

# Jill J Francis

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/375514/jill-j-francis-publications-by-citations.pdf>

**Version:** 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

174

#	Paper	IF	Citations
174	The behavior change technique taxonomy (v1) of 93 hierarchically clustered techniques: building an international consensus for the reporting of behavior change interventions. <i>Annals of Behavioral Medicine</i> , <b>2013</b> , 46, 81-95	4.5	3204
173	What is an adequate sample size? Operationalising data saturation for theory-based interview studies. <i>Psychology and Health</i> , <b>2010</b> , 25, 1229-45	2.9	1198
172	From Theory to Intervention: Mapping Theoretically Derived Behavioural Determinants to Behaviour Change Techniques. <i>Applied Psychology</i> , <b>2008</b> , 57, 660-680	4.3	1017
171	Acceptability of healthcare interventions: an overview of reviews and development of a theoretical framework. <i>BMC Health Services Research</i> , <b>2017</b> , 17, 88	2.9	782
170	A guide to using the Theoretical Domains Framework of behaviour change to investigate implementation problems. <i>Implementation Science</i> , <b>2017</b> , 12, 77	8.4	781
169	Developing theory-informed behaviour change interventions to implement evidence into practice: a systematic approach using the Theoretical Domains Framework. <i>Implementation Science</i> , <b>2012</b> , 7, 38	8.4	689
168	Behaviour change techniques: the development and evaluation of a taxonomic method for reporting and describing behaviour change interventions (a suite of five studies involving consensus methods, randomised controlled trials and analysis of qualitative data). <i>Health Technology Assessment</i> , <b>2015</b> , 19, 1-188	4.4	312
167	Do self-reported intentions predict clinicians' behaviour: a systematic review. <i>Implementation Science</i> , <b>2006</b> , 1, 28	8.4	214
166	No more 'business as usual' with audit and feedback interventions: towards an agenda for a reinvigorated intervention. <i>Implementation Science</i> , <b>2014</b> , 9, 14	8.4	203
165	Strengthening evaluation and implementation by specifying components of behaviour change interventions: a study protocol. <i>Implementation Science</i> , <b>2011</b> , 6, 10	8.4	164
164	Evidence-based selection of theories for designing behaviour change interventions: using methods based on theoretical construct domains to understand clinicians' blood transfusion behaviour. <i>British Journal of Health Psychology</i> , <b>2009</b> , 14, 625-46	8.3	155
163	A randomized trial comparing treatments for varicose veins. <i>New England Journal of Medicine</i> , <b>2014</b> , 371, 1218-27	59.2	134
162	Are there valid proxy measures of clinical behaviour? A systematic review. <i>Implementation Science</i> , <b>2009</b> , 4, 37	8.4	110
161	Reflective and automatic processes in health care professional behaviour: a dual process model tested across multiple behaviours. <i>Annals of Behavioral Medicine</i> , <b>2014</b> , 48, 347-58	4.5	109
160	Anesthesiologists' and surgeons' perceptions about routine pre-operative testing in low-risk patients: application of the Theoretical Domains Framework (TDF) to identify factors that influence physicians' decisions to order pre-operative tests. <i>Implementation Science</i> , <b>2012</b> , 7, 52	8.4	108
159	A cross-country comparison of intensive care physicians' beliefs about their transfusion behaviour: a qualitative study using the Theoretical Domains Framework. <i>Implementation Science</i> , <b>2012</b> , 7, 93	8.4	105
158	Prevalence and causes of prescribing errors: the PRescribing Outcomes for Trainee Doctors Engaged in Clinical Training (PROTECT) study. <i>PLoS ONE</i> , <b>2014</b> , 9, e79802	3.7	103

