#	Paper	IF	Citations
70	Measuring communicative participation: a review of self-report instruments in speech-language pathology. <i>American Journal of Speech-Language Pathology</i> , <b>2006</b> , 15, 307-20	3.1	151
69	The Communicative Participation Item Bank (CPIB): item bank calibration and development of a disorder-generic short form. <i>Journal of Speech, Language, and Hearing Research</i> , <b>2013</b> , 56, 1190-208	2.8	126
68	The cost and benefits of employment: a qualitative study of experiences of persons with multiple sclerosis. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 201-9	2.8	92
67	A qualitative study of interference with communicative participation across communication disorders in adults. <i>American Journal of Speech-Language Pathology</i> , <b>2011</b> , 20, 269-87	3.1	80
66	Communication and aging. <i>Physical Medicine and Rehabilitation Clinics of North America</i> , <b>2010</b> , 21, 309-19	2.3	79
65	Communication in Context: A Qualitative Study of the Experiences of Individuals With Multiple Sclerosis. <i>American Journal of Speech-Language Pathology</i> , <b>2001</b> , 10, 126-137	3.1	79
64	Management of oral-pharyngeal dysphagia symptoms in amyotrophic lateral sclerosis. <i>Dysphagia</i> , <b>1996</b> , 11, 129-39	3.7	73
63	The consequences of spasmodic dysphonia on communication-related quality of life: a qualitative study of the insider's experiences. <i>Journal of Communication Disorders</i> , <b>2005</b> , 38, 395-419	1.9	68
62	An introduction to item response theory and Rasch models for speech-language pathologists. <i>American Journal of Speech-Language Pathology</i> , <b>2011</b> , 20, 243-59	3.1	65
61	Do principles of motor learning enhance retention and transfer of speech skills? A systematic review. <i>Aphasiology</i> , <b>2012</b> , 26, 709-728	1.6	61
60	Frequency of word occurrence in communication samples produced by adult communication aid users. <i>The Journal of Speech and Hearing Disorders</i> , <b>1984</b> , 49, 360-7		50
59	Developing the communicative participation item bank: Rasch analysis results from a spasmodic dysphonia sample. <i>Journal of Speech, Language, and Hearing Research</i> , <b>2009</b> , 52, 1302-20	2.8	48
58	A comparison of standard and user vocabulary lists. <i>AAC: Augmentative and Alternative Communication</i> , <b>1988</b> , 4, 189-210	3.5	47
57	Variables associated with communicative participation in people with multiple sclerosis: a regression analysis. <i>American Journal of Speech-Language Pathology</i> , <b>2010</b> , 19, 143-53	3.1	46
56	Training healthcare providers in patient-provider communication: What speech-language pathology and medical education can learn from one another. <i>Aphasiology</i> , <b>2012</b> , 26, 673-688	1.6	44
55	Developing a scale of communicative participation: a cognitive interviewing study. <i>Disability and Rehabilitation</i> , <b>2008</b> , 30, 425-33	2.4	44
54	Getting the work done: a qualitative study of individuals with multiple sclerosis. <i>Disability and Rehabilitation</i> , <b>2003</b> , 25, 369-79	2.4	44

53	Communicative participation restrictions in multiple sclerosis: associated variables and correlation with social functioning. <i>Journal of Communication Disorders</i> , <b>2014</b> , 52, 196-206	1.9	41
52	Variables associated with communicative participation in Parkinson's disease and its relationship to measures of health-related quality-of-life. <i>International Journal of Speech-Language Pathology</i> , <b>2017</b> , 19, 407-417	2.1	36
51	The relationship between communicative participation and postlaryngectomy speech outcomes. <i>Head and Neck</i> , <b>2016</b> , 38 Suppl 1, E1955-61	4.2	33
50	Satisfaction with communicative participation as defined by adults with multiple sclerosis: a qualitative study. <i>Journal of Communication Disorders</i> , <b>2007</b> , 40, 433-51	1.9	29
49	The psychosocial consequences of BOTOX injections for spasmodic dysphonia: a qualitative study of patients' experiences. <i>Journal of Voice</i> , <b>2007</b> , 21, 231-47	1.9	29
48	Vocabulary selection: a case report. <i>AAC: Augmentative and Alternative Communication</i> , <b>1989</b> , 5, 101-108	3.5	28
47	Communicating about the experience of pain and fatigue in disability. <i>Quality of Life Research</i> , <b>2010</b> , 19, 243-51	3.7	27
