#	ARTICLE	IF	CITATIONS
1	Feeling the clunk: Managing and attributing uncertainty in screening for developmental dysplasia of the hip in infancy. <i>SSM Qualitative Research in Health</i> , 2022, 2, 100040.	0.6	0
2	Pedestrian injuries in collisions with pedal cycles in the context of increased active travel: Trends in England, 2005–2015. <i>Journal of Transport and Health</i> , 2022, 24, 101340.	1.1	0
3	Pandemics, infection control and social justice: challenges for policy evaluation. <i>Critical Public Health</i> , 2022, 32, 44-47.	1.4	2
4	The publics of public health: learning from COVID-19. <i>Critical Public Health</i> , 2022, 32, 592-599.	1.4	9
5	Understanding physician behaviour in the 6–8 weeks hip check in primary care: a qualitative study using the COM-B. <i>BMJ Open</i> , 2021, 11, e044114.	0.8	2
6	The use of Qualitative Comparative Analysis (QCA) to address causality in complex systems: a systematic review of research on public health interventions. <i>BMC Public Health</i> , 2021, 21, 877.	1.2	44
7	Open relationships: reflections on the role of the journal in the contemporary scholarly publishing landscape. <i>Critical Public Health</i> , 2021, 31, 377-380.	1.4	5
8	Unruly bodies: resistance, (in)action and hysteresis in a public health intervention. <i>Social Theory and Health</i> , 2021, 19, 263-281.	1.0	4
9	The public health implications of telematic technologies: An exploratory qualitative study in the UK. <i>Journal of Transport and Health</i> , 2020, 16, 100795.	1.1	1
10	Case study research for better evaluations of complex interventions: rationale and challenges. <i>BMC Medicine</i> , 2020, 18, 301.	2.3	46
11	Premature evaluation? Some cautionary thoughts on global pandemics and scholarly publishing. <i>Critical Public Health</i> , 2020, 30, 379-383.	1.4	17
12	Rethinking decision-making in the context of preventive medication: How taking statins becomes the right thing to do. <i>Social Science and Medicine</i> , 2020, 247, 112797.	1.8	4
13	Study protocol for evaluation of aid to diagnosis for developmental dysplasia of the hip in general practice: controlled trial randomised by practice. <i>BMJ Open</i> , 2020, 10, e041837.	0.8	2
14	Parents' expectations and experiences of the 6-week baby check: a qualitative study in primary care. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101110.	0.9	4
15	The Daily Mile as a public health intervention: a rapid ethnographic assessment of uptake and implementation in South London, UK. <i>BMC Public Health</i> , 2019, 19, 1167.	1.2	21
16	What can sociology offer urban public health?. <i>Critical Public Health</i> , 2019, 29, 517-521.	1.4	6
17	Semiautomated text analytics for qualitative data synthesis. <i>Research Synthesis Methods</i> , 2019, 10, 452-464.	4.2	34
18	Time to interrogate corporate interests in public health?. <i>Critical Public Health</i> , 2019, 29, 257-259.	1.4	5

#	ARTICLE	IF	CITATIONS
19	Towards "smart cities" as "healthy cities": health equity in a digital age. <i>Canadian Journal of Public Health</i> , 2019, 110, 331-334.	1.1	23
20	Gender and active travel: a qualitative data synthesis informed by machine learning. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2019, 16, 135.	2.0	16
21	Using clinical practice guidelines to manage dengue: a qualitative study in a Malaysian hospital. <i>BMC Infectious Diseases</i> , 2019, 19, 45.	1.3	9
22	Materialising links between air pollution and health: How societal impact was achieved in an interdisciplinary project. <i>Health (United Kingdom)</i> , 2019, 23, 234-252.	0.9	3
23	Doktor Kot, Doktor Sla "Book doctors, plant doctors and the segmentation of the medical market place in Meghalaya, northeast India. <i>Anthropology and Medicine</i> , 2019, 26, 159-176.	0.6	8
24	Critical analysis, credibility, and the politics of publishing in an era of "fake news". <i>Critical Public Health</i> , 2018, 28, 129-131.	1.4	7
25	Age, disability and everyday mobility in London: An analysis of the correlates of "non-travel" in travel diary data. <i>Journal of Transport and Health</i> , 2018, 8, 129-136.	1.1	17
26	Digital technologies and the biomedicalisation of everyday activities: The case of walking and cycling. <i>Sociology Compass</i> , 2018, 12, e12572.	1.4	30
27	Automobility reconfigured? Ironic seductions and mundane freedoms in 16 "21-year olds" accounts of car driving and ownership. <i>Mobilities</i> , 2018, 13, 14-28.	2.5	13
28	Speaking for others: ethical and political dilemmas of research in global health. <i>Critical Public Health</i> , 2018, 28, 495-497.	1.4	1
29	Social enterprises and public health improvement in England: a qualitative case study. <i>Public Health</i> , 2018, 161, 99-105.	1.4	3
30	The impact of home energy efficiency interventions and winter fuel payments on winter- and cold-related mortality and morbidity in England: a natural equipment mixed-methods study. <i>Public Health Research</i> , 2018, 6, 1-110.	0.5	7
31	A model of how targeted and universal welfare entitlements impact on material, psycho-social and structural determinants of health in older adults. <i>Social Science and Medicine</i> , 2017, 187, 20-28.	1.8	12
32	Towards a critical complex systems approach to public health. <i>Critical Public Health</i> , 2017, 27, 523-524.	1.4	27
33	Pathways linking car transport for young adults and the public health in Northern Ireland: a qualitative study to inform the evaluation of graduated driver licensing. <i>BMC Public Health</i> , 2017, 17, 551.	1.2	9
34	528 "Will graduated driving licencing have mixed results for reducing road injury? A qualitative study in the UK. <i>Injury Prevention</i> , 2016, 22, A190.3-A191.	1.2	0
35	On the perils of invoking neoliberalism in public health critique. <i>Critical Public Health</i> , 2016, 26, 239-243.	1.4	98
36	Using Joint Interviews to Add Analytic Value. <i>Qualitative Health Research</i> , 2016, 26, 1638-1648.	1.0	92

