

Jess Dez-Manglano

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/3895335/jesus-diez-manglano-publications-by-year.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
93	Identifying multimorbidity profiles associated with COVID-19 severity in chronic patients using network analysis in the PRECOVID Study.. <i>Scientific Reports</i> , 2022 , 12, 2831	4.9	0
92	WHO Ordinal Scale and Inflammation Risk Categories in COVID-19. Comparative Study of the Severity Scales.. <i>Journal of General Internal Medicine</i> , 2022 , 1	4	1
91	Pulmonary function tests in type 2 diabetes: a meta-analysis. <i>ERJ Open Research</i> , 2021 , 7,	3.5	1
90	Impact of Arterial Stiffness on All-Cause Mortality in Patients Hospitalized With COVID-19 in Spain. <i>Hypertension</i> , 2021 , 77, 856-867	8.5	21
89	Pulse oximetry is an essential tool that saves lives: a call for standardisation. <i>European Respiratory Journal</i> , 2021 , 57,	13.6	
88	Estimation of Admission D-dimer Cut-off Value to Predict Venous Thrombotic Events in Hospitalized COVID-19 Patients: Analysis of the SEMI-COVID-19 Registry. <i>Journal of General Internal Medicine</i> , 2021 , 36, 3478-3486	4	2
87	Cognitive impairment in patients hospitalized for congestive heart failure: data from the RICA Registry. <i>Internal and Emergency Medicine</i> , 2021 , 16, 141-148	3.7	2
86	Spanish and Portuguese Societies of Internal Medicine consensus guideline about best practice in end-of-life care. <i>Revista Clínica Española</i> , 2021 , 221, 33-44	0.5	0
85	Multimorbidity networks of chronic obstructive pulmonary disease and heart failure in men and women: Evidence from the EpiChron Cohort. <i>Mechanisms of Ageing and Development</i> , 2021 , 193, 111392	5.6	4
84	Healthcare workers hospitalized due to COVID-19 have no higher risk of death than general population. Data from the Spanish SEMI-COVID-19 Registry. <i>PLoS ONE</i> , 2021 , 16, e0247422	3.7	3
83	Multimorbidity clusters in patients with chronic obstructive airway diseases in the EpiChron Cohort. <i>Scientific Reports</i> , 2021 , 11, 4784	4.9	4
82	In-hospital mortality among immunosuppressed patients with COVID-19: Analysis from a national cohort in Spain. <i>PLoS ONE</i> , 2021 , 16, e0255524	3.7	3
81	Prognostic value of ambulatory blood pressure values in elderly patients with heart failure. Results of the DICUMAP study. <i>Revista Clínica Española</i> , 2021 , 221, 433-440	0.5	
80	Utilidad pronóstica de las cifras ambulatorias de presión arterial en pacientes de edad avanzada con insuficiencia cardíaca. Resultados del estudio DICUMAP. <i>Revista Clínica Española</i> , 2021 , 221, 433-440	0.7	1
79	Impact of the iCODEX tool in routine clinical practice in Spain.. <i>Current Medical Research and Opinion</i> , 2021 , 1-7	2.5	
78	Nutritional Risk and Mortality at One Year for Elderly Patients Hospitalized with Nonvalvular Atrial Fibrillation. NONAVASC Registry. <i>Journal of Nutrition, Health and Aging</i> , 2020 , 24, 981-986	5.2	0
77	Chronic Obstructive Pulmonary Disease and Incidence of Hip Fracture: A Nested Case-Control Study in the EpiChron Cohort. <i>International Journal of COPD</i> , 2020 , 15, 2799-2806	3	0

