#	ARTICLE	IF	CITATIONS
1	The relationships between perceived parenting style, learning motivation, friendship satisfaction, and the addictive use of smartphones with elementary school students of South Korea: Using multivariate latent growth modeling. <i>School Psychology International</i> , 2015, 36, 513-531.	1.1	80
2	The relationship between the type of smartphone use and smartphone dependence of Korean adolescents: National survey study. <i>Children and Youth Services Review</i> , 2017, 81, 207-211.	1.0	59
3	The relationship between smartphone use for communication, social capital, and subjective well-being in Korean adolescents: Verification using multiple latent growth modeling. <i>Children and Youth Services Review</i> , 2019, 96, 93-99.	1.0	41
4	The influence of strain factors, social control factors, self-control and computer use on adolescent cyber delinquency: Korean National Panel Study. <i>Children and Youth Services Review</i> , 2017, 78, 74-80.	1.0	29
5	The relationship between exposure to risky online content, cyber victimization, perception of cyberbullying, and cyberbullying offending in Korean adolescents. <i>Children and Youth Services Review</i> , 2021, 123, 105946.	1.0	27
6	The relationship between social capital, acculturative stress and depressive symptoms in multicultural adolescents: Verification using multivariate latent growth modeling. <i>International Journal of Intercultural Relations</i> , 2020, 74, 127-135.	1.0	18
7	Association between Fear of Falling (FOF) and all-cause mortality. <i>Archives of Gerontology and Geriatrics</i> , 2020, 88, 104017.	1.4	17
8	An analysis of career maturity among Korean youths using latent growth modeling. <i>School Psychology International</i> , 2017, 38, 434-449.	1.1	17
9	Factors associated with depressive symptoms among elderly Koreans: the role of health status, work ability, financial problems, living alone, and family relationships. <i>Psychogeriatrics</i> , 2020, 20, 304-309.	0.6	16
10	Autoregressive cross-lagged modelling of the relationship between social activity, depressive symptoms, and cognitive function in Korean elderly. <i>Psychogeriatrics</i> , 2021, 21, 350-358.	0.6	12
11	The relationship between bicultural identity, acculturative stress, and psychological well-being in multicultural adolescents: Verification using multivariate latent growth modelling. <i>Stress and Health</i> , 2020, 36, 51-58.	1.4	11
12	The prediction model of suicidal thoughts in Korean adults using Decision Tree Analysis: A nationwide cross-sectional study. <i>PLoS ONE</i> , 2019, 14, e0223220.	1.1	10
13	The Moderating Effects of the Facets of Mindfulness on the Relationship between Daily Life Stress and Suicidal Ideation among Korean College Students. <i>International Journal of Mental Health and Addiction</i> , 2022, 20, 136-151.	4.4	9
14	The Effect of Cigarette Use and Dual-Use on Depression and Sleep Quality. <i>Substance Use and Misuse</i> , 2021, 56, 1869-1873.	0.7	9
15	ADHD, suicidal ideation, depression, anxiety, self-esteem, and alcohol problem in Korean juvenile delinquency. <i>Medicine (United States)</i> , 2020, 99, e19423.	0.4	8
16	The long-term association between social activity, cognitive function and life satisfaction in Korean older adults: Analyzing 10 years of data using multivariate latent growth modeling. <i>Japan Journal of Nursing Science</i> , 2021, 18, e12390.	0.5	7
17	Social Anxiety and Social Networking Service Addiction Proneness in University Students: The Mediating Effects of Experiential Avoidance and Interpersonal Problems. <i>Psychiatry Investigation</i> , 2022, 19, 462-469.	0.7	7
18	The association between health-related factors, physical and mental diseases, social activities, and cognitive function in elderly Koreans: a population-based cross-sectional study. <i>Psychogeriatrics</i> , 2020, 20, 654-662.	0.6	6

#	ARTICLE	IF	CITATIONS
19	The influence of strain due to individual risk factors and social risk factors on depressive symptoms and suicidality-a population-based study in Korean adults. <i>Medicine (United States)</i> , 2018, 97, e11358.	0.4	5
20	The Mediating Effect of Physical Function Decline on the Association Between Social Activity and Cognitive Function in Middle and Older Korean Adults: Analyzing Ten Years of Data Through Multivariate Latent Growth Modeling. <i>Frontiers in Psychology</i> , 2020, 11, 2008.	1.1	5
21	The moderating effects of individual and community social capital on the relationship between depressive symptoms and suicide in the elderly. <i>Current Psychology</i> , 2021, 40, 4164-4171.	1.7	5
22	The Relationships between Addiction to Highly Caffeinated Drinks, Burnout, and Attention-Deficit/Hyperactivity Disorder. <i>SoaÅ;Œceongso'nyeon Jeongsin Yihag</i> , 2019, 30, 153-160.	0.3	5
23	Association between resilience, social support, and institutional trust and post-traumatic stress disorder after natural disasters. <i>Archives of Psychiatric Nursing</i> , 2022, 37, 39-44.	0.7	5
24	Individual and social stress, social capital, and depressive symptoms as predictors of adolescent suicide in South Korea: A mediated moderation model. <i>Journal of Health Psychology</i> , 2019, 24, 1909-1919.	1.3	4
25	The moderating effect of the perception of cyber violence on the influence of exposure to violent online media on cyber offending in Korean adolescents. <i>School Psychology International</i> , 2021, 42, 450-461.	1.1	2
26	The verification of causal relationship between acculturative stress and bicultural acceptance attitude using autoregressive cross-lagged modeling. <i>Current Psychology</i> , 2021, 40, 5691-5697.	1.7	2
27	The long-term effects of perceived community disorder and social stigma on depressive symptoms among adolescent school dropouts using multivariate latent growth modeling. <i>School Psychology International</i> , 2020, 41, 485-498.	1.1	1
28	Depressive Symptoms and Mortality Among Middle-Aged and Older Adults in South Korea. <i>Psychiatry Investigation</i> , 2022, 19, 302-310.	0.7	1
29	The Analysis of a Causal Relationship between Career Maturity and Academic Achievement on Korean Adolescents Using Autoregressive Cross-Lagged Modeling. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 5572.	1.2	1
