#	Paper	IF	Citations
156	Paving the Way to Promote Resilience in Children With Cancer and Their Families to Overcome Stress and Adversity. <i>Cancer Nursing</i> , 2022 , 45, 83	2.6	0
155	The association between heated tobacco product use and cigarette cessation outcomes among youth smokers: A prospective cohort study. <i>Journal of Substance Abuse Treatment</i> , 2022 , 132, 108599	4.2	0
154	Efficacy of a blended learning programme in enhancing the communication skill competence and self-efficacy of nursing students in conducting clinical handovers: a randomised controlled trial.. <i>BMC Medical Education</i> , 2022 , 22, 275	3.3	0
153	Evaluating the experiences of parents of children with cancer engaging in a mobile device-based resilience training programme: a qualitative study.. <i>Supportive Care in Cancer</i> , 2022 , 1	3.9	0
152	Impact of Poverty on Parent-Child Relationships, Parental Stress, and Parenting Practices.. <i>Frontiers in Public Health</i> , 2022 , 10, 849408	6	0
151	Associations of Physical Activity and Handgrip Strength with Different Domains of Quality of Life in Pediatric Cancer Survivors. <i>Cancers</i> , 2022 , 14, 2554	6.6	0
150	Relationships among hope, psychological well-being and health-related quality of life in childhood cancer survivors. <i>Journal of Health Psychology</i> , 2021 , 26, 1528-1537	3.1	7
149	Effectiveness of a Mobile Device-Based Resilience Training Program in Reducing Depressive Symptoms and Enhancing Resilience and Quality of Life in Parents of Children With Cancer: Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2021 , 23, e27639	7.6	1
148	Translation and psychometric evaluation of the Chinese version of the resilience scale for children with cancer. <i>Health and Quality of Life Outcomes</i> , 2021 , 19, 232	3	1
147	Perceptions, behaviours and attitudes towards smoking held by the male partners of Chinese pregnant women: a qualitative study. <i>BMC Public Health</i> , 2021 , 21, 1901	4.1	0
146	High Perceived Susceptibility to and Severity of COVID-19 in Smokers Are Associated with Quitting-Related Behaviors. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	1
145	Adventure-based training to enhance resilience and reduce depressive symptoms among juveniles: A randomized controlled trial. <i>Research in Nursing and Health</i> , 2021 , 44, 438-448	2	1
144	Effectiveness of smoking cessation interventions for smokers with chronic diseases: A systematic review. <i>Journal of Advanced Nursing</i> , 2021 , 77, 3331-3342	3.1	0
143	A medical peer-delivered intervention comprising brief motivational interviewing via instant-messaging interaction to reduce drug misuse among youth in Hong Kong: A protocol for a randomised controlled trial. <i>Addiction Science & Clinical Practice</i> , 2021 , 16, 32	4.1	
142	Brief Advice, Nicotine Replacement Therapy Sampling, and Active Referral for Expectant Fathers Who Smoke Cigarettes: A Randomized Clinical Trial. <i>JAMA Internal Medicine</i> , 2021 , 181, 1081-1089	11.5	1
141	Adaptation and Psychometric Evaluation of the Chinese Counseling Competencies Scale-Revised. <i>Frontiers in Psychology</i> , 2021 , 12, 688539	3.4	0
140	Psychological interventions for enhancing resilience in parents of children with cancer: a systematic review and meta-analysis. <i>Supportive Care in Cancer</i> , 2021 , 29, 7101-7110	3.9	2

139	Psychometric properties of the Chinese version of the Pittsburgh Sleep Quality Index (PSQI) among Hong Kong Chinese childhood cancer survivors. <i>Health and Quality of Life Outcomes</i> , 2021 , 19, 176	3	4
138	Pediatric brain tumor survivors' lived experience of engaging in a musical training program which promoted their psychological well-being: a qualitative study. <i>Supportive Care in Cancer</i> , 2021 , 29, 3145-3154	3.9	2
137	Brief mindfulness training for smoking cessation in Chinese women in workplaces: A pilot randomized controlled trial. <i>Addictive Behaviors</i> , 2021 , 113, 106677	4.2	2
136	Newly graduate nurse perception and experience of clinical handover. <i>Nurse Education Today</i> , 2021 , 97, 104693	3.7	3
135	Parental perspectives on promoting physical activity for their children surviving cancer: A qualitative study. <i>Patient Education and Counseling</i> , 2021 , 104, 1719-1725	3.1	2