157	Combined use of the Consolidated Framework for Implementation Research (CFIR) and the Theoretical Domains Framework (TDF): a systematic review. <i>Implementation Science</i> , <b>2017</b> , 12, 2	8.4	101
156	Learning curves, taking instructions, and patient safety: using a theoretical domains framework in an interview study to investigate prescribing errors among trainee doctors. <i>Implementation Science</i> , <b>2012</b> , 7, 86	8.4	99
155	Identifying factors likely to influence compliance with diagnostic imaging guideline recommendations for spine disorders among chiropractors in North America: a focus group study using the Theoretical Domains Framework. <i>Implementation Science</i> , <b>2012</b> , 7, 82	8.4	92
154	Which experiences of health care delivery matter to service users and why? A critical interpretive synthesis and conceptual map. <i>Journal of Health Services Research and Policy</i> , <b>2012</b> , 17, 70-8	2.4	91
153	Methods used to address fidelity of receipt in health intervention research: a citation analysis and systematic review. <i>BMC Health Services Research</i> , <b>2016</b> , 16, 663	2.9	89
152	'It's a can of worms': understanding primary care practitioners' behaviours in relation to HPV using the Theoretical Domains Framework. <i>Implementation Science</i> , <b>2012</b> , 7, 73	8.4	88
151	Perceived causes of prescribing errors by junior doctors in hospital inpatients: a study from the PROTECT programme. <i>BMJ Quality and Safety</i> , <b>2013</b> , 22, 97-102	5.4	82
150	Recovery from disability after stroke as a target for a behavioural intervention: results of a randomized controlled trial. <i>Disability and Rehabilitation</i> , <b>2007</b> , 29, 1117-27	2.4	79
149	Clinical Performance Feedback Intervention Theory (CP-FIT): a new theory for designing, implementing, and evaluating feedback in health care based on a systematic review and meta-synthesis of qualitative research. <i>Implementation Science</i> , <b>2019</b> , 14, 40	8.4	75
148	Evaluation of a theory-informed implementation intervention for the management of acute low back pain in general medical practice: the IMPLEMENT cluster randomised trial. <i>PLoS ONE</i> , <b>2013</b> , 8, e65477	3.7	69
147	Understanding practice: the factors that influence management of mild traumatic brain injury in the emergency department--a qualitative study using the Theoretical Domains Framework. <i>Implementation Science</i> , <b>2014</b> , 9, 8	8.4	68
146	Barriers to and enablers of diabetic retinopathy screening attendance: a systematic review of published and grey literature. <i>Diabetic Medicine</i> , <b>2018</b> , 35, 1308-1319	3.5	58
145	Applying the behaviour change technique (BCT) taxonomy v1: a study of coder training. <i>Translational Behavioral Medicine</i> , <b>2015</b> , 5, 134-48	3.2	56
144	IMPLEmenting a clinical practice guideline for acute low back pain evidence-based management in general practice (IMPLEMENT): cluster randomised controlled trial study protocol. <i>Implementation Science</i> , <b>2008</b> , 3, 11	8.4	56
143	Action, actor, context, target, time (AACTT): a framework for specifying behaviour. <i>Implementation Science</i> , <b>2019</b> , 14, 102	8.4	55
142	Understanding diagnosis and management of dementia and guideline implementation in general practice: a qualitative study using the theoretical domains framework. <i>Implementation Science</i> , <b>2014</b> , 9, 31	8.4	54
141	Communication of behaviour change interventions: Can they be recognised from written descriptions?. <i>Psychology and Health</i> , <b>2018</b> , 33, 713-723	2.9	52
140	Identifying the domains of context important to implementation science: a study protocol. <i>Implementation Science</i> , <b>2015</b> , 10, 135	8.4	49

