Antonio Palmiro Volpentesta

List of Publications by Year
in descending order

29 papers	208 citations	1040056 9 h-index	1125743 13 g-index
30 all docs	30 docs citations	30 times ranked	146 citing authors

#	Article	IF	Citations
1	Analyzing app-based food information services: the case of Olive Oil sector. VINE Journal of Information and Knowledge Management Systems, 2019, 50, 427-453.	2.0	5
2	Collaboration Networks for Information Empowerment of Food Consumers. IFIP Advances in Information and Communication Technology, 2019, , 457-466.	0.7	1
3	Research Investigation on Food Information User's Behaviour. IFIP Advances in Information and Communication Technology, 2018, , 190-202.	0.7	2
4	Sustainable Development for Rural Areas: A Survey on the Agritourism Rural Networks. IFIP Advances in Information and Communication Technology, 2017, , 564-574.	0.7	3
5	Intelligent Food Information Provision to Consumers in an Internet of Food Era. IFIP Advances in Information and Communication Technology, 2017, , 725-736.	0.7	9
6	A framework for human interaction with mobiquitous services in a smart environment. Computers in Human Behavior, 2015, 50, 177-185.	8.5	18
7	Modeling NFC-triggered User Interactions with Simple Services in a Smart Environment. , 2015, , .		1
8	Classifying short agrifood supply chains under a knowledge and social learning perspective. Rural Society, 2013, 22, 217-229.	1.3	16
9	Alternative agrifood networks in a regional area: a case study. International Journal of Computer Integrated Manufacturing, 2013, 26, 55-66.	4.6	18
10	Alternative Agrifood Networks as Learning Communities: Some Issues for a Classification Model. Communications in Computer and Information Science, 2013, , 293-300.	0.5	5
11	Analyzing Mobile Services in Alternative Agrifood Networks. IFIP Advances in Information and Communication Technology, 2013, , 314-323.	0.7	1
12	Interactions Patterns in NFC Interfaces for Applications and Services. IFIP Advances in Information and Communication Technology, 2013, , 324-334.	0.7	2
13	Identifying Opinion Leaders in Time-Dependent Commercial Social Networks. International Federation for Information Processing, 2012, , 571-581.	0.4	3
14	Investigating effects of security incident awareness on information risk perception. International Journal of Technology Management, 2011, 54, 304.	0.5	7
15	Thinking style and collaborative design learning: An empirical investigation. , 2011, , .		5
16	Competence Mapping through Analysing Research Papers of a Scientific Community. International Federation for Information Processing, 2011, , 33-44.	0.4	6
17	Investigating the relationship between consumers' style of thinking and online victimization in scamming. International Journal of Digital Content Technology and Its Applications, 2010, 4, 38-49.	0.1	8
18	Eigenvector Centrality Based on Shared Research Topics in a Scientific Community. International Federation for Information Processing, 2010, , 626-633.	0.4	2

#	ARTICLE	IF	CITATIONS
19	A Collaborative Network Model for Agrifood Transactions on Regional Base. Communications in Computer and Information Science, 2010, , 319-325.	0.5	9
20	Experiential Collaborative Learning and Preferential Thinking. Communications in Computer and Information Science, 2010, , 230-236.	0.5	0
21	Thinking Style Diversity and Collaborative Design Learning. IFIP Advances in Information and Communication Technology, 2009, , 785-796.	0.7	9
22	Hypernetworks in a directed hypergraph. European Journal of Operational Research, 2008, 188, 390-405.	5.7	28
23	Critical Thinking and Concept Design Generation in a Collaborative Network. International Federation for Information Processing, 2008, , 157-164.	0.4	12
24	Networking Agrifood SMEs and Consumer Groups in Local Agribusiness. International Federation for Information Processing, 2008, , 33-40.	0.4	9
25	Establishing a Framework for Collaborative Innovation Processes in a Technological District in Italy. International Journal of Technology, Knowledge and Society, 2008, 4, 141-150.	0.2	4
26	Developing a blended-learning community in a university setting. International Journal of Web Based Communities, 2007, 3, 134.	0.3	3
27	Evaluating web interfaces of B2C e-commerce systems for typical agrifood products. International Journal of Entrepreneurship and Innovation Management, 2007, 7, 74.	0.1	11
28	Enabling Virtual Organizations in a Technological District. , 2007, , 103-110.		3
29	Identifying Partners And Organizational Logical Structures For Collaborative Conceptual Design. , 0, , 397-406.		5