134	Relationships among resilience, depressive symptoms, self-esteem, and quality of life in children with cancer. <i>Psycho-Oncology</i> , 2021 , 30, 194-201	3.9	2
133	Physicians' very brief (30-sec) intervention for smoking cessation on 13 671 smokers in China: a pragmatic randomized controlled trial. <i>Addiction</i> , 2021 , 116, 1172-1185	4.6	3
132	First Report on Smoking and Infection Control Behaviours at Outdoor Hotspots during the COVID-19 Pandemic: An Unobtrusive Observational Study. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	3
131	Physical activity for pediatric cancer survivors: a systematic review of randomized controlled trials. <i>Journal of Cancer Survivorship</i> , 2021 , 15, 876-889	5.1	8
130	Active referral plus a small financial incentive upon cessation services use on smoking abstinence: a community-based, cluster-randomised controlled trial. <i>The Lancet Regional Health - Western Pacific</i> , 2021 , 13, 100189	5	1
129	Understanding the lived experience of sleep disruption among childhood cancer survivors: a phenomenological study. <i>Sleep Medicine</i> , 2021 , 88, 204-212	4.6	0
128	Relationships between resilience and quality of life in parents of children with cancer. <i>Journal of Health Psychology</i> , 2021 , 1359105321990806	3.1	3
127	Promoting smoking cessation among community-living female smokers by training smoking cessation and reduction ambassadors. <i>Journal of Public Health</i> , 2020 , 42, 53-61	3.5	0
126	Heated tobacco products use in Chinese adults in Hong Kong: a population-based cross-sectional study. <i>Tobacco Control</i> , 2020 , 29, 277-281	5.3	14
125	Effects of simple active referrals of different intensities on smoking abstinence and smoking cessation services attendance: a cluster-randomized clinical trial. <i>Addiction</i> , 2020 , 115, 1902-1912	4.6	3
124	Psychometric evaluation of the traditional Chinese version of the resilience Scale-14 and assessment of resilience in Hong Kong adolescents. <i>Health and Quality of Life Outcomes</i> , 2020 , 18, 33	3	5
123	Effectiveness of WhatsApp online group discussion for smoking relapse prevention: protocol for a pragmatic randomized controlled trial. <i>Addiction</i> , 2020 , 115, 1777-1785	4.6	4
122	Effectiveness of nicotine replacement therapy sample at outdoor smoking hotspots for initiating quit attempts and use of smoking cessation services: a protocol for a cluster randomised controlled trial. <i>BMJ Open</i> , 2020 , 10, e036339	3	1

121	Brief cessation advice, nicotine replacement therapy sampling and active referral (BANSAR) for smoking expectant fathers: Study protocol for a multicentre, pragmatic randomised controlled trial. <i>Contemporary Clinical Trials</i> , 2020 , 93, 106006	2.3	1
120	Effects of active referral combined with a small financial incentive on smoking cessation: study protocol for a cluster randomised controlled trial. <i>BMJ Open</i> , 2020 , 10, e038351	3	2
119	Exercise and Physical Activity. <i>Pediatric Oncology</i> , 2020 , 153-167	0.5	3
118	Quitting trajectories of Chinese women smokers following telephone smoking cessation counselling: A longitudinal study. <i>Journal of Clinical Nursing</i> , 2020 , 29, 556-566	3.2	1
117	Effectiveness of a Brief Self-determination Theory-Based Smoking Cessation Intervention for Smokers at Emergency Departments in Hong Kong: A Randomized Clinical Trial. <i>JAMA Internal Medicine</i> , 2020 , 180, 206-214	11.5	14
116	Comparing the Impact of Cancer and Treatment-Related Effects on Psychological Well-being and Quality of Life Between Hong Kong Survivors of Childhood Solid Tumors and Leukemia. <i>Cancer Nursing</i> , 2020 , 43, 446-454	2.6	2
115	Low-income parents' perceptions of the importance of a musical training programme for their children: a qualitative study. <i>BMC Public Health</i> , 2020 , 20, 1454	4.1	2
114	Effectiveness of a video-based smoking cessation intervention focusing on maternal and child health in promoting quitting among expectant fathers in China: A randomized controlled trial. <i>PLoS Medicine</i> , 2020 , 17, e1003355	11.6	4