139	Goals, Standards, and the Self: Reference Values Serving Different Functions. <i>Personality and Social Psychology Review</i> , <b>2002</b> , 6, 232-241	13.4	47
138	Clinical effectiveness and cost-effectiveness of foam sclerotherapy, endovenous laser ablation and surgery for varicose veins: results from the Comparison of LAser, Surgery and foam Sclerotherapy (CLASS) randomised controlled trial. <i>Health Technology Assessment</i> , <b>2015</b> , 19, 1-342	4.4	47
137	Reinvigorating stagnant science: implementation laboratories and a meta-laboratory to efficiently advance the science of audit and feedback. <i>BMJ Quality and Safety</i> , <b>2019</b> , 28, 416-423	5.4	46
136	Goal conflict and goal facilitation as predictors of daily accelerometer-assessed physical activity. <i>Health Psychology</i> , <b>2013</b> , 32, 1179-87	5	44
135	Using theories of behaviour to understand transfusion prescribing in three clinical contexts in two countries: development work for an implementation trial. <i>Implementation Science</i> , <b>2009</b> , 4, 70	8.4	44
134	An intervention modelling experiment to change GPs' intentions to implement evidence-based practice: using theory-based interventions to promote GP management of upper respiratory tract infection without prescribing antibiotics #2. <i>BMC Health Services Research</i> , <b>2008</b> , 8, 10	2.9	43
133	Reliability of Identification of Behavior Change Techniques in Intervention Descriptions. <i>Annals of Behavioral Medicine</i> , <b>2015</b> , 49, 885-900	4.5	41
132	Developing the content of two behavioural interventions: using theory-based interventions to promote GP management of upper respiratory tract infection without prescribing antibiotics #1. <i>BMC Health Services Research</i> , <b>2008</b> , 8, 11	2.9	41
131	A framework for the evaluation of patient information leaflets. <i>Health Expectations</i> , <b>2012</b> , 15, 283-94	3.7	40
130	Improving appropriate polypharmacy for older people in primary care: selecting components of an evidence-based intervention to target prescribing and dispensing. <i>Implementation Science</i> , <b>2015</b> , 10, 161	8.4	40
129	Application of theory to enhance audit and feedback interventions to increase the uptake of evidence-based transfusion practice: an intervention development protocol. <i>Implementation Science</i> , <b>2014</b> , 9, 92	8.4	39
128	Caring for carers of people with stroke: developing a complex intervention following the Medical Research Council framework. <i>Clinical Rehabilitation</i> , <b>2005</b> , 19, 560-71	3.3	36
127	Five-Year Outcomes of a Randomized Trial of Treatments for Varicose Veins. <i>New England Journal of Medicine</i> , <b>2019</b> , 381, 912-922	59.2	35
126	Improving the care for people with acute low-back pain by allied health professionals (the ALIGN trial): A cluster randomised trial protocol. <i>Implementation Science</i> , <b>2010</b> , 5, 86	8.4	35
125	Developing a targeted, theory-informed implementation intervention using two theoretical frameworks to address health professional and organisational factors: a case study to improve the management of mild traumatic brain injury in the emergency department. <i>Implementation Science</i> , <b>2015</b> , 10, 74	8.4	33
124	Theory-based predictors of multiple clinician behaviors in the management of diabetes. <i>Journal of Behavioral Medicine</i> , <b>2014</b> , 37, 607-20	3.6	33
123	Improving adherence to multiple medications in older people in primary care: Selecting intervention components to address patient-reported barriers and facilitators. <i>Health Expectations</i> , <b>2018</b> , 21, 138-148	3.7	33
122	Valuing patients' experiences of healthcare processes: towards broader applications of existing methods. <i>Social Science and Medicine</i> , <b>2014</b> , 106, 194-203	5.1	32

121	Temporal stability of beliefs about medicines: implications for optimising adherence. <i>Patient Education and Counseling</i> , <b>2010</b> , 79, 225-30	3.1	30
120	Looking inside the black box: results of a theory-based process evaluation exploring the results of a randomized controlled trial of printed educational messages to increase primary care physicians' diabetic retinopathy referrals [Trial registration number ISRCTN72772651]. <i>Implementation Science</i> , <b>2014</b> , 9, 86	8.4	28
119	Instrument development, data collection, and characteristics of practices, staff, and measures in the Improving Quality of Care in Diabetes (iQuaD) Study. <i>Implementation Science</i> , <b>2011</b> , 6, 61	8.4	28
118	Self-discrepancies and negative affect: A primer on when to look for specificity, and how to find it. <i>Australian Journal of Psychology</i> , <b>2005</b> , 57, 139-147	2.3	28
117	Changing behaviour 'more or less'-do theories of behaviour inform strategies for implementation and de-implementation? A critical interpretive synthesis. <i>Implementation Science</i> , <b>2018</b> , 13, 134	8.4	28
116	Active ingredients are reported more often for pharmacologic than non-pharmacologic interventions: an illustrative review of reporting practices in titles and abstracts. <i>Trials</i> , <b>2013</b> , 14, 146	2.8	27
115	Junior doctors' perceptions of their self-efficacy in prescribing, their prescribing errors and the possible causes of errors. <i>British Journal of Clinical Pharmacology</i> , <b>2013</b> , 76, 980-7	3.8	27
114	Mobilization of ventilated patients in the intensive care unit: An elicitation study using the theory of planned behavior. <i>Journal of Critical Care</i> , <b>2015</b> , 30, 1243-50	4	26
113	Using shared goal setting to improve access and equity: a mixed methods study of the Good Goals intervention in children's occupational therapy. <i>Implementation Science</i> , <b>2012</b> , 7, 76	8.4	26
112	Attributes of context relevant to healthcare professionals' use of research evidence in clinical practice: a multi-study analysis. <i>Implementation Science</i> , <b>2019</b> , 14, 52	8.4	25
111	Development of an intervention to improve appropriate polypharmacy in older people in primary care using a theory-based method. <i>BMC Health Services Research</i> , <b>2016</b> , 16, 661	2.9	25
110	Reporting behaviour change interventions: do the behaviour change technique taxonomy v1, and training in its use, improve the quality of intervention descriptions?. <i>Implementation Science</i> , <b>2016</b> , 11, 84	8.4	25
109	With a little help from my goals: integrating intergoal facilitation with the theory of planned behaviour to predict physical activity. <i>British Journal of Health Psychology</i> , <b>2010</b> , 15, 905-19	8.3	25
108	Theory-based identification of barriers to quality improvement: induced abortion care. <i>International Journal for Quality in Health Care</i> , <b>2005</b> , 17, 147-55	1.9	25
107	What works to increase attendance for diabetic retinopathy screening? An evidence synthesis and economic analysis. <i>Health Technology Assessment</i> , <b>2018</b> , 22, 1-160	4.4	25
106	A multidimensional approach to assessing intervention fidelity in a process evaluation of audit and feedback interventions to reduce unnecessary blood transfusions: a study protocol. <i>Implementation Science</i> , <b>2016</b> , 11, 163	8.4	24
105	Feedback GAP: pragmatic, cluster-randomized trial of goal setting and action plans to increase the effectiveness of audit and feedback interventions in primary care. <i>Implementation Science</i> , <b>2013</b> , 8, 142	8.4	24
104	Goal conflict, goal facilitation, and health professionals' provision of physical activity advice in primary care: an exploratory prospective study. <i>Implementation Science</i> , <b>2011</b> , 6, 73	8.4	24

