|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|--------------|
| 1  | Association of SGLT2 Inhibitors With Treatment Satisfaction and Diabetes-Specific and General Health Status in Adults With Cardiovascular Disease and Type 2 Diabetes. <i>Journal of the American Heart Association</i> , 2023, 12, . | 4.3 | 2            |
| 2  | Endometrial Sampling for Preoperative Diagnosis of Uterine Leiomyosarcoma. <i>Journal of Minimally Invasive Gynecology</i> , 2022, 29, 119-127.                                                                                       | 0.8 | 10           |
| 3  | Clinical and EEG factors associated with antiseizure medication resistance in idiopathic generalized epilepsy. <i>Epilepsia</i> , 2022, 63, 150-161.                                                                                  | 4.6 | 32           |
| 4  | Safety Warning about Laparoscopic Power Morcellation in Hysterectomy: A Cost-Effectiveness Analysis of National Impact. <i>Women S Health Reports</i> , 2022, 3, 369-384.                                                             | 1.1 | 2            |
| 5  | Psychometric Evaluation of the Patient-Nurse Trust Scale among Sexual and Gender Minorities. <i>Journal of Community Health Nursing</i> , 2022, 39, 238-250.                                                                          | 0.9 | 2            |
| 6  | Timing of Antiretroviral Therapy Initiation and Risk of Cancer Among Persons Living With Human Immunodeficiency Virus. <i>Clinical Infectious Diseases</i> , 2021, 72, 1900-1909.                                                     | 5.4 | 35           |
| 7  | Newly diagnosed diabetes and outcomes after acute myocardial infarction in young adults. <i>Heart</i> , 2021, 107, 657-666.                                                                                                           | 4.3 | 16           |
| 8  | Racial Disparities in Post-Acute Home Health Care Referral and Utilization among Older Adults with Diabetes. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 3196.                               | 3.1 | 38           |
| 9  | Latent class mediator for multiple indicators of mediation. <i>Statistics in Medicine</i> , 2021, 40, 2800-2820.                                                                                                                      | 1.7 | 2            |
| 10 | Timing of Home Health Care Initiation and 30-Day Rehospitalizations among Medicare Beneficiaries with Diabetes by Race and Ethnicity. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5623.      | 3.1 | 21           |
| 11 | Racial and Economic Differences in the Risk of Hyperglycemia in Children Hospitalized With Acute Lymphoblastic Leukemia. <i>Journal of Pediatric Oncology Nursing</i> , 2021, 38, 277-284.                                            | 1.9 | 1            |
| 12 | Hospital variation in responses to safety warnings about power morcellation in hysterectomy. <i>American Journal of Obstetrics and Gynecology</i> , 2021, 224, 589.e1-589.e13.                                                        | 2.4 | 4            |
| 13 | Incremental biomarker and clinical outcomes after switch from enzyme therapy to eliglustat substrate reduction therapy in Gaucher disease. <i>Molecular Genetics and Metabolism Reports</i> , 2021, 29, 100798.                       | 1.3 | 10           |
| 14 | Association of Immunosuppression and Human Immunodeficiency Virus (HIV) Viremia With Anal Cancer Risk in Persons Living With HIV in the United States and Canada. <i>Clinical Infectious Diseases</i> , 2020, 70, 1176-1185.          | 5.4 | 38           |
| 15 | Low-Interventional Approaches to Intrapartum Care: Hospital Variation in Practice and Associated Factors. <i>Journal of Midwifery and Women's Health</i> , 2020, 65, 33-44.                                                           | 1.8 | 14           |
| 16 | Validity of Race and Ethnicity Codes in Medicare Administrative Data Compared With Gold-standard Self-reported Race Collected During Routine Home Health Care Visits. <i>Medical Care</i> , 2020, 58, e1-e8.                          | 1.8 | 313          |
| 17 | Trial of Labor After Two Prior Cesarean Deliveries. <i>Obstetrics and Gynecology</i> , 2020, 136, 109-117.                                                                                                                            | 1.4 | 12           |
| 18 | Hospital variation in admissions to neonatal intensive care units by diagnosis severity and category. <i>Journal of Perinatology</i> , 2020, 41, 468-477.                                                                             | 1.9 | 50           |

| #  | ARTICLE                                                                                                                                                                                                                                                    | IF   | PR CITATIONS |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|--------------|
