#	ARTICLE	IF	CITATIONS
1	Health, Wealth, and the Nordic Model Revisited. Nordisk VÃlfÃrdsforskning, 2024, 9, 98-102.	0.8	0
2	The associations of physical incapacity and wealth with remaining in paid employment after age 60 in five middle-income and high-income countries. Ageing and Society, 2023, 43, 2994-3017.	2.1	0
3	From health inequalities to health justice in 50 years. Community Dentistry and Oral Epidemiology, 2023, 51, 590-594.	2.0	1
4	Health in Sri Lanka: building on a success story. Ceylon Medical Journal, 2023, 68, 3-4.	1.0	0
5	Achieving sustainable health equity. Bulletin of the World Health Organization, 2022, 100, 81-83.	1.5	6
6	Public mental health: required actions to address implementation failure in the context of COVID-19. Lancet Psychiatry, 2022, 9, 169-182.	7.5	75
7	Structural adjustment programmes and infectious disease mortality. PLoS ONE, 2022, 17, e0270344.	2.5	1
8	Cardiovascular disease recurrence and long-term mortality in a tri-ethnic British cohort. Heart, 2021, 107, 996-1002.	3.7	7
9	Cumulative risk of compromised physical, mental and social health in adulthood due to family conflict and financial strain during childhood: a retrospective analysis based on survey data representative of 19 European countries. BMJ Global Health, 2021, 6, e004144.	5.4	13
10	Socioeconomic inequalities in physical and cognitive functioning: cross-sectional evidence from 37 cohorts across 28 countries in the ATHLOS project. Journal of Epidemiology and Community Health, 2021, 75, 980-986.	3.9	13
11	Supporting every school to become a foundation for healthy lives. The Lancet Child and Adolescent Health, 2021, 5, 295-303.	5.4	50
12	Build back fairer: achieving health equity in the Eastern Mediterranean region of WHO. Lancet, The, 2021, 397, 1527-1528.	11.9	10
13	Sajid Javid must promote health across government. BMJ, The, 2021, 374, n1783.	7.5	1
14	Editorial Perspective: Health inequalities, children and young people and the pandemic. Child and Adolescent Mental Health, 2021, 26, 267-268.	4.7	0
15	Incarceration and mortality in the United States. SSM - Population Health, 2021, 15, 100827.	2.8	17
16	DesafÃos teÃ3ricos y prÃ¡cticos del universalismo proporcional: una revisiÃ3n. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2021, 45, 1.	1.0	4
17	Building back fairer in Greater Manchester and the country. Royal Society Open Science, 2021, 8, 211454.	2.4	10
18	Reducing socio-economic inequalities in all-cause mortality: a counterfactual mediation approach. International Journal of Epidemiology, 2020, 49, 497-510.	2.0	34

#	ARTICLE	IF	CITATIONS
19	Premature mortality attributable to socioeconomic inequality in England between 2003 and 2018: an observational study. <i>Lancet Public Health</i> , The, 2020, 5, e33-e41.	9.9	138
20	COVID-19 mortality: a complex interplay of sex, gender and ethnicity. <i>European Journal of Public Health</i> , 2020, 30, 847-848.	0.3	48
21	Sustainable health equity: achieving a net-zero UK. <i>Lancet Planetary Health</i> , The, 2020, 4, e551-e553.	10.8	16
22	Patterning of educational attainment across inflammatory markers: Findings from a multi-cohort study. <i>Brain, Behavior, and Immunity</i> , 2020, 90, 303-310.	6.2	17
23	Special Report: The Biology of Inequalities in Health: The Lifepath Consortium. <i>Frontiers in Public Health</i> , 2020, 8, 118.	2.8	50
24	Modifiable risk factors for 9-year mortality in older English and Brazilian adults: The ELSA and SIGa-Bag@ ageing cohorts. <i>Scientific Reports</i> , 2020, 10, 4375.	3.4	13
25	Despair, democracy, and the failures of American capitalism. <i>Lancet</i> , The, 2020, 395, 1027-1028.	11.9	2
26	Society and the slow burn of inequality. <i>Lancet</i> , The, 2020, 395, 1413-1414.	11.9	60
27	Mental health and detention: an unhappy co-occurrence. <i>The Lancet Child and Adolescent Health</i> , 2020, 4, 98-99.	5.4	2
28	Public mental health and associated opportunities. <i>Indian Journal of Psychiatry</i> , 2020, 62, 3.	0.7	14
29	Theoretical and practical challenges of proportionate universalism: a review. <i>Revista Panamericana De Salud Publica/Pan American Journal of Public Health</i> , 2020, 44, 1.	1.0	52
30	Social Class and Cardiovascular Disease: The Contribution of Work. , 2020, , 33-48.		1
31	61â€...Family health strategy and health equity among older adults. <i>BMJ Leader</i> , 2020, , .	1.3	0
32	Punitive social policy: an upstream determinant of health. <i>Lancet</i> , The, 2019, 394, 376-377.	11.9	27
33	Economic decline, incarceration, and mortality from drug use disorders in the USA between 1983 and 2014: an observational analysis. <i>Lancet Public Health</i> , The, 2019, 4, e326-e333.	9.9	35
34	To what extent can the activities of the South Australian Health in All Policies initiative be linked to population health outcomes using a program theory-based evaluation?. <i>BMC Public Health</i> , 2019, 19, 88.	3.0	26
35	A health crisis is a social crisis. <i>BMJ: British Medical Journal</i> , 2019, 365, l2278.	5.6	6
36	Mobilising society to implement solutions for non-communicable diseases. <i>BMJ: British Medical Journal</i> , 2019, 365, l360.	5.6	11

