#	ARTICLE	IF	CITATIONS
1	Perceived racial/ethnic discrimination among young adult college students: Prevalence rates and associations with mental health. <i>Journal of American College Health</i> , 2023, 71, 2062-2073.	0.8	8
2	Negative Affect Regulation and Marijuana Use in College Students: Evaluating the Mediating Roles of Coping and Sleep Motives. <i>Journal of Psychoactive Drugs</i> , 2023, 55, 203-212.	1.0	2
3	Mental Health Risk Profiles and Related Substance Use During Coronavirus Pandemic Among College Students Who Use Substances. <i>International Journal of Mental Health and Addiction</i> , 2023, 21, 3641-3658.	4.4	5
4	Negative Consequences Related to Nonmedical Prescription Stimulant Use: Development and Psychometric Validation of the Prescription Stimulant Consequences Questionnaire. <i>Journal of Drug Issues</i> , 2023, 53, 114-128.	0.6	0
5	Sources for prescription stimulant misuse: A person-centered approach to understanding links to substance use and psychiatric impairment.. <i>Experimental and Clinical Psychopharmacology</i> , 2023, 31, 498-506.	1.3	3
6	A qualitative examination of college students'™ perceptions of cannabis: insights into the normalization of cannabis use on a college campus. <i>Journal of American College Health</i> , 2022, 70, 733-741.	0.8	11
7	Expectation for stimulant type modifies caffeine'™s effects on mood and cognition among college students.. <i>Experimental and Clinical Psychopharmacology</i> , 2022, 30, 525-535.	1.3	4
8	Sex-related impelling cues uniquely predict event-level alcohol-related sexual behavior that poses heightened risk for negative consequences among college women.. <i>Experimental and Clinical Psychopharmacology</i> , 2022, 30, 853-861.	1.3	1
9	Prescription Stimulant Misuse and Diversion Events Among College Students: A Qualitative Study. <i>Journal of Primary Prevention</i> , 2022, 43, 49-66.	0.8	5
10	ADHD Symptoms and Sex Moderate the Relation Between Protective Behavioral Strategies and Alcohol Use Among Treatment-Mandated College Students. <i>Behavioral Medicine</i> , 2021, 47, 1-9.	1.0	3
11	Cannabis Use Is Differentially Associated with Individual Facets of Impulsivity through Expectancy Effects: A Comprehensive Application of the Acquired Preparedness Model. <i>Journal of Psychoactive Drugs</i> , 2021, 53, 302-311.	1.0	0
12	Relations among protective behavioral strategies, biological sex, and ADHD symptoms on alcohol use and related problems: Who benefits most, and from what type of strategy?. <i>Addictive Behaviors</i> , 2021, 119, 106924.	1.7	6
13	Young adult use, dual use, and simultaneous use of alcohol and marijuana: An examination of differences across use status on marijuana use context, rates, and consequences.. <i>Psychology of Addictive Behaviors</i> , 2021, 35, 682-690.	1.4	29
14	Alcohol use, cannabis use, and psychopathology symptoms among college students before and after COVID-19. <i>Journal of Psychiatric Research</i> , 2021, 142, 73-79.	1.5	30
15	How to say "no" most effectively: Evaluating resistance strategies for prescription stimulant diversion to inform preventive interventions. <i>Journal of American College Health</i> , 2020, 68, 872-882.	0.8	3
16	Alcohol-related protective behavioral strategies as a mediator of the relationship between drinking motives and risky sexual behaviors. <i>Addictive Behaviors</i> , 2019, 93, 1-8.	1.7	15
17	"Not for Human Consumption" A Descriptive Investigation into User Characteristics, Motives, and Consequences Associated with Bath Salt Use. <i>Journal of Psychoactive Drugs</i> , 2019, 51, 218-224.	1.0	3
18	Differentiating motives for nonmedical prescription stimulant use by personality characteristics. <i>Addictive Behaviors</i> , 2019, 88, 187-193.	1.7	13

#	ARTICLE	IF	CITATIONS
19	Factors that Differentiate Prescription Stimulant Misusers from those At-Risk for Misuse: Expectancies, Perceived Safety, and Diversion. <i>Substance Use and Misuse</i> , 2018, 53, 1068-1075.	0.7	16
20	A Descriptive Examination of Nonmedical Fentanyl Use in the United States: Characteristics of Use, Motives, and Consequences. <i>Journal of Drug Issues</i> , 2018, 48, 409-420.	0.6	7