103	Translating clinicians' beliefs into implementation interventions (TRACII): a protocol for an intervention modeling experiment to change clinicians' intentions to implement evidence-based practice. <i>Implementation Science</i> , <b>2007</b> , 2, 27	8.4	24
102	Evaluation of the fidelity of an interactive face-to-face educational intervention to improve general practitioner management of back pain. <i>BMJ Open</i> , <b>2015</b> , 5, e007886	3	23
101	Clinical stakeholders' opinions on the use of selective decontamination of the digestive tract in critically ill patients in intensive care units: an international Delphi study. <i>Critical Care</i> , <b>2013</b> , 17, R266	10.8	23
100	The translation research in a dental setting (TRiaDS) programme protocol. <i>Implementation Science</i> , <b>2010</b> , 5, 57	8.4	23
99	Ideals, oughts, and self-regulation: Are there qualitatively distinct self-guides?. <i>Asian Journal of Social Psychology</i> , <b>1999</b> , 2, 343-355	1.4	23
98	Participation in physical play and leisure: developing a theory- and evidence-based intervention for children with motor impairments. <i>BMC Pediatrics</i> , <b>2011</b> , 11, 100	2.6	22
97	Feedback GAP: study protocol for a cluster-randomized trial of goal setting and action plans to increase the effectiveness of audit and feedback interventions in primary care. <i>Implementation Science</i> , <b>2010</b> , 5, 98	8.4	22
96	Selective decontamination of the digestive tract in critically ill patients treated in intensive care units: a mixed-methods feasibility study (the SuDDICU study). <i>Health Technology Assessment</i> , <b>2014</b> , 18, 1-170	4.4	22
95	Management of people with acute low-back pain: a survey of Australian chiropractors. <i>Chiropractic &amp; Manual Therapies</i> , <b>2011</b> , 19, 29	1.8	20
94	Barriers and enablers to diabetic retinopathy screening attendance: Protocol for a systematic review. <i>Systematic Reviews</i> , <b>2016</b> , 5, 134	3	19
93	Cluster randomised controlled trial of a theory-based multiple behaviour change intervention aimed at healthcare professionals to improve their management of type 2 diabetes in primary care. <i>Implementation Science</i> , <b>2018</b> , 13, 65	8.4	19
92	Improving Diabetes care through Examining, Advising, and prescribing (IDEA): protocol for a theory-based cluster randomised controlled trial of a multiple behaviour change intervention aimed at primary healthcare professionals. <i>Implementation Science</i> , <b>2014</b> , 9, 61	8.4	19
91	Specifying content and mechanisms of change in interventions to change professionals' practice: an illustration from the Good Goals study in occupational therapy. <i>Implementation Science</i> , <b>2012</b> , 7, 100	8.4	19
90	Why do people present late with advanced glaucoma? A qualitative interview study. <i>British Journal of Ophthalmology</i> , <b>2013</b> , 97, 1574-8	5.5	19
89	The evaluation of enhanced feedback interventions to reduce unnecessary blood transfusions (AFFINITIE): protocol for two linked cluster randomised factorial controlled trials. <i>Implementation Science</i> , <b>2017</b> , 12, 84	8.4	18
88	Implementing evidence-based recommended practices for the management of patients with mild traumatic brain injuries in Australian emergency care departments: study protocol for a cluster randomised controlled trial. <i>Trials</i> , <b>2014</b> , 15, 281	2.8	18
87	A theory-based process evaluation alongside a randomised controlled trial of printed educational messages to increase primary care physicians' prescription of thiazide diuretics for hypertension [ISRCTN72772651]. <i>Implementation Science</i> , <b>2016</b> , 11, 121	8.4	18
86	Is organizational justice associated with clinical performance in the care for patients with diabetes in primary care? Evidence from the improving Quality of care in Diabetes study. <i>Family Practice</i> , <b>2013</b> , 30, 31-9	1.9	17

