#	ARTICLE	IF	CITATIONS
1	Legislation for smoke-free workplaces and health of bar workers in Ireland: before and after study. <i>BMJ: British Medical Journal</i> , 2005, 331, 1117.	2.3	193
2	Research article. Racial discrimination and alcohol-related behavior in urban transit operators: Findings from the San Francisco Muni Health and Safety Study. <i>Public Health Reports</i> , 1999, 114, 448-458.	2.5	129
3	Objective stress factors, accidents, and absenteeism in transit operators: A theoretical framework and empirical evidence.. <i>Journal of Occupational Health Psychology</i> , 1998, 3, 130-146.	3.3	116
4	The effectiveness of workplace dietary modification interventions: A systematic review. <i>Preventive Medicine</i> , 2013, 57, 438-447.	3.4	104
5	Occupational stressors and hypertension: a multi-method study using observer-based job analysis and self-reports in urban transit operators. <i>Social Science and Medicine</i> , 2004, 59, 1081-1094.	3.8	84
6	The effect of self-reported and observed job conditions on depression and anxiety symptoms: A comparison of theoretical models.. <i>Journal of Occupational Health Psychology</i> , 2007, 12, 334-349.	3.3	84
7	Objective measurement of occupational stress factors: An example with San Francisco urban transit operators.. <i>Journal of Occupational Health Psychology</i> , 1997, 2, 325-342.	3.3	74
8	Physical Workload and Ergonomic Factors Associated With Prevalence of Back and Neck Pain in Urban Transit Operators. <i>Spine</i> , 1997, 22, 2117-2126.	2.0	73
9	Workplace discrimination and alcohol consumption: findings from the San Francisco Muni Health and Safety Study. <i>Ethnicity and Disease</i> , 1999, 9, 70-80.	2.3	59
10	Occupational and Nonoccupational Correlates of Alcohol Consumption in Urban Transit Operators. <i>Preventive Medicine</i> , 1995, 24, 634-645.	3.4	53
11	Alcohol, Stress-Related Factors, and Short-Term Absenteeism Among Urban Transit Operators. <i>Journal of Urban Health</i> , 2005, 82, 43-57.	3.6	53
12	Perceived occupational stress in nurses working in Ireland. <i>Occupational Medicine</i> , 2010, 60, 604-610.	1.4	52
13	The effect of manual handling training on achieving training transfer, employee's behaviour change and subsequent reduction of work-related musculoskeletal disorders: a systematic review. <i>Ergonomics</i> , 2014, 57, 93-107.	2.1	51
14	The effect of complex workplace dietary interventions on employees' dietary intakes, nutrition knowledge and health status: a cluster controlled trial. <i>Preventive Medicine</i> , 2016, 89, 76-83.	3.4	47
15	Hypertension and years of driving in transit vehicle operators. <i>Scandinavian Journal of Public Health</i> , 1997, 25, 271-279.	0.6	36
16	Occupational Stress Factors and Alcohol-Related Behavior in Urban Transit Operators. <i>Alcoholism: Clinical and Experimental Research</i> , 2000, 24, 1011-1018.	2.4	33
17	Burnout and alcohol problems among urban transit operators in San Francisco. <i>Addictive Behaviors</i> , 2003, 28, 91-109.	3.0	33
18	Studies of health outcomes in transit operators: Policy implications of the current scientific database.. <i>Journal of Occupational Health Psychology</i> , 1998, 3, 172-187.	3.3	32

#	ARTICLE	IF	CITATIONS
19	Observational stress factors and musculoskeletal disorders in urban transit operators.. Journal of Occupational Health Psychology, 2006, 11, 38-51.	3.3	30
20	Alcohol and drug screening of occupational drivers for preventing injury. The Cochrane Library, 2010, 2010, CD006566.	2.8	30
21	Nutrition knowledge, diet quality and hypertension in a working population. Preventive Medicine Reports, 2015, 2, 105-113.	1.8	29
22	The food choice at work study: effectiveness of complex workplace dietary interventions on dietary behaviours and diet-related disease risk - study protocol for a clustered controlled trial. Trials, 2013, 14, 370.	1.6	28
23	The effect of the Irish smoke-free workplace legislation on smoking among bar workers. European Journal of Public Health, 2009, 19, 206-211.	0.3	26
24	Danish Observational Study of Eldercare work and musculoskeletal disorderS (DOSES): a prospective study at 20 nursing homes in Denmark. BMJ Open, 2018, 8, e019670.	1.9	26
25	Organisational safety climate and occupational accidents and injuries: an epidemiology-based systematic review. Work and Stress, 2016, 30, 71-90.	4.5	23
26	Job stress, unwinding and drinking in transit operators.. Journal of Studies on Alcohol and Drugs, 2002, 63, 420-429.	2.3	22
27	Studies of health outcomes in transit operators: Policy implications of the current scientific database.. Journal of Occupational Health Psychology, 1998, 3, 172-187.	3.3	22
28	Psychosocial, Health Promotion and Safety Culture management “ Are Health and Safety Practitioners involved?. Safety Science, 2017, 91, 84-92.	4.9	20
29	Workplace interventions to reduce depression and anxiety in small and medium-sized enterprises: A systematic review. Journal of Affective Disorders, 2021, 290, 378-386.	4.1	18
30	Evidence for implementation of interventions to promote mental health in the workplace: a systematic scoping review protocol. Systematic Reviews, 2021, 10, 41.	5.3	16
31	A multilevel study on the association of observer-assessed working conditions with depressive symptoms among female eldercare workers from 56 work units in 10 care homes in Denmark. BMJ Open, 2015, 5, e008713-e008713.	1.9	14
32	Smokers Still Underestimate the Risks Posed by Secondhand Smoke: A Repeated Cross-Sectional Study. Nicotine and Tobacco Research, 2014, 16, 1121-1128.	2.6	13
33	Inter-rater reliability of direct observations of the physical and psychosocial working conditions in eldercare: An evaluation in the DOSES project. Applied Ergonomics, 2018, 69, 93-103.	3.1	13
34	Are Irish therapists at heightened risk for low back pain?. Occupational Medicine, 2016, 66, 351-357.	1.4	12
35	Mental Health Promotion and Intervention in Occupational Settings: Protocol for a Pilot Study of the MENTUPP Intervention. International Journal of Environmental Research and Public Health, 2022, 19, 947.	2.6	12
36	Screening for autistic spectrum disorder at the 18-month developmental assessment: a population-based study. Irish Medical Journal, 2007, 100, 565-7.	0.0	11

