#	Paper	IF	Citations
143	Evaluation of organizational capacity in the implementation of a church-based cancer education program.. <i>Global Implementation Research and Applications</i> , 2022 , 2, 22-33		1
142	Breast Cancer Educational Needs and Concerns of African American Women Below Screening Age. <i>Journal of Cancer Education</i> , 2021 , 1	1.8	
141	Marital Status and Depressive Symptoms in African Americans: The Moderating Role of Social and Religious Resources. <i>Journal of Family Issues</i> , 2021 , 42, 1403-1428	1.6	3
140	Cluster-randomized trial comparing organizationally tailored versus standard approach for integrating an evidence-based cancer control intervention into African American churches. <i>Translational Behavioral Medicine</i> , 2021 ,	3.2	1
139	Lung cancer screening decisional needs among African American smokers of lower socioeconomic status. <i>Ethnicity and Health</i> , 2020 , 1-19	2.2	4
138	An Approach to Adapting a Community-Based Cancer Control Intervention to Organizational Context. <i>Health Promotion Practice</i> , 2020 , 21, 168-171	1.8	3
137	Social capital and health status: longitudinal race and ethnicity differences in older adults from 2006 to 2014. <i>International Journal of Public Health</i> , 2020 , 65, 291-302	4	4
136	Correlates of Health Promotion in a Community Sample of African American Churches. <i>Journal of Community Health</i> , 2020 , 45, 828-835	4	2
135	Development of Decisional Values Statements for Lung Cancer Screening Among African American Smokers. <i>Journal of Cancer Education</i> , 2020 , 35, 412-418	1.8	1
134	The big reveal: Family disclosure patterns of BRCA genetic test results among young Black women with invasive breast cancer. <i>Journal of Genetic Counseling</i> , 2020 , 29, 410-422	2.5	10
133	Development and validation of an instrument to assess institutionalization of health promotion in faith-based organizations. <i>Evaluation and Program Planning</i> , 2020 , 79, 101781	1.7	2
132	Impact of Genetic Testing on Risk-Management Behavior of Black Breast Cancer Survivors: A Longitudinal, Observational Study. <i>Annals of Surgical Oncology</i> , 2020 , 27, 1659-1670	3.1	3
131	Meaning in Life Predicts Decreased Depressive Symptoms and Increased Positive Affect over Time but Does Not Buffer Stress Effects in a National Sample of African-Americans. <i>Journal of Happiness Studies</i> , 2020 , 21, 3037-3049	3.7	7
130	Do neighborhood characteristics contribute beyond individual demographics to cancer control behaviors among African American adults?. <i>Cancer Epidemiology</i> , 2020 , 64, 101666	2.8	0
129	A Video Intervention to Increase Organ Donor Registration at the Department of Motorized Vehicles. <i>Transplantation</i> , 2020 , 104, 788-794	1.8	6
128	Organizational characteristics conducive to the implementation of health programs among Latino churches. <i>Implementation Science Communications</i> , 2020 , 1, 62	2.2	2
127	A longitudinal examination of social support as a mediator of the personality-health relationship in a national sample of African Americans. <i>Journal of Black Psychology</i> , <i>The</i> , 2020 , 46, 607-637	1.6	2

126	Planning for Community Scale-Up of Project HEAL: Insights From the SPRINT Initiative. <i>Health Promotion Practice</i> , 2020 , 21, 944-951	1.8	0
125	Social Relationships and Functional Impairment in Aging Cancer Survivors: A Longitudinal Social Network Study. <i>Gerontologist</i> , 2020 , 60, 607-616	5	8
124	Explaining the Relationship Between Personality and Health in a National Sample of African Americans: The Mediating Role of Social Support. <i>Journal of Black Psychology</i> , 2019 , 45, 339-375	1.6	4
123	Customer discovery as a tool for moving behavioral interventions into the marketplace: insights from the NCI SPRINT program. <i>Translational Behavioral Medicine</i> , 2019 , 9, 1139-1150	3.2	4
122	Non-spouse companions accompanying older adults to medical visits: a qualitative analysis. <i>BMC Geriatrics</i> , 2019 , 19, 84	4.1	5
121	Unique contribution of education to behavioral and psychosocial antecedents of health in a national sample of African Americans. <i>Journal of Behavioral Medicine</i> , 2019 , 42, 860-872	3.6	2
