

Alan M Jette

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/3409574/alan-m-jette-publications-by-year.pdf>

Version: 2024-04-24

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
288	Statistical inference through estimation: recommendations from the International Society of Physiotherapy Journal Editors. <i>Fisioterapia</i> , 2022 , 44, 131-136	0.2	
287	Spinal Cord Injury: Functional Index/Capacity: Responsiveness to Change Over Time. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	3
286	Pediatric measure of participation short forms version 2.0: development and evaluation. <i>Spinal Cord</i> , 2021 , 59, 1146-1154	2.7	1
285	A Concordance Table to Convert FIM Basic Mobility and Self-Care Scale Scores to SCI-FI/AT Scores. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	1
284	Frailty and Function in Heart Failure: Predictors of 30-Day Hospital Readmission?. <i>Journal of Geriatric Physical Therapy</i> , 2021 , 44, 101-107	3.2	3
283	Validation of the Spinal Cord Injury Functional Index for Use in Community-Dwelling Individuals With SCI. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	1
282	Demographic and functional differences among social security disability claimants. <i>Quality of Life Research</i> , 2021 , 30, 1757-1768	3.7	0
281	Exploring Counselor-Client Agreement on Clients' Work Capacity in Established and Consultative Dyads. <i>Journal of Employment Counseling</i> , 2020 , 57, 98-114	1.9	1
280	Measuring Mobility in Low Functioning Hospital Patients: An AM-PAC Replenishment Project. <i>Archives of Physical Medicine and Rehabilitation</i> , 2020 , 101, 1144-1151	2.8	2
279	Long-Term Social Reintegration Outcomes for Burn Survivors With and Without Peer Support Attendance: A Life Impact Burn Recovery Evaluation (LIBRE) Study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2020 , 101, S92-S98	2.8	21
278	Impact of Work-Related Burn Injury on Social Reintegration Outcomes: A Life Impact Burn Recovery Evaluation (LIBRE) Study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2020 , 101, S86-S91	2.8	11
277	Measuring Activity Limitations Within the National Health and Aging Trends Study (NHATS). <i>Gerontologist</i> , 2020 , 60, e11-e19	5	3
276	Burden and Patterns of Multimorbidity: Impact on Disablement in Older Adults. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2020 , 99, 359-365	2.6	10
275	The Work Disability Functional Assessment Battery (WD-FAB). <i>Physical Medicine and Rehabilitation Clinics of North America</i> , 2019 , 30, 561-572	2.3	4
274	Extreme response style bias in burn survivors. <i>PLoS ONE</i> , 2019 , 14, e0215898	3.7	2
273	Did You Know...?. <i>Physical Therapy</i> , 2019 , 99, 489-489	3.3	
272	Psychometric Evaluation of the Improved Work-Disability Functional Assessment Battery. <i>Archives of Physical Medicine and Rehabilitation</i> , 2019 , 100, 1442-1449	2.8	2