76	Simplified medication regimen and survival in polypathological patients. <i>Medicina Clínica (English Edition)</i> , 2020 , 154, 248-253	0.3	
75	Nutritional Risk and Mortality at One Year for Elderly Patients Hospitalized with Nonvalvular Atrial Fibrillation. Nonavasc Registry. <i>Journal of Nutrition, Health and Aging</i> , 2020 , 24, 981-986	5.2	
74	Multimorbidity Patterns in the General Population: Results from the EpiChron Cohort Study. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	13
73	Insights into Chronic Obstructive Pulmonary Disease as Critical Risk Factor for Cardiovascular Disease. <i>International Journal of COPD</i> , 2020 , 15, 755-764	3	7
72	Management of the COPD Patient with Comorbidities: An Experts Recommendation Document. <i>International Journal of COPD</i> , 2020 , 15, 1015-1037	3	18
71	Simplified medication regimen and survival in polypathological patients. <i>Medicina Clínica</i> , 2020 , 154, 248-253	1	0
70	Palliative Sedation in Patients Hospitalized in Internal Medicine Departments. <i>Journal of Pain and Symptom Management</i> , 2020 , 59, 302-309	4.8	5
69	Baseline Chronic Comorbidity and Mortality in Laboratory-Confirmed COVID-19 Cases: Results from the PRECOVID Study in Spain. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	51
68	Oxidative Stress, Telomere Shortening, and Apoptosis Associated to Sarcopenia and Frailty in Patients with Multimorbidity. <i>Journal of Clinical Medicine</i> , 2020 , 9,	5.1	10
67	Spanish and Portuguese Societies of Internal Medicine consensus guideline about best practice in end-of-life care. <i>Revista Clínica Espanola</i> , 2020 ,	0.7	1
66	Sarcopenia, frailty, cognitive impairment and mortality in elderly patients with non-valvular atrial fibrillation. <i>Revista Clínica Espanola</i> , 2019 , 219, 424-432	0.5	4
65	Impact of Sarcopenia and Frailty in a Multicenter Cohort of Polypathological Patients. <i>Journal of Clinical Medicine</i> , 2019 , 8,	5.1	13
64	RECALMIN. Four years of growth of the internal medicine units of the Spanish National Health System (2013-2016). <i>Revista Clínica Espanola</i> , 2019 , 219, 171-176	0.5	
63	The nutritional risk and short-, medium- and long-term mortality of hospitalized patients with atrial fibrillation. <i>Aging Clinical and Experimental Research</i> , 2019 , 31, 1775-1781	4.8	4
62	External validation of the PALIAR index for patients with advanced, nononcologic chronic diseases. <i>Aging Clinical and Experimental Research</i> , 2019 , 31, 393-402	4.8	5
61	Acute kidney injury is linked to higher mortality in elderly hospitalized patients with non-valvular atrial fibrillation. <i>Aging Clinical and Experimental Research</i> , 2019 , 31, 455-461	4.8	3
60	De novo acute heart failure: Clinical features and one-year mortality in the Spanish nationwide Registry of Acute Heart Failure. <i>Medicina Clínica</i> , 2019 , 152, 127-134	1	7
59	Consensus for managing patients with chronic obstructive pulmonary disease according to the CODEX index. <i>Revista Clínica Espanola</i> , 2019 , 219, 494-504	0.5	

58	Consensus for managing patients with chronic obstructive pulmonary disease according to the CODEX index. <i>Revista Clínica Española</i> , 2019 , 219, 494-504	0.7	2
57	Simplification of the Barthel scale for screening for frailty and severe dependency in poly pathological patients. <i>Revista Clínica Española</i> , 2019 , 219, 433-439	0.7	4
56	Comparison between PROFUND and PALIAR indexes in poly pathological patients with advanced non-oncologic chronic diseases. <i>Medicina Clínica</i> , 2019 , 153, 196-201	1	5
55	RECALMIN. Four years of growth of the internal medicine units of the Spanish National Health System (2013-2016). <i>Revista Clínica Española</i> , 2019 , 219, 171-176	0.7	4
54	Sarcopenia, frailty, cognitive impairment and mortality in elderly patients with non-valvular atrial fibrillation. <i>Revista Clínica Española</i> , 2019 , 219, 424-432	0.7	19
53	Influence of frailty on anticoagulant prescription and clinical outcomes after 1-year follow-up in hospitalised older patients with atrial fibrillation. <i>Internal and Emergency Medicine</i> , 2019 , 14, 59-69	3.7	17
52	End-of-life care for patients hospitalized in internal medicine departments. <i>Revista Clínica Española</i> , 2019 , 219, 107-115	0.5	
51	End-of-life care for patients hospitalised in internal medicine departments. <i>Revista Clínica Española</i> , 2019 , 219, 107-115	0.7	5
50	Digoxin and prognosis of heart failure in older patients with preserved ejection fraction: Importance of heart rate. Results from an observational and multicenter study. <i>European Journal of Internal Medicine</i> , 2019 , 60, 18-23	3.9	9
49	Norton scale score on admission and mortality of patients hospitalized in internal medicine departments. <i>Revista Clínica Española</i> , 2018 , 218, 177-184	0.5	
48	Norton scale score on admission and mortality of patients hospitalised in Internal Medicine departments. <i>Revista Clínica Española</i> , 2018 , 218, 177-184	0.7	6
47	Baseline functional status as the strongest predictor of in-hospital mortality in elderly patients with non-valvular atrial fibrillation: Results of the NONAVASC registry. <i>European Journal of Internal Medicine</i> , 2018 , 47, 69-74	3.9	17
46	Factors associated with discontinuing or not starting oral anticoagulant therapy in older hospitalized patients with non-valvular atrial fibrillation. <i>Geriatrics and Gerontology International</i> , 2018 , 18, 1219-1224	2.9	3
45	Reliability of three questions for the screening of advanced cognitive impairment in poly pathological patients. <i>Geriatrics and Gerontology International</i> , 2018 , 18, 441-447	2.9	2
44	Complexity of the medication regimen for poly pathological patients. <i>Revista Clínica Española</i> , 2018 , 218, 342-350	0.7	3
43	Complexity of the medication regimen for poly pathological patients. <i>Revista Clínica Española</i> , 2018 , 218, 342-350	0.5	
42	Antithrombotic treatment and characteristics of elderly patients with non-valvular atrial fibrillation hospitalized at Internal Medicine departments. NONAVASC registry. <i>Medicina Clínica</i> , 2017 , 148, 204-210 ¹		18
41	Comparison surprise question against a target index (PALIAR Index) for identifying terminal status in patients with advanced chronic disease. <i>Revista Clínica Española</i> , 2017 , 217, 123-124	0.7	2

