

Liang-Kung Chen

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/3538720/liang-kung-chen-publications-by-year.pdf>

Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

273 papers	9,017 citations	37 h-index	89 g-index
317 ext. papers	12,104 ext. citations	4.3 avg, IF	6.22 L-index

#	Paper	IF	Citations
273	Development of frailty index using ICD-10 codes to predict mortality and rehospitalization of older adults: An update of the multimorbidity frailty index.. <i>Archives of Gerontology and Geriatrics</i> , 2022 , 100, 104646	4	0
272	Impact of Frailty on Survivals of Prostate Cancer Patients Treated with Radiotherapy.. <i>Archives of Gerontology and Geriatrics</i> , 2022 , 100, 104651	4	0
271	Productive Aging by Environmental Volunteerism: A Systematic Review. <i>Archives of Gerontology and Geriatrics</i> , 2022 , 98, 104563	4	0
270	Age and sex differences in associations between self-reported health, physical function, mental function and mortality. <i>Archives of Gerontology and Geriatrics</i> , 2022 , 98, 104537	4	1
269	Biological Features of the Outcome-Based Intrinsic Capacity Composite Scores From a Population-Based Cohort Study: Pas de Deux of Biological and Functional Aging.. <i>Frontiers in Medicine</i> , 2022 , 9, 851882	4.9	0
268	Low masseter muscle mass is associated with frailty in community-dwelling older adults: I-Lan Longitudinal Aging Study.. <i>Experimental Gerontology</i> , 2022 , 111777	4.5	0
267	Cerebral small vessel disease is associated with concurrent physical and cognitive impairments at preclinical stage. <i>Cerebral Circulation - Cognition and Behavior</i> , 2022 , 3, 100144	0	0
266	Six-Year Transition of Physio-Cognitive Decline Syndrome: Results from I-Lan Longitudinal Aging Study. <i>Archives of Gerontology and Geriatrics</i> , 2022 , 104743	4	0
265	Subtypes of Premorbid Metabolic Syndrome and Associated Clinical Outcomes in Older Adults.. <i>Frontiers in Medicine</i> , 2021 , 8, 698728	4.9	
264	Longitudinal changes of frailty in 8 years: comparisons between physical frailty and frailty index.. <i>BMC Geriatrics</i> , 2021 , 21, 726	4.1	2
263	Physio-Cognitive Decline Syndrome as the Phenotype and Treatment Target of Unhealthy Aging. <i>Journal of Nutrition, Health and Aging</i> , 2021 , 25, 1179-1189	5.2	2
262	Connectivity-Based Topographical Changes of the Corpus Callosum During Aging. <i>Frontiers in Aging Neuroscience</i> , 2021 , 13, 753236	5.3	1
261	Sarcojoint [®] , the branched-chain amino acid-based supplement, plus resistance exercise improved muscle mass in adults aged 50 years and older: A double-blinded randomized controlled trial. <i>Experimental Gerontology</i> , 2021 , 157, 111644	4.5	0
260	Cerebral small vessel disease phenotype and 5-year mortality in asymptomatic middle-to-old aged individuals. <i>Scientific Reports</i> , 2021 , 11, 23149	4.9	1
259	Effects of Exercise Programs in older adults with Muscle Wasting: A Systematic Review and Meta-analysis: Effects of Exercise Programs in Muscle Wasting.. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 99, 104605	4	0
258	Discovery of a Metabolic Signature Predisposing High Risk Patients with Mild Cognitive Impairment to Converting to Alzheimer's Disease. <i>International Journal of Molecular Sciences</i> , 2021 , 22,	6.3	1
257	Effects of incorporating multidomain interventions into integrated primary care on quality of life: a randomised controlled trial. <i>The Lancet Healthy Longevity</i> , 2021 ,	9.5	1