#	ARTICLE	IF	CITATIONS
37	Is ethnic density associated with risk of child pedestrian injury? A comparison of inter-census changes in ethnic populations and injury rates. <i>Ethnicity and Health</i> , 2016, 21, 1-19.	1.5	12
38	Working for the public health: politics, localism and epistemologies of practice. <i>Sociology of Health and Illness</i> , 2015, 37, 491-505.	1.1	57
39	Using quantitative risk information in decisions about statins: a qualitative study in a community setting. <i>British Journal of General Practice</i> , 2015, 65, e264-e269.	0.7	16
40	Integrating quasi-experimental and inductive designs in evaluation: A case study of the impact of free bus travel on public health. <i>Evaluation</i> , 2015, 21, 391-406.	0.7	25
41	Reduced street lighting at night and health: A rapid appraisal of public views in England and Wales. <i>Health and Place</i> , 2015, 34, 171-180.	1.5	47
42	Keeping a critical edge: reflections on 25 years as a scholarly journal. <i>Critical Public Health</i> , 2015, 25, 1-3.	1.4	5
43	The effect of reduced street lighting on road casualties and crime in England and Wales: controlled interrupted time series analysis. <i>Journal of Epidemiology and Community Health</i> , 2015, 69, 1118-1124.	2.0	113
44	The public health profession and the community. <i>Critical Public Health</i> , 2015, 25, 123-124.	1.4	3
45	"One health" and development priorities in resource-constrained countries: policy lessons from avian and pandemic influenza preparedness in Zambia. <i>Health Policy and Planning</i> , 2015, 30, 215-222.	1.0	23
46	Understanding welfare conditionality in the context of a generational habitus: A qualitative study of older citizens in England. <i>Journal of Aging Studies</i> , 2015, 34, 113-122.	0.7	9
47	What is the effect of reduced street lighting on crime and road traffic injuries at night? A mixed-methods study. <i>Public Health Research</i> , 2015, 3, 1-108.	0.5	23
48	Thinking about changing mobility practices: how a social practice approach can help. <i>Sociology of Health and Illness</i> , 2014, 36, 239-251.	1.1	84
49	"We Can All Just Get on a Bus and Go": Rethinking Independent Mobility in the Context of the Universal Provision of Free Bus Travel to Young Londoners. <i>Mobilities</i> , 2014, 9, 275-293.	2.5	44
50	Why do local authorities undertake controlled evaluations of health impact? A qualitative case study of interventions in housing. <i>Public Health</i> , 2014, 128, 1112-1117.	1.4	12
51	More than A to B: the role of free bus travel for the mobility and wellbeing of older citizens in London. <i>Ageing and Society</i> , 2014, 34, 472-494.	1.2	85
52	Trust in health care encounters and systems: a case study of British pensioners living in Spain. <i>Sociology of Health and Illness</i> , 2014, 36, 1243-1258.	1.1	14
53	What kind of research does public health need?. <i>Critical Public Health</i> , 2014, 24, 249-252.	1.4	11
54	Controlling for exposure changes the relationship between ethnicity, deprivation and injury: an observational study of child pedestrian injury rates in London. <i>Injury Prevention</i> , 2014, 20, 159-166.	1.2	12

#	ARTICLE	IF	CITATIONS
55	The role of bicycle sharing systems in normalising the image of cycling: An observational study of London cyclists. <i>Journal of Transport and Health</i> , 2014, 1, 5-8.	1.1	116
56	The contribution of light levels to ethnic differences in child pedestrian injury risk: a case-only analysis. <i>Journal of Transport and Health</i> , 2014, 1, 33-39.	1.1	3
57	A suitable job?: A qualitative study of becoming a nurse in the context of a globalizing profession in India. <i>International Journal of Nursing Studies</i> , 2014, 51, 734-743.	2.5	27