113	Impact of COVID-19 on the Hong Kong Youth Quitline Service and Quitting Behaviors of Its Users. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	8
112	The effectiveness of a video-based smoking cessation intervention focusing on maternal and child health to help Chinese expectant fathers quit smoking: an open-label, single-blind, three-arm, randomised controlled trial. <i>Lancet, The</i> , 2020 , 396, S3	40	
111	Awareness and Use of Heated Tobacco Products among Youth Smokers in Hong Kong: A Cross-Sectional Study. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	3
110	Health support to pediatric cancer survivors and their families during the COVID-19 pandemic. <i>Pediatric Blood and Cancer</i> , 2020 , 67, e28441	3	7
109	Promoting physical activity among children with cancer through an integrated experiential training programme with coaching: A qualitative study. <i>Patient Education and Counseling</i> , 2020 , 103, 1230-1236	3.1	1
108	Association of smoking behavior among Chinese expectant fathers and smoking abstinence after their partner becomes pregnant: a cross-sectional study. <i>BMC Pregnancy and Childbirth</i> , 2020 , 20, 449	3.2	1
107	Relationships among resilience, self-esteem, and depressive symptoms in Chinese adolescents. <i>Journal of Health Psychology</i> , 2020 , 25, 2396-2405	3.1	6
106	Brief handgrip and isometric exercise intervention for smoking cessation: A pilot randomized trial. <i>Addictive Behaviors</i> , 2020 , 100, 106119	4.2	2
105	Delivery of a Nicotine Replacement Therapy Sample at Outdoor Smoking Hotspots for Promoting Quit Attempts: A Pilot Randomized Controlled Trial. <i>Nicotine and Tobacco Research</i> , 2020 , 22, 1468-1475	4.9	7
104	Psychometric evaluation of the Chinese version of the Fatigue Scale for Children: abridged secondary publication. <i>Hong Kong Medical Journal</i> , 2020 , 26 Suppl 6, 17-19	0.7	

103	Chat-based instant messaging support integrated with brief interventions for smoking cessation: a community-based, pragmatic, cluster-randomised controlled trial. <i>The Lancet Digital Health</i> , 2019 , 1, e183-e192	14.4	20
102	Impact of brain tumor and its treatment on the physical and psychological well-being, and quality of life amongst pediatric brain tumor survivors. <i>European Journal of Oncology Nursing</i> , 2019 , 41, 104-109	2.8	13
101	Helping hospitalized smokers in Hong Kong quit smoking by understanding their risk perception, behaviour, and attitudes related to smoking. <i>Journal of Advanced Nursing</i> , 2019 , 75, 2167-2177	3.1	2
100	The Impact of Hematologic Cancer and Its Treatment on Physical Activity Level and Quality of Life Among Children in Mainland China: A Descriptive Study. <i>Cancer Nursing</i> , 2019 , 42, 492-500	2.6	4
99	The impact of congenital heart disease on the psychological well-being and quality of life of Hong Kong Chinese adolescents: A cross-sectional study. <i>Journal of Clinical Nursing</i> , 2019 , 28, 3158-3167	3.2	4
98	A study protocol for a randomised controlled trial evaluating the use of information communication technology (WhatsApp/WeChat) to deliver brief motivational interviewing (i-BMI) in promoting smoking cessation among smokers with chronic diseases. <i>BMC Public Health</i> , 2019 , 19, 1083	4.1	5
97	Effectiveness of a musical training programme in promoting happiness and quality of life of underprivileged preschool children. <i>Journal of Clinical Nursing</i> , 2019 , 28, 4412-4423	3.2	4
96	Systematic review of the effectiveness of complementary and alternative medicine on nausea and vomiting in children with cancer: a study protocol. <i>BMJ Open</i> , 2019 , 9, e031834	3	2
95	Relationships among fatigue, physical activity, depressive symptoms, and quality of life in Chinese children and adolescents surviving cancer. <i>European Journal of Oncology Nursing</i> , 2019 , 38, 21-27	2.8	16
94	Chat-based instant messaging support combined with brief smoking cessation interventions for Chinese community smokers in Hong Kong: Rationale and study protocol for a pragmatic, cluster-randomized controlled trial. <i>Contemporary Clinical Trials</i> , 2019 , 77, 70-75	2.3	2
93	A descriptive study of a Smoke-free Teens Programme to promote smoke-free culture in schools and the community in Hong Kong. <i>BMC Public Health</i> , 2019 , 19, 23	4.1	1