256	The association between serum activin A levels and albuminuria among community-dwelling middle-aged and older adults in Taiwan. <i>Scientific Reports</i> , 2021 , 11, 20032	4.9	
255	Gender difference in the association between TyG index and subclinical atherosclerosis: results from the I-Lan Longitudinal Aging Study. <i>Cardiovascular Diabetology</i> , 2021 , 20, 206	8.7	6
254	Impact of Multiple Prescriptions With Anticholinergic Properties on Adverse Clinical Outcomes in the Elderly: A Longitudinal Cohort Study in Taiwan. <i>Clinical Pharmacology and Therapeutics</i> , 2021 , 110, 966-974	6.1	2
253	Classification differentiates clinical and neuroanatomic features of cerebral small vessel disease. <i>Brain Communications</i> , 2021 , 3, fcab107	4.5	5
252	Sarcopenia and Cognitive Impairment 2021 , 157-174		
251	CMV infection, CD19 B cell depletion, and Lymphopenia as predictors for unexpected admission in the institutionalized elderly. <i>Immunity and Ageing</i> , 2021 , 18, 21	9.7	0
250	Malnutrition, Family Support, and Possible Sarcopenia in Patients Undergoing Transcatheter Aortic Valve Implantation. <i>Journal of Cardiovascular Nursing</i> , 2021 , 36, 565-572	2.1	0
249	Differential Age Trajectories of White Matter Changes Between Sexes Correlate with Cognitive Performances. <i>Brain Connectivity</i> , 2021 , 11, 759-771	2.7	1
248	Quality of Life among Community-Dwelling Middle-Aged and Older Adults: Function Matters More than Multimorbidity. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 95, 104423	4	5
247	Hospitalization-associated muscle weakness and functional outcomes among oldest old patients: A hospital-based cohort study. <i>Experimental Gerontology</i> , 2021 , 150, 111353	4.5	1
246	Associations of Blood Pressure and Carotid Flow Velocity with Brain Volume and Cerebral Small Vessel Disease in a Community-Based Population. <i>Translational Stroke Research</i> , 2021 , 12, 248-258	7.8	0
245	Care for older adults with dementia: PACE day care or residential dementia care units?. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 93, 104310	4	2
244	Combined Effects of Frailty and Polypharmacy on Health Outcomes in Older Adults: Frailty Outweighs Polypharmacy. <i>Journal of the American Medical Directors Association</i> , 2021 , 22, 606.e7-606.e18	5.9	5
243	All-cause mortality, cardiovascular mortality, major cardiovascular events and hypoglycaemia of patients with diabetes onset at an older age: results from the 10-year nationwide cohort study. <i>Age and Ageing</i> , 2021 , 50, 2094-2104	3	2
242	Oral Nutritional Supplement with β-hydroxy-β-methylbutyrate (HMB) Improves Nutrition, Physical Performance and Ameliorates Intramuscular Adiposity in Pre-Frail Older Adults: A Randomized Controlled Trial. <i>Journal of Nutrition, Health and Aging</i> , 2021 , 25, 767-773	5.2	3
241	Efficacy of Multidomain Intervention Against Physio-cognitive Decline Syndrome: A Cluster-randomized Trial. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 95, 104392	4	5
240	Associations between hemoglobin levels and sarcopenia and its components: Results from the I-Lan longitudinal study. <i>Experimental Gerontology</i> , 2021 , 150, 111379	4.5	6
239	Risk of sarcopenia among older persons with Type 2 diabetes mellitus with different status of albuminuria: A dose-responsive association. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 95, 104338	4	1