46	Measuring participation in people living with multiple sclerosis: a comparison of self-reported frequency, importance and self-efficacy. <i>Disability and Rehabilitation</i> , <b>2008</b> , 30, 88-97	2.4	27
45	Variables Associated With Communicative Participation After Head and Neck Cancer. <i>JAMA Otolaryngology - Head and Neck Surgery</i> , <b>2016</b> , 142, 1145-1151	3.9	25
44	Satisfaction with participation in multiple sclerosis and spinal cord injury. <i>Disability and Rehabilitation</i> , <b>2012</b> , 34, 747-53	2.4	24
43	Pathways of change experienced by people aging with disability: a focus group study. <i>Disability and Rehabilitation</i> , <b>2010</b> , 32, 1697-704	2.4	24
42	Conversational control in nonimpaired speakers using an augmentative communication system. <i>AAC: Augmentative and Alternative Communication</i> , <b>1985</b> , 1, 65-73	3.5	24
41	Validating the Communicative Participation Item Bank (CPIB) for use with people with aphasia: an analysis of Differential Item Function (DIF). <i>Aphasiology</i> , <b>2017</b> , 31, 861-878	1.6	23
40	Linguistic and cognitive supplementation strategies as augmentative and alternative communication techniques in huntington's disease: Case report. <i>AAC: Augmentative and Alternative Communication</i> , <b>2001</b> , 17, 154-160	3.5	23
39	Growing Older With a Physical Disability: A Special Application of the Successful Aging Paradigm. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , <b>2017</b> , 72, 290-299	4.6	23
38	The Nature of Error Consistency in Individuals With Acquired Apraxia of Speech and Aphasia. <i>American Journal of Speech-Language Pathology</i> , <b>2017</b> , 26, 611-630	3.1	21
37	Teaching Medical Students Skills for Effective Communication With Patients Who Have Communication Disorders. <i>American Journal of Speech-Language Pathology</i> , <b>2019</b> , 28, 155-164	3.1	18
36	Levels of Speech Usage: A Self-Report Scale for Describing How People Use Speech. <i>Journal of Medical Speech - Language Pathology</i> , <b>2008</b> , 16, 191-198		16

35	The degenerative dysarthrias: a window into critical clinical and research issues. <i>Folia Phoniatica Et Logopaedica</i> , <b>2007</b> , 59, 107-17	1.5	15
34	Perspectives on self-management in multiple sclerosis: a focus group study. <i>International Journal of MS Care</i> , <b>2011</b> , 13, 146-52	2.3	14
33	Patient-Reported Outcomes Measures: An Introduction for Clinicians. <i>Perspectives of the ASHA Special Interest Groups</i> , <b>2019</b> , 4, 8-15	0.9	14
32	Scoping review of common secondary conditions after stroke and their associations with age and time post stroke. <i>Topics in Stroke Rehabilitation</i> , <b>2014</b> , 21, 371-82	2.6	12
31	Relationship between perceived social support and patient-reported communication outcomes across communication disorders: a systematic review. <i>International Journal of Language and Communication Disorders</i> , <b>2018</b> , 53, 1059-1077	2.9	11
30	Factors Associated With Communicative Participation in Amyotrophic Lateral Sclerosis. <i>Journal of Speech, Language, and Hearing Research</i> , <b>2017</b> , 60, 1791-1797	2.8	10
29	Exploring the Relevance of Items in the Communicative Participation Item Bank (CPIB) for Individuals With Hearing Loss. <i>American Journal of Audiology</i> , <b>2017</b> , 26, 27-37	1.8	9
28	Assessing the Believability of Standardized Patients Trained to Portray Communication Disorders. <i>American Journal of Speech-Language Pathology</i> , <b>2017</b> , 26, 791-805	3.1	9
27	Augmentative and alternative communication application for persons with severe acquired communication disorders: an introduction. <i>AAC: Augmentative and Alternative Communication</i> , <b>1989</b> , 5, 42-48	3.5	7
26	Swallowing with Noninvasive Positive-Pressure Ventilation (NPPV) in Individuals with Muscular Dystrophy: A Qualitative Analysis. <i>Dysphagia</i> , <b>2020</b> , 35, 32-41	3.7	7
25	Factors associated with disease self-efficacy in individuals aging with a disability. <i>Psychology, Health and Medicine</i> , <b>2019</b> , 24, 1171-1181	2.1	6
24	Patient-Provider Communication Training for Dysarthria: Lessons Learned from Student Trainees. <i>Seminars in Speech and Language</i> , <b>2017</b> , 38, 229-238	1.8	6
23	Canon communicator use by adults: a retrospective study. <i>The Journal of Speech and Hearing Disorders</i> , <b>1981</b> , 46, 374-8		6