92	Efficacy of musical training on psychological outcomes and quality of life in Chinese pediatric brain tumor survivors. <i>Psycho-Oncology</i> , 2019 , 28, 174-180	3.9	12
91	Integrated adventure-based training and health education programme in promoting regular physical activity among childhood cancer survivors. <i>Hong Kong Medical Journal</i> , 2019 , 25 Suppl 2, 40-43	0.7	1
90	Biomechanical approach in facilitating long-distance walking of healthy elderly people. <i>Hong Kong Medical Journal</i> , 2019 , 25 Suppl 2, 44-47	0.7	
89	Comparison of two approaches in achieving smoking abstinence among patients in an outpatient clinic: A Phase 2 randomized controlled trial. <i>Patient Education and Counseling</i> , 2018 , 101, 885-893	3.1	8
88	Exploratory study on the relationship between smoking and other risk behaviours among young smokers. <i>Journal of Clinical Nursing</i> , 2018 , 27, 2859-2867	3.2	4
87	Helping cancer patients quit smoking using brief advice based on risk communication: A randomized controlled trial. <i>Scientific Reports</i> , 2018 , 8, 2712	4.9	10
86	Adventure-based training to promote physical activity and reduce fatigue among childhood cancer survivors: A randomized controlled trial. <i>International Journal of Nursing Studies</i> , 2018 , 83, 65-74	5.8	33

85	Students' approaches to learning in a clinical practicum: A psychometric evaluation based on item response theory. <i>Nurse Education Today</i> , 2018 , 66, 179-186	3.7	3
84	Proactive outreach smoking cessation program for Chinese employees in China. <i>Archives of Environmental and Occupational Health</i> , 2018 , 73, 67-78	2	2
83	All in all it is just a judgement call—issues surrounding sexual consent in young people—heterosexual encounters. <i>Journal of Youth Studies</i> , 2018 , 21, 35-50	1.5	16
82	Feasibility, Efficacy, and Cost Analysis of Promoting Smoking Cessation at Outdoor Smoking "Hotspots": A Pre-Post Study. <i>Nicotine and Tobacco Research</i> , 2018 , 20, 1519-1524	4.9	5
81	Comparing different intensities of active referral to smoking cessation services in promoting smoking cessation among community smokers: a study protocol of a cluster randomized controlled trial. <i>BMC Public Health</i> , 2018 , 18, 830	4.1	5
80	Does Electronic Cigarette Use Predict Abstinence from Conventional Cigarettes among Smokers in Hong Kong?. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	5
79	An integrated experiential training programme with coaching to promote physical activity, and reduce fatigue among children with cancer: A randomised controlled trial. <i>Patient Education and Counseling</i> , 2018 , 101, 1947-1956	3.1	22
78	Paternal smoking and maternal protective behaviors at home on infant's saliva cotinine levels. <i>Pediatric Research</i> , 2018 , 83, 936-942	3.2	6
77	Smoking behaviours of Hong Kong Chinese hospitalised patients and predictors of smoking abstinence after discharge: a cross-sectional study. <i>BMJ Open</i> , 2018 , 8, e023965	3	3
76	Factors contributing to the low physical activity level for Hong Kong Chinese children hospitalised with cancer: an exploratory study. <i>Journal of Clinical Nursing</i> , 2017 , 26, 190-201	3.2	12
75	An Evaluation of the Youth Quitline Service Young Hong Kong Smokers. <i>Journal of Adolescent Health</i> , 2017 , 60, 584-591	5.8	14
74	Brief intervention to promote smoking cessation and improve glycemic control in smokers with type 2 diabetes: a randomized controlled trial. <i>Scientific Reports</i> , 2017 , 7, 45902	4.9	10
73	Electronic cigarette use is not associated with quitting of conventional cigarettes in youth smokers. <i>Pediatric Research</i> , 2017 , 82, 14-18	3.2	10
72	Online Social Support for the Prevention of Smoking Relapse: A Content Analysis of the WhatsApp and Facebook Social Groups. <i>Telemedicine Journal and E-Health</i> , 2017 , 23, 507-516	5.9	22
71	Intervention With Brief Cessation Advice Plus Active Referral for Proactively Recruited Community Smokers: A Pragmatic Cluster Randomized Clinical Trial. <i>JAMA Internal Medicine</i> , 2017 , 177, 1790-1797	11.5	27
70	A Systematic Review of Recreation Therapy for Depression in Older Adults 2017 , 07,		2