238	Detecting Suspected Prescribing Cascades by Prescription Sequence Symmetry Analysis of Nationwide Real-World Data. <i>Journal of the American Medical Directors Association</i> , 2021 ,	5.9	3
237	Tangible dynamic changes in resilience, nutrition, and leisure activity of older patients with cardiovascular disease and possible sarcopenia: A longitudinal study. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 95, 104416	4	0
236	Protein-enriched diet improved muscle endurance and marginally reduced intramuscular adiposity: Results from a randomized controlled trial among middle-aged and older adults. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 96, 104436	4	0
235	Determinants of improved quality of life among older adults with multimorbidity receiving integrated outpatient services: A hospital-based retrospective cohort study. <i>Archives of Gerontology and Geriatrics</i> , 2021 , 97, 104475	4	0
234	Muscle-to-fat ratio identifies functional impairments and cardiometabolic risk and predicts outcomes: biomarkers of sarcopenic obesity. <i>Journal of Cachexia, Sarcopenia and Muscle</i> , 2021 ,	10.3	4
233	Bimagrumab vs Optimized Standard of Care for Treatment of Sarcopenia in Community-Dwelling Older Adults: A Randomized Clinical Trial. <i>JAMA Network Open</i> , 2020 , 3, e2020836	10.4	28
232	COVID-19 and older people in Asia: Asian Working Group for Sarcopenia calls to actions. <i>Geriatrics and Gerontology International</i> , 2020 , 20, 547-558	2.9	56
231	Predicting New-Onset Diabetes Mellitus by Component Combinations of Premorbid Metabolic Syndrome among Older Adults in Taiwan. <i>Journal of Nutrition, Health and Aging</i> , 2020 , 24, 650-658	5.2	
230	Unfavorable body composition and quality of life among community-dwelling middle-aged and older adults: What really matters?. <i>Maturitas</i> , 2020 , 140, 34-40	5	6
229	Large-Scale Structural Covariance Networks Predict Age in Middle-to-Late Adulthood: A Novel Brain Aging Biomarker. <i>Cerebral Cortex</i> , 2020 , 30, 5844-5862	5.1	6
228	Subtypes of physical frailty and their long-term outcomes: a longitudinal cohort study. <i>Journal of Cachexia, Sarcopenia and Muscle</i> , 2020 , 11, 1223-1231	10.3	15
227	Efficacy of multidomain interventions to improve physical frailty, depression and cognition: data from cluster-randomized controlled trials. <i>Journal of Cachexia, Sarcopenia and Muscle</i> , 2020 , 11, 650-662	10.3	27
226	Factors Affecting Usage Levels and Trends of Innovative Oncology Drugs Upon and After Reimbursement Under Taiwan National Health Insurance: Interrupted Time Series Analysis. <i>Clinical and Translational Science</i> , 2020 , 13, 1288-1297	4.9	0
225	Clinical characteristics and 10-year outcomes of diabetes in adults with advancing age at onset: A population cohort. <i>Archives of Gerontology and Geriatrics</i> , 2020 , 88, 104039	4	1
224	Asian Working Group for Sarcopenia: 2019 Consensus Update on Sarcopenia Diagnosis and Treatment. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 300-307.e2	5.9	967
223	Muscle atrophy-related myotube-derived exosomal microRNA in neuronal dysfunction: Targeting both coding and long noncoding RNAs. <i>Aging Cell</i> , 2020 , 19, e13107	9.9	11
222	Determinants and indicators of successful ageing associated with mortality: a 4-year population-based study. <i>Aging</i> , 2020 , 12, 2670-2679	5.6	5
221	Cerebellar-limbic neurocircuit is the novel biosignature of physio-cognitive decline syndrome. <i>Aging</i> , 2020 , 12, 25319-25336	5.6	9

220	Comparisons Between Hypothesis- and Data-Driven Approaches for Multimorbidity Frailty Index: A Machine Learning Approach. <i>Journal of Medical Internet Research</i> , 2020 , 22, e16213	7.6	6
219	Geriatric Medical Education in Rapidly Aging Asia 2020 , 11, 72-73		2
218	Effects of Teleoperated Humanoid Robot Application in Older Adults with Neurocognitive Disorders in Taiwan: A Report of Three Cases 2020 , 11, 67-71		3
217	Timing of anti-osteoporosis medications initiation after a hip fracture affects the risk of subsequent fracture: A nationwide cohort study. <i>Bone</i> , 2020 , 138, 115452	4.7	3
216	Sex-different associations between serum homocysteine, high-sensitivity C-reactive protein and sarcopenia: Results from I-Lan Longitudinal Aging Study. <i>Experimental Gerontology</i> , 2020 , 132, 110832	4.5	14
215	Epidemiology of frailty and associated factors among older adults living in rural communities in Taiwan. <i>Archives of Gerontology and Geriatrics</i> , 2020 , 87, 103986	4	6
214	Benzodiazepines, z-Hypnotics, and Risk of Dementia: Special Considerations of Half-Lives and Concomitant Use. <i>Neurotherapeutics</i> , 2020 , 17, 156-164	6.4	15
213	Upregulation of Cisd2 attenuates Alzheimer's-related neuronal loss in mice. <i>Journal of Pathology</i> , 2020 , 250, 299-311	9.4	13
212	Prognostic Impact of Delirium in Older People with/without Dementia: A Retrospective Cohort Study in Taiwan. <i>Journal of Nutrition, Health and Aging</i> , 2020 , 24, 951-958	5.2	1
211	Asian Working Group for Sarcopenia Response to the Emphasis on Anterior Thigh Muscle Mass in Sarcopenia Diagnosis. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 1174-1175	5.9	2
210	Development and validation of the NCGG-FAT Chinese version for community-dwelling older Taiwanese. <i>Geriatrics and Gerontology International</i> , 2020 , 20, 1171-1176	2.9	1
209	Handgrip strength, tumor necrosis factor- α interleukin-6, and visfatin levels in oldest elderly patients with cognitive impairment. <i>Experimental Gerontology</i> , 2020 , 142, 111138	4.5	1
208	The relationship between circulating vitamin D3 and subclinical atherosclerosis in an elderly Asian population. <i>Scientific Reports</i> , 2020 , 10, 18704	4.9	3
207	PM air pollution contributes to the burden of frailty. <i>Scientific Reports</i> , 2020 , 10, 14478	4.9	4
206	Prognostic Impact of Delirium in Older People With/Without Dementia: A Retrospective Cohort Study in Taiwan. <i>Journal of Nutrition, Health and Aging</i> , 2020 , 24, 951-958	5.2	
205	First insights on value-based healthcare of elders using ICHOM older person standard set reporting. <i>BMC Geriatrics</i> , 2020 , 20, 335	4.1	3
204	Strictly Lobar Cerebral Microbleeds Are Associated with Increased White Matter Volume. <i>Translational Stroke Research</i> , 2020 , 11, 29-38	7.8	6
203	Resilience among older cardiovascular disease patients with probable sarcopenia. <i>Archives of Gerontology and Geriatrics</i> , 2020 , 86, 103939	4	5

