#	ARTICLE	IF	CITATIONS
1	Lung cancer screening decisional needs among African American smokers of lower socioeconomic status. <i>Ethnicity and Health</i> , 2022, 27, 565-583.	2.5	12
2	Cluster-randomized trial comparing organizationally tailored versus standard approach for integrating an evidence-based cancer control intervention into African American churches. <i>Translational Behavioral Medicine</i> , 2022, 12, 673-682.	2.4	3
3	Evaluation of Organizational Capacity in the Implementation of a Church-Based Cancer Education Program. <i>Global Implementation Research and Applications</i> , 2022, 2, 22-33.	1.1	7
4	Disability and Health in African Americans: Population Research and Implications for Occupational Therapy Community-Based Practice. <i>Open Journal of Occupational Therapy</i> , 2022, 10, 1-19.	0.4	2
5	A journey with TBM: into the third chapter. <i>Translational Behavioral Medicine</i> , 2022, 12, 723-725.	2.4	1
6	Marital Status and Depressive Symptoms in African Americans: The Moderating Role of Social and Religious Resources. <i>Journal of Family Issues</i> , 2021, 42, 1403-1428.	1.6	5
7	Breast Cancer Educational Needs and Concerns of African American Women Below Screening Age. <i>Journal of Cancer Education</i> , 2021, , 1.	1.3	0
8	Planning for Community Scale-Up of Project HEAL: Insights From the SPRINT Initiative. <i>Health Promotion Practice</i> , 2020, 21, 944-951.	1.6	1
9	Social Relationships and Functional Impairment in Aging Cancer Survivors: A Longitudinal Social Network Study. <i>Gerontologist</i> , The, 2020, 60, 607-616.	3.9	23
10	Impact of Genetic Testing on Risk-Management Behavior of Black Breast Cancer Survivors: A Longitudinal, Observational Study. <i>Annals of Surgical Oncology</i> , 2020, 27, 1659-1670.	1.5	6
11	Meaning in Life Predicts Decreased Depressive Symptoms and Increased Positive Affect over Time but Does not Buffer Stress Effects in a National Sample of African-Americans. <i>Journal of Happiness Studies</i> , 2020, 21, 3037-3049.	3.2	16
12	Do neighborhood characteristics contribute beyond individual demographics to cancer control behaviors among African American adults?. <i>Cancer Epidemiology</i> , 2020, 64, 101666.	1.9	2
13	A Video Intervention to Increase Organ Donor Registration at the Department of Motorized Vehicles. <i>Transplantation</i> , 2020, 104, 788-794.	1.0	9
14	Organizational characteristics conducive to the implementation of health programs among Latino churches. <i>Implementation Science Communications</i> , 2020, 1, 62.	2.2	3
15	A Longitudinal Examination of Social Support as a Mediator of the Personality-Health Relationship in a National Sample of African Americans. <i>Journal of Black Psychology</i> , The, 2020, 46, 607-637.	1.7	2
16	An Approach to Adapting a Community-Based Cancer Control Intervention to Organizational Context. <i>Health Promotion Practice</i> , 2020, 21, 168-171.	1.6	5
17	Social capital and health status: longitudinal race and ethnicity differences in older adults from 2006 to 2014. <i>International Journal of Public Health</i> , 2020, 65, 291-302.	2.3	12
18	Correlates of Health Promotion in a Community Sample of African American Churches. <i>Journal of Community Health</i> , 2020, 45, 828-835.	3.8	3

#	ARTICLE	IF	CITATIONS
19	Development of Decisional Values Statements for Lung Cancer Screening Among African American Smokers. <i>Journal of Cancer Education</i> , 2020, 35, 412-418.	1.3	2
20	The big reveal: Family disclosure patterns of <i>BRCA</i> genetic test results among young Black women with invasive breast cancer. <i>Journal of Genetic Counseling</i> , 2020, 29, 410-422.	1.6	24
21	Development and validation of an instrument to assess institutionalization of health promotion in faith-based organizations. <i>Evaluation and Program Planning</i> , 2020, 79, 101781.	1.6	4
22	Web-based versus in-person methods for training lay community health advisors to implement health promotion workshops: participant outcomes from a cluster-randomized trial. <i>Translational Behavioral Medicine</i> , 2019, 9, 573-582.	2.4	25