#	ARTICLE	IF	CITATIONS
37	Maternal educational inequalities in measured body mass index trajectories in three European countries. <i>Paediatric and Perinatal Epidemiology</i> , 2019, 33, 226-237.	1.7	18
38	Multi-cohort study identifies social determinants of systemic inflammation over the life course. <i>Nature Communications</i> , 2019, 10, 773.	12.8	75
39	Education and mortality in three Eastern European populations: findings from the PrivMort retrospective cohort study. <i>European Journal of Public Health</i> , 2019, 29, 549-554.	0.3	14
40	Poverty and reductions in fitness levels in children and adolescents in upper middle-income countries. <i>British Journal of Sports Medicine</i> , 2019, 53, 462-463.	8.5	1
41	Social causes of the slowdown in health improvement. <i>Journal of Epidemiology and Community Health</i> , 2018, 72, 359-360.	3.9	66
42	Risk thresholds for alcohol consumption: combined analysis of individual-participant data for 599 912 current drinkers in 83 prospective studies. <i>Lancet</i> , 2018, 391, 1513-1523.	11.9	915
43	Global action on the social determinants of health. <i>BMJ Global Health</i> , 2018, 3, e000603.	5.4	156
44	Health equity, cancer, and social determinants of health. <i>The Lancet Global Health</i> , 2018, 6, S29.	6.2	12
45	Nordic leadership and global activity on health equity through action on social determinants of health. <i>Scandinavian Journal of Public Health</i> , 2018, 46, 27-29.	2.4	9
46	The association between income and life expectancy revisited: deindustrialization, incarceration and the widening health gap. <i>International Journal of Epidemiology</i> , 2018, 47, 720-730.	2.0	29
47	The gendered effects of foreign investment and prolonged state ownership on mortality in Hungary: an indirect demographic, retrospective cohort study. <i>The Lancet Global Health</i> , 2018, 6, e95-e102.	6.2	18
48	The Sustainable Development Goals and Health Equity. <i>Epidemiology</i> , 2018, 29, 5-7.	2.9	91
49	Inclusion health: addressing the causes of the causes. <i>Lancet</i> , 2018, 391, 186-188.	11.9	121
50	Just societies, health equity, and dignified lives: the PAHO Equity Commission. <i>Lancet</i> , 2018, 392, 2247-2250.	11.9	29
51	Diet, cancer, and NCD prevention. <i>Lancet Oncology</i> , 2018, 19, 863-864.	10.6	8
52	An inverse care law for our time. <i>BMJ: British Medical Journal</i> , 2018, 362, k3216.	5.6	31
53	Medical Care, Social Determinants of Health, and Health Equity. <i>World Medical and Health Policy</i> , 2018, 10, 195-197.	1.4	41
54	Inequalities in asthma mortality: a specific case of a general issue of health inequalities. <i>Thorax</i> , 2018, 73, 704-705.	7.1	7

#	ARTICLE	IF	CITATIONS
55	Socioeconomic status and the 25 risk factors as determinants of premature mortality: a multicohort study and meta-analysis of 1.7 million men and women. <i>Lancet, The</i> , 2017, 389, 1229-1237.	11.9	898
56	Post-truth and science. <i>Lancet, The</i> , 2017, 389, 497-498.	11.9	27
57	The effect of rapid privatisation on mortality in mono-industrial towns in post-Soviet Russia: a retrospective cohort study. <i>Lancet Public Health, The</i> , 2017, 2, e231-e238.	9.9	42
58	Galileo "speaking truth to power. <i>Lancet, The</i> , 2017, 389, 2277-2278.	11.9	0
59	Impact of perceived control on all-cause and cardiovascular disease mortality in three urban populations of Central and Eastern Europe: the HAPIEE study. <i>Journal of Epidemiology and Community Health</i> , 2017, 71, 771-778.	3.9	11
60	Mother's education and offspring asthma risk in 10 European cohort studies. <i>European Journal of Epidemiology</i> , 2017, 32, 797-805.	5.8	27
61	Social justice, epidemiology and health inequalities. <i>European Journal of Epidemiology</i> , 2017, 32, 537-546.	5.8	260
62	The health gap: Doctors and the social determinants of health. <i>Scandinavian Journal of Public Health</i> , 2017, 45, 686-693.	2.4	54
63	Closing the health gap. <i>Scandinavian Journal of Public Health</i> , 2017, 45, 723-731.	2.4	31
64	Capabilities, Human Flourishing and the Health Gap. <i>Journal of Human Development and Capabilities</i> , 2017, 18, 370-383.	1.9	10
65	Roger Jowell's vision: European Social Survey. <i>European Journal of Public Health</i> , 2017, 27, 1-1.	0.3	0
66	The Health Gap: The Challenge of an Unequal World: the argument. <i>International Journal of Epidemiology</i> , 2017, 46, 1312-1318.	2.0	107
67	Dignity, social investment and the Indigenous health gap. <i>Medical Journal of Australia</i> , 2017, 207, 20-21.	1.7	11
68	Commentary: Social determinants and the health gap: creating a social movement. <i>International Journal of Epidemiology</i> , 2017, 46, 1335-1339.	2.0	9
69	Psychosocial and socioeconomic determinants of cardiovascular mortality in Eastern Europe: A multicentre prospective cohort study. <i>PLoS Medicine</i> , 2017, 14, e1002459.	8.2	42
70	The biology of inequalities in health: the LIFEPAATH project. <i>Longitudinal and Life Course Studies</i> , 2017, 8, .	0.9	22
71	Health in All Policies in South Australia: what has supported early implementation?. <i>Health Promotion International</i> , 2016, 31, dav084.	2.0	35
72	Wealth and Disability in Later Life: The English Longitudinal Study of Ageing (ELSA). <i>PLoS ONE</i> , 2016, 11, e0166825.	2.5	34

#	ARTICLE	IF	CITATIONS
