#	ARTICLE	IF	CITATIONS
1	Bullying at schoolâ€”an indicator of adolescents at risk for mental disorders. <i>Journal of Adolescence</i> , 2000, 23, 661-674.	2.4	663
2	Bullying, depression, and suicidal ideation in Finnish adolescents: school survey. <i>BMJ: British Medical Journal</i> , 1999, 319, 348-351.	2.3	559
3	Depression and school performance in middle adolescent boys and girls. <i>Journal of Adolescence</i> , 2008, 31, 485-498.	2.4	286
4	Early puberty is associated with mental health problems in middle adolescence. <i>Social Science and Medicine</i> , 2003, 57, 1055-1064.	3.8	274
5	Pubertal timing, sexual behaviour and self-reported depression in middle adolescence. <i>Journal of Adolescence</i> , 2003, 26, 531-545.	2.4	225
6	Internet addiction? Potentially problematic use of the Internet in a population of 12â€“18 year-old adolescents. <i>Addiction Research and Theory</i> , 2004, 12, 89-96.	1.9	192
7	Psychometric properties of the 7-item Generalized Anxiety Disorder Scale (GAD-7) in a large representative sample of Finnish adolescents. <i>Psychiatry Research</i> , 2019, 272, 30-35.	3.3	189
8	Two years of gender identity service for minors: overrepresentation of natal girls with severe problems in adolescent development. <i>Child and Adolescent Psychiatry and Mental Health</i> , 2015, 9, 9.	2.5	167
9	Involvement in bullying and depression in a 2-year follow-up in middle adolescence. <i>European Child and Adolescent Psychiatry</i> , 2010, 19, 45-55.	4.7	156
10	Gender dysphoria in adolescence: current perspectives. <i>Adolescent Health, Medicine and Therapeutics</i> , 2018, Volume 9, 31-41.	0.9	116
11	A 15-year national follow-up: legislation is not enough to reduce the use of seclusion and restraint. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2007, 42, 747-752.	3.1	102
12	Psychometric Properties of the 20-Item Toronto Alexithymia Scale and Prevalence of Alexithymia in a Finnish Adolescent Population. <i>Psychosomatics</i> , 2007, 48, 154-161.	2.5	100
13	Adolescent depression: the role of discontinuities in life course and social support. <i>Journal of Affective Disorders</i> , 2001, 64, 155-166.	4.1	99
14	Early puberty and early sexual activity are associated with bulimic-type eating pathology in middle adolescence ¹¹ The full text of this article is available via JAH Online at http://www.elsevier.com/locate/ajpmonline.. <i>Journal of Adolescent Health</i> , 2001, 28, 346-352.	2.5	92
15	Age and gender differences in social anxiety symptoms during adolescence: The Social Phobia Inventory (SPIN) as a measure. <i>Psychiatry Research</i> , 2007, 153, 261-270.	3.3	86
16	Social phobia in Finnish general adolescent population: prevalence, comorbidity, individual and family correlates, and service use. <i>Depression and Anxiety</i> , 2009, 26, n/a-n/a.	4.1	85
17	Associations of Social Phobia and General Anxiety with Alcohol and Drug Use in A Community Sample of Adolescents. <i>Alcohol and Alcoholism</i> , 2011, 46, 192-199.	1.6	84
18	Paternalism and autonomy. <i>International Journal of Law and Psychiatry</i> , 2002, 25, 93-108.	0.9	82

#	ARTICLE	IF	CITATIONS
19	Impact of Coercion on Treatment Outcome. <i>International Journal of Law and Psychiatry</i> , 1997, 20, 311-322.	0.9	79
20	Associations between peer victimization, self-reported depression and social phobia among adolescents: The role of comorbidity. <i>Journal of Adolescence</i> , 2009, 32, 77-93.	2.4	78
21	Correlation between bullying and clinical depression in adolescent patients. <i>Adolescent Health, Medicine and Therapeutics</i> , 2011, 2, 37.	0.9	74
22	Screening social phobia in adolescents from general population: The validity of the Social Phobia Inventory (SPIN) against a clinical interview. <i>European Psychiatry</i> , 2007, 22, 244-251.	0.2	73
23	The reasons for using restraint and seclusion in psychiatric inpatient care: A nationwide 15-year study. <i>Nordic Journal of Psychiatry</i> , 2010, 64, 136-144.	1.3	72
24	Continuity, comorbidity and longitudinal associations between depression and antisocial behaviour in middle adolescence: A 2-year prospective follow-up study. <i>Journal of Adolescence</i> , 2008, 31, 355-370.	2.4	68
25	Peer victimization and social phobia: a follow-up study among adolescents. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2013, 48, 533-544.	3.1	67
26	Time trends in referrals to child and adolescent gender identity services: a study in four Nordic countries and in the UK. <i>Nordic Journal of Psychiatry</i> , 2020, 74, 40-44.	1.3	62
27	The association of parental monitoring and family structure with diverse maladjustment outcomes in middle adolescent boys and girls. <i>Nordic Journal of Psychiatry</i> , 2007, 61, 296-303.	1.3	59
28	How Low Is Low? Low Self-Esteem as an Indicator of Internalizing Psychopathology in Adolescence. <i>Health Education and Behavior</i> , 2013, 40, 392-399.	2.5	59
29	Self-reported depression is increasing among socio-economically disadvantaged adolescents – repeated cross-sectional surveys from Finland from 2000 to 2011. <i>BMC Public Health</i> , 2014, 14, 408.	2.9	58
30	The prevalence, incidence and development of eating disorders in Finnish adolescents – a two-step 3-year follow-up Study. <i>European Eating Disorders Review</i> , 2009, 17, 199-207.	4.1	53
31	Pubertal Timing and Substance Use in Middle Adolescence: A 2-Year Follow-up Study. <i>Journal of Youth and Adolescence</i> , 2011, 40, 1288-1301.	3.5	53
32	Perceived financial difficulties and maladjustment outcomes in adolescence. <i>European Journal of Public Health</i> , 2006, 16, 542-548.	0.3	52
33	Brief report: Delinquent behaviour and depression in middle adolescence: a Finnish community sample. <i>Journal of Adolescence</i> , 2005, 28, 155-159.	2.4	51
34	The predictive validity of the Structured Assessment of Violence Risk in Youth (SAVRY) among institutionalised adolescents. <i>Journal of Forensic Psychiatry and Psychology</i> , 2008, 19, 352-370.	1.0	51
35	Trends in Alcohol Use among Adolescents from 2000 to 2011: The Role of Socioeconomic Status and Depression. <i>Alcohol and Alcoholism</i> , 2017, 52, 95-103.	1.6	51
36	Who are the restrained and secluded patients: a 15-year nationwide study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2010, 45, 1087-1093.	3.1	48