21	Nonmedical prescription stimulant users experience subjective but not objective impairments in attention and impulsivity. <i>American Journal on Addictions</i> , 2018, 27, 238-244.	1.3	8
22	Decreased alcohol consumption after pairing alcohol-related cues with an inhibitory response. <i>Journal of Substance Use</i> , 2018, 23, 154-161.	0.3	9
23	Predicting risky sexual behaviors among college student drinkers as a function of event-level drinking motives and alcohol use. <i>Addictive Behaviors</i> , 2018, 76, 100-105.	1.7	33
24	Deviance regulation theory and drinking outcomes among Greek-life students during spring break.. <i>Experimental and Clinical Psychopharmacology</i> , 2018, 26, 366-376.	1.3	11
25	Interactive effects of baseline executive functioning and working memory depletion on alcohol use among heavy drinking young adults.. <i>Experimental and Clinical Psychopharmacology</i> , 2018, 26, 341-346.	1.3	4
26	Positive expectancies mediate the link between race and alcohol use in a sample of Native American and Caucasian college students. <i>Addictive Behaviors</i> , 2017, 73, 53-56.	1.7	6
27	Interventions for alcohol-related risky sexual behaviors among college students: A systematic review.. <i>Psychology of Addictive Behaviors</i> , 2017, 31, 944-950.	1.4	11
28	The Role of Anonymity in Determining the Self-Reported Use of Cocaine and Nonmedical Prescription Stimulant Use Among College Students. <i>Substance Use and Misuse</i> , 2016, 51, 795-802.	0.7	5
29	Nonmedical prescription stimulant use for suppressing appetite and controlling body weight is uniquely associated with more severe eating disorder symptomatology. <i>International Journal of Eating Disorders</i> , 2016, 49, 813-816.	2.1	16
30	Non-medical prescription stimulant use: Investigating modifiable risk factors. <i>Addiction Research and Theory</i> , 2015, 23, 143-147.	1.2	11
31	Do negative stimulant-related attitudes vary for prescription stimulants and cocaine among college students?. <i>Addictive Behaviors</i> , 2014, 39, 1100-1105.	1.7	9
32	Challenging expectancies to prevent nonmedical prescription stimulant use: A randomized, controlled trial. <i>Drug and Alcohol Dependence</i> , 2013, 132, 362-368.	1.6	40
33	Characteristics of College Students With Attention-Deficit Hyperactivity Disorder Symptoms Who Misuse Their Medications. <i>Journal of American College Health</i> , 2011, 59, 373-377.	0.8	28
34	Effects of Daily Treatment With Citicoline: A Double-Blind, Placebo-Controlled Study in Cocaine-Dependent Volunteers. <i>Journal of Addiction Medicine</i> , 2011, 5, 57-64.	1.4	15
35	Expectation to receive methylphenidate enhances subjective arousal but not cognitive performance.. <i>Experimental and Clinical Psychopharmacology</i> , 2011, 19, 433-444.	1.3	52
36	Psychometric evaluation of a Prescription Stimulant Expectancy Questionnaire.. <i>Experimental and Clinical Psychopharmacology</i> , 2010, 18, 375-383.	1.3	18

#	ARTICLE	IF	CITATIONS
37	Gender moderates the impact of stereotype threat on cognitive function in cannabis users. Addictive Behaviors, 2010, 35, 834-839.	1.7	17
38	Prescription Stimulant Expectancies in Recreational and Medical Users: Results from a Preliminary Expectancy Questionnaire. Substance Use and Misuse, 2009, 44, 1578-1591.	0.7	7
39	A brief cannabis-associated problems questionnaire with less potential for bias. Human Psychopharmacology, 2008, 23, 487-493.	0.7	16
40	Childhood attention deficit hyperactivity disorder and the development of substance use disorders: Valid concern or exaggeration?. Addictive Behaviors, 2008, 33, 451-463.	1.7	42
41	Antiandrogen Pretreatment Alters Cocaine Pharmacokinetics in Men. Journal of Addiction Medicine, 2007, 1, 198-204.	1.4	3
42	The impact of methamphetamine use on subjective well-being in an Internet survey: preliminary findings. Human Psychopharmacology, 2007, 22, 167-172.	0.7	20
43	Negative consequences associated with dependence in daily cannabis users. Substance Abuse Treatment, Prevention, and Policy, 2007, 2, 3.	1.0	70
44	Using Narrative Vignettes to Understand the Misuse and Diversion of Stimulants Among College Students With and Without a Prescription. Emerging Adulthood, 0, , 216769682211165.	1.4	0