271	The Cerebral Palsy Profile of Health and Function: Upper-Extremity Domain's Sensitivity to Change Following Musculoskeletal Surgery. <i>Journal of Hand Surgery</i> , 2019 , 44, 274-287	2.6	2
270	Tracking Spinal Cord Injury Functional Outcomes Across the Lifespan: Validation of Linking Coefficients. <i>Archives of Physical Medicine and Rehabilitation</i> , 2019 , 100, 1924-1931	2.8	4
269	Interviewer- versus self-administration of PROMIS [®] measures for adults with traumatic injury. <i>Health Psychology</i> , 2019 , 38, 435-444	5	21
268	Determining a transitional scoring link between PROMIS [®] pediatric and adult physical health measures. <i>Quality of Life Research</i> , 2019 , 28, 1217-1229	3.7	14
267	Individual and Environmental Determinants of Late-Life Community Disability for Persons Aging With Cardiovascular Disease. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2019 , 98, 30-34	2.6	2
266	Functional Trajectories of Persons with Cardiovascular Disease in Late Life. <i>Journal of the American Geriatrics Society</i> , 2019 , 67, 37-42	5.6	17
265	Meaningful Change Estimates for the Late-Life Function and Disability Instrument in Older Adults. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2019 , 74, 556-559	6.4	12
264	Neuromuscular Attributes Associated With Lower Extremity Mobility Among Community-Dwelling Older Adults. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2019 , 74, 544-549	6.4	5
263	Cultural and semantic equivalence of the activity measure post-acute care (AM-PAC) after its translation into Mandarin Chinese. <i>Disability and Rehabilitation</i> , 2019 , 41, 1937-1942	2.4	1
262	Development and Evaluation of the Boston University Osteoarthritis Functional Pain Short Form (BU-OA-FPS). <i>Physical Therapy</i> , 2018 , 98, 715-724	3.3	
261	Can Older Adults Accurately Report Their Use of Physical Rehabilitation Services?. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, 1507-1513	2.8	7
260	Sensitivity of the SCI-FI/AT in Individuals With Traumatic Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, 1783-1788	2.8	4
259	Toward a Common Language for Measuring Patient Mobility in the Hospital: Reliability and Construct Validity of Interprofessional Mobility Measures. <i>Physical Therapy</i> , 2018 , 98, 133-142	3.3	61
258	Improving Assessment of Work Related Mental Health Function Using the Work Disability Functional Assessment Battery (WD-FAB). <i>Journal of Occupational Rehabilitation</i> , 2018 , 28, 190-199	3.6	12
257	Developing Item Response Theory-Based Short Forms to Measure the Social Impact of Burn Injuries. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, 521-528	2.8	7
256	Reliability & validity of the LIBRE Profile. <i>Burns</i> , 2018 , 44, 1750-1758	2.3	7
255	When Adults Don't Exercise: Behavioral Strategies to Increase Physical Activity in Sedentary Middle-Aged and Older Adults. <i>Innovation in Aging</i> , 2018 , 2, igy007	0.1	70
254	Detecting functional change in response to exercise in knee osteoarthritis: a comparison of two computerized adaptive tests. <i>BMC Musculoskeletal Disorders</i> , 2018 , 19, 29	2.8	3

253	The Associations of Gender With Social Participation of Burn Survivors: A Life Impact Burn Recovery Evaluation Profile Study. <i>Journal of Burn Care and Research</i> , 2018 , 39, 915-922	0.8	11
252	Concordance of assessments of clients' mental and behavioral health with in vivo assessment of work performance. <i>Work</i> , 2018 , 61, 11-20	1.6	1
251	Examination of psychometric properties of PROMIS [®] : Pediatric upper limb measures in youth with cerebral palsy. <i>British Journal of Occupational Therapy</i> , 2018 , 81, 393-401	1	3
250	Validation of the Work-Disability Physical Functional Assessment Battery. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, 1798-1804	2.8	1
249	Rehabilitation Research at the National Institutes of Health: Moving the Field Forward (Executive Summary). <i>Archives of Physical Medicine and Rehabilitation</i> , 2017 , 98, 795-803	2.8	6
248	Rehabilitation research at the National Institutes of Health: Moving the field forward (Executive Summary). <i>Assistive Technology</i> , 2017 , 29, 110-119	1.5	3
247	Development of the life impact burn recovery evaluation (LIBRE) profile: assessing burn survivors' social participation. <i>Quality of Life Research</i> , 2017 , 26, 2851-2866	3.7	27
246	Rehabilitation Research at the National Institutes of Health. <i>Neurorehabilitation and Neural Repair</i> , 2017 , 31, 304-314	4.7	9
245	Randomized Trial of a Peer-Led, Telephone-Based Empowerment Intervention for Persons With Chronic Spinal Cord Injury Improves Health Self-Management. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017 , 98, 1067-1076.e1	2.8	52
244	Improving measures of work-related physical functioning. <i>Quality of Life Research</i> , 2017 , 26, 789-798	3.7	8
243	Rehabilitation Research at the National Institutes of Health: Moving the Field Forward (Executive Summary). <i>American Journal of Occupational Therapy</i> , 2017 , 71, 7103320010P1-7103320010P12	0.4	3
242	Self-Reported Function More Informative than Frailty Phenotype in Predicting Adverse Postoperative Course in Older Adults. <i>Journal of the American Geriatrics Society</i> , 2017 , 65, 2522-2528	5.6	14
241	The Promise of Assistive Technology to Enhance Work Participation. <i>Physical Therapy</i> , 2017 , 97, 691-692	3.3	7
240	Do Exercise Interventions Improve Participation in Life Roles in Older Adults? A Systematic Review and Meta-Analysis. <i>Physical Therapy</i> , 2017 , 97, 964-974	3.3	7
239	Racial Differences in Patterns of Use of Rehabilitation Services for Adults Aged 65 and Older. <i>Journal of the American Geriatrics Society</i> , 2017 , 65, 2707-2712	5.6	5
238	Rehabilitation research at the National Institutes of Health moving the field forward (executive summary). <i>Rehabilitation Psychology</i> , 2017 , 62, 387-396	2.7	1
237	Development and Validation of a Computerized-Adaptive Test for PTSD (P-CAT). <i>Psychiatric Services</i> , 2016 , 67, 1116-1123	3.3	6
236	Linkage between the PROMIS [®] pediatric and adult emotional distress measures. <i>Quality of Life Research</i> , 2016 , 25, 823-33	3.7	25