120	An African American Perspective on Familial Notification of Becoming a Registered Organ Donor. <i>Progress in Transplantation</i> , 2019 , 29, 164-172	1.1	
119	Culture, identity, strength and spirituality: A qualitative study to understand experiences of African American women breast cancer survivors and recommendations for intervention development. <i>European Journal of Cancer Care</i> , 2019 , 28, e13013	2.4	4
118	Web-based versus in-person methods for training lay community health advisors to implement health promotion workshops: participant outcomes from a cluster-randomized trial. <i>Translational Behavioral Medicine</i> , 2019 , 9, 573-582	3.2	18
117	The role of trust in health information from medical authorities in accepting the HPV vaccine among African American parents. <i>Human Vaccines and Immunotherapeutics</i> , 2019 , 15, 1723-1731	4.4	15
116	Assessing Capacity of Faith-Based Organizations for Health Promotion Activities. <i>Health Promotion Practice</i> , 2018 , 19, 714-723	1.8	20
115	A Longitudinal Study of Religiosity, Spiritual Health Locus of Control, and Health Behaviors in a National Sample of African Americans. <i>Journal of Religion and Health</i> , 2018 , 57, 2258-2278	2.6	12
114	The Chinese and Korean American immigrant experience: a mixed-methods examination of facilitators and barriers of colorectal cancer screening. <i>Ethnicity and Health</i> , 2018 , 23, 847-866	2.2	21
113	Personality, Social Capital, and Depressive Symptomatology Among African Americans. <i>Journal of Black Psychology</i> , 2018 , 44, 422-449	1.6	5
112	Recruitment of African American Churches to Participate in Cancer Early Detection Interventions: A Community Perspective. <i>Journal of Religion and Health</i> , 2018 , 57, 751-761	2.6	3
111	Development of tailored feedback reports on organizational capacity for health promotion in African American churches. <i>Evaluation and Program Planning</i> , 2018 , 70, 99-106	1.7	5
110	A Spiritually-Based Text Messaging Program to Increase Cervical Cancer Awareness Among African American Women: Design and Development of the CervixCheck Pilot Study. <i>JMIR Formative Research</i> , 2018 , 2, e5	2.5	6
109	Positive and Negative Religious Coping Styles as Prospective Predictors of Well-Being in African Americans. <i>Psychology of Religion and Spirituality</i> , 2018 , 10, 318-326	2.5	36

108	The Role of Leadership Support in a Church-Based Cancer Education Implementation Study. <i>Journal of Religion and Health</i> , 2018 , 57, 146-156	2.6	7
107	Role of religious social support in longitudinal relationships between religiosity and health-related outcomes in African Americans. <i>Journal of Behavioral Medicine</i> , 2018 , 41, 62-73	3.6	27
106	CervixCheck: A Spiritually-Based Text Messaging Intervention to Promote Cervical Cancer Awareness and Pap Test Screening Intention among African-American Women. <i>Journal of Health Communication</i> , 2018 , 23, 842-853	2.5	6
105	Psychosocial impact of BRCA testing in young Black breast cancer survivors. <i>Psycho-Oncology</i> , 2018 , 27, 2778-2785	3.9	4
104	A quantitative appraisal of African Americans' decisions to become registered organ donors at the driver's license office. <i>Clinical Transplantation</i> , 2018 , 32, e13402	3.8	4
103	The role of perceived benefits and barriers in colorectal cancer screening in intervention trials among African Americans. <i>Health Education Research</i> , 2018 , 33, 205-217	1.8	6
102	Health-related quality of life in Black breast cancer survivors with and without triple-negative breast cancer (TNBC). <i>Breast Cancer Research and Treatment</i> , 2017 , 163, 331-342	4.4	10
101	Longitudinal effects of religious involvement on religious coping and health behaviors in a national sample of African Americans. <i>Social Science and Medicine</i> , 2017 , 187, 11-19	5.1	11
100	The relationship between religious beliefs and behaviors and changes in spiritual health locus of control over time in a national sample of African Americans. <i>Mental Health, Religion and Culture</i> , 2017 , 20, 449-463	1.1	7