| 19 | Heterogeneity in Trajectories of Systolic Blood Pressure among Young Adults in Qingdao Port Cardiovascular Health Study. <i>Global Heart</i> , 2020, 15, 20.                                                                                               | 2.7  | 1            |
| 20 | Association of Diabetes Mellitus With Health Status Outcomes in Young Women and Men After Acute Myocardial Infarction: Results From the VIRGO Study. <i>Journal of the American Heart Association</i> , 2019, 8, .                                         | 4.3  | 15           |
| 21 | Predictors of Hospitalization of Individuals With First-Episode Psychosis: Data From a 2-Year Follow-Up of the RAISE-ETP. <i>Psychiatric Services</i> , 2019, 70, 569-577.                                                                                 | 2.3  | 41           |
| 22 | Prevalence, characteristics, and risk factors of occult uterine cancer in presumed benign hysterectomy. <i>American Journal of Obstetrics and Gynecology</i> , 2019, 221, 39.e1-39.e14.                                                                    | 2.4  | 39           |
| 23 | Association of immunosuppression and HIV viraemia with non-Hodgkin lymphoma risk overall and by subtype in people living with HIV in Canada and the USA: a multicentre cohort study. <i>Lancet HIV</i> , 2019, 6, e240-e249.                               | 8.1  | 60           |
| 24 | Hospital Variation in Utilization and Success of Trial of Labor After a Prior Cesarean. <i>Obstetrical and Gynecological Survey</i> , 2019, 74, 326-328.                                                                                                   | 0.6  | 0            |
| 25 | Laparoscopic Hysterectomy Route, Resource Use, and Outcomes. <i>Obstetrics and Gynecology</i> , 2019, 134, 227-238.                                                                                                                                        | 1.4  | 27           |
| 26 | Hospital variation in utilization and success of trial of labor after a prior cesarean. <i>American Journal of Obstetrics and Gynecology</i> , 2019, 220, 98.e1-98.e14.                                                                                    | 2.4  | 20           |
| 27 | Optimal maternal and neonatal outcomes and associated hospital characteristics. <i>Birth</i> , 2019, 46, 289-299.                                                                                                                                          | 2.4  | 13           |
| 28 | Urine TNF- $\alpha$ and IL-9 for clinical diagnosis of acute interstitial nephritis. <i>JCI Insight</i> , 2019, 4, .                                                                                                                                       | 5.4  | 137          |
| 29 | Identification of Patients Expected to Benefit from Electronic Alerts for Acute Kidney Injury. <i>Clinical Journal of the American Society of Nephrology: CJASN</i> , 2018, 13, 842-849.                                                                   | 4.4  | 33           |
| 30 | Occult Gynecologic Cancer in Women Undergoing Hysterectomy or Myomectomy for Benign Indications. <i>Obstetrics and Gynecology</i> , 2018, 131, 642-651.                                                                                                    | 1.4  | 24           |
| 31 | Accounting for group differences in study retention in a randomized trial of specialized treatment for first episode psychosis. <i>Schizophrenia Research</i> , 2018, 195, 481-487.                                                                        | 2.4  | 7            |
| 32 | Brief Report: Cutaneous Melanoma Risk Among People With HIV in the United States and Canada. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2018, 78, 499-504.                                                                            | 1.8  | 21           |
| 33 | Incomes and Outcomes: Social Security Disability Benefits in First-Episode Psychosis. <i>American Journal of Psychiatry</i> , 2017, 174, 886-894.                                                                                                          | 10.4 | 33           |
| 34 | Association of CD4+ T-cell Count, HIV-1 RNA Viral Load, and Antiretroviral Therapy With Kaposi Sarcoma Risk Among HIV-infected Persons in the United States and Canada. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2017, 75, 382-390. | 1.8  | 41           |
| 35 | Heterogeneity in Early Responses in ALLHAT (Antihypertensive and Lipid-Lowering Treatment to Prevent) Tj ETQq1 1 0.784314 rgBT /Ov                                                                                                                         | 6.9  | 16           |
| 36 | Perceived Stress After Acute Myocardial Infarction: A Comparison Between Young and Middle-Aged Women Versus Men. <i>Psychosomatic Medicine</i> , 2017, 79, 50-58.                                                                                          | 2.2  | 44           |