22	Predicting Communicative Participation in Adults Across Communication Disorders. <i>American Journal of Speech-Language Pathology</i> , <b>2021</b> , 30, 1301-1313	3.1	6
21	The Levels of Speech Usage rating scale: comparison of client self-ratings with speech pathologist ratings. <i>International Journal of Language and Communication Disorders</i> , <b>2012</b> , 47, 333-44	2.9	5
20	Internally Versus Externally Cued Speech in Parkinson's Disease and Cerebellar Disease. <i>American Journal of Speech-Language Pathology</i> , <b>2017</b> , 26, 583-595	3.1	5
19	The lack of RCTs on dysarthria intervention does not necessarily indicate there is no evidence to guide practice. <i>Evidence-Based Communication Assessment and Intervention</i> , <b>2009</b> , 3, 79-82	2.3	5
18	Early intervention in amyotrophic lateral sclerosis: a case presentation. <i>AAC: Augmentative and Alternative Communication</i> , <b>1989</b> , 5, 67-70	3.5	5

17	Experiences of Speaking With Noninvasive Positive Pressure Ventilation: A Qualitative Investigation. <i>American Journal of Speech-Language Pathology</i> , <b>2019</b> , 28, 784-792	3.1	5
16	The Communicative Participation Item Bank: Evaluating, and Reevaluating, Its Use across Communication Disorders in Adults. <i>Seminars in Speech and Language</i> , <b>2021</b> , 42, 225-239	1.8	5
15	Incorporating the Principles of Self-Management into Treatment of Dysarthria Associated with Parkinson's Disease. <i>Seminars in Speech and Language</i> , <b>2017</b> , 38, 210-219	1.8	4
14	The Relationship Between Non-Orthographic Language Abilities and Reading Performance in Chronic Aphasia: An Exploration of the Primary Systems Hypothesis. <i>Journal of Speech, Language, and Hearing Research</i> , <b>2018</b> , 61, 3038-3054	2.8	4
13	The best possible start: A qualitative study on the experiences of parents of young children with or at risk for fetal alcohol spectrum disorders. <i>Research in Developmental Disabilities</i> , <b>2020</b> , 97, 103558	2.7	4
12	Describing Speech Usage in Daily Activities in Typical Adults. <i>Journal of Voice</i> , <b>2016</b> , 30, 42-52	1.9	2
11	The Consequences of Oromandibular Dystonia on Communicative Participation: A Qualitative Study of the Insider's Experiences. <i>American Journal of Speech-Language Pathology</i> , <b>2019</b> , 28, 771-783	3.1	1
10	Exploring the Psychosocial Impact of Botulinum Toxin Type A Injections for Individuals With Oromandibular Dystonia: A Qualitative Study of Patients' Experiences. <i>American Journal of Speech-Language Pathology</i> , <b>2021</b> , 30, 1314-1328	3.1	0
9	Perceptions regarding communicative participation in individuals receiving botulinum toxin injections for laryngeal dystonia. <i>International Journal of Language and Communication Disorders</i> , <b>2021</b> , 56, 1296-1315	2.9	0
8	Sensitivity of the Communicative Participation Item Bank for Measuring Patient-Reported Outcomes After Treatment of Unilateral Vocal Fold Immobility. <i>JAMA Otolaryngology - Head and Neck Surgery</i> , <b>2021</b> , 147, 933-942	3.9	0
7	Innovations in Dysarthria Management. <i>Seminars in Speech and Language</i> , <b>2017</b> , 38, 159-160	1.8	
6	Evidence Supporting Dysarthria Intervention: An Update of Systematic Reviews. <i>Perspectives on Neurophysiology and Neurogenic Speech and Language Disorders</i> , <b>2013</b> , 23, 105-111		
5	Alphabet cues can be degraded in speech supplementation without significant change in speech intelligibility improvement. View all notes. <i>Evidence-Based Communication Assessment and Intervention</i> , <b>2007</b> , 1, 117-118	0.3	
4	Using Systematic Reviews and Practice Guidelines: A How-To Guide for Clinicians. <i>Perspectives on Neurophysiology and Neurogenic Speech and Language Disorders</i> , <b>2007</b> , 17, 6-10		
3	Beyond the Patient: A Mixed-Methods Inquiry Into Family Members' Involvement in the Treatment of Parkinson's Disease to Target Third-Party Disability. <i>American Journal of Speech-Language Pathology</i> , <b>2021</b> , 30, 169-185	3.1	
2	Linguistic and cognitive supplementation strategies as augmentative and alternative communication techniques in huntington's disease: Case report. <i>AAC: Augmentative and Alternative Communication</i> , <b>2001</b> , 17, 154-160	3.5	
1	Lessons for the AAC field: a tribute to Dr. David Beukelman. <i>AAC: Augmentative and Alternative Communication</i> , 1-5	3.5