69	The reasons of dropout of sport in Hong Kong school athletes. <i>Health Psychology Research</i> , 2017 , 5, 6766		5
68	Validity and Reliability of Timed Up and Go Test on Dynamic Balance in 3-5 Years Old Preschool Children. <i>Journal of Yoga & Physical Therapy</i> , 2017 , 07,		2

67	Association between employer's knowledge and attitude towards smoking cessation and voluntary promotion in workplace: a survey study. <i>Tobacco Induced Diseases</i> , 2017 , 15, 44	3.2	5
66	Brief Advice on Smoking Reduction Versus Abrupt Quitting for Smoking Cessation in Chinese Smokers: A Cluster Randomized Controlled Trial. <i>Nicotine and Tobacco Research</i> , 2017 , 20, 67-72	4.9	18
65	Development of a community-based network to promote smoking cessation among female smokers in Hong Kong. <i>BMC Public Health</i> , 2017 , 17, 311	4.1	2
64	Effectiveness of a small cash incentive on abstinence and use of cessation aids for adult smokers: A randomized controlled trial. <i>Addictive Behaviors</i> , 2017 , 66, 17-25	4.2	19
63	Factors contributing to the psychological well-being for Hong Kong Chinese children from low-income families: a qualitative study. <i>International Journal of Mental Health Systems</i> , 2016 , 10, 56	3.6	10
62	Play interventions to reduce anxiety and negative emotions in hospitalized children. <i>BMC Pediatrics</i> , 2016 , 16, 36	2.6	78
61	Brief advice and active referral for smoking cessation services among community smokers: a study protocol for randomized controlled trial. <i>BMC Public Health</i> , 2016 , 16, 387	4.1	10
60	Nurses' knowledge of advance directives and perceived confidence in end-of-life care: a cross-sectional study in five countries. <i>International Journal of Nursing Practice</i> , 2016 , 22, 247-57	2.3	36
59	The impact of cancer and its treatment on physical activity levels and quality of life among young Hong Kong Chinese cancer patients. <i>European Journal of Oncology Nursing</i> , 2016 , 21, 83-9	2.8	13
58	Motivating smokers at outdoor public smoking hotspots to have a quit attempt with a nicotine replacement therapy sample: study protocol for a randomized controlled trial. <i>Trials</i> , 2016 , 17, 355	2.8	5
57	Towards international consensus on patient harm: perspectives on pressure injury policy. <i>Journal of Nursing Management</i> , 2016 , 24, 902-914	4.9	20
56	The Psychometric Properties of the Chinese Version of the Fatigue Scale for Children. <i>Cancer Nursing</i> , 2016 , 39, 341-8	2.6	7
55	Smoking among Hong Kong Chinese women: behavior, attitudes and experience. <i>BMC Public Health</i> , 2015 , 15, 183	4.1	18
54	Effective Prevention and Management of Tumor Lysis Syndrome in Children With Cancer: The Important Contributions of Pediatric Oncology Nurses. <i>Journal of Pediatric Oncology Nursing</i> , 2015 , 32, 209-18	2	2
53	Therapeutic play intervention on children's perioperative anxiety, negative emotional manifestation and postoperative pain: a randomized controlled trial. <i>Journal of Advanced Nursing</i> , 2015 , 71, 1032-43	3.1	37
52	Helping cancer patients quit smoking by increasing their risk perception: a study protocol of a cluster randomized controlled trial. <i>BMC Cancer</i> , 2015 , 15, 490	4.8	6
51	Signal transduction pathways in <i>Synechocystis</i> sp. PCC 6803 and biotechnological implications under abiotic stress. <i>Critical Reviews in Biotechnology</i> , 2015 , 35, 269-80	9.4	19
50	Psychometric properties of the Chinese version of the fatigue scale-adolescent. <i>BMC Cancer</i> , 2015 , 15, 938	4.8	5

49	An evaluation study of a gender-specific smoking cessation program to help Hong Kong Chinese women quit smoking. <i>BMC Public Health</i> , 2015 , 15, 986	4.1	11
48	A mixed-method study of effects of a therapeutic play intervention for children on parental anxiety and parents' perceptions of the intervention. <i>Journal of Advanced Nursing</i> , 2015 , 71, 1539-51	3.1	15
47	Misconceptions about smoking in patients with type 2 diabetes mellitus: a qualitative analysis. <i>Journal of Clinical Nursing</i> , 2015 , 24, 2545-53	3.2	5
46	The effect of poverty and income disparity on the psychological well-being of Hong Kong children. <i>Public Health Nursing</i> , 2015 , 32, 212-21	1.8	20