202	Epidemiology of Sarcopenia and Factors Associated With It Among Community-Dwelling Older Adults in Taiwan. <i>American Journal of the Medical Sciences</i> , 2019 , 357, 124-133	2.2	10
201	Systematic review and meta-analysis on the effect of hospital competition on quality of care: Implications for senior care. <i>Archives of Gerontology and Geriatrics</i> , 2019 , 83, 263-270	4	2
200	Post-acute care regains quality of life among middle-aged and older stroke patients in Taiwan. <i>Archives of Gerontology and Geriatrics</i> , 2019 , 83, 271-276	4	0
199	Does Long-Term Proton Pump Inhibitor Use Increase Risk of Dementia? Not Really! Results of the Group-Based Trajectory Analysis. <i>Clinical Pharmacology and Therapeutics</i> , 2019 , 106, 616-622	6.1	9
198	Association between Orthostatic Hypotension and Frailty in Hospitalized Older Patients: a Geriatric Syndrome More Than a Cardiovascular Condition. <i>Journal of Nutrition, Health and Aging</i> , 2019 , 23, 318-322	5.2	10
197	High Circulatory Phosphate Level Is Associated with Cerebral Small-Vessel Diseases. <i>Translational Stroke Research</i> , 2019 , 10, 265-272	7.8	5
196	A Group-based Trajectory Analysis of Longitudinal Psychotropic Agent Use and Adverse Outcomes Among Older People. <i>Journal of the American Medical Directors Association</i> , 2019 , 20, 1579-1586.e3	5.9	2
195	Development and Validation of a Tool to Screen for Cognitive Frailty among Community-Dwelling Elders. <i>Journal of Nutrition, Health and Aging</i> , 2019 , 23, 904-909	5.2	6
194	Role of gait speed and grip strength in predicting 10-year cognitive decline among community-dwelling older people. <i>BMC Geriatrics</i> , 2019 , 19, 186	4.1	48
193	Location-Specific Association Between Cerebral Microbleeds and Arterial Pulsatility. <i>Frontiers in Neurology</i> , 2019 , 10, 1012	4.1	3
192	Underweight Mobility-Type Pre-Frailty/ Frailty Was Associated with Complex Care Needs of Long-Term Care Facilities Residents: Results Using MDS RAP Triggers 2019 , 10, 18-23		2
191	Development of Integrated Care Certification Program in Taiwan 2019 , 10, 117-119		2
190	Crosstalk Between Bone and Muscle for Healthy Aging 2019 , 10, 51-52		2
189	Integrated Care for Older People: Solutions to Care Fragmentation 2019 , 10, 94-95		4
188	Post-Acute Care as a Key Component in a Healthcare System for Older Adults. <i>Annals of Geriatric Medicine and Research</i> , 2019 , 23, 54-62	2.9	12
187	Intraoperative blood transfusion predicts postoperative delirium among older patients undergoing elective orthopedic surgery: A prospective cohort study. <i>International Journal of Geriatric Psychiatry</i> , 2019 , 34, 881-888	3.9	10
186	Carotid Flow Velocities and Blood Pressures Are Independently Associated With Cognitive Function. <i>American Journal of Hypertension</i> , 2019 , 32, 289-297	2.3	8
185	The Association Between Serum Activin A Levels and Hypertension in the Elderly: A Cross-Sectional Analysis From I-Lan Longitudinal Aging Study. <i>American Journal of Hypertension</i> , 2018 , 31, 369-374	2.3	7

