#	ARTICLE	IF	CITATIONS
1	Delivering genome sequencing for rapid genetic diagnosis in critically ill children: parent and professional views, experiences and challenges. <i>European Journal of Human Genetics</i> , 2020, 28, 1529-1540.	2.8	29
2	Couples experiences of receiving uncertain results following prenatal microarray or exome sequencing: A mixed-methods systematic review. <i>Prenatal Diagnosis</i> , 2020, 40, 1028-1039.	2.3	25
3	Parental experiences of uncertainty following an abnormal fetal anomaly scan: Insights using Han's taxonomy of uncertainty. <i>Journal of Genetic Counseling</i> , 2021, 30, 198-210.	1.6	20
4	How to deal with uncertainty in prenatal genomics: A systematic review of guidelines and policies. <i>Clinical Genetics</i> , 2021, 100, 647-658.	2.0	15
5	Young people's understanding, attitudes and involvement in decision-making about genome sequencing for rare diseases: A qualitative study with participants in the UK 100,000 Genomes Project. <i>European Journal of Medical Genetics</i> , 2020, 63, 104043.	1.3	13
6	Dealing with uncertain results from chromosomal microarray and exome sequencing in the prenatal setting: An international cross-sectional study with healthcare professionals. <i>Prenatal Diagnosis</i> , 2021, 41, 720-732.	2.3	13
7	Development and mixed-methods evaluation of an online animation for young people about genome sequencing. <i>European Journal of Human Genetics</i> , 2020, 28, 896-906.	2.8	10
8	Living with osteogenesis imperfecta: A qualitative study exploring experiences and psychosocial impact from the perspective of patients, parents and professionals. <i>Disability and Health Journal</i> , 2022, 15, 101168.	2.8	6
9	"It's okay to not know" - a qualitative exploration of faculty approaches to working with uncertainty. <i>BMC Medical Education</i> , 2022, 22, 135.	2.4	6
10	Factors that impact on women's decision-making around prenatal genomic tests: An international discrete choice survey. <i>Prenatal Diagnosis</i> , 2022, 42, 934-946.	2.3	5
11	Assessing women's preferences towards tests that may reveal uncertain results from prenatal genomic testing: Development of attributes for a discrete choice experiment, using a mixed-methods design. <i>PLoS ONE</i> , 2022, 17, e0261898.	2.5	4
12	Animation or leaflet: Does it make a difference when educating young people about genome sequencing?. <i>Patient Education and Counseling</i> , 2021, 104, 2522-2530.	2.2	2
13	56...Parent and health professional experiences and views of genome sequencing for rapid diagnosis in critically ill children. , 2019, , .		0
