| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 1  | Exploring disability from the perspective of adults living with HIV/AIDS: Development of a conceptual framework. Health and Quality of Life Outcomes, 2008, 6, 76.  | 2.4 | 146       |
| 2  | Validation of Case-Finding Algorithms Derived from Administrative Data for Identifying Adults Living with Human Immunodeficiency Virus Infection. PLoS ONE, 2011, 6, e21748.                                      | 2.5 | 132       |
| 3  | Supervised Methadone Consumption: Client Issues and Stigma. Substance Use and Misuse, 2009, 44, 794-808.  | 1.4 | 121       |
| 4  | Prevalence of Co-Occurring Substance Use and other Mental Disorders in the Canadian Population. Canadian Journal of Psychiatry, 2008, 53, 800-809.  | 1.9 | 113       |
| 5  | “Maybe if I stop the drugs, then maybe they’d care?” hospital care experiences of people who use drugs. Harm Reduction Journal, 2019, 16, 16.   | 3.2 | 97        |
| 6  | Putting episodic disability into context: a qualitative study exploring factors that influence disability experienced by adults living with HIV/AIDS. Journal of the International AIDS Society, 2009, 12, 30-30. | 3.0 | 81        |
| 7  | Losing the uphill battle? Emergent harm reduction interventions and barriers during the opioid overdose crisis in Canada. International Journal of Drug Policy, 2019, 71, 178-182.                                | 3.3 | 80        |
| 8  | Self-perceived Health Among Canadian Opiate Users. Canadian Journal of Public Health, 2004, 95, 99-103.   | 2.3 | 77        |
| 9  | Putting episodic disability into context: a qualitative study exploring factors that influence disability experienced by adults living with HIV/AIDS. Journal of the International AIDS Society, 2009, 2, 5.      | 3.0 | 70        |
| 10 | Prior opiate injection and incarceration history predict injection drug use among inmates. Addiction, 2003, 98, 1257-1265.  | 3.3 | 64        |
| 11 | Frequent food insecurity among injection drug users: correlates and concerns. BMC Public Health, 2012, 12, 1058.  | 2.9 | 62        |
| 12 | Is there room for resilience? A scoping review and critique of substance use literature and its utilization of the concept of resilience. Substance Abuse Treatment, Prevention, and Policy, 2017, 12, 41.        | 2.2 | 61        |
| 13 | Determinants of Health-Related Quality of Life of Opiate Users at Entry to Low-Threshold Methadone Programs. European Addiction Research, 2006, 12, 74-82.  | 2.4 | 55        |
| 14 | Finding a place for needle exchange programs. Critical Public Health, 2004, 14, 261-275.  | 2.4 | 54        |
| 15 | What is low threshold methadone maintenance treatment?. International Journal of Drug Policy, 2013, 24, e51-e56.  | 3.3 | 53        |
| 16 | “It’s too much, I’m getting really tired of it”: Overdose response and structural vulnerabilities among harm reduction workers in community settings. International Journal of Drug Policy, 2019, 74, 127-135.    | 3.3 | 52        |
| 17 | Factors predicting 2-year retention in methadone maintenance treatment for opioid dependence. Addictive Behaviors, 2005, 30, 1025-1028.   | 3.0 | 50        |
| 18 | Fragmented Pathways to Care. Crisis, 2006, 27, 31-38.   | 1.2 | 49        |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 19 | Reduction in Injection-Related HIV Risk After 6 Months in a Low-Threshold Methadone Treatment Program. <i>AIDS Education and Prevention</i> , 2007, 19, 124-136.   | 1.1 | 49        |
| 20 | Interrupting the social processes linked with initiation of injection drug use: Results from a pilot study. <i>Drug and Alcohol Dependence</i> , 2014, 137, 48-54.   | 3.2 | 49        |
| 21 | When Health Care Workers Experience Mental Ill Health. <i>Qualitative Health Research</i> , 2013, 23, 167-179.   | 2.1 | 48        |
| 22 | Perinatal depressive symptomatology among lesbian and bisexual women. <i>Archives of Women's Mental Health</i> , 2007, 10, 53-59.  | 2.6 | 45        |
| 23 | Harm reduction in name, but not substance: a comparative analysis of current Canadian provincial and territorial policy frameworks. <i>Harm Reduction Journal</i> , 2017, 14, 50.  | 3.2 | 44        |
| 24 | Illicit drug use while admitted to hospital: Patient and health care provider perspectives. <i>PLoS ONE</i> , 2020, 15, e0229713.  | 2.5 | 44        |
| 25 | “We’re giving you something so we get something in return”: Perspectives on research participation and compensation among people living with HIV who use drugs. <i>International Journal of Drug Policy</i> , 2017, 39, 92-98. | 3.3 | 42        |
| 26 | Body Mapping as a Youth Sexual Health Intervention and Data Collection Tool. <i>Qualitative Health Research</i> , 2018, 28, 1185-1198.   | 2.1 | 42        |
| 27 | “It’s our safe sanctuary”: Experiences of using an unsanctioned overdose prevention site in Toronto, Ontario. <i>International Journal of Drug Policy</i> , 2019, 73, 135-140.   | 3.3 | 41        |
| 28 | A qualitative study on overdose response in the era of COVID-19 and beyond: how to spot someone so they never have to use alone. <i>Harm Reduction Journal</i> , 2021, 18, 85.   | 3.2 | 40        |