184	Healthy community-living older men differ from women in associations between myostatin levels and skeletal muscle mass. <i>Journal of Cachexia, Sarcopenia and Muscle</i> , 2018 , 9, 635-642	10.3	41
183	Cognitive Frailty and Its Association with All-Cause Mortality Among Community-Dwelling Older Adults in Taiwan: Results from I-Lan Longitudinal Aging Study. <i>Rejuvenation Research</i> , 2018 , 21, 510-517	2.6	29
182	What factors mediate the inter-relationship between frailty and pain in cognitively and functionally sound older adults? A prospective longitudinal ageing cohort study in Taiwan. <i>BMJ Open</i> , 2018 , 8, e018736	3.6	12
181	Age-related changes of skeletal muscle mass and strength among Italian and Taiwanese older people: Results from the Milan EXPO 2015 survey and the I-Lan Longitudinal Aging Study. <i>Experimental Gerontology</i> , 2018 , 102, 76-80	4.5	35
180	Calf Circumference as a Screening Instrument for Appendicular Muscle Mass Measurement. <i>Journal of the American Medical Directors Association</i> , 2018 , 19, 182-184	5.9	29
179	Epidemiology and long-term disease burden of herpes zoster and postherpetic neuralgia in Taiwan: a population-based, propensity score-matched cohort study. <i>BMC Public Health</i> , 2018 , 18, 369	4.1	15
178	Association between serum uric acid and cardiovascular risk in nonhypertensive and nondiabetic individuals: The Taiwan I-Lan Longitudinal Aging Study. <i>Scientific Reports</i> , 2018 , 8, 5234	4.9	32
177	Epidemiological and clinical significance of cognitive frailty: A mini review. <i>Ageing Research Reviews</i> , 2018 , 44, 1-7	12	50
176	Physical Activity and Sarcopenia in the Geriatric Population: A Systematic Review. <i>Journal of the American Medical Directors Association</i> , 2018 , 19, 378-383	5.9	36
175	Association Among Serum Insulin-Like Growth Factor-1, Frailty, Muscle Mass, Bone Mineral Density, and Physical Performance Among Community-Dwelling Middle-Aged and Older Adults in Taiwan. <i>Rejuvenation Research</i> , 2018 , 21, 270-277	2.6	13
174	FNIH-defined Sarcopenia Predicts Adverse Outcomes Among Community-Dwelling Older People in Taiwan: Results From I-Lan Longitudinal Aging Study. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2018 , 73, 828-834	6.4	22
173	Associations between low circulatory low-density lipoprotein cholesterol level and brain health in non-stroke non-demented subjects. <i>NeuroImage</i> , 2018 , 181, 627-634	7.9	8
172	Association between serum activin A and metabolic syndrome in older adults: Potential of activin A as a biomarker of cardiometabolic disease. <i>Experimental Gerontology</i> , 2018 , 111, 197-202	4.5	8
171	Cognitive frailty predicting all-cause mortality among community-living older adults in Taiwan: A 4-year nationwide population-based cohort study. <i>PLoS ONE</i> , 2018 , 13, e0200447	3.7	26
170	Standard set of health outcome measures for older persons. <i>BMC Geriatrics</i> , 2018 , 18, 36	4.1	76
169	Comparative proteomic profiling reveals a role for Cisd2 in skeletal muscle aging. <i>Aging Cell</i> , 2018 , 17, e12705	9.9	16
168	Associations between vitamin D deficiency, musculoskeletal health, and cardiometabolic risk among community-living people in Taiwan: Age and sex-specific relationship. <i>Medicine (United States)</i> , 2018 , 97, e13886	1.8	12
167	The synergic effects of frailty on disability associated with urbanization, multimorbidity, and mental health: implications for public health and medical care. <i>Scientific Reports</i> , 2018 , 8, 14125	4.9	11

