#	ARTICLE	IF	CITATIONS
1	El uso de las mascarillas en la protección de las infecciones respiratorias: una revisión de revisiones. Enfermedades Infecciosas Y Microbiología Clínica, 2020, , .	0.5	2
2	Budget impact of a program for safely reducing caesarean sections in Canada. Midwifery, 2018, 60, 20-26.	2.3	6
3	Acceptance or decline of requests to review manuscripts: A gender-based approach from a public health journal. Accountability in Research, 2018, 25, 94-108.	2.4	8
4	Approach to identifying research gaps on vector-borne and other infectious diseases of poverty in urban settings: scoping review protocol from the VERDAS consortium and reflections on the project's implementation. Infectious Diseases of Poverty, 2018, 7, 98.	3.7	15
5	Establishing research priorities in prevention and control of vector-borne diseases in urban areas: a collaborative process. Infectious Diseases of Poverty, 2018, 7, 85.	3.7	3
6	Impact, economic evaluation, and sustainability of integrated vector management in urban settings to prevent vector-borne diseases: a scoping review. Infectious Diseases of Poverty, 2018, 7, 83.	3.7	19
7	Analysis of changes in trends in the consumption rates of benzodiazepines and benzodiazepine-related drugs. Journal of Pharmaceutical Policy and Practice, 2018, 11, 1.	2.4	32
8	A cluster-randomized trial to reduce caesarean delivery rates in Quebec: cost-effectiveness analysis. BMC Medicine, 2017, 15, 96.	5.5	19
9	Socio-economic factors linked with mental health during the recession: a multilevel analysis. International Journal for Equity in Health, 2017, 16, 45.	3.5	40
10	Effectiveness of an intervention to improve diabetes self-management on clinical outcomes in patients with low educational level. Gaceta Sanitaria, 2017, 31, 40-47.	1.5	16
11	Barriers and enablers in the implementation of a program to reduce cesarean deliveries. Reproductive Health, 2017, 14, 106.	3.1	10
12	Direct and indirect costs of diabetes mellitus in Mali: A case-control study. PLoS ONE, 2017, 12, e0176128.	2.5	26
13	Lifestyle Interventions to Prevent Type 2 Diabetes: A Systematic Review of Economic Evaluation Studies. Journal of Diabetes Research, 2016, 2016, 1-14.	2.3	50
14	Priorities and needs for research on urban interventions targeting vector-borne diseases: rapid review of scoping and systematic reviews. Infectious Diseases of Poverty, 2016, 5, 104.	3.7	10
15	An economic evaluation of two interventions for the prevention of post-surgical infections in cardiac surgery. Revista De Calidad Asistencial: Órgano De La Sociedad Española De Calidad Asistencial, 2016, 31, 27-33.	0.3	4
16	Evaluation of quality improvement for cesarean sections programmes through mixed methods. Implementation Science, 2014, 9, 182.	6.9	8
17	Information needs and Internet use in urological and breast cancer patients. Supportive Care in Cancer, 2014, 22, 545-552.	2.2	46
18	Identification of factors associated with diagnostic error in primary care. BMC Family Practice, 2014, 15, 92.	2.9	8

#	ARTICLE	IF	CITATIONS
19	Effectiveness of two interventions based on improving patient-practitioner communication on diabetes self-management in patients with low educational level: study protocol of a clustered randomized trial in primary care. <i>BMC Health Services Research</i> , 2013, 13, 433.	2.2	2
20	Use of Social Media by Spanish Hospitals: Perceptions, Difficulties, and Success Factors. <i>Telemedicine Journal and E-Health</i> , 2013, 19, 137-145.	2.8	31
21	Adapting the Content of Cancer Web Sites to the Information Needs of Patients: Reliability and Readability. <i>Telemedicine Journal and E-Health</i> , 2013, 19, 956-966.	2.8	23
22	Factors related to use of the Internet as a source of health information by urological cancer patients. <i>Supportive Care in Cancer</i> , 2012, 20, 3087-3094.	2.2	18
23	Use of the Internet as a source of health information amongst participants of antenatal classes. <i>Journal of Clinical Nursing</i> , 2012, 21, 322-330.	3.0	94
24	Use of the internet as a source of health information by Spanish adolescents. <i>BMC Medical Informatics and Decision Making</i> , 2010, 10, 6.	3.0	39
25	Sex Differences in the Use of the Internet as a Source of Health Information Among Adolescents. <i>Telemedicine Journal and E-Health</i> , 2010, 16, 145-153.	2.8	8
26	Factors associated with improvement in disability-adjusted life years in patients with HIV/AIDS. <i>BMC Public Health</i> , 2008, 8, 362.	2.9	6
27	Cost-Effectiveness of Percent Free PSA for Prostate Cancer Detection in Men with a Total PSA of 4-10 ng/ml. <i>Urologia Internationalis</i> , 2007, 79, 336-344.	1.3	8
28	Women's Autonomy and the Evaluation of the Information Available on the Internet on Hormone Therapy After Menopause. <i>CIN - Computers Informatics Nursing</i> , 2006, 24, 226-234.	0.5	2
29	Características organizativas de la atención primaria y hospitalización por los principales ambulatory care sensitive conditions. <i>Atencion Primaria</i> , 2004, 33, 305-311.	1.4	5