45	Sustainability of an Integrated Adventure-Based Training and Health Education Program to Enhance Quality of Life Among Chinese Childhood Cancer Survivors: A Randomized Controlled Trial. <i>Cancer Nursing</i> , 2015 , 38, 366-74	2.6	17
44	E-Cigarette Awareness, Perceptions and Use among Community-Recruited Smokers in Hong Kong. <i>PLoS ONE</i> , 2015 , 10, e0141683	3.7	13
43	Using WhatsApp and Facebook Online Social Groups for Smoking Relapse Prevention for Recent Quitters: A Pilot Pragmatic Cluster Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2015 , 17, e238	7.6	69
42	Helping cancer patients to quit smoking by understanding their risk perception, behavior, and attitudes related to smoking. <i>Psycho-Oncology</i> , 2014 , 23, 870-7	3.9	9
41	46(th) Congress of The International Society of Paediatric Oncology (SIOP) 2014 Toronto, Canada, 22(nd) -25(th) October, 2014 SIOP Abstracts. <i>Pediatric Blood and Cancer</i> , 2014 , 61 Suppl 2, S105-433	3	15
40	A randomized controlled trial of the effectiveness of a therapeutic play intervention on outcomes of children undergoing inpatient elective surgery: study protocol. <i>Journal of Advanced Nursing</i> , 2014 , 70, 431-42	3.1	22
39	The impact of cancer and its treatment on physical activity levels and behavior in Hong Kong Chinese childhood cancer survivors. <i>Cancer Nursing</i> , 2014 , 37, E43-51	2.6	34
38	Effect of therapeutic play on pre- and post-operative anxiety and emotional responses in Hong Kong Chinese children: a randomised controlled trial. <i>Hong Kong Medical Journal</i> , 2014 , 20 Suppl 7, 36-9	0.7	2
37	Effectiveness of a parental training programme in enhancing the parent-child relationship and reducing harsh parenting practices and parental stress in preparing children for their transition to primary school: a randomised controlled trial. <i>BMC Public Health</i> , 2013 , 13, 1079	4.1	6
36	The impact of cancer on the physical, psychological and social well-being of childhood cancer survivors. <i>European Journal of Oncology Nursing</i> , 2013 , 17, 214-9	2.8	50
35	Effectiveness of an adventure-based training programme in promoting the psychological well-being of primary schoolchildren. <i>Journal of Health Psychology</i> , 2013 , 18, 1478-92	3.1	16
34	Relationships among therapy-related symptoms, depressive symptoms, and quality of life in Chinese children hospitalized with cancer: an exploratory study. <i>Cancer Nursing</i> , 2013 , 36, 346-54	2.6	27
33	Confirmatory factor analysis of the Chinese version of the Pediatric Quality-of-Life Inventory Cancer Module. <i>Cancer Nursing</i> , 2013 , 36, E66-72	2.6	4
32	Nurses' preferred end-of-life treatment choices in five countries. <i>International Nursing Review</i> , 2013 , 60, 313-9	3.5	6

31	Effectiveness of an integrated adventure-based training and health education program in promoting regular physical activity among childhood cancer survivors. <i>Psycho-Oncology</i> , 2013 , 22, 2601-10	3.9	52
30	Effectiveness of a play-integrated primary one preparatory programme to enhance a smooth transition for children. <i>Journal of Health Psychology</i> , 2013 , 18, 10-25	3.1	17
29	Herth hope index: psychometric testing of the Chinese version. <i>Journal of Advanced Nursing</i> , 2012 , 68, 2079-85	3.1	32
28	A descriptive study of the psychosocial well-being and quality of life of childhood cancer survivors in Hong Kong. <i>Cancer Nursing</i> , 2012 , 35, 447-55	2.6	21
27	Predisposing factors to the quality of life of childhood cancer survivors. <i>Journal of Pediatric Oncology Nursing</i> , 2012 , 29, 211-20	2	7
26	The effectiveness of therapeutic play, using virtual reality computer games, in promoting the psychological well-being of children hospitalised with cancer. <i>Journal of Clinical Nursing</i> , 2011 , 20, 2135-43	2.2	81
25	Effectiveness and feasibility of using the computerized interactive virtual space in reducing depressive symptoms of Hong Kong Chinese children hospitalized with cancer. <i>Journal for Specialists in Pediatric Nursing</i> , 2011 , 16, 190-8	1.3	10
24	Coping strategies used by children hospitalized with cancer: an exploratory study. <i>Psycho-Oncology</i> , 2011 , 20, 969-76	3.9	34
