#	Paper	IF	Citations
132	Psychometric qualities of the HLS-EU-Q16 instrument for parental health literacy in Swedish multicultural settings.. <i>BMC Public Health</i> , 2022 , 22, 293	4.1	1
131	Premature mortality attributable to COVID-19: potential years of life lost in 17 countries around the world, January-August 2020.. <i>BMC Public Health</i> , 2022 , 22, 54	4.1	2
130	Residency training in family medicine and its impact on coordination and continuity of care: an analysis of referrals to secondary care in Rio de Janeiro.. <i>BMJ Open</i> , 2022 , 12, e051515	3	1
129	The impact of organisational characteristics of staff and facility on infectious disease outbreaks in care homes: a systematic review.. <i>BMC Health Services Research</i> , 2022 , 22, 339	2.9	0
128	Health system reforms and the needs of the ageing population-an analysis of recent policy paths and reform trends in Finland and Sweden.. <i>European Journal of Ageing</i> , 2022 , 1-12	3.6	2
127	Business performance and occupational injuries trajectories in the construction sector in Sweden. <i>Safety Science</i> , 2022 , 152, 105772	5.8	
126	Poorer mental well-being and prior unmet need for mental healthcare: a longitudinal population-based study on men in Sweden. <i>Archives of Public Health</i> , 2021 , 79, 189	2.6	
125	History lessons for tackling inequalities in health. <i>SSM - Population Health</i> , 2021 , 16, 100980	3.8	
124	Psychosocial working conditions and the risk of diagnosed depression: a Swedish register-based study. <i>Psychological Medicine</i> , 2021 , 1-9	6.9	6
123	Organisational factors and under-reporting of occupational injuries in Sweden: a population-based study using capture-recapture methodology. <i>Occupational and Environmental Medicine</i> , 2021 , 78, 745-752 ¹	2.1	3
122	Performing Through Privatization: An Ecological Natural Experiment of the Impact of the Swedish Free Choice Reform on Ambulatory Care Sensitive Conditions. <i>Frontiers in Public Health</i> , 2021 , 9, 504998 ⁶		1
121	Socio-demographic differences in polypharmacy and potentially inappropriate drug use among older people with different care needs and in care settings in Stockholm, Sweden. <i>Scandinavian Journal of Public Health</i> , 2021 , 14034948211018384	3	0
120	Excess all-cause mortality and COVID-19-related mortality: a temporal analysis in 22 countries, from January until August 2020. <i>International Journal of Epidemiology</i> , 2021 ,	7.8	11
119	Unmet Need for Mental Healthcare in a Population Sample in Sweden: A Cross-Sectional Study of Inequalities Based on Gender, Education, and Country of Birth. <i>Community Mental Health Journal</i> , 2021 , 57, 470-481	2.1	3
118	Association between neighbourhood characteristics and antidepressant use at older ages: a register-based study of urban areas in three European countries. <i>Journal of Epidemiology and Community Health</i> , 2021 , 75, 426-432	5.1	4
117	Two-year impact of an educational intervention in primary care on blood glucose control and diabetes knowledge among patients with type 2 diabetes mellitus: a study in rural China. <i>Global Health Action</i> , 2021 , 14, 1893502	3	1
116	Impact of Integrated Care on the Rate of Hospitalization for Ambulatory Care Sensitive Conditions among Older Adults in Stockholm County: An Interrupted Time Series Analysis. <i>International Journal of Integrated Care</i> , 2021 , 21, 22	2	2

115	Money matters - primary care providers' perceptions of payment incentives. <i>Journal of Health Organization and Management</i> , 2021 , ahead-of-print,	1.9	3
114	Contributions of Preventive Social Services in Early Childhood Home Visiting in a Disadvantaged Area of Sweden: The Practice of the Parental Advisor. <i>Qualitative Health Research</i> , 2021 , 31, 1380-1391	3.9	2
113	Cultural adaptation and validation of the Attribution Questionnaire for stigma towards disability pension applicants for use among psychiatrists and general practitioners in Sweden. <i>BMC Psychology</i> , 2021 , 9, 27	2.8	
112	Physicians' attitudes to disability pension - impact of diagnosis: an experimental study. <i>BMC Health Services Research</i> , 2021 , 21, 122	2.9	
111	Covid-19 and pathways to health inequities for families in a socioeconomically disadvantaged area of Sweden - qualitative analysis of home visitors' observations. <i>International Journal for Equity in Health</i> , 2021 , 20, 215	4.6	3
110	COVID-19 and Precarious Employment: Consequences of the Evolving Crisis. <i>International Journal of Health Services</i> , 2021 , 51, 226-228	2	20
109	EQ-5D-3L Health Status Among Homeless People in Stockholm, Sweden, 2006 and 2018.. <i>Frontiers in Public Health</i> , 2021 , 9, 780753	6	0
