#	ARTICLE	IF	CITATIONS
1	Association between psychotropic drug prescription and suicide rates in Scotland: population study. <i>BJPsych Bulletin</i> , 2023, 47, 68-70.	0.7	1
2	Season, weather, and suicide—Further evidence for ecological complexity. <i>Neurology Psychiatry and Brain Research</i> , 2018, 30, 110-116.	2.0	7
3	Auditory Verbal Experience and Agency in Waking, Sleep Onset, REM, and Non-REM Sleep. <i>Cognitive Science</i> , 2017, 41, 723-743.	0.8	6
4	Transcranial direct current stimulation of the motor cortex in waking resting state induces motor imagery. <i>Consciousness and Cognition</i> , 2015, 36, 298-305.	0.8	12
5	History lessons: what can we learn about history?. <i>Rethinking History</i> , 2014, 18, 345-364.	0.2	0
6	Ageing makes us dyslexic. <i>Aphasiology</i> , 2013, 27, 490-505.	1.4	6
7	Why the earth is almost flat: Imaging and the death of cognitive psychology. <i>Cortex</i> , 2012, 48, 1371-1372.	1.1	2
8	Decline and fall: A biological, developmental, and psycholinguistic account of deliberative language processes and ageing. <i>Aphasiology</i> , 2011, 25, 123-153.	1.4	11
9	How does similarity-based interference affect the choice of referring expression?. <i>Journal of Memory and Language</i> , 2011, 65, 331-344.	1.1	37
10	I don't know what I know: Evidence of preserved semantic knowledge but impaired metalinguistic knowledge in adults with probable Alzheimer's disease. <i>Aphasiology</i> , 2008, 22, 321-335.	1.4	10
11	Hyphenation can improve reading in acquired phonological dyslexia. <i>Aphasiology</i> , 2006, 20, 744-761.	1.4	5
12	The role of functional and perceptual attributes: Evidence from picture naming in dementia*1. <i>Brain and Language</i> , 2004, 91, 223-234.	0.8	21
13	Promises, Promises. <i>Cognitive Neuropsychology</i> , 2004, 21, 51-56.	0.4	17
14	Does Cognitive Neuropsychology have a future?. <i>Cognitive Neuropsychology</i> , 2004, 21, 3-16.	0.4	77
15	Accessing semantic knowledge in dementia: evidence from a word definition task. <i>Brain and Language</i> , 2002, 82, 312-326.	0.8	20
16	Constraints upon word substitution speech errors. , 2001, 30, 395-418.		41
17	Serial Control of Phonology in Speech Production: A Hierarchical Model. <i>Cognitive Psychology</i> , 2000, 41, 101-175.	0.9	152
18	Will one stage and no feedback suffice in lexicalization?. <i>Behavioral and Brain Sciences</i> , 1999, 22, 45-45.	0.4	10

#	ARTICLE	IF	CITATIONS
19	What Causes Lexical Access Difficulties in Dementia? The Role of Covert Category-specificity. Perspectives in Neural Computing, 1999, , 149-158.	0.1	0
20	What causes a tip-of-the-tongue state? Evidence for lexical neighbourhood effects in speech production. British Journal of Psychology, 1998, 89, 151-174.	1.2	139
21	Naming problems in dementia: Semantic or lexical?. Aphasiology, 1998, 12, 357-374.	1.4	26
22	The semantic deficit in dementia: Connectionist approaches to what goes wrong in picture naming. Aphasiology, 1998, 12, 299-318.	1.4	10
23	Content without a frame? The role of vocabulary biases in speech errors. Behavioral and Brain Sciences, 1998, 21, 518-519.	0.4	0
24	Connectionist Modeling of the Recovery of Language Functions Following Brain Damage. Brain and Language, 1996, 52, 7-24.	0.8	14
25	Tip-of-the-Tongue States and Lexical Access in Dementia. Brain and Language, 1996, 54, 196-215.	0.8	45
26	Connectionist models of anomia: A comment on Nickels. Language and Cognitive Processes, 1995, 10, 47-58.	2.3	13
27	Reading, Writing and Dyslexia: A Cognitive Analysis (2nd edn). By A. W. Ellis Hove: Lawrence Erlbaum. 1993. 137 pp. £19.95 (hb), £7.95 (pb).. British Journal of Psychiatry, 1995, 166, 832-833.	1.7	0
28	Connectionist approaches to language disorders. Aphasiology, 1993, 7, 221-249.	1.4	75
29	Phonological activation of semantic competitors during lexical access in speech production. Language and Cognitive Processes, 1993, 8, 291-309.	2.3	188
30	Effects of extraversion and self-report arousal on semantic priming: A connectionist approach.. Journal of Personality and Social Psychology, 1993, 65, 735-756.	2.6	111
31	Interactive effects of extraversion, arousal and time of day on semantic priming: Are they pre-lexical or post-lexical?. Personality and Individual Differences, 1992, 13, 1021-1029.	1.6	14
32	Environmental contamination of normal speech. Applied Psycholinguistics, 1990, 11, 45-72.	0.8	26
33	Paragrammatisms: Syntactic disturbance or breakdown of control?. Cognition, 1990, 34, 85-91.	1.1	14
34	Speech errors and hallucinations in schizophrenia "no difference?. Behavioral and Brain Sciences, 1986, 9, 525-526.	0.4	1
35	A Critique of Top-down Independent Levels Models of Speech Production: Evidence from Non-plan-Internal Speech Errors*. Cognitive Science, 1984, 8, 191-219.	0.8	195
36	A Critique of Top-down Independent Levels Models of Speech Production: Evidence from Non-plan-Internal Speech Errors*. , 1984, 8, 191.		11
