#	ARTICLE	IF	CITATIONS
1	External Hydrocephalus as a Cause of Infant Subdural Hematoma: Epidemiological and Radiological Investigations of Infants Suspected of Being Abused. <i>Pediatric Neurology</i> , 2022, 126, 26-34.	1.0	6
2	Retinal haemorrhage in infants investigated for suspected maltreatment is strongly correlated with intracranial pathology. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2022, 111, 800-808.	0.7	9
3	Internet-based Treatment for Vulvodynia (EMBLA) – A Randomized Controlled Study. <i>Journal of Sexual Medicine</i> , 2022, 19, 319-330.	0.3	10
4	Transfer of knowledge to diagnose infant abuse and its incidence – a time-series analysis from Sweden. <i>Implementation Science</i> , 2022, 17, 15.	2.5	0
5	How do we know that infant abusive head trauma has occurred?. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2022, 111, 888-889.	0.7	3
6	How to sure that rib fractures and classical metaphyseal lesions are caused by traumatic shaking?. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2022, , .	0.7	1
7	Rib fractures in infancy, case-series and register case-control study from Sweden. <i>Journal of Pediatric Endocrinology and Metabolism</i> , 2021, 34, 363-372.	0.4	3
8	Time matters – a Swedish cohort study of labor duration and risk of uterine rupture. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2021, 100, 1902-1909.	1.3	5
9	Do Inter-Country Differences in the Frequency of Abusive Head Trauma Reflect Different Proportions of Overdiagnosis of Abuse or True Differences in Abuse?. <i>Journal of Epidemiology</i> , 2020, 30, 276-277.	1.1	4
10	High Risk of Bias in a Systematic Review of Rib Fractures and Abuse by Paine et al (2019). <i>Pediatric Emergency Care</i> , 2020, 36, e426.	0.5	3
11	Medical findings and symptoms in infants exposed to witnessed or admitted abusive shaking: A nationwide registry study. <i>PLoS ONE</i> , 2020, 15, e0240182.	1.1	16
12	The epidemiology of infant shaft fractures of femur or humerus by incidence, birth, accidents, and other causes. <i>BMC Musculoskeletal Disorders</i> , 2020, 21, 840.	0.8	15
13	Difficult birth is the main contributor to birth-related fracture and accidents to other neonatal fractures. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2020, 109, 2040-2048.	0.7	16
14	Epidural Analgesia During Childbirth and Postpartum Depressive Symptoms: A Population-Based Longitudinal Cohort Study. <i>Anesthesia and Analgesia</i> , 2020, 130, 615-624.	1.1	25
15	Parents’ experiences of seeking health care and encountering allegations of shaken baby syndrome: A qualitative study. <i>PLoS ONE</i> , 2020, 15, e0228911.	1.1	4
16	Mothers’ satisfaction with care during facility-based childbirth: a cross-sectional survey in southern Mozambique. <i>BMC Pregnancy and Childbirth</i> , 2019, 19, 303.	0.9	32
17	Medical diagnoses among infants at entry in out-of-home care: A Swedish population-register study. <i>Health Science Reports</i> , 2019, 2, e133.	0.6	10
18	Population-based register study of children born in Sweden from 1997 to 2014 showed an increase in rickets during infancy. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2019, 108, 2034-2040.	0.7	10

#	ARTICLE	IF	CITATIONS
19	Why is there a multi-fold difference in diagnosis of abuse among infants with long bone fracture in East Anglia compared with Sweden?. <i>Archives of Disease in Childhood</i> , 2019, 104, 1122.1-1122.	1.0	1
20	The erratic pathway to regaining a professional self-image after an obstetric work-related trauma: A grounded theory study. <i>International Journal of Nursing Studies</i> , 2019, 89, 53-61.	2.5	17
21	Infant abuse diagnosis associated with abusive head trauma criteria: incidence increase due to overdiagnosis?. <i>European Journal of Public Health</i> , 2018, 28, 641-646.	0.1	16
22	Gaps in obstetric care processes – we can only improve what is being measured. <i>Journal of Perinatal Medicine</i> , 2018, 46, 139-149.	0.6	1
23	Delineating the association between mode of delivery and postpartum depression symptoms: a longitudinal study. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2018, 97, 301-311.	1.3	56
24	Ready to deliver maternal and newborn care? Health providers'™ perceptions of their work context in rural Mozambique. <i>Global Health Action</i> , 2018, 11, 1532631.	0.7	5
25	Epidemiology of subdural haemorrhage during infancy: A population-based register study. <i>PLoS ONE</i> , 2018, 13, e0206340.	1.1	29
26	Metabolic bone disease risk factors strongly contributing to long bone and rib fractures during early infancy: A population register study. <i>PLoS ONE</i> , 2018, 13, e0208033.	1.1	28