235	Development of an IRT-Based Short Form to Assess Applied Cognitive Function in Outpatient Rehabilitation. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2016 , 95, 62-71	2.6	7
234	Translation, Validation, and Reliability of the Dutch Late-Life Function and Disability Instrument Computer Adaptive Test. <i>Physical Therapy</i> , 2016 , 96, 1430-7	3.3	3
233	The Relationship Among Neuromuscular Impairments, Chronic Back Pain, and Mobility in Older Adults. <i>PM and R</i> , 2016 , 8, 738-47	2.2	11
232	Leg and Trunk Impairments Predict Participation in Life Roles in Older Adults: Results From Boston RISE. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2016 , 71, 663-9	6.4	16
231	Clinical interpretation of the Spinal Cord Injury Functional Index (SCI-FI). <i>Journal of Spinal Cord Medicine</i> , 2016 , 39, 527-34	1.9	5
230	A multidimensional measure of participation for adults with serious mental illnesses. <i>Disability and Rehabilitation</i> , 2016 , 38, 695-703	2.4	16
229	Health Care Self-Advocacy Strategies for Negotiating Health Care Environments: Analysis of Recommendations by Satisfied Consumers with SCI and SCI Practitioners. <i>Topics in Spinal Cord Injury Rehabilitation</i> , 2016 , 22, 13-26	1.5	1
228	A Novel Approach to Identifying Trajectories of Mobility Change in Older Adults. <i>PLoS ONE</i> , 2016 , 11, e0169003	3.7	5
227	Differential item functioning in the Patient Reported Outcomes Measurement Information System Pediatric Short Forms in a sample of children and adolescents with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2016 , 58, 1132-1138	3.3	9
226	Ability of PROMIS Pediatric Measures to Detect Change in Children With Cerebral Palsy Undergoing Musculoskeletal Surgery. <i>Journal of Pediatric Orthopaedics</i> , 2016 , 36, 749-56	2.4	19
225	Partnering With Oxford University Press. <i>Physical Therapy</i> , 2016 , 96, 1490-1491	3.3	
224	Neuromuscular Impairments Contributing to Persistently Poor and Declining Lower-Extremity Mobility Among Older Adults: New Findings Informing Geriatric Rehabilitation. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 1316-22	2.8	20
223	Measurement properties of a modified measure of participation for persons with spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , 2016 , 39, 476-83	1.9	6
222	Developing Artificial Neural Network Models to Predict Functioning One Year After Traumatic Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 1663-1668.e3	2.8	19
221	Empowering Adults With Chronic Spinal Cord Injury to Prevent Secondary Conditions. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 1687-1695.e5	2.8	24
220	Spinal Cord Injury-Functional Index/Assistive Technology Short Forms. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 1745-1752.e7	2.8	8
219	To What Extent Do Neighborhood Differences Mediate Racial Disparities in Participation After Spinal Cord Injury?. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 1735-44	2.8	10
218	Examining New Preoperative Assessment Tools. <i>Journal of the American Geriatrics Society</i> , 2016 , 64, e103-6104	3.6	104

