#	ARTICLE	IF	CITATIONS
1	Changes in Attachment Disorder symptoms in children internationally adopted and in residential care. <i>Child Abuse and Neglect</i> , 2022, 130, 105308.	1.3	6
2	The Best Services Trial (BeST?): a cluster randomised controlled trial comparing the clinical and cost-effectiveness of New Orleans Intervention Model with services as usual (SAU) for infants and young children entering care. <i>Trials</i> , 2022, 23, 122.	0.7	4
3	Autism and attachment disorders – how do we tell the difference?. <i>BJ Psych Advances</i> , 2022, 28, 371-380.	0.5	4
4	Process evaluation protocol for the BeST Services trial. <i>Developmental Child Welfare</i> , 2022, 4, 56-72.	0.4	2
5	The expected and the unexpected in recovery and development after abuse and neglect: The role of early foster carer commitment on young children's symptoms of attachment disorders and mental health problems over time. <i>Child Abuse and Neglect</i> , 2022, 127, 105585.	1.3	4
6	Mania symptoms in a Swedish longitudinal population study: The roles of childhood trauma and neurodevelopmental disorders. <i>Journal of Affective Disorders</i> , 2021, 280, 450-456.	2.0	8
7	Nature and nurture? A review of the literature on childhood maltreatment and genetic factors in the pathogenesis of borderline personality disorder. <i>Journal of Psychiatric Research</i> , 2021, 137, 131-146.	1.5	7
8	Meta-Analyses of the Associations Between Disinhibited Social Engagement Behaviors and Child Attachment Insecurity or Disorganization. <i>Research on Child and Adolescent Psychopathology</i> , 2021, 49, 949-962.	1.4	3
9	Stigma in practice. <i>Lancet Psychiatry</i> , 2021, 8, 466-468.	3.7	5
10	The School Attachment Monitor – A novel computational tool for assessment of attachment in middle childhood. <i>PLoS ONE</i> , 2021, 16, e0240277.	1.1	1
11	Childhood neurodevelopmental markers and risk of premature mortality: Follow-up to age 60–65 years in the Aberdeen Children of the 1950s study. <i>PLoS ONE</i> , 2021, 16, e0255649.	1.1	1
12	A quick and reliable waiting room checklist for symptoms of disinhibited social engagement disorder. <i>Developmental Child Welfare</i> , 2021, 3, 313-327.	0.4	2
13	Educational and health outcomes of schoolchildren in local authority care in Scotland: A retrospective record linkage study. <i>PLoS Medicine</i> , 2021, 18, e1003832.	3.9	12
14	Development and Examination of the Reactive Attachment Disorder and Disinhibited Social Engagement Disorder Assessment Interview. <i>Assessment</i> , 2020, 27, 749-765.	1.9	19
15	Child Maltreatment, Autonomic Nervous System Responsivity, and Psychopathology: Current State of the Literature and Future Directions. <i>Child Maltreatment</i> , 2020, 25, 3-19.	2.0	30
16	Practitioner Review: Twenty years of research with adverse childhood experience scores – Advantages, disadvantages and applications to practice. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2020, 61, 116-130.	3.1	195
17	Can reactive attachment disorder persist in nurturing placements? A systematic review and clinical case series. <i>Developmental Child Welfare</i> , 2020, 2, 110-131.	0.4	4
18	Investigating the causal relationship between maltreatment and cognition in children: A systematic review. <i>Child Abuse and Neglect</i> , 2020, 107, 104603.	1.3	18