23	Explaining the Relationship Between Personality and Health in a National Sample of African Americans: The Mediating Role of Social Support. <i>Journal of Black Psychology</i> , The, 2019, 45, 339-375.	1.7	5
24	Customer discovery as a tool for moving behavioral interventions into the marketplace: insights from the NCI SPRINT program. <i>Translational Behavioral Medicine</i> , 2019, 9, 1139-1150.	2.4	6
25	Non-spouse companions accompanying older adults to medical visits: a qualitative analysis. <i>BMC Geriatrics</i> , 2019, 19, 84.	2.7	8
26	Unique contribution of education to behavioral and psychosocial antecedents of health in a national sample of African Americans. <i>Journal of Behavioral Medicine</i> , 2019, 42, 860-872.	2.1	4
27	An African American Perspective on Familial Notification of Becoming a Registered Organ Donor. <i>Progress in Transplantation</i> , 2019, 29, 164-172.	0.7	0
28	Culture, identity, strength and spirituality: A qualitative study to understand experiences of African American women breast cancer survivors and recommendations for intervention development. <i>European Journal of Cancer Care</i> , 2019, 28, e13013.	1.5	18
29	The role of trust in health information from medical authorities in accepting the HPV vaccine among African American parents. <i>Human Vaccines and Immunotherapeutics</i> , 2019, 15, 1723-1731.	3.3	27
30	Assessing Capacity of Faith-Based Organizations for Health Promotion Activities. <i>Health Promotion Practice</i> , 2018, 19, 714-723.	1.6	35
31	A Longitudinal Study of Religiosity, Spiritual Health Locus of Control, and Health Behaviors in a National Sample of African Americans. <i>Journal of Religion and Health</i> , 2018, 57, 2258-2278.	1.7	18
32	The Chinese and Korean American immigrant experience: a mixed-methods examination of facilitators and barriers of colorectal cancer screening. <i>Ethnicity and Health</i> , 2018, 23, 847-866.	2.5	29
33	The Role of Leadership Support in a Church-Based Cancer Education Implementation Study. <i>Journal of Religion and Health</i> , 2018, 57, 146-156.	1.7	9
34	Role of religious social support in longitudinal relationships between religiosity and health-related outcomes in African Americans. <i>Journal of Behavioral Medicine</i> , 2018, 41, 62-73.	2.1	40
35	CervixCheck: A Spiritually-Based Text Messaging Intervention to Promote Cervical Cancer Awareness and Pap Test Screening Intention among African-American Women. <i>Journal of Health Communication</i> , 2018, 23, 842-853.	2.4	11
36	Psychosocial impact of <i>BRCA</i> testing in young Black breast cancer survivors. <i>Psycho-Oncology</i> , 2018, 27, 2778-2785.	2.3	7

#	ARTICLE	IF	CITATIONS
37	A quantitative appraisal of African Americans' decisions to become registered organ donors at the driver's license office. <i>Clinical Transplantation</i> , 2018, 32, e13402.	1.6	6
38	The role of perceived benefits and barriers in colorectal cancer screening in intervention trials among African Americans. <i>Health Education Research</i> , 2018, 33, 205-217.	1.9	7
39	Personality, Social Capital, and Depressive Symptomatology Among African Americans. <i>Journal of Black Psychology</i> , The, 2018, 44, 422-449.	1.7	7
40	Recruitment of African American Churches to Participate in Cancer Early Detection Interventions: A Community Perspective. <i>Journal of Religion and Health</i> , 2018, 57, 751-761.	1.7	5
41	Development of tailored feedback reports on organizational capacity for health promotion in African American churches. <i>Evaluation and Program Planning</i> , 2018, 70, 99-106.	1.6	6
42	Positive and negative religious coping styles as prospective predictors of well-being in African Americans.. <i>Psychology of Religion and Spirituality</i> , 2018, 10, 318-326.	1.3	74
43	A Spiritually-Based Text Messaging Program to Increase Cervical Cancer Awareness Among African American Women: Design and Development of the CervixCheck Pilot Study. <i>JMIR Formative Research</i> , 2018, 2, e5.	1.4	13