#	ARTICLE	IF	CITATIONS
37	Forensic and general psychiatric patients' view of seclusion: a comparison study. <i>Journal of Forensic Psychiatry and Psychology</i> , 2010, 21, 446-461.	1.0	43
38	Predicting use of coercive measures in Finland. <i>Nordic Journal of Psychiatry</i> , 2002, 56, 339-345.	1.3	42
39	Sexual harassment victimization in adolescence: Associations with family background. <i>Child Abuse and Neglect</i> , 2016, 56, 11-19.	2.6	42
40	Gender identities in adolescent population: Methodological issues and prevalence across age groups. <i>European Psychiatry</i> , 2019, 55, 61-66.	0.2	42
41	Adult and peer involvement in help-seeking for depression in adolescent population. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2007, 42, 945-952.	3.1	40
42	Bulimia and Impulsive Behaviour in Middle Adolescence. <i>Psychotherapy and Psychosomatics</i> , 2003, 72, 26-33.	8.8	39
43	Puberty, sexual development and eating disorders in adolescent outpatients. <i>European Child and Adolescent Psychiatry</i> , 2003, 12, 214-220.	4.7	38
44	Has the adolescents' weight concern increased over 20 years?. <i>European Journal of Public Health</i> , 2003, 13, 4-10.	0.3	37
45	Cognition, Imagery and Coping among Adolescents with Social Anxiety and Phobia: Testing the Clark and Wells Model in the Population. <i>Clinical Psychology and Psychotherapy</i> , 2014, 21, 252-263.	2.7	37
46	Psychopathological distress predicts suicidal ideation and self-harm in Adolescent Eating Disorder outpatients. <i>European Child and Adolescent Psychiatry</i> , 2005, 14, 276-281.	4.7	36
47	Longitudinal concomitants of incorrect weight perception in female and male adolescents. <i>Body Image</i> , 2011, 8, 58-63.	4.3	35
48	Does problem behaviour affect attrition from a cohort study on adolescent mental health?. <i>European Journal of Public Health</i> , 2011, 21, 306-310.	0.3	35
49	Increase in involuntary psychiatric admissions of minors. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2004, 39, 53-59.	3.1	33
50	Depression, drinking, and substance use among 14- to 16-year-old Finnish adolescents. <i>Nordic Journal of Psychiatry</i> , 2001, 55, 351-357.	1.3	31
51	Involuntary commitment and detainment in adolescent psychiatric inpatient care. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2010, 45, 785-793.	3.1	30
52	The Mini-Social Phobia Inventory: psychometric properties in an adolescent general population sample. <i>Comprehensive Psychiatry</i> , 2012, 53, 630-637.	3.1	30
53	Involvement in bullying and suicidal ideation in middle adolescence: a 2-year follow-up study. <i>European Child and Adolescent Psychiatry</i> , 2013, 22, 95-102.	4.7	30
54	Psychological distress and risk for eating disorders in subgroups of dieters. <i>European Eating Disorders Review</i> , 2010, 18, 296-303.	4.1	29

#	ARTICLE	IF	CITATIONS
55	The trajectories of childâ€™s internalizing and externalizing problems, social competence and adolescent self-reported problems in a Finnish normal population sample. <i>School Psychology International</i> , 2014, 35, 561-579.	1.9	28
56	Gender differences in violence risk profiles. <i>Journal of Forensic Psychiatry and Psychology</i> , 2012, 23, 76-94.	1.0	27
57	Low perceived social support predicts later depression but not social phobia in middle adolescence. <i>Health Psychology and Behavioral Medicine</i> , 2014, 2, 1023-1037.	1.8	27
58	Socioeconomic trends in school bullying among Finnish adolescents from 2000 to 2015. <i>Child Abuse and Neglect</i> , 2018, 86, 100-108.	2.6	27