217	Sensitivity to Change of a Computer Adaptive Testing Instrument for Outcome Measurement After Hip and Knee Arthroplasty and Periacetabular Osteotomy. <i>Journal of Orthopaedic and Sports Physical Therapy</i> , 2016 , 46, 756-67	4.2	10
216	Functional performance as a predictor of injurious falls in older adults. <i>Journal of the American Geriatrics Society</i> , 2015 , 63, 315-20	5.6	86
215	Does self-efficacy mediate functional change in older adults participating in an exercise program after hip fracture? A randomized controlled trial. <i>Archives of Physical Medicine and Rehabilitation</i> , 2015 , 96, 1014-1020.e1	2.8	16
214	Work disability functional assessment battery: feasibility and psychometric properties. <i>Archives of Physical Medicine and Rehabilitation</i> , 2015 , 96, 1028-35	2.8	14
213	Functional ability level development and validation: providing clinical meaning for Spinal Cord Injury Functional Index scores. <i>Archives of Physical Medicine and Rehabilitation</i> , 2015 , 96, 1448-57	2.8	10
212	Predictive validity and responsiveness of patient-reported and performance-based measures of function in the Boston RISE study. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2015 , 70, 616-22	6.4	45
211	Interactive voice response version of the late-life function and disability instrument. <i>Journal of the American Geriatrics Society</i> , 2015 , 63, 770-5	5.6	1
210	Validation of the Community Integration Questionnaire in the adult burn injury population. <i>Quality of Life Research</i> , 2015 , 24, 2651-5	3.7	23
209	Computerized Adaptive Tests Detect Change Following Orthopaedic Surgery in Youth with Cerebral Palsy. <i>Journal of Bone and Joint Surgery - Series A</i> , 2015 , 97, 1482-94	5.6	10
208	Interrater Reliability of AM-PAC "6-Clicks" Basic Mobility and Daily Activity Short Forms. <i>Physical Therapy</i> , 2015 , 95, 758-66	3.3	63
207	Work-related measures of physical and behavioral health function: Test-retest reliability. <i>Disability and Health Journal</i> , 2015 , 8, 652-7	4.2	9
206	How Should Disability Be Measured in Older Adults? An Analysis from the Boston Rehabilitative Impairment Study of the Elderly. <i>Journal of the American Geriatrics Society</i> , 2015 , 63, 1187-91	5.6	8
205	Differential Impact and Use of a Telehealth Intervention by Persons with MS or SCI. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2015 , 94, 987-99	2.6	13
204	Interpreting physical and behavioral health scores from new work disability instruments. <i>Journal of Rehabilitation Medicine</i> , 2015 , 47, 394-402	3.4	9
203	Do claimants over-report behavioral health dysfunction when filing for work disability benefits?. <i>Work</i> , 2015 , 51, 187-94	1.6	7
202	Are CMS G-Code Functional Limitation Severity Modifiers Responsive to Change Across an Episode of Outpatient Rehabilitation?. <i>Physical Therapy</i> , 2015 , 95, 1650-9	3.3	3
201	Development and initial evaluation of the SCI-FI/AT. <i>Journal of Spinal Cord Medicine</i> , 2015 , 38, 409-18	1.9	23
200	Overview of the Spinal Cord Injury--Quality of Life (SCI-QOL) measurement system. <i>Journal of Spinal Cord Medicine</i> , 2015 , 38, 257-69	1.9	86