108	Socioeconomic inequalities in suicide mortality in European urban areas before and during the economic recession. <i>European Journal of Public Health</i> , 2020 , 30, 92-98	2.1	12
107	Impact of an educational intervention in primary care on fasting blood glucose levels and diabetes knowledge among patients with type 2 diabetes mellitus in rural China. <i>Patient Education and Counseling</i> , 2020 , 103, 1767-1773	3.1	2
106	Impact of integrated care on trends in the rate of emergency department visits among older persons in Stockholm County: an interrupted time series analysis. <i>BMJ Open</i> , 2020 , 10, e036182	3	1
105	Healthcare utilisation and measles, mumps and rubella vaccination rates among children with an extended postnatal home visiting programme in a disadvantaged area in Stockholm, Sweden-A 3-year follow-up. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2020 , 109, 1847-1853	3.1	0
104	The impact of longstanding illness and common mental disorder on competing employment exits routes in older working age: A longitudinal data-linkage study in Sweden. <i>PLoS ONE</i> , 2020 , 15, e0229221	3.7	0
103	Social determinants of health and inequalities in COVID-19. <i>European Journal of Public Health</i> , 2020 , 30, 617-618	2.1	113
102	Effect of the recent economic crisis on socioeconomic inequalities in mortality in nine urban areas in Europe. <i>Gaceta Sanitaria</i> , 2020 , 34, 253-260	2.2	5
101	Shifting the Care of Type 2 Diabetes Mellitus from Hospital to Primary Health Care Institutions through an Educational Intervention for Health Care Professionals: An Example from Rural China. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	2
100	What is the effect of changing eligibility criteria for disability benefits on employment? A systematic review and meta-analysis of evidence from OECD countries. <i>PLoS ONE</i> , 2020 , 15, e0242976	3.7	2
99	What is precarious employment? A systematic review of definitions and operationalizations from quantitative and qualitative studies. <i>Scandinavian Journal of Work, Environment and Health</i> , 2020 , 46, 235-247	4.3	57
98	Inequalities in extending working lives beyond age 60 in Canada, Denmark, Sweden and England-By gender, level of education and health. <i>PLoS ONE</i> , 2020 , 15, e0234900	3.7	1

97	The impact of longstanding illness and common mental disorder on competing employment exits routes in older working age: A longitudinal data-linkage study in Sweden 2020 , 15, e0229221		
96	The impact of longstanding illness and common mental disorder on competing employment exits routes in older working age: A longitudinal data-linkage study in Sweden 2020 , 15, e0229221		
95	The impact of longstanding illness and common mental disorder on competing employment exits routes in older working age: A longitudinal data-linkage study in Sweden 2020 , 15, e0229221		
94	The impact of longstanding illness and common mental disorder on competing employment exits routes in older working age: A longitudinal data-linkage study in Sweden 2020 , 15, e0229221		
93	What is the effect of changing eligibility criteria for disability benefits on employment? A systematic review and meta-analysis of evidence from OECD countries 2020 , 15, e0242976		
92	What is the effect of changing eligibility criteria for disability benefits on employment? A systematic review and meta-analysis of evidence from OECD countries 2020 , 15, e0242976		
91	What is the effect of changing eligibility criteria for disability benefits on employment? A systematic review and meta-analysis of evidence from OECD countries 2020 , 15, e0242976		
90	What is the effect of changing eligibility criteria for disability benefits on employment? A systematic review and meta-analysis of evidence from OECD countries 2020 , 15, e0242976		
89	Precarious employment, business performance and occupational injuries: a study protocol of a register-based Swedish project. <i>BMJ Open</i> , 2019 , 9, e026091	3	4
88	What Is Happening in Sweden?. <i>International Journal of Health Services</i> , 2019 , 49, 204-211	2	4
87	Strengthening resilience through an extended postnatal home visiting program in a multicultural suburb in Sweden: fathers striving for stability. <i>BMC Public Health</i> , 2019 , 19, 102	4.1	6
86	Too sick to work, too healthy to qualify: a cross-country analysis of the effect of changes to disability benefits. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 717-722	5.1	16
85	Socio-demographic differences in the frequent use of emergency department care by older persons: a population-based study in Stockholm County. <i>BMC Health Services Research</i> , 2019 , 19, 202	2.9	7
84	Population Health Inequalities Across and Within European Metropolitan Areas through the Lens of the EURO-HEALTHY Population Health Index. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	23