85	Theory-based communication skills training for medicine counter assistants to improve consultations for non-prescription medicines. <i>Medical Education</i> , <b>2007</b> , 41, 450-9	3.7	17
84	Participation in Physical Play and Leisure in Children With Motor Impairments: Mixed-Methods Study to Generate Evidence for Developing an Intervention. <i>Physical Therapy</i> , <b>2015</b> , 95, 1374-86	3.3	15
83	Barriers and facilitators to early rehabilitation in mechanically ventilated patients-a theory-driven interview study. <i>Journal of Intensive Care</i> , <b>2018</b> , 6, 4	7	15
82	Environmental and individual correlates of distress: Testing Karasek's Demand-Control model in 99 primary care clinical environments. <i>British Journal of Health Psychology</i> , <b>2014</b> , 19, 292-310	8.3	15
81	Community professionals' management of client care: a mixed-methods systematic review. <i>Journal of Health Services Research and Policy</i> , <b>2010</b> , 15, 47-55	2.4	15
80	Improving the delivery of care for patients with diabetes through understanding optimised team work and organisation in primary care. <i>Implementation Science</i> , <b>2009</b> , 4, 22	8.4	15
79	NorthStar, a support tool for the design and evaluation of quality improvement interventions in healthcare. <i>Implementation Science</i> , <b>2007</b> , 2, 19	8.4	15
78	Is it worthwhile to conduct a randomized controlled trial of glaucoma screening in the United Kingdom?. <i>Journal of Health Services Research and Policy</i> , <b>2014</b> , 19, 42-51	2.4	14
77	E-mail invitations to general practitioners were as effective as postal invitations and were more efficient. <i>Journal of Clinical Epidemiology</i> , <b>2012</b> , 65, 793-7	5.7	14
76	Developing the clinical components of a complex intervention for a glaucoma screening trial: a mixed methods study. <i>BMC Medical Research Methodology</i> , <b>2011</b> , 11, 54	4.7	14
75	Evaluation of a targeted, theory-informed implementation intervention designed to increase uptake of emergency management recommendations regarding adult patients with mild traumatic brain injury: results of the NET cluster randomised trial. <i>Implementation Science</i> , <b>2019</b> , 14, 4	8.4	13
74	A behavioural approach to specifying interventions: what insights can be gained for the reporting and implementation of interventions to reduce antibiotic use in hospitals?. <i>Journal of Antimicrobial Chemotherapy</i> , <b>2020</b> , 75, 1338-1346	5.1	13
73	Printed educational messages fail to increase use of thiazides as first-line medication for hypertension in primary care: a cluster randomized controlled trial [ISRCTN72772651]. <i>Implementation Science</i> , <b>2016</b> , 11, 124	8.4	13
72	Views of healthcare professionals to linkage of routinely collected healthcare data: a systematic literature review. <i>Journal of the American Medical Informatics Association: JAMIA</i> , <b>2014</b> , 21, e6-10	8.6	13
71	The views of health care professionals about selective decontamination of the digestive tract: an international, theoretically informed interview study. <i>Journal of Critical Care</i> , <b>2014</b> , 29, 634-40	4	13
70	Using psychological theory to understand the clinical management of type 2 diabetes in Primary Care: a comparison across two European countries. <i>BMC Health Services Research</i> , <b>2009</b> , 9, 140	2.9	13
69	Systematic Techniques to Enhance rEtention in Randomised controlled trials: the STEER study protocol. <i>Trials</i> , <b>2018</b> , 19, 197	2.8	12
68	Comparison of four methods for assessing the importance of attitudinal beliefs: an international Delphi study in intensive care settings. <i>British Journal of Health Psychology</i> , <b>2014</b> , 19, 274-91	8.3	12