199	Psychometric properties of the Late-Life Function and Disability Instrument: a systematic review. <i>BMC Geriatrics</i> , 2014 , 14, 12	4.1	62
198	Measurement properties of the Spinal Cord Injury-Functional Index (SCI-FI) short forms. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014 , 95, 1289-1297.e5	2.8	19
197	Tracking functional status across the spinal cord injury lifespan: linking pediatric and adult patient-reported outcome scores. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014 , 95, 2078-2085.e13	2.8	14
196	Benchmarking functional status in older adults. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014 , 95, 2264-71	2.8	1
195	Computer-adaptive balance testing improves discrimination between community-dwelling elderly fallers and nonfallers. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014 , 95, 1320-1327.e1	2.8	4
194	Combining agreement and frequency rating scales to optimize psychometrics in measuring behavioral health functioning. <i>Journal of Clinical Epidemiology</i> , 2014 , 67, 781-4	5.7	11
193	Differences between self-reported and observed physical functioning in independent older adults. <i>Disability and Rehabilitation</i> , 2014 , 36, 1395-401	2.4	17
192	Validity of the AM-PAC "6-Clicks" inpatient daily activity and basic mobility short forms. <i>Physical Therapy</i> , 2014 , 94, 379-91	3.3	125
191	Effect of a home-based exercise program on functional recovery following rehabilitation after hip fracture: a randomized clinical trial. <i>JAMA - Journal of the American Medical Association</i> , 2014 , 311, 700-8	27.4	110
190	Age, sex, and symptom intensity influence test taking parameters on functional patient-reported outcomes. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2014 , 93, 931-7	2.6	3
189	AM-PAC "6-Clicks" functional assessment scores predict acute care hospital discharge destination. <i>Physical Therapy</i> , 2014 , 94, 1252-61	3.3	91
188	Reconceptualizing balance: attributes associated with balance performance. <i>Experimental Gerontology</i> , 2014 , 57, 218-23	4.5	10
187	Home-based exercise and hip fracture rehabilitation--reply. <i>JAMA - Journal of the American Medical Association</i> , 2014 , 311, 2440-1	27.4	1
186	Does activity limitation predict discharge destination for postacute care patients?. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2014 , 93, 782-90	2.6	7
185	An examination of the PROMIS(®) pediatric instruments to assess mobility in children with cerebral palsy. <i>Quality of Life Research</i> , 2013 , 22, 2865-76	3.7	31
184	Scale refinement and initial evaluation of a behavioral health function measurement tool for work disability evaluation. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 1679-86	2.8	17
183	Conceptual foundation for measures of physical function and behavioral health function for Social Security work disability evaluation. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 1645-1652.e2	2.8	35
182	The Boston Rehabilitative Impairment Study of the Elderly: a description of methods. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 347-55	2.8	35