83	Social inequities in vaccination coverage among infants and pre-school children in Europe and Australia - a systematic review. <i>BMC Public Health</i> , 2019 , 19, 290	4.1	11
82	Inequalities in employment rates among older men and women in Canada, Denmark, Sweden and the UK. <i>BMC Public Health</i> , 2019 , 19, 319	4.1	3
81	How Did Employment and Financial Strain Affect the Self-rated Health of Lone Mothers Around the Time of the Economic Crisis? A Cross-sectional Comparison of the United Kingdom and Sweden. <i>International Journal of Health Services</i> , 2019 , 49, 773-798	2	
80	Differential Impact of an Education-Based Intervention for Patients with Type 2 Diabetes Mellitus in Rural China. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	6

79	Impact of Integrated Care on Patient-Related Outcomes Among Older People - A Systematic Review. <i>International Journal of Integrated Care</i> , 2019 , 19, 6	2	24
78	A better start for health equity? Qualitative content analysis of implementation of extended postnatal home visiting in a disadvantaged area in Sweden. <i>International Journal for Equity in Health</i> , 2018 , 17, 42	4.6	11
77	ADHD medication in offspring of immigrants - does the income level of the country of parental origin matter?. <i>BMC Psychiatry</i> , 2018 , 18, 3	4.2	8
76	Vertical integrated service model: an educational intervention for chronic disease management and its effects in rural China - a study protocol. <i>BMC Health Services Research</i> , 2018 , 18, 567	2.9	8
75	Involving the public in epidemiological public health research: a qualitative study of public and stakeholder involvement in evaluation of a population-wide natural policy experiment. <i>BMJ Open</i> , 2018 , 8, e019805	3	0
74	How do macro-level structural determinants affect inequalities in mental health? - a systematic review of the literature. <i>International Journal for Equity in Health</i> , 2018 , 17, 180	4.6	19
73	The recommodification of healthcare? A case study of user charges and inequalities in access to healthcare in Sweden 1980-2005. <i>Health Policy</i> , 2017 , 121, 42-49	3.2	4
72	Childhood social adversity and risk of depressive symptoms in adolescence in a US national sample. <i>Journal of Affective Disorders</i> , 2017 , 212, 56-63	6.6	14
71	Somebody to lean on: Social relationships predict post-treatment depression severity in adults. <i>Psychiatry Research</i> , 2017 , 249, 261-267	9.9	30
70	Association between income trajectories in childhood and psychiatric disorder: a Swedish population-based study. <i>Journal of Epidemiology and Community Health</i> , 2017 , 71, 648-654	5.1	21
69	Association between social capital and health-related quality of life among left behind and not left behind older people in rural China. <i>BMC Geriatrics</i> , 2017 , 17, 287	4.1	16
68	Association between childhood adversity and a diagnosis of personality disorder in young adulthood: a cohort study of 107,287 individuals in Stockholm County. <i>European Journal of Epidemiology</i> , 2017 , 32, 721-731	12.1	16
67	Practising proportionate universalism - a study protocol of an extended postnatal home visiting programme in a disadvantaged area in Stockholm, Sweden. <i>BMC Health Services Research</i> , 2017 , 17, 91	2.9	18
66	Equity aspects of the Primary Health Care Choice Reform in Sweden - a scoping review. <i>International Journal for Equity in Health</i> , 2017 , 16, 29	4.6	44
65	Family member-based supervision of patients with hypertension: a cluster randomized trial in rural China. <i>Journal of Human Hypertension</i> , 2017 , 31, 29-36	2.6	17
64	Genetic polymorphisms of IL-17A, IL-17F, TLR4 and miR-146a in association with the risk of pulmonary tuberculosis. <i>Scientific Reports</i> , 2016 , 6, 28586	4.9	33
63	Changes over time in the risk of hospitalization for physical diseases among homeless men and women in Stockholm: A comparison of two cohorts. <i>Scandinavian Journal of Public Health</i> , 2016 , 44, 784-790	3.9	11
62	Comparing healthcare utilization among health survey respondents with the total population - are respondents representative?. <i>BMC Health Services Research</i> , 2016 , 16, 510	2.9	5

61	Employment and income among first-time cases diagnosed with non-affective psychosis in Stockholm, Sweden: a follow-up study 2004/2005-2010. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2016 , 51, 259-67	4.5	5
60	Trends in socioeconomic inequalities in self-assessed health in 17 European countries between 1990 and 2010. <i>Journal of Epidemiology and Community Health</i> , 2016 , 70, 644-52	5.1	90
59	Childhood adversity and psychiatric disorder in young adulthood: An analysis of 107,704 Swedes. <i>Journal of Psychiatric Research</i> , 2016 , 77, 67-75	5.2	42