40	Polypathology, polypharmacy, medication regimen complexity and drug therapy appropriateness. <i>Revista Clinica Espanola</i> , 2017 , 217, 289-295	0.7	15
39	Novel tool for deprescribing in chronic patients with multimorbidity: List of Evidence-Based Deprescribing for Chronic Patients criteria. <i>Geriatrics and Gerontology International</i> , 2017 , 17, 2200-2207 ^{2.9}		25
38	Antithrombotic treatment and characteristics of elderly patients with non-valvular atrial fibrillation hospitalized at Internal Medicine departments. NONAVASC registry. <i>Medicina Clínica (English Edition)</i> , 2017 , 148, 204-210	0.3	
37	Reply to «Pressure ulcers: Another preventable adverse event». <i>Revista Clinica Espanola</i> , 2017 , 217, 242-243		43
36	Polypathology, polypharmacy, medication regimen complexity and drug therapy appropriateness. <i>Revista Clínica Espanola</i> , 2017 , 217, 289-295	0.5	2
35	Effectiveness of a simple intervention on management of acute exacerbations of chronic obstructive pulmonary disease and its cardiovascular comorbidities: COREPOC study. <i>Medicina Clínica (English Edition)</i> , 2017 , 149, 240-247	0.3	1
34	RECALMIN II. Eight years of hospitalisation in Internal Medicine Units (2007-2014). What has changed?. <i>Revista Clinica Espanola</i> , 2017 , 217, 446-453	0.7	15
33	Reply to «Deprescribing and shared decision making in Internal Medicine». <i>Revista Clinica Espanola</i> , 2017 , 217, 437	0.7	
32	Effectiveness of a simple intervention on management of acute exacerbations of chronic obstructive pulmonary disease and its cardiovascular comorbidities: COREPOC study. <i>Medicina Clínica</i> , 2017 , 149, 240-247	1	1
31	RECALMIN II. Eight years of hospitalization in Internal Medicine Units (2007-2014). What has changed?. <i>Revista Clínica Espanola</i> , 2017 , 217, 446-453	0.5	
30	Oral anticoagulation in patients with atrial fibrillation and medical non-neoplastic disease in a terminal stage. <i>Internal and Emergency Medicine</i> , 2017 , 12, 53-61	3.7	8
29	Pressure ulcers in patients hospitalized in internal medicine: Associated factors and mortality. <i>Revista Clínica Espanola</i> , 2016 , 216, 461-467	0.5	1
28	CRONIGAL: Prognostic index for chronic patients after hospital admission. <i>European Journal of Internal Medicine</i> , 2016 , 36, 25-31	3.9	13
27	Reliability of the PROFUND index to predict 4-year mortality in polypathological patients. <i>Medicina Clínica (English Edition)</i> , 2016 , 147, 238-244	0.3	
26	Pressure ulcers in patients hospitalized in Internal Medicine: associated factors and mortality. <i>Revista Clinica Espanola</i> , 2016 , 216, 461-467	0.7	9
25	RECALMIN. Patient care in the internal medicine units of the Spanish national health system. <i>Revista Clínica Espanola</i> , 2016 , 216, 175-182	0.5	
24	Validation of PROFUND prognostic index over a four-year follow-up period. <i>European Journal of Internal Medicine</i> , 2016 , 36, 20-24	3.9	11
23	Utility of the SENIORS elderly heart failure risk model applied to the RICA registry of acute heart failure. <i>International Journal of Cardiology</i> , 2015 , 182, 449-53	3.2	19