#	ARTICLE	IF	CITATIONS
37	Attributable risk of alcohol and other drugs for crashes in the transit industry. <i>Injury Prevention</i> , 2005, 11, 378-382.	2.4	10
38	Socioeconomic inequalities of cardiovascular risk factors among manufacturing employees in the Republic of Ireland: A cross-sectional study. <i>Preventive Medicine Reports</i> , 2015, 2, 699-703.	1.8	9
39	Health and safety practitioners' health and wellbeing – The link with safety climate and job demand-control-support. <i>Accident Analysis and Prevention</i> , 2018, 119, 131-137.	5.7	9
40	Prevalence of smoking among bar workers prior to the Republic of Ireland smokefree workplace legislation. <i>Irish Journal of Medical Science</i> , 2008, 177, 309-316.	1.5	8
41	Enforcement of Smoke/Tobacco-free Policies at Public Universities in the US. <i>Tobacco Regulatory Science (discontinued)</i> , 2018, 4, 22-31.	0.2	8
42	Alcohol consumption and incidence of workers' compensation claims: a 5-year prospective study of urban transit operators. <i>Alcoholism: Clinical and Experimental Research</i> , 2002, 26, 1388-94.	2.4	8
43	Alcohol Consumption and Incidence of Workers' Compensation Claims: A 5-Year Prospective Study of Urban Transit Operators. <i>Alcoholism: Clinical and Experimental Research</i> , 2002, 26, 1388-1394.	2.4	7
44	Has your work worked you too hard? Physically demanding work and disability in a sample of the older Irish population. <i>Irish Journal of Medical Science</i> , 2013, 182, 47-55.	1.5	7
45	Collaboration among eldercare workers: barriers, facilitators and supporting processes. <i>Scandinavian Journal of Caring Sciences</i> , 2018, 32, 1127-1137.	2.1	7
46	Age, job characteristics and coronary health. <i>Occupational Medicine</i> , 2012, 62, 613-619.	1.4	6
47	Emotion work within eldercare and depressive symptoms: A cross-sectional multi-level study assessing the association between externally observed emotion work and self-reported depressive symptoms among Danish eldercare workers. <i>International Journal of Nursing Studies</i> , 2016, 62, 183-192.	5.6	6
48	Student, Faculty, and Staff Approval of University Smoke/Tobacco-Free Policies: An Analysis of Campus Newspaper Articles. <i>Tobacco Use Insights</i> , 2018, 11, 1179173X1876512.	1.6	5
49	Job control and ambulatory blood pressure. <i>Scandinavian Journal of Work, Environment and Health</i> , 2014, 40, 457-464.	3.4	5
50	Post-traumatic stress and coping factors among search and recovery divers. <i>Occupational Medicine</i> , 2014, 64, 31-33.	1.4	4
51	Work-Related Upper Limb Symptoms in Hand-Intensive Health Care Occupations: A Cross-Sectional Study With a Health and Safety Perspective. <i>Physical Therapy</i> , 2019, 99, 62-73.	2.4	4
52	Occupational Stress Factors and Alcohol-Related Behavior in Urban Transit Operators. <i>Alcoholism: Clinical and Experimental Research</i> , 2000, 24, 1011-1019.	2.4	2
53	Construction Accidents in Spain: Implications for an Aging Workforce. <i>BioMed Research International</i> , 2022, 2022, 1-12.	1.9	2
54	Co-occurrence of protective health behaviours and perceived psychosocial job characteristics. <i>Preventive Medicine Reports</i> , 2015, 2, 812-817.	1.8	1

#	ARTICLE	IF	CITATIONS
55	Alcohol Consumption and Incidence of Workers??? Compensation Claims: A 5-Year Prospective Study of Urban Transit Operators. <i>Alcoholism: Clinical and Experimental Research</i> , 2002, 26, 1388-1394.	2.4	1
56	Alcohol and drug screening of occupational drivers for preventing work-related injury. <i>The Cochrane Library</i> , 0, , .	2.8	0
57	704â€œ...Work-related psychosocial and physical risk factors and upper limb disorders in hand-intensive health care workers â€œ an applied epidemiological perspective. , 2018, , .		0
58	676â€œ...How can we explain gender differences in work-related upper limb symptoms? a cross-sectional study with irish manual therapists. , 2018, , .		0
59	The Occupational Health Perspective in the Context of Marine Science. <i>Journal of Marine Science: Research & Development</i> , 2013, 4, .	0.4	0