166	Cognitive Frailty Predicts Incident Dementia among Community-Dwelling Older People. <i>Journal of Clinical Medicine</i> , 2018 , 7,	5.1	45
165	Effect of Body Weight, Waist Circumference and Their Changes on Mortality: a 10-Year Population-based Study. <i>Journal of Nutrition, Health and Aging</i> , 2018 , 22, 959-964	5.2	4
164	Increased activin A levels in prediabetes and association with carotid intima-media thickness: a cross-sectional analysis from I-Lan Longitudinal Aging Study. <i>Scientific Reports</i> , 2018 , 8, 9957	4.9	7
163	Physical Health Indicators Improve Prediction of Cardiovascular and All-cause Mortality among Middle-Aged and Older People: a National Population-based Study. <i>Scientific Reports</i> , 2017 , 7, 40427	4.9	10
162	Less Than One-Fifth of People Aged 75 Years or Older in the Real World Were Suitable for SPRINT Results. <i>Journal of the American Medical Directors Association</i> , 2017 , 18, 271-272	5.9	3
161	Association of New-Onset Diabetes Mellitus in Older People and Mortality in Taiwan: A 10-Year Nationwide Population-Based Study. <i>Journal of Nutrition, Health and Aging</i> , 2017 , 21, 227-232	5.2	11
160	Recurrent falls and its risk factors among older men living in the veterans retirement communities: A cross-sectional study. <i>Archives of Gerontology and Geriatrics</i> , 2017 , 70, 214-218	4	26
159	Hospitalization and associated factors in people with AlzheimerQ disease residing in a long-term care facility in southern Taiwan. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 50-56	2.9	3
158	Delaying cognitive and physical decline through multidomain interventions for residents with mild-to-moderate dementia in dementia care units in Taiwan: A prospective cohort study. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 36-43	2.9	8
157	Predictors of non-pharmacological intervention effect on cognitive function and behavioral and psychological symptoms of older people with dementia. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 28-35	2.9	27
156	Subtypes of physical frailty: Latent class analysis and associations with clinical characteristics and outcomes. <i>Scientific Reports</i> , 2017 , 7, 46417	4.9	36
155	Medication appropriateness for patients with dementia approaching the end of their life. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 65-74	2.9	0
154	Looking back to move forward: a twenty-year audit of herpes zoster in Asia-Pacific. <i>BMC Infectious Diseases</i> , 2017 , 17, 213	4	33
153	Association between using medications with anticholinergic properties and short-term cognitive decline among older men: A retrospective cohort study in Taiwan. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 57-64	2.9	10
152	Predictive factors for dementia and cognitive impairment among residents living in the veteransQ retirement communities in Taiwan: Implications for cognitive health promotion activities. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 7-13	2.9	9
151	Protective factors against cognitive decline among community-dwelling middle-aged and older people in Taiwan: A 6-year national population-based study. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 20-27	2.9	9
150	Impact of living arrangements on clinical outcomes among older patients with dementia or cognitive impairment admitted to the geriatric evaluation and management unit in Taiwan. <i>Geriatrics and Gerontology International</i> , 2017 , 17 Suppl 1, 44-49	2.9	0
149	Potentially high-risk medication categories and unplanned hospitalizations: a case-time-control study. <i>Scientific Reports</i> , 2017 , 7, 41035	4.9	10

148	Location of Cerebral Microbleeds And Their Association with Carotid Intima-media Thickness: A Community-based Study. <i>Scientific Reports</i> , 2017 , 7, 12058	4.9	10
147	Synergistic effects of cognitive impairment on physical disability in all-cause mortality among men aged 80 years and over: Results from longitudinal older veterans study. <i>PLoS ONE</i> , 2017 , 12, e0181741	3.7	13
146	Physical activity: A primary health quality determinant among community-dwelling geriatric women in Taiwan. <i>International Journal for Quality in Health Care</i> , 2017 , 29, 792-796	1.9	8
145	Gait Speed rather than Dynapenia Is a Simple Indicator for Complex Care Needs: A Cross-sectional Study Using Minimum Data Set. <i>Scientific Reports</i> , 2017 , 7, 8418	4.9	3
144	Dysmobility Syndrome and Risk of Mortality for Community-Dwelling Middle-Aged and Older Adults: The Nexus of Aging and Body Composition. <i>Scientific Reports</i> , 2017 , 7, 8785	4.9	13
143	Association between frailty and carotid intima media thickness and inflammatory marker in an elderly population. <i>Geriatrics and Gerontology International</i> , 2017 , 17, 2449-2454	2.9	12