99	Health Ministry and Activities in African American Faith-Based Organizations: A Qualitative Examination of Facilitators, Barriers, and Use of Technology. <i>Journal of Health Care for the Poor and Underserved</i> , 2017 , 28, 378-388	1.4	20
98	Opportunities and challenges in conducting community-engaged dissemination/implementation research. <i>Translational Behavioral Medicine</i> , 2017 , 7, 389-392	3.2	28
97	Factors Perceived to Influence the Decision for African Americans to Become Registered Organ Donors at the Department of Motorized Vehicles. <i>Journal of the National Medical Association</i> , 2017 , 109, 287-293	2.3	10
96	Psychometric properties of the mammography self-efficacy and fear of breast cancer scales in Iranian women. <i>BMC Public Health</i> , 2017 , 17, 534	4.1	7
95	Adoption, reach, and implementation of a cancer education intervention in African American churches. <i>Implementation Science</i> , 2017 , 12, 36	8.4	32
94	Dimensions of sustainability for a health communication intervention in African American churches: a multi-methods study. <i>Implementation Science</i> , 2017 , 12, 43	8.4	14
93	Which Personality Traits Moderate the Relationship Between Religious Capital and Depressive Symptomology in a National Sample of African Americans?. <i>Journal of Black Psychology</i> , 2017 , 43, 517-537	1.6	4
92	Can Women Facilitate Men's Prostate Cancer Screening Informed Decision-Making? The M-PACT Trial. <i>Journal of Health Communication</i> , 2017 , 22, 964-973	2.5	0
91	Precision Medicine Across the Cancer Continuum: Implementation and Implications for Cancer Disparities.. <i>JCO Precision Oncology</i> , 2017 , 1, 1-5	3.6	0

90	Fruit and Vegetable Consumption, and Physical Activity with Partner and Parental Status in African American Adults 2017 , 4,		1
89	Religious Involvement and Health over Time: Predictive Effects in a National Sample of African Americans. <i>Journal for the Scientific Study of Religion</i> , 2016 , 55, 417-424	1.7	15
88	Religious Participation is Associated with Increases in Religious Social Support in a National Longitudinal Study of African Americans. <i>Journal of Religion and Health</i> , 2016 , 55, 1449-60	2.6	18
87	Message Framing, Perceived Susceptibility, and Intentions to Vaccinate Children Against HPV Among African American Parents. <i>Health Communication</i> , 2016 , 31, 798-805	3.2	31
86	Feasibility and acceptability of SMS text messaging in a prostate cancer educational intervention for African American men. <i>Health Informatics Journal</i> , 2016 , 22, 932-947	3	20
85	Is Colorectal Cancer A Western Disease? Role of Knowledge and Influence of Misconception on Colorectal Cancer Screening among Chinese and Korean Americans: A Mixed Methods Study. <i>Asian Pacific Journal of Cancer Prevention</i> , 2016 , 17, 4885-4892	1.7	6
84	Priorities in the primary care of persons experiencing homelessness: convergence and divergence in the views of patients and provider/experts. <i>Patient Preference and Adherence</i> , 2016 , 10, 153-8	2.4	7
83	Informed Decision-Making and Satisfaction with a Church-Based Men's Health Workshop Series for African-American Men: Men-Only vs. Mixed-Gender Format. <i>Journal of Cancer Education</i> , 2015 , 30, 530-4	1.8	10
82	The Religion-Health Connection Among African Americans: What Is the Role of Social Capital?. <i>Journal of Community and Applied Social Psychology</i> , 2015 , 25, 1-18	2.8	8
81	Characterizing Change in Religious and Spiritual Identity among a National Sample of African American Adults. <i>Journal of Religion, Spirituality and Aging</i> , 2015 , 27, 343-357	1.2	3
80	Gender differences in the roles of religion and locus of control on alcohol use and smoking among African Americans. <i>Journal of Studies on Alcohol and Drugs</i> , 2015 , 76, 482-92	1.9	21
79	Decomposing differences in medical care access among cancer survivors by race and ethnicity. <i>American Journal of Medical Quality</i> , 2015 , 30, 459-69	1.1	18
78	"We'll Get to You When We Get to You": Exploring Potential Contributions of Health Care Staff Behaviors to Patient Perceptions of Discrimination and Satisfaction. <i>American Journal of Public Health</i> , 2015 , 105, 2076-82	5.1	31