27	Midwives' experiences of working conditions, perceptions of professional role and attitudes towards mothers in Mozambique. <i>Midwifery</i> , 2016, 40, 95-101.	1.0	20
28	Results from the National Perinatal Patient Safety Program in Sweden: the challenge of evaluation. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2016, 95, 596-603.	1.3	12
29	Breech delivery at a University Hospital in Tanzania. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 342.	0.9	9
30	Maternal and perinatal conditions and the risk of developing celiac disease during childhood. <i>BMC Pediatrics</i> , 2016, 16, 77.	0.7	24
31	Circularity bias in abusive head trauma studies could be diminished with a new ranking scale. <i>Egyptian Journal of Forensic Sciences</i> , 2016, 6, 6-10.	0.4	10
32	Suicides during pregnancy and 1 year postpartum in Sweden, 1980–2007. <i>British Journal of Psychiatry</i> , 2016, 208, 462-469.	1.7	103
33	Delineating the Association between Heavy Postpartum Haemorrhage and Postpartum Depression. <i>PLoS ONE</i> , 2016, 11, e0144274.	1.1	49
34	Achieving a 25% reduction in premature non-communicable disease mortality: the Swedish population as a cohort study. <i>BMC Medicine</i> , 2015, 13, 65.	2.3	13
35	Exposure to violence among women with unwanted pregnancies and the association with post-traumatic stress disorder, symptoms of anxiety and depression. <i>Sexual and Reproductive Healthcare</i> , 2015, 6, 50-53.	0.5	16
36	The development and experience of epidemiological transition theory over four decades: a systematic review. <i>Global Health Action</i> , 2014, 7, 23574.	0.7	119

#	ARTICLE	IF	CITATIONS
37	Assessing knowledge, attitudes, and behaviors related to HIV and AIDS in Nicaragua: A community-level perspective. <i>Sexual and Reproductive Healthcare</i> , 2013, 4, 37-44.	0.5	20
38	Women's experiences of dietary advice and dietary changes during pregnancy. <i>Midwifery</i> , 2013, 29, 1027-1034.	1.0	75
39	Maternal mortality in Sweden 1988-2007: more deaths than officially reported. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2013, 92, 40-46.	1.3	25
40	Measuring HIV- and AIDS-Related Stigma and Discrimination in Nicaragua: Results From a Community-Based Study. <i>AIDS Education and Prevention</i> , 2013, 25, 164-178.	0.6	17
41	The Supportive Process for Ending Intimate Partner Violence After Pregnancy. <i>Violence Against Women</i> , 2012, 18, 1257-1278.	1.1	14
42	Healthcare system intervention for prevention of birth injuries - process evaluation of self-assessment, peer review, feedback and agreement for change. <i>BMC Health Services Research</i> , 2012, 12, 274.	0.9	15
43	The influence of fetal head circumference on labor outcome: a population-based register study. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2012, 91, 470-475.	1.3	46
44	Cross-Sectional Survey of Sexual Dysfunction and Quality of Life Among Older People in Indonesia. <i>Journal of Sexual Medicine</i> , 2011, 8, 1594-1602.	0.3	12
45	Keeping Up a Front: Narratives About Intimate Partner Violence, Pregnancy, and Antenatal Care. <i>Violence Against Women</i> , 2010, 16, 189-206.	1.1	49
46	Midlevel providers and the Fifth Millennium Goal of reducing maternal mortality. <i>Sexual and Reproductive Healthcare</i> , 2010, 1, 3-5.	0.5	7
47	Gendered patterns of high violence exposure among Swedish youth. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2009, 88, 528-535.	1.3	34
48	Neuroendocrine response to violence during pregnancy - impact on duration of pregnancy and fetal growth. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2009, 88, 818-823.	1.3	69
49	Cesarean by choice? Empirical study of public attitudes. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2008, 87, 1301-1308.	1.3	21
50	Women's experiences of becoming a mother after prolonged labour. <i>Journal of Advanced Nursing</i> , 2008, 63, 250-258.	1.5	21
51	A pilot study of eye movement desensitisation and reprocessing treatment (EMDR) for post-traumatic stress after childbirth. <i>Midwifery</i> , 2008, 24, 62-73.	1.0	40
52	Violent Men. <i>Journal of Interpersonal Violence</i> , 2008, 23, 225-244.	1.3	27
53	Revealing the burden of maternal mortality: a probabilistic model for determining pregnancy-related causes of death from verbal autopsies. <i>Population Health Metrics</i> , 2007, 5, 1.	1.3	74
54	Pregnancy-related deaths due to pulmonary embolism in Sweden. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2007, 86, 435-443.	1.3	32

#	ARTICLE	IF	CITATIONS
55	Some Swedish women's experiences of prolonged labour. <i>Midwifery</i> , 2006, 22, 56-65.	1.0	54
56	The InterVA model: verbal autopsy interpretation in rural Ethiopia. <i>Bulletin of the World Health Organization</i> , 2006, 84, 204-210.	1.5	78