#	ARTICLE	IF	CITATIONS
19	Autism and attachment disorder symptoms in the general population: Prevalence, overlap, and burden. <i>Developmental Child Welfare</i> , 2020, 2, 37-51.	0.4	6
20	Debate: Not cosmetic surgery: dysphoria is a physical symptom. <i>Child and Adolescent Mental Health</i> , 2020, 25, 38-39.	1.8	3
21	Potentially traumatic events in foster youth, and association with DSM-5 trauma- and stressor related symptoms. <i>Child Abuse and Neglect</i> , 2020, 101, 104374.	1.3	24
22	SafeSpot: an innovative app and mental health support package for Scottish schools – a qualitative analysis as part of a mixed methods study. <i>Child and Adolescent Mental Health</i> , 2020, 25, 110-116.	1.8	5
23	The hallmarks of childhood abuse and neglect: A systematic review. <i>PLoS ONE</i> , 2020, 15, e0243639.	1.1	20
24	<p>Current Perspectives on the Management of Reactive Attachment Disorder in Early Education</p>. <i>Psychology Research and Behavior Management</i> , 2020, Volume 13, 1235-1246.	1.3	2
25	Reactive Attachment Disorder in maltreated young children in foster care. <i>Attachment and Human Development</i> , 2019, 21, 152-169.	1.2	21
26	Trial of healthy relationship initiatives for the very early years (THRIVE), evaluating Enhanced Triple P for Baby and Mellow Bumps for those with additional social and care needs during pregnancy and their infants who are at higher risk of maltreatment: study protocol for a randomised controlled trial. <i>Trials</i> , 2019, 20, 499.	0.7	4
27	Parenting groups can be effective across the social spectrum: the next step is access. <i>Lancet Psychiatry</i> , 2019, 6, 458-459.	3.7	2
28	Design-for-error for a Stand-alone Child Attachment Assessment Tool. , 2019, , .		1
29	Automating the Administration and Analysis of Psychiatric Tests. , 2019, , .		9
30	Protocol for the economic evaluation of a complex intervention to improve the mental health of maltreated infants and children in foster care in the UK (The BeST? services trial). <i>BMJ Open</i> , 2018, 8, e020066.	0.8	9
31	What Happens to Disinhibited Social Engagement Disorder Over Time?. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2018, 57, 304-305.	0.3	4
32	Potential value of the current mental health monitoring of children in state care in England. <i>BJPsych Open</i> , 2018, 4, 486-491.	0.3	6
33	Investigating social vulnerability in children using computer mediated role-play. <i>Computers and Education</i> , 2018, 125, 458-464.	5.1	2
34	Partnership approaches to the evaluation of complex policy initiatives: Qualitative research as key to building effective relationships. <i>International Journal of Social Welfare</i> , 2018, 27, 381-387.	1.0	5
35	Randomisation before consent: avoiding delay to time-critical intervention and ensuring informed consent. <i>International Journal of Social Research Methodology: Theory and Practice</i> , 2017, 20, 357-371.	2.3	6
36	Maltreatment-associated neurodevelopmental disorders: a twin control analysis. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2017, 58, 691-701.	3.1	92

#	ARTICLE	IF	CITATIONS
37	A study of Attachment Disorders in young offenders attending specialist services. <i>Child Abuse and Neglect</i> , 2017, 65, 77-87.	1.3	16
38	The role of cholesterol metabolism and various steroid abnormalities in autism spectrum disorders: A hypothesis paper. <i>Autism Research</i> , 2017, 10, 1022-1044.	2.1	58
39	Clout or doubt? Perspectives on an infant mental health service for young children placed in foster care due to abuse and neglect. <i>Child Abuse and Neglect</i> , 2017, 72, 184-195.	1.3	11
40	SAM: the school attachment monitor. , 2017, , .		3
41	Challenges of Assessing Maltreated Children Coming into Foster Care. <i>Scientific World Journal</i> , The, 2016, 2016, 1-9.	0.8	5
42	Development of a radical foster care intervention in Glasgow, Scotland. <i>Health Promotion International</i> , 2016, 31, 665-673.	0.9	12
43	Wellbeing and resilience: mechanisms of transmission of health and risk in parents with complex mental health problems and their offspringâ€™The WARM Study. <i>BMC Psychiatry</i> , 2015, 15, 310.	1.1	16
44	FACTORS ASSOCIATED WITH INDISCRIMINATE FRIENDLINESS IN HIGH-RISK CHILDREN. <i>Infant Mental Health Journal</i> , 2015, 36, 427-445.	0.7	12
45	Exploring the social, emotional and behavioural development of preschool children: is Glasgow different?. <i>International Journal for Equity in Health</i> , 2015, 14, 3.	1.5	10
46	Social relationship difficulties in autism and reactive attachment disorder: Improving diagnostic validity through structured assessment. <i>Research in Developmental Disabilities</i> , 2015, 40, 63-72.	1.2	53
47	Mental health of infants in foster care. <i>Archives of Disease in Childhood</i> , 2015, 100, 113.1-113.	1.0	1
48	The feasibility of a randomised controlled trial of Dyadic Developmental Psychotherapy. <i>BMC Psychiatry</i> , 2014, 14, 347.	1.1	10
49	Examining the feasibility of an economic analysis of dyadic developmental psychotherapy for children with maltreatment associated psychiatric problems in the United Kingdom. <i>BMC Psychiatry</i> , 2014, 14, 346.	1.1	4
50	Invisible children: attempting to engage the most vulnerable families. <i>British Journal of Psychiatry</i> , 2014, 205, 158-158.	1.7	2
51	Associations between social isolation, pro-social behaviour and emotional development in preschool aged children: a population based survey of kindergarten staff. <i>BMC Psychology</i> , 2014, 2, 44.	0.9	22
52	Emotional and behavioural development in Glasgow primary schools. <i>Educational Psychology in Practice</i> , 2014, 30, 307-320.	0.5	3
53	Feeding forward to a â€™miracle dayâ€™™ â€™ a pilot study of video feedforward in reactive attachment disorder. <i>Clinical Child Psychology and Psychiatry</i> , 2014, 19, 384-391.	0.8	0
54	Perceptions of self, significant others, and teacherâ€™child relationships in indiscriminately friendly children. <i>Research in Developmental Disabilities</i> , 2014, 35, 2802-2811.	1.2	11

#	ARTICLE	IF	CITATIONS