| 29 | Preventing Injection Drug use Initiation: State of the Evidence and Opportunities for the Future. <i>Journal of Urban Health</i> , 2018, 95, 91-98.  | 3.6 | 39        |
| 30 | Risk creating and risk reducing: Community perceptions of supervised consumption facilities for illicit drug use. <i>Health, Risk and Society</i> , 2017, 19, 91-111.  | 1.7 | 38        |
| 31 | Visualizing harm reduction: Methodological and ethical considerations. <i>Social Science and Medicine</i> , 2015, 133, 77-84.  | 3.8 | 37        |
| 32 | Scoping out the literature on mobile needle and syringe programs—review of service delivery and client characteristics, operation, utilization, referrals, and impact. <i>Harm Reduction Journal</i> , 2018, 15, 6.            | 3.2 | 37        |
| 33 | Factors associated with HIV testing among Canadians: results of a population-based survey. <i>International Journal of STD and AIDS</i> , 1998, 9, 341-346.  | 1.1 | 36        |
| 34 | Police Perceptions of Supervised Consumption Sites (SCSs): A Qualitative Study. <i>Substance Use and Misuse</i> , 2012, 47, 364-374.   | 1.4 | 36        |
| 35 | Navigating identity, territorial stigma, and HIV care services in Vancouver, Canada: A qualitative study. <i>Health and Place</i> , 2016, 40, 169-177.   | 3.3 | 36        |
| 36 | Governing through community-based research: Lessons from the Canadian HIV research sector. <i>Social Science and Medicine</i> , 2014, 123, 250-261.  | 3.8 | 35        |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 37 | Individuals Seeking Treatment for Cannabis-Related Problems in Ontario: Demographic and Treatment Profile. <i>European Addiction Research</i> , 2005, 11, 115-123.                                       | 2.4 | 34        |
| 38 | Reducing widespread pipe sharing and risky sex among crystal methamphetamine smokers in Toronto: do safer smoking kits have a potential role to play?. <i>Harm Reduction Journal</i> , 2012, 9, 9.       | 3.2 | 34        |
| 39 | Increasing public support for supervised injection facilities in Ontario, Canada. <i>Addiction</i> , 2014, 109, 946-953.   | 3.3 | 34        |
| 40 | Transition to Injection Drug Use: The Role of Initiators. <i>AIDS and Behavior</i> , 2014, 18, 486-494.  | 2.7 | 34        |
| 41 | Potential cost-effectiveness of supervised injection facilities in Toronto and Ottawa, Canada. <i>Addiction</i> , 2016, 111, 475-489.  | 3.3 | 33        |
| 42 | Implementation contexts and the impact of policing on access to supervised consumption services in Toronto, Canada: a qualitative comparative analysis. <i>Harm Reduction Journal</i> , 2019, 16, 30.    | 3.2 | 33        |
| 43 | Practices of care among people who buy, use, and sell drugs in community settings. <i>Harm Reduction Journal</i> , 2020, 17, 27.   | 3.2 | 32        |
| 44 | Ambivalence about supervised injection facilities among community stakeholders. <i>Harm Reduction Journal</i> , 2015, 12, 26.  | 3.2 | 30        |
| 45 | Living with addiction: The perspectives of drug using and non-using individuals about sharing space in a hospital setting. <i>International Journal of Drug Policy</i> , 2014, 25, 640-649.              | 3.3 | 29        |
| 46 | Lesbian and queer mothers navigating the adoption system: The impacts on mental health. <i>Health Sociology Review</i> , 2008, 17, 254-266.  | 2.8 | 28        |
| 47 | Canadian harm reduction policies: A comparative content analysis of provincial and territorial documents, 2000-2015. <i>International Journal of Drug Policy</i> , 2017, 45, 9-17.                       | 3.3 | 28        |
| 48 | A qualitative study on the initiation into injection drug use: Necessary and background processes. <i>Addiction Research and Theory</i> , 2009, 17, 546-559.   | 1.9 | 25        |
| 49 | Design considerations for supervised consumption facilities (SCFs): Preferences for facilities where people can inject and smoke drugs. <i>International Journal of Drug Policy</i> , 2013, 24, 156-163. | 3.3 | 25        |
| 50 | Overdose Education and Naloxone Distribution Programmes and the Ethics of Task Shifting. <i>Public Health Ethics</i> , 2018, 11, 151-164.  | 1.0 | 25        |
| 51 | “That’s a double-edged sword”: Exploring the integration of supervised consumption services within community health centres in Toronto, Canada. <i>Health and Place</i> , 2020, 61, 102245.              | 3.3 | 25        |
| 52 | The Political Economy of Peer Research: Mapping the Possibilities and Precarities of Paying People for Lived Experience. <i>British Journal of Social Work</i> , 2021, 51, 888-906.                      | 1.4 | 25        |
| 53 | "It's overwhelming...Everything seems to be too much:" A theory of crisis for individuals with severe persistent mental illness.. <i>Psychiatric Rehabilitation Journal</i> , 2005, 29, 10-17.           | 1.1 | 24        |
| 54 | Policy Changes and the Methadone Maintenance Treatment System for Opioid Dependence in Ontario, 1996 to 2001. <i>Journal of Addictive Diseases</i> , 2005, 24, 39-51.                                    | 1.3 | 23        |