22	Comorbidity and short-term prognosis in hospitalised COPD patients: the ESMI study. <i>European Respiratory Journal</i> , 2015 , 46, 850-3	13.6	19
21	Excessive polypharmacy and survival in polypathological patients. <i>European Journal of Clinical Pharmacology</i> , 2015 , 71, 733-739	2.8	30
20	Antithrombotic treatment in elderly patients with atrial fibrillation: a practical approach. <i>BMC Cardiovascular Disorders</i> , 2015 , 15, 143	2.3	40
19	Diagnostic ability of Chronic Kidney Disease Epidemiology Collaboration and Modification of Diet in Renal Disease-4 equations to estimate glomerular filtration rate in with multimorbidity patients. <i>Medicina Clínica (English Edition)</i> , 2015 , 144, 14-20	0.3	
18	Bacterial flora in the sputum and comorbidity in patients with acute exacerbations of COPD. <i>International Journal of COPD</i> , 2015 , 10, 2581-91	3	20
17	External validation of the PROFUND index in polypathological patients from internal medicine and acute geriatrics departments in Aragón. <i>Internal and Emergency Medicine</i> , 2015 , 10, 915-26	3.7	13
16	Antithrombotic treatment in elderly patients with atrial fibrillation. <i>Revista Clínica Española</i> , 2015 , 215, 171-181	0.5	
15	Antithrombotic treatment in elderly patients with atrial fibrillation. <i>Revista Clínica Española</i> , 2015 , 215, 171-81	0.7	14
14	Has beta-blocker use increased in patients with heart failure in internal medicine settings? Prognostic implications: RICA registry. <i>Revista Española De Cardiología (English Ed)</i> , 2014 , 67, 196-202	0.7	1
13	Adherence to guidelines and mortality in atrial fibrillation. <i>International Journal of Cardiology</i> , 2014 , 176, 430-6	3.2	13
12	¿Se ha incrementado el uso de bloqueadores beta en pacientes con insuficiencia cardiaca en medicina interna? Implicaciones pronósticas: registro RICA. <i>Revista Española De Cardiología</i> , 2014 , 67, 196-202	1.5	8
11	Short- and medium-term prognosis in patients hospitalized for COPD exacerbation: the CODEX index. <i>Chest</i> , 2014 , 145, 972-980	5.3	95
10	Polypharmacy in patients hospitalised for acute exacerbation of COPD. <i>European Respiratory Journal</i> , 2014 , 44, 791-4	13.6	19
9	Development of a six-month prognostic index in patients with advanced chronic medical conditions: the PALIAR score. <i>Journal of Pain and Symptom Management</i> , 2014 , 47, 551-65	4.8	38
8	COPD patients with and without metabolic syndrome: clinical and functional differences. <i>Internal and Emergency Medicine</i> , 2014 , 9, 419-25	3.7	36
7	Differential characteristics in polypathological inpatients in internal medicine departments and acute geriatric units: the PLUPAR study. <i>European Journal of Internal Medicine</i> , 2013 , 24, 767-71	3.9	18
6	Clinical characteristics and one-year survival in heart failure patients more than 85 years of age compared with younger. <i>European Journal of Internal Medicine</i> , 2013 , 24, 339-45	3.9	23
5	Reliability of a short questionnaire for the diagnosis of severe disability in polypathological patients attended in hospital setting. <i>European Journal of Internal Medicine</i> , 2013 , 24, 375-81	3.9	2

4	Chronic obstructive pulmonary disease. Are the times changing?. <i>Revista Clinica Espanola</i> , 2013 , 213, 152-7	0.7	0
3	Chronic obstructive pulmonary disease. Are the times changing?. <i>Revista Clinica Espanola</i> , 2013 , 213, 152-157	0.5	
2	Factors associated with onset of delirium among internal medicine inpatients in Spain. <i>Nursing Research</i> , 2013 , 62, 445-9	1.9	12
1	Effects of renin-angiotensin blockers/inhibitors and statins on mortality and functional impairment in polypathological patients. <i>European Journal of Internal Medicine</i> , 2012 , 23, 179-84	3.9	18
