

Nancy A Nicolson

List of Publications by Citations

Source: <https://exaly.com/author-pdf/3883150/nancy-a-nicolson-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
67	The effects of perceived stress, traits, mood states, and stressful daily events on salivary cortisol. <i>Psychosomatic Medicine</i> , 1996 , 58, 447-58	3.7	376
66	Emotional reactivity to daily life stress in psychosis and affective disorder: an experience sampling study. <i>Acta Psychiatrica Scandinavica</i> , 2003 , 107, 124-31	6.5	243
65	Effects of daily events on mood states in major depressive disorder. <i>Journal of Abnormal Psychology</i> , 2003 , 112, 203-11	7	194
64	Diurnal mood variation in major depressive disorder. <i>Emotion</i> , 2006 , 6, 383-91	4.1	182
63	A momentary assessment study of the relationship between affective and adrenocortical stress responses in daily life. <i>Biological Psychology</i> , 2007 , 74, 60-6	3.2	138
62	Effects of stressful daily events on mood states: Relationship to global perceived stress.. <i>Journal of Personality and Social Psychology</i> , 1998 , 75, 1572-1585	6.5	135
61	The context of delusional experiences in the daily life of patients with schizophrenia. <i>Psychological Medicine</i> , 2001 , 31, 489-98	6.9	132
60	The role of stressful events in the relationship between positive and negative affects: evidence from field and experimental studies. <i>Journal of Personality</i> , 2000 , 68, 927-51	4.4	128
59	Electronic monitoring of salivary cortisol sampling compliance in daily life. <i>Life Sciences</i> , 2005 , 76, 2431-438	4.3	126
58	Cortisol responses to daily events in major depressive disorder. <i>Psychosomatic Medicine</i> , 2003 , 65, 836-41	3.7	121
57	Childhood parental loss and cortisol levels in adult men. <i>Psychoneuroendocrinology</i> , 2004 , 29, 1012-8	5	120
56	Reproduction in wild female olive baboons. <i>American Journal of Primatology</i> , 1989 , 19, 229-246	2.5	119
55	Daily cortisol, stress reactivity and psychotic experiences in individuals at above average genetic risk for psychosis. <i>Psychological Medicine</i> , 2011 , 41, 2305-15	6.9	116
54	Individual differences in cortisol responses to a laboratory speech task and their relationship to responses to stressful daily events. <i>Biological Psychology</i> , 1996 , 43, 69-84	3.2	112
53	Salivary cortisol patterns in vital exhaustion. <i>Journal of Psychosomatic Research</i> , 2000 , 49, 335-42	4.1	102
52	Measurement of Cortisol		101
51	Interferon-alpha-induced depressive symptoms are related to changes in the cytokine network but not to cortisol. <i>Journal of Psychosomatic Research</i> , 2007 , 62, 207-14	4.1	100

50	Neighbourhood socioeconomic disadvantage and behavioural problems from late childhood into early adolescence. <i>Journal of Epidemiology and Community Health</i> , 2003 , 57, 699-703	5.1	99
49	Levels and variability of daily life cortisol secretion in major depression. <i>Psychiatry Research</i> , 2004 , 126, 1-13	9.9	97
48	Reduced stress-sensitivity or increased reward experience: the psychological mechanism of response to antidepressant medication. <i>Neuropsychopharmacology</i> , 2009 , 34, 923-31	8.7	96
47	Coping style, trait anxiety and cortisol reactivity during mental stress. <i>Journal of Psychosomatic Research</i> , 1991 , 35, 141-7	4.1	93
46	Sleep/wake patterns of breast-fed infants in the first 2 years of life. <i>Pediatrics</i> , 1986 , 77, 322-9	7.4	88
45	Behavioral problems in dementia patients and salivary cortisol patterns in caregivers. <i>Journal of Neuropsychiatry and Clinical Neurosciences</i> , 2005 , 17, 201-7	2.7	84
44	Quality of life in depression: daily life determinants and variability. <i>Psychiatry Research</i> , 1999 , 88, 173-89	9.9	84
43	Early improvement in positive rather than negative emotion predicts remission from depression after pharmacotherapy. <i>European Neuropsychopharmacology</i> , 2011 , 21, 241-7	1.2	79
42	Childhood maltreatment and diurnal cortisol patterns in women with chronic pain. <i>Psychosomatic Medicine</i> , 2010 , 72, 471-80	3.7	78
41	Patterns of salivary cortisol secretion and responses to daily events in patients with remitted bipolar disorder. <i>Psychoneuroendocrinology</i> , 2011 , 36, 258-65	5	65
40	Mood reactivity to daily negative events in early adolescence: relationship to risk for psychopathology. <i>Developmental Psychology</i> , 2006 , 42, 543-54	3.7	64
39	Changes in daily life experience associated with clinical improvement in depression. <i>Journal of Affective Disorders</i> , 1995 , 34, 139-54	6.6	62
38	Changes in affect interrelations as a function of stressful events. <i>Cognition and Emotion</i> , 2002 , 16, 309-318	3.8	60
37	Effects of antidepressant treatment on the quality of daily life: an experience sampling study. <i>Journal of Clinical Psychiatry</i> , 2002 , 63, 477-85	4.6	59
36	Cortisol reactivity and cognitive performance in a continuous mental task paradigm. <i>Biological Psychology</i> , 1990 , 31, 107-16	3.2	57
35	Moment-to-moment transfer of positive emotions in daily life predicts future course of depression in both general population and patient samples. <i>PLoS ONE</i> , 2013 , 8, e75655	3.7	52
34	Ambulatory emotional reactivity to negative daily life events predicts remission from major depressive disorder. <i>Behaviour Research and Therapy</i> , 2010 , 48, 754-60	5.2	50
33	The dynamic interplay between negative and positive emotions in daily life predicts response to treatment in depression: a momentary assessment study. <i>British Journal of Clinical Psychology</i> , 2012 , 51, 206-22	3.6	47