67	Improving professional practice in the disclosure of a diagnosis of dementia: a modeling experiment to evaluate a theory-based intervention. <i>International Journal of Behavioral Medicine</i> , <b>2009</b> , 16, 377-87	2.6	12
66	Self-Lines: A New, Psychometrically Sound, User-Friendly Diagraphic Technique for Assessing Self-Discrepancies. <i>Cognitive Therapy and Research</i> , <b>2006</b> , 30, 69-84	2.7	12
65	Goal conflict and goal facilitation in community-based cardiac rehabilitation: a theory-based interview study. <i>Psychology, Health and Medicine</i> , <b>2015</b> , 20, 227-38	2.1	11
64	A feasibility study of a theory-based intervention to improve appropriate polypharmacy for older people in primary care. <i>Pilot and Feasibility Studies</i> , <b>2018</b> , 4, 23	1.9	11
63	Mothers' Perceptions of Their Children's Occupational Therapy Processes: A Qualitative Interview Study. <i>British Journal of Occupational Therapy</i> , <b>2010</b> , 73, 192-199	1	11
62	Barriers and Facilitators to Implementation of Antibiotic Stewardship Programmes in Hospitals in Developed Countries: Insights From Transnational Studies. <i>Frontiers in Sociology</i> , <b>2020</b> , 5, 41	1.7	10
61	Who cares? - caring for the carers of stroke patients. <i>Disability and Rehabilitation</i> , <b>2007</b> , 29, 425-7	2.4	10
60	The use of theory in process evaluations conducted alongside randomized trials of implementation interventions: A systematic review. <i>Translational Behavioral Medicine</i> , <b>2020</b> , 10, 168-178	3.2	10
59	Intermittent auscultation versus continuous fetal monitoring: exploring factors that influence birthing unit nurses' fetal surveillance practice using theoretical domains framework. <i>BMC Pregnancy and Childbirth</i> , <b>2017</b> , 17, 320	3.2	9
58	Paper-based and web-based intervention modeling experiments identified the same predictors of general practitioners' antibiotic-prescribing behavior. <i>Journal of Clinical Epidemiology</i> , <b>2014</b> , 67, 296-304	5.7	9
57	Pre-validation methods for developing a patient reported outcome instrument. <i>BMC Medical Research Methodology</i> , <b>2011</b> , 11, 112	4.7	9
56	Statistical considerations in a systematic review of proxy measures of clinical behaviour. <i>Implementation Science</i> , <b>2010</b> , 5, 20	8.4	9
55	Description and Effectiveness of Communication Partner Training in TBI: A Systematic Review. <i>Journal of Head Trauma Rehabilitation</i> , <b>2021</b> , 36, 56-71	3	9
54	Changing behaviour, 'more or less': do implementation and de-implementation interventions include different behaviour change techniques?. <i>Implementation Science</i> , <b>2021</b> , 16, 20	8.4	9
53	Which primary care practitioners have poor human papillomavirus (HPV) knowledge? A step towards informing the development of professional education initiatives. <i>PLoS ONE</i> , <b>2018</b> , 13, e0208482	3.7	9
52	How do hospitals respond to feedback about blood transfusion practice? A multiple case study investigation. <i>PLoS ONE</i> , <b>2018</b> , 13, e0206676	3.7	9
51	Supporting genetics in primary care: investigating how theory can inform professional education. <i>European Journal of Human Genetics</i> , <b>2016</b> , 24, 1541-1546	5.3	8
50	How actionable are staff behaviours specified in policy documents? A document analysis of protocols for managing deteriorating patients. <i>Journal of Clinical Nursing</i> , <b>2019</b> , 28, 4139-4149	3.2	8

