journal of Cognitive Therapy, 2021, 14, 575-591.	2.2	1
53	The relationship between psychological characteristics of patients and their utilization of psychiatric inpatient treatment: A cross-sectional study, using machine learning. PLoS ONE, 2022, 17, e0266352.	2.5	1
54	Is intuition allied with jumping to conclusions in decision-making? An intensive longitudinal study in patients with delusions and in non-clinical individuals. PLoS ONE, 2021, 16, e0261296.	2.5	1

#	ARTICLE	IF	CITATIONS
55	Testing the Two-Factor Model of Musical Obsessions: Can They Be Predicted by the Interaction Between Frequency and Dysfunctional Interpretations of Common Earworms?. International Journal of Cognitive Therapy, 0, , 1.	2.2	1
56	The effect of anticipatory stress and openness and engagement on subsequently perceived sleep qualityâ€“An Experience Sampling Method study. Journal of Sleep Research, 2020, 29, e12957.	3.2	0
57	Predictors of Embarrassment in Daily Social Interactions in Social Phobia, Major Depression and Healthy Controls. Journal of Social and Clinical Psychology, 2022, 41, 105-127.	0.5	0