32	Effects of acute tryptophan depletion on mood and cortisol release in first-degree relatives of type I and type II bipolar patients and healthy matched controls. <i>Neuropsychopharmacology</i> , 2002 , 27, 834-42	8.7	47
31	The shape of the cumulative food intake curve in humans, during basic and manipulated meals. <i>Physiology and Behavior</i> , 1990 , 47, 569-76	3.5	47
30	Elevated salivary dehydroepiandrosterone-sulfate but normal cortisol levels in medicated depressed patients: preliminary findings. <i>Psychiatry Research</i> , 2004 , 128, 117-22	9.9	44
29	Solitude and cortisol: associations with state and trait affect in daily life. <i>Biological Psychology</i> , 2011 , 86, 314-9	3.2	43
28	Daily life stress reactivity in remitted versus non-remitted depressed individuals. <i>European Psychiatry</i> , 2015 , 30, 441-7	6	41
27	Mood reactivity to daily events in patients with remitted bipolar disorder. <i>Psychiatry Research</i> , 2010 , 179, 47-52	9.9	37
26	Effects of stressful daily events on mood states: relationship to global perceived stress. <i>Journal of Personality and Social Psychology</i> , 1998 , 75, 1572-85	6.5	37
25	Daily hassles, uplifts, and time use in individuals with bipolar disorder in remission. <i>Journal of Nervous and Mental Disease</i> , 2007 , 195, 745-51	1.8	36
24	Hippocampal volume as marker of daily life stress sensitivity in psychosis. <i>Psychological Medicine</i> , 2013 , 43, 1377-87	6.9	34
23	Dyspnea in elderly family practice patients. Occurrence, severity, quality of life and mortality over an 8-year period. <i>Family Practice</i> , 2006 , 23, 34-9	1.9	34
22	Salivary cortisol patterns and cognitive speed in major depression: a comparison with allergic rhinitis and healthy control subjects. <i>Biological Psychology</i> , 2003 , 63, 1-14	3.2	33
21	Pituitary volume, stress reactivity and genetic risk for psychotic disorder. <i>Psychological Medicine</i> , 2012 , 42, 1523-33	6.9	32
20	Salivary cortisol and psychopathy dimensions in detained antisocial adolescents. <i>Psychoneuroendocrinology</i> , 2013 , 38, 1586-95	5	27
19	Mood in Daily Contexts: Relationship With Risk in Early Adolescence. <i>Journal of Research on Adolescence</i> , 2007 , 17, 697-722	3.2	27
18	L-5-hydroxytryptophan induced increase in salivary cortisol in panic disorder patients and healthy volunteers. <i>Psychopharmacology</i> , 2002 , 161, 365-9	4.7	21
17	Susceptibility to depression expressed as alterations in cortisol day curve: a cross-twin, cross-trait study. <i>Psychosomatic Medicine</i> , 2008 , 70, 314-8	3.7	19
16	Stress, coping and cortisol dynamics in daily life 1992 , 219-232		19
15	Negative Trauma Appraisals and PTSD Symptoms in Sri Lankan Adolescents. <i>Journal of Abnormal Child Psychology</i> , 2016 , 44, 245-55	4	17

14	Obesity, restrained eating and the cumulative intake curve. <i>Appetite</i> , 1988 , 11, 119-28	4.5	16
13	The association between cortisol and the BOLD response in male adolescents undergoing fMRI. <i>Brain Research</i> , 2015 , 1598, 1-11	3.7	15
12	Cortisol and induced cognitive fatigue: effects on memory activation in healthy males. <i>Biological Psychology</i> , 2013 , 94, 167-74	3.2	13
11	Validity and time course of surgical fear as measured with the Surgical Fear Questionnaire in patients undergoing cataract surgery. <i>PLoS ONE</i> , 2018 , 13, e0201511	3.7	9
10	Gender moderates diurnal cortisol in relation to trauma and PTSD symptoms: A study in Sri Lankan adolescents. <i>Psychoneuroendocrinology</i> , 2019 , 104, 122-131	5	8
9	Imagining a positive future reduces cortisol response to awakening and reactivity to acute stress. <i>Psychoneuroendocrinology</i> , 2020 , 116, 104677	5	8
8	The Relative Impact of Traumatic Experiences and Daily Stressors on Mental Health Outcomes in Sri Lankan Adolescents. <i>Journal of Traumatic Stress</i> , 2018 , 31, 487-498	3.8	8
7	Stress, cortisol and memory as markers of serotonergic vulnerability. <i>Acta Neuropsychiatrica</i> , 2002 , 14, 186-91	3.9	7
6	Infrequently occurring activities and contexts in time use data. <i>Journal of Nervous and Mental Disease</i> , 1987 , 175, 519-25	1.8	5
5	Salivary cortisol and dehydroepiandrosterone-sulfate (DHEA-S) in recurrent major depression: Comparison with matched healthy controls. <i>Journal of Affective Disorders</i> , 2008 , 107, S71-S72	6.6	2
4	A new method to describe the impact of two antidepressant treatments in daily life. <i>European Neuropsychopharmacology</i> , 1994 , 4, 297	1.2	
3	The sociobiology of infant and adult male baboons. <i>Ethology and Sociobiology</i> , 1988 , 9, 63-65		
2	Infrequently occurring activities and contexts in time-use data 1992 , 353-362		
1	Salivary cortisol patterns in psychopathic and non-psychopathic offenders. <i>Physiology and Behavior</i> , 2021 , 239, 113529	3.5