49	Understanding context: A concept analysis. <i>Journal of Advanced Nursing</i> , <b>2019</b> , 75, 3448-3470	3.1	8
48	Beliefs about responsibilities, the aims of therapy and the structure of the therapy process: a qualitative study of caseload management issues in child health occupational therapy. <i>Child: Care, Health and Development</i> , <b>2012</b> , 38, 108-16	2.8	8
47	An online study combining the constructs from the theory of planned behaviour and protection motivation theory in predicting intention to test for chlamydia in two testing contexts. <i>Psychology, Health and Medicine</i> , <b>2016</b> , 21, 38-51	2.1	7
46	A primary care Web-based Intervention Modeling Experiment replicated behavior changes seen in earlier paper-based experiment. <i>Journal of Clinical Epidemiology</i> , <b>2016</b> , 80, 116-122	5.7	7
45	Implementing selective digestive tract decontamination in the intensive care unit: A qualitative analysis of nurse-identified considerations. <i>Heart and Lung: Journal of Acute and Critical Care</i> , <b>2014</b> , 43, 13-8	2.6	7
44	'Help for Hay Fever', a goal-focused intervention for people with intermittent allergic rhinitis, delivered in Scottish community pharmacies: study protocol for a pilot cluster randomized controlled trial. <i>Trials</i> , <b>2013</b> , 14, 217	2.8	7
43	Diabetes care provision in UK primary care practices. <i>PLoS ONE</i> , <b>2012</b> , 7, e41562	3.7	7
42	Implementing a psychosocial intervention DIALOG+ for patients with psychotic disorders in low and middle income countries in South Eastern Europe: protocol for a hybrid effectiveness-implementation cluster randomized clinical trial (IMPULSE). <i>Global Psychiatry</i> , <b>2020</b> , 3, 83-96	2.5	7
41	Evidence-based care of older people with suspected cognitive impairment in general practice: protocol for the IRIS cluster randomised trial. <i>Implementation Science</i> , <b>2013</b> , 8, 91	8.4	6
40	Clinicians' actions associated with the successful patient care process: a content analysis of interviews with paediatric occupational therapists. <i>Disability and Rehabilitation</i> , <b>2013</b> , 35, 388-96	2.4	6
39	Clinical components and associated behavioural aspects of a complex healthcare intervention: multi-methods study of selective decontamination of the digestive tract in critical care. <i>Australian Critical Care</i> , <b>2013</b> , 26, 173-9	2.9	6
38	Evidence base for an intervention to maximise uptake of glaucoma testing: a theory-based cross-sectional survey. <i>BMJ Open</i> , <b>2012</b> , 2, e000710	3	6
37	Implementability of healthcare interventions: an overview of reviews and development of a conceptual framework.. <i>Implementation Science</i> , <b>2022</b> , 17, 10	8.4	6
36	A survey of UK optometry trainees' smoking cessation training. <i>Ophthalmic and Physiological Optics</i> , <b>2016</b> , 36, 494-502	4.1	6
35	Relational discrepancies and emotion: The moderating roles of relationship type and relational discrepancy valence. <i>Asian Journal of Social Psychology</i> , <b>2009</b> , 12, 259-273	1.4	5
34	Can we do better? Bridging the research to practice gap in patient blood management—optimizing audit & feedback—and the challenges of undertaking a national cluster-randomized controlled trial. <i>ISBT Science Series</i> , <b>2019</b> , 14, 129-135	1.1	5
33	Why trials lose participants: A multitrial investigation of participants' perspectives using the theoretical domains framework. <i>Journal of Clinical Epidemiology</i> , <b>2021</b> , 137, 1-13	5.7	5
32	Rethinking Strategies for Positive Newborn Screening Result (NBS+) Delivery (ReSPoND): a process evaluation of co-designing interventions to minimise impact on parental emotional well-being and stress. <i>Pilot and Feasibility Studies</i> , <b>2019</b> , 5, 108	1.9	4

31	'The more you link, the more you risk' - a focus group study exploring views about data linkage for pharmacovigilance. <i>British Journal of Clinical Pharmacology</i> , <b>2014</b> , 78, 1143-50	3.8	4
30	Linked health data for pharmacovigilance in children: perceived legal and ethical issues for stakeholders and data guardians. <i>BMJ Open</i> , <b>2014</b> , 4, e003875	3	4