44	Health-related quality of life in Black breast cancer survivors with and without triple-negative breast cancer (TNBC). <i>Breast Cancer Research and Treatment</i> , 2017, 163, 331-342.	2.5	14
45	Longitudinal effects of religious involvement on religious coping and health behaviors in a national sample of African Americans. <i>Social Science and Medicine</i> , 2017, 187, 11-19.	3.8	24
46	The relationship between religious beliefs and behaviours and changes in Spiritual Health Locus of Control over time in a national sample of African-Americans. <i>Mental Health, Religion and Culture</i> , 2017, 20, 449-463.	0.9	7
47	Opportunities and challenges in conducting community-engaged dissemination/implementation research. <i>Translational Behavioral Medicine</i> , 2017, 7, 389-392.	2.4	48
48	Factors Perceived to Influence the Decision for African Americans to Become Registered Organ Donors at the Department of Motorized Vehicles. <i>Journal of the National Medical Association</i> , 2017, 109, 287-293.	0.8	11
49	Psychometric properties of the mammography self-efficacy and fear of breast cancer scales in Iranian women. <i>BMC Public Health</i> , 2017, 17, 534.	2.9	12
50	Adoption, reach, and implementation of a cancer education intervention in African American churches. <i>Implementation Science</i> , 2017, 12, 36.	6.9	38
51	Dimensions of sustainability for a health communication intervention in African American churches: a multi-methods study. <i>Implementation Science</i> , 2017, 12, 43.	6.9	20
52	Which Personality Traits Moderate the Relationship Between Religious Capital and Depressive Symptomatology in a National Sample of African Americans?. <i>Journal of Black Psychology</i> , The, 2017, 43, 517-537.	1.7	5
53	Can Women Facilitate Men's Prostate Cancer Screening Informed Decision-Making? The M-PACT Trial. <i>Journal of Health Communication</i> , 2017, 22, 964-973.	2.4	3
54	Precision Medicine Across the Cancer Continuum: Implementation and Implications for Cancer Disparities. <i>JCO Precision Oncology</i> , 2017, 1, 1-5.	3.0	3

#	ARTICLE	IF	CITATIONS
55	Health Ministry and Activities in African American Faith-Based Organizations: A Qualitative Examination of Facilitators, Barriers, and Use of Technology. <i>Journal of Health Care for the Poor and Underserved</i> , 2017, 28, 378-388.	0.8	29
56	Fruit and Vegetable Consumption, and Physical Activity with Partner and Parental Status in African American Adults. <i>Journal of Family Medicine & Community Health</i> , 2017, 4, .	0.0	2
57	Priorities in the primary care of persons experiencing homelessness: convergence and divergence in the views of patients and provider/experts. <i>Patient Preference and Adherence</i> , 2016, 10, 153.	1.8	8
58	Religious Involvement and Health Over Time: Predictive Effects in a National Sample of African Americans. <i>Journal for the Scientific Study of Religion</i> , 2016, 55, 417-424.	1.5	16
59	Religious Participation is Associated with Increases in Religious Social Support in a National Longitudinal Study of African Americans. <i>Journal of Religion and Health</i> , 2016, 55, 1449-1460.	1.7	21
60	Message Framing, Perceived Susceptibility, and Intentions to Vaccinate Children Against HPV Among African American Parents. <i>Health Communication</i> , 2016, 31, 798-805.	3.1	48
61	Feasibility and acceptability of SMS text messaging in a prostate cancer educational intervention for African American men. <i>Health Informatics Journal</i> , 2016, 22, 932-947.	2.1	25
62	Is Colorectal Cancer A Western Disease? Role of Knowledge and Influence of Misconception on Colorectal Cancer Screening among Chinese and Korean Americans: A Mixed Methods Study. <i>Asian Pacific Journal of Cancer Prevention</i> , 2016, 17, 4885-4892.	1.2	7
63	Characterizing Change in Religious and Spiritual Identity Among a National Sample of African American Adults. <i>Journal of Religion, Spirituality and Aging</i> , 2015, 27, 343-357.	0.7	4
