#	ARTICLE	IF	CITATIONS
1	Quality of life movement: Historical overview of the policies and challenges for the future of education. <i>Policy Futures in Education</i> , 2023, 21, 868-885.	1.8	2
2	Voluntary patient safety incidents reporting in forensic psychiatry—What do the reports tell us?. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2022, 29, 36-47.	2.1	4
3	Identifying teamwork-related needs of the medical emergency team: Nurses' perspectives. <i>Nursing in Critical Care</i> , 2022, 27, 804-814.	2.3	2
4	Core competencies for family and community nurses: A European e-Delphi study. <i>Nurse Education in Practice</i> , 2022, 60, 103296.	2.6	9
5	Immigrants' perspectives on healthy life and healthy lifestyle counseling: a focus group study. <i>Scandinavian Journal of Public Health</i> , 2022, , 140349482210750.	2.3	1
6	Development of an International Tool for Students to Record and Reflect on Patient Safety Learning Experiences. <i>Nurse Educator</i> , 2022, 47, E62-E67.	1.1	2
7	Municipal strategies and meeting minutes' descriptions of the promotion of children's mental health: a document analysis. <i>Scandinavian Journal of Public Health</i> , 2021, 49, 519-528.	2.3	3
8	Nurses' Views Highlight a Need for the Systematic Development of Patient Safety Culture in Forensic Psychiatry Nursing. <i>Journal of Patient Safety</i> , 2021, 17, e228-e233.	1.7	8
9	Changes in stress levels and coping strategies among Finnish nursing students. <i>Nurse Education in Practice</i> , 2021, 50, 102958.	2.6	21
10	A systematic review of healthcare professionals' core competency instruments. <i>Australian Journal of Cancer Nursing</i> , 2021, 23, 87-102.	1.6	21
11	Internet use and health in higher education students: a scoping review. <i>Health Promotion International</i> , 2021, 36, 1610-1620.	1.8	13
12	The Psychometric Properties of the Perceived Stress Scale When Used to Measure Stress Levels of Finnish Nursing Undergraduate Students. <i>Journal of Nursing Measurement</i> , 2021, 29, JNM-D-20-00012.	0.3	2
13	A clinical competence approach to examine British and Finnish nurses' attitudes towards the rapid response system model: A study in two acute hospitals. <i>Australian Critical Care</i> , 2021, , .	1.3	0
14	British and Finnish nurses' attitudes, practice, and knowledge on deteriorating patient in-service education: A study in two acute hospitals. <i>Nurse Education in Practice</i> , 2021, 54, 103093.	2.6	0
15	Public health nurses' perceptions on promotive and risk factors for children's mental health: A qualitative interview study. <i>Journal of Advanced Nursing</i> , 2021, 77, 4815-4826.	3.3	1
16	Differences between professionals' views on patient safety culture in long-term and acute care? A cross-sectional study. <i>Leadership in Health Services</i> , 2021, 34, 499-511.	1.2	4
17	Quality of care and patient safety at healthcare institutions in Oman: quantitative study of the perspectives of patients and healthcare professionals. <i>BMC Health Services Research</i> , 2021, 21, 1109.	2.2	4
18	Stress in the Clinical Learning Environment: Perceptions of First-Year Finnish Nursing Students. <i>Nursing Education Perspectives</i> , 2021, 42, E2-E6.	0.7	3

#	ARTICLE	IF	CITATIONS
19	Patients' Perceptions of Healthcare Quality at Hospitals Measured by the Revised Humane Caring Scale. <i>Journal of Patient Experience</i> , 2021, 8, 237437352110652.	0.9	4
20	Factors Affecting Quality of Life among Older Adults with Hypertension in Urban and Rural Areas in Thailand: A Cross-Sectional Study. <i>International Journal of Aging and Human Development</i> , 2021, , 009141502110508.	1.6	11
21	Differences Between Methods of Detecting Medication Errors: A Secondary Analysis of Medication Administration Errors Using Incident Reports, the Global Trigger Tool Method, and Observations. <i>Journal of Patient Safety</i> , 2020, 16, 168-176.	1.7	36
22	Critical Incident Techniques and Reflection in Nursing and Health Professions Education. <i>Nurse Educator</i> , 2020, 45, E57-E61.	1.1	14
23	Finnish professionals' views of the current mental health services and multiprofessional collaboration in children's mental health promotion. <i>International Journal of Mental Health</i> , 2020, , 1-23.	1.3	4
24	Traumatic brain injury patients' family members' evaluations of the social support provided by healthcare professionals in acute care hospitals. <i>Journal of Clinical Nursing</i> , 2020, 29, 3325-3335.	3.0	4
25	Action after Adverse Events in Healthcare: An Integrative Literature Review. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 4717.	2.6	35
26	Nurses' ability to timely activate rapid response systems for deteriorating patients: A comparative case scenario study between Finnish and British nurses. <i>Intensive and Critical Care Nursing</i> , 2020, 60, 102871.	2.9	10
27	Good nurse-nurse collaboration implies high job satisfaction: A structural equation modelling approach. <i>Nursing Open</i> , 2019, 6, 998-1005.	2.4	15
28	Shared learning from national to international contexts: a research and innovation collaboration to enhance education for patient safety. <i>Journal of Research in Nursing</i> , 2019, 24, 149-164.	0.9	13
29	Perceptions on nurse-nurse collaboration among registered nurses in Finland and Norway. <i>Scandinavian Journal of Caring Sciences</i> , 2019, 33, 731-740.	2.1	15
30	Changes in patient safety culture: A patient safety intervention for Finnish forensic psychiatric hospital staff. <i>Journal of Nursing Management</i> , 2019, 27, 848-857.	3.4	16
31	Patient participation in patient safety-An exploration of promoting factors. <i>Journal of Nursing Management</i> , 2019, 27, 84-92.	3.4	29
32	Problems with incident reporting: Reports lead rarely to recommendations. <i>Journal of Clinical Nursing</i> , 2019, 28, 1607-1613.	3.0	11
33	Stress and Coping Among Nursing Students During Clinical Training: An Integrative Review. <i>Journal of Nursing Education</i> , 2019, 58, 266-272.	0.9	70
34	How transformational leadership appears in action with adverse events? A study for Finnish nurse manager. <i>Journal of Nursing Management</i> , 2018, 26, 639-646.	3.4	20
35	Patient-reported experiences of patient safety incidents need to be utilized more systematically in promoting safe care. <i>International Journal for Quality in Health Care</i> , 2018, 30, 778-785.	1.8	19
36	Job satisfaction among registered nurses in two Scandinavian acute care hospitals. <i>Journal of Nursing Management</i> , 2018, 26, 888-897.	3.4	8