181	Development of a computer-adaptive physical function instrument for Social Security Administration disability determination. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 1661-9	2.8	24
180	Development of a self-report physical function instrument for disability assessment: item pool construction and factor analysis. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 1653-60	2.8	17
179	Designing and implementing a system for tracking functional status after stroke: a feasibility study. <i>PM and R</i> , 2013 , 5, 481-90; quiz 490	2.2	5
178	Development of an instrument to measure behavioral health function for work disability: item pool construction and factor analysis. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 1670-8	2.8	20
177	Does postacute care site matter? A longitudinal study assessing functional recovery after a stroke. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 622-9	2.8	71
176	Which neuromuscular attributes are most associated with mobility among older primary care patients?. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 2381-2388	2.8	25
175	A comparison of straight- and curved-path walking tests among mobility-limited older adults. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2013 , 68, 1532-9	6.4	31
174	Rothstein roundtable podcast--"Medicare mandate for claims-based functional data collection: an opportunity to advance care, or a regulatory burden?". <i>Physical Therapy</i> , 2013 , 93, 1020	3.3	1
173	A pilot study of a telehealth intervention for persons with spinal cord dysfunction. <i>Spinal Cord</i> , 2013 , 51, 715-20	2.7	33
172	Conceptual limitations of balance measures for community-dwelling older adults. <i>Physical Therapy</i> , 2013 , 93, 1351-68	3.3	26
171	Looking back and thinking forward: 20 years of disability and rehabilitation research. <i>Archives of Physical Medicine and Rehabilitation</i> , 2012 , 93, 1392-4	2.8	2
170	Spinal cord injury-functional index: item banks to measure physical functioning in individuals with spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2012 , 93, 1722-32	2.8	49
169	Development and initial evaluation of the spinal cord injury-functional index. <i>Archives of Physical Medicine and Rehabilitation</i> , 2012 , 93, 1733-50	2.8	50
168	Reliability, validity and administrative burden of the community reintegration of injured service members computer adaptive test (CRIS-CAT)". <i>BMC Medical Research Methodology</i> , 2012 , 12, 145	4.7	10
167	Issues in defining and measuring veteran community reintegration: proceedings of the Working Group on Community Reintegration, VA Rehabilitation Outcomes Conference, Miami, Florida. <i>Journal of Rehabilitation Research and Development</i> , 2012 , 49, 87-100		48
166	43rd Mary McMillan Lecture. Face into the storm. <i>Physical Therapy</i> , 2012 , 92, 1221-9	3.3	19
165	Development of the computer-adaptive version of the Late-Life Function and Disability Instrument. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2012 , 67, 1427-38	6.4	13
164	An examination of healthy aging across a conceptual continuum: prevalence estimates, demographic patterns, and validity. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2012 , 67, 783-9	6.4	70

163	Computer-adaptive test to measure community reintegration of Veterans. <i>Journal of Rehabilitation Research and Development</i> , 2012 , 49, 557-66		12
162	Sensitivity to change and responsiveness of four balance measures for community-dwelling older adults. <i>Physical Therapy</i> , 2012 , 92, 388-97	3.3	121
161	Evaluation of patient and proxy responses on the activity measure for postacute care. <i>Stroke</i> , 2012 , 43, 824-9	6.7	23
160	Patterns, predictors, and associated benefits of driving a modified vehicle after spinal cord injury: findings from the National Spinal Cord Injury Model Systems. <i>Archives of Physical Medicine and Rehabilitation</i> , 2011 , 92, 477-83	2.8	23
159	Linking the activity measure for post acute care and the quality of life outcomes in neurological disorders. <i>Archives of Physical Medicine and Rehabilitation</i> , 2011 , 92, S37-43	2.8	17
158	A multidimensional computer adaptive test approach to dyspnea assessment. <i>Archives of Physical Medicine and Rehabilitation</i> , 2011 , 92, 1561-9	2.8	14
157	Outcome measurement for COPD: reliability and validity of the Dyspnea Management Questionnaire. <i>Respiratory Medicine</i> , 2011 , 105, 442-53	4.6	10
156	Responsiveness of the SF-36 and WOMAC following periacetabular osteotomy for acetabular dysplasia. <i>Journal of Bone and Joint Surgery - Series A</i> , 2011 , 93, 2214-8	5.6	12
155	A telerehabilitation intervention for persons with spinal cord dysfunction. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2011 , 90, 756-64	2.6	19
154	A longitudinal comparison of 5 preference-weighted health state classification systems in persons with intervertebral disk herniation. <i>Medical Decision Making</i> , 2011 , 31, 270-80	2.5	28
153	Performance-based versus patient-reported physical function: what are the underlying predictors?. <i>Physical Therapy</i> , 2011 , 91, 1804-11	3.3	76
152	Clinical meaningfulness of the changes in muscle performance and physical function associated with testosterone administration in older men with mobility limitation. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2011 , 66, 1090-9	6.4	117