57	Violence against pregnant women: prevalence and characteristics. A population-based study in Nicaragua. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2005, 112, 1243-1248.	1.1	69
58	The negative birth experience of prolonged labour: a case-referent study. <i>Journal of Clinical Nursing</i> , 2005, 14, 579-586.	1.4	71
59	Evidence-based changes in term breech delivery practice in Sweden. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2005, 84, 584-587.	1.3	16
60	Evidence-based changes in term breech delivery practice in Sweden. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2005, 84, 584-587.	1.3	5
61	Proactive Management Promotes Outcome in Extremely Preterm Infants: A Population-Based Comparison of Two Perinatal Management Strategies. <i>Pediatrics</i> , 2004, 114, 58-64.	1.0	188
62	An "American dilemma" in Scandinavian childbirth: unmet needs in healthcare?. <i>Scandinavian Journal of Public Health</i> , 2004, 32, 75-77.	1.2	6
63	Postpartum care should provide alternatives to meet parents's need for safety, active participation, and bonding. <i>Midwifery</i> , 2003, 19, 267-276.	1.0	39
64	Physical partner abuse during pregnancy: a risk factor for low birth weight in Nicaragua. <i>Obstetrics and Gynecology</i> , 2002, 100, 700-705.	1.2	111
65	Violence against pregnant women will remain hidden as long as no direct questions are asked. <i>Midwifery</i> , 2002, 18, 268-278.	1.0	47
66	Gender, literacy, and survival among Ethiopian adults, 1987 - 96. <i>Bulletin of the World Health Organization</i> , 2002, 80, 714-20.	1.5	21
67	The very preterm infant - a population-based study. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2001, 80, 525-531.	1.3	11
68	Fetal exposure, heredity and risk indicators for cardiovascular disease in a Swedish welfare cohort. <i>International Journal of Epidemiology</i> , 2001, 30, 853-862.	0.9	38
69	Prolonged Labour Attributed to Large Fetus. <i>Gynecologic and Obstetric Investigation</i> , 2000, 49, 160-164.	0.7	22
70	Swedish maternal mortality in the 19th century by different definitions: previous stillbirths but not multiparity risk factor for maternal death. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2000, 79, 679-686.	1.3	10
71	Somalis giving birth in Sweden: a challenge to culture and gender specific values and behaviours. <i>Midwifery</i> , 2000, 16, 105-115.	1.0	59
72	User charges for antenatal care and ultrasound - an unwillingness to pay. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1999, 78, 398-402.	1.3	0

#	ARTICLE	IF	CITATIONS
73	Characteristics of pregnancy and birth and malignancy in the offspring (Sweden). <i>Cancer Causes and Control</i> , 1999, 10, 85-94.	0.8	40
74	Familial occurrence of dystocia. <i>American Journal of Obstetrics and Gynecology</i> , 1998, 179, 117-121.	0.7	23
75	Infertility in an industrial setting: a population-based study from Northern Sweden. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1997, 76, 673-679.	1.3	15
76	Effect of Introduction of Sulphonamides on the Incidence of and Mortality from Puerperal Sepsis in a Swedish County Hospital. <i>Scandinavian Journal of Infectious Diseases</i> , 1994, 26, 233-238.	1.5	3
77	Reproductive patterns among Swedish women born 1936-1960. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1992, 71, 207-214.	1.3	24
78	Reproductive mortality and its relation to different methods of birth control. <i>Journal of Biosocial Science</i> , 1990, 22, 323-331.	0.5	1
79	Reproductive pattern among women in 19th century Sweden. <i>Journal of Biosocial Science</i> , 1990, 22, 13-18.	0.5	7
80	Maternal Deaths Related to Cesarean Section in Sweden, 1951-1980. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1989, 68, 351-357.	1.3	12
81	Maternal deaths in medieval Sweden: an osteological and life table analysis. <i>Journal of Biosocial Science</i> , 1987, 19, 495-503.	0.5	64
82	Maternal Deaths in Sweden, 1971-1980. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1986, 65, 161-167.	1.3	34
83	The Decline in Maternal Mortality in Sweden, 1931-1980. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 1985, 64, 583-592.	1.3	38
84	Maternal mortality - a world wide problem. <i>International Journal of Gynecology and Obstetrics</i> , 1985, 23, 463-470.	1.0	20
85	The demography of maternal mortality-seven Swedish parishes in the 19th century. <i>International Journal of Gynecology and Obstetrics</i> , 1985, 23, 489-497.	1.0	27
86	Responding to concerns about the methodology used in a study on retinal haemorrhages in suspected infant abuse. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 0, , .	0.7	0
