#	ARTICLE	IF	CITATIONS
1	The value of flexibility in mitigating supply chain transportation risks. <i>International Journal of Production Research</i> , 2021, 59, 6252-6269.	7.5	13
2	The role of risk management in buyer-supplier relationships with a preferred customer status for total quality management. <i>TQM Journal</i> , 2020, 32, 959-981.	3.3	6
3	Advance Purchase Discounts for Supply Chain Finance System Coordination. <i>Sustainability</i> , 2020, 12, 10156.	3.2	5
4	Public guarantees for mitigating interest rate risk in PPP projects. <i>Built Environment Project and Asset Management</i> , 2019, 9, 248-261.	1.6	29
5	Supply Chain Finance: A supply chain-oriented perspective to mitigate commodity risk and pricing volatility. <i>Journal of Purchasing and Supply Management</i> , 2019, 25, 118-133.	5.7	65
6	The Role of Risk in Improving Goal Setting in Performance Management Practices within Public Sector: An Explorative Research in Courts Offices in Italy. <i>International Journal of Public Administration</i> , 2018, 41, 986-997.	2.3	11
7	An empirical investigation of the learning effect in concrete operations. <i>Engineering, Construction and Architectural Management</i> , 2018, 25, 342-357.	3.1	10
8	The Effect of More Demanding Public Services Quality Standards on the Organization of Service Providers. <i>International Journal of Public Administration</i> , 2017, 40, 847-859.	2.3	1
9	Management tools for the sustainable reclaiming of historical neighbourhoods. <i>City, Territory and Architecture</i> , 2017, 4, .	1.3	3
10	Recent advances in the TDR-based leak detection system for pipeline inspection. <i>Measurement: Journal of the International Measurement Confederation</i> , 2017, 98, 347-354.	5.0	36
11	Revenue Guarantees in PPPs: A Winâ€“Win Option-Based Model. , 2017, , .		1
12	Factors affecting the diffusion and success of collaborative interactions between university and industry. <i>Journal of Science and Technology Policy Management</i> , 2016, 7, 273-288.	2.8	10
13	A transaction costs-based model to choose PPP procurement procedures. <i>Engineering, Construction and Architectural Management</i> , 2016, 23, 491-510.	3.1	37
14	Publicâ€“private partnership implementation: cross-case analysis. <i>Proceedings of Institution of Civil Engineers: Management, Procurement and Law</i> , 2015, 168, 164-176.	0.5	10
15	A model for designing the tendering process in publicâ€“private partnerships. <i>Proceedings of Institution of Civil Engineers: Management, Procurement and Law</i> , 2015, 168, 146-156.	0.5	2
16	Actors and barriers to the adoption of LCC and LCA techniques in the built environment. <i>Built Environment Project and Asset Management</i> , 2015, 5, 202-216.	1.6	16
17	An integrated approach for warehouse analysis and optimization: A case study. <i>Computers in Industry</i> , 2015, 70, 56-69.	9.9	55
18	A Multimodal System for Nonverbal Human Feature Recognition in Emotional Framework. , 2015, , .		0

#	ARTICLE	IF	CITATIONS
19	Concession period for PPPs: A win-win model for a fair risk sharing. International Journal of Project Management, 2014, 32, 1223-1232.	5.6	126
20	A Nash equilibrium simulation model for the competitiveness evaluation of the auction based day ahead electricity market. Computers in Industry, 2014, 65, 774-785.	9.9	16
21	Revenue guarantee in public-private partnerships: a fair risk allocation model. Construction Management and Economics, 2014, 32, 403-415.	3.0	80
22	Job Fatigue and the Emancipation of Workers: Past Scenarios and Future Perspectives. , 2014, , 14-32.		1
23	A lean warehousing integrated approach: A case study. , 2013, , .		7
24	A hierarchical optimization technique for the strategic design of distribution networks. Computers and Industrial Engineering, 2013, 66, 849-864.	6.3	15
25	A periodic event scheduling approach for offline timetable optimization of regional railways. , 2013, , .		7
26	Using Cross-Efficiency Fuzzy Data Envelopment Analysis for Healthcare Facilities Performance Evaluation under Uncertainty. , 2013, , .		5
27	Construction of multi-storey concrete structures in Italy: patterns of productivity and learning curves. Construction Management and Economics, 2012, 30, 103-115.	3.0	28
28	Strategic design and multi-objective optimisation of distribution networks based on genetic algorithms. International Journal of Computer Integrated Manufacturing, 2012, 25, 1139-1150.	4.6	22
29	Fuzzy network design of sustainable supply chains. IFAC Postprint Volumes IPPV / International Federation of Automatic Control, 2012, 45, 1284-1289.	0.4	1
30	Balancing the additional costs of purchasing and the vendor set dimension to reduce public procurement costs. Journal of Purchasing and Supply Management, 2012, 18, 189-198.	5.7	25
31	A cross efficiency fuzzy Data Envelopment Analysis technique for supplier evaluation under uncertainty. , 2012, , .		5
32	A novel fuzzy Data Envelopment Analysis methodology for performance evaluation in a two-stage supply chain. , 2012, , .		7
33	A model for supply management of agile manufacturing supply chains. International Journal of Production Economics, 2012, 135, 451-457.	8.9	105
34	Using a DEA-cross efficiency approach in public procurement tenders. European Journal of Operational Research, 2012, 218, 523-529.	5.7	174
35	Supplier selection in the public procurement sector via a data envelopment analysis approach. , 2011, , .		3
36	A fuzzy programming approach for the strategic design of distribution networks. , 2011, , .		12

#	ARTICLE	IF	CITATIONS
37	Using fuzzy decision making for supplier selection in public procurement. Journal of Public Procurement, 2011, 11, 403-427.	2.0	7
38	Asset Specificity and Specialization in the U.S. Construction Industry: A Transaction Cost Theory Interpretation. International Journal of Construction Management, 2011, 11, 13-30.	3.2	3
39	A real options-based model to supporting risk allocation in price cap regulation approach for public utilities. Construction Management and Economics, 2011, 29, 1197-1207.	3.0	22
40	Choosing between single and multiple sourcing based on supplier default risk: A real options approach. Journal of Purchasing and Supply Management, 2010, 16, 27-40.	5.7	112
41	A model for the optimal design of the Hospital Drug Distribution Chain. , 2010, , .		6
42	A model for the strategic design of Distribution Networks. , 2010, , .		4
43	A decision support system framework for purchasing management in supply chains. Journal of Business and Industrial Marketing, 2009, 24, 278-290.	3.0	19
44	The contribution of Ranko Bon to the debate on sustainable construction. Construction Management and Economics, 2006, 24, 705-709.	3.0	5
45	Production arrangements by US building and non-building contractors: an update. Construction Management and Economics, 2004, 22, 231-235.	3.0	3
46	Subcontracting in commercial and residential construction: an empirical investigation. Construction Management and Economics, 2001, 19, 439-447.	3.0	41
