

Karl E Havens

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/3960106/karl-e-havens-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
71	Revisiting the total maximum daily load total phosphorus goal in Lake Okeechobee. <i>Hydrobiologia</i> , 2020 , 847, 4221-4232	2.4	3
70	Toward predicting climate change effects on lakes: a comparison of 1656 shallow lakes from Florida and Denmark reveals substantial differences in nutrient dynamics, metabolism, trophic structure, and top-down control. <i>Inland Waters</i> , 2020 , 10, 197-211	2.4	18
69	Mitigating eutrophication and toxic cyanobacterial blooms in large lakes: The evolution of a dual nutrient (N and P) reduction paradigm. <i>Hydrobiologia</i> , 2020 , 847, 4359-4375	2.4	48
68	Mitigating a global expansion of toxic cyanobacterial blooms: confounding effects and challenges posed by climate change. <i>Marine and Freshwater Research</i> , 2020 , 71, 579	2.2	40
67	Periods of Extreme Shallow Depth Hinder but Do Not Stop Long-Term Improvements of Water Quality in Lake Apopka, Florida (USA). <i>Water (Switzerland)</i> , 2019 , 11, 538	3	3
66	Dynamics of cyanobacteria blooms are linked to the hydrology of shallow Florida lakes and provide insight into possible impacts of climate change. <i>Hydrobiologia</i> , 2019 , 829, 43-59	2.4	41
65	Recovery of plankton from hurricane impacts in a large shallow lake. <i>Freshwater Biology</i> , 2018 , 63, 366-379	3.7	10
64	Multiyear oscillations in depth affect water quality in Lake Apopka. <i>Inland Waters</i> , 2018 , 8, 1-9	2.4	12
63	Inferences about seston composition and phytoplankton limiting factors during recovery of a large shallow lake from hurricane impacts. <i>Inland Waters</i> , 2017 , 7, 236-247	2.4	1
62	Response of Zooplankton to Climate Variability: Droughts Create a Perfect Storm for Cladocerans in Shallow Eutrophic Lakes. <i>Water (Switzerland)</i> , 2017 , 9, 764	3	4
61	Effects of climate variability on cladoceran zooplankton and cyanobacteria in a shallow subtropical lake. <i>Journal of Plankton Research</i> , 2016 , 38, 418-430	2.2	15
60	Extreme Weather Events and Climate Variability Provide a Lens to How Shallow Lakes May Respond to Climate Change. <i>Water (Switzerland)</i> , 2016 , 8, 229	3	55
59	Mitigating cyanobacterial harmful algal blooms in aquatic ecosystems impacted by climate change and anthropogenic nutrients. <i>Harmful Algae</i> , 2016 , 54, 213-222	5.3	318
58	It Takes Two to Tango: When and Where Dual Nutrient (N & P) Reductions Are Needed to Protect Lakes and Downstream Ecosystems. <i>Environmental Science & Technology</i> , 2016 , 50, 10805-10813	10.3	309
57	Predicting ecological responses of the Florida Everglades to possible future climate scenarios: introduction. <i>Environmental Management</i> , 2015 , 55, 741-8	3.1	16
56	Climate Change at a Crossroad for Control of Harmful Algal Blooms. <i>Environmental Science & Technology</i> , 2015 , 49, 12605-6	10.3	52
55	Ecological responses of a large shallow lake (Okeechobee, Florida) to climate change and potential future hydrologic regimes. <i>Environmental Management</i> , 2015 , 55, 763-75	3.1	26

54	Temperature effects on body size of freshwater crustacean zooplankton from Greenland to the tropics. <i>Hydrobiologia</i> , 2015 , 743, 27-35	2.4	36
53	Rapid and highly variable warming of lake surface waters around the globe. <i>Geophysical Research Letters</i> , 2015 , 42, 10,773	4.9	549
52	Inter-lake comparisons indicate that fish predation, rather than high temperature, is the major driver of summer decline in <i>Daphnia</i> and other changes among cladoceran zooplankton in subtropical Florida lakes. <i>Hydrobiologia</i> , 2015 , 750, 57-67	2.4	21
51	Lake Eutrophication and Plankton Food Webs 2014 , 73-80		7
50	Predicting impacts of an invading copepod by ecological assessment in the animal's native range. <i>Inland Waters</i> , 2014 , 4, 49-56	2.4	2
49	Zooplankton to phytoplankton biomass ratios in shallow Florida lakes: an evaluation of seasonality and hypotheses about factors controlling variability. <i>Hydrobiologia</i> , 2013 , 703, 177-187	2.4	21
48	Extreme weather events influence the phytoplankton community structure in a large lowland subtropical lake (Lake Okeechobee, Florida, USA). <i>Hydrobiologia</i> , 2013 , 709, 213-226	2.4	36
47	Body size versus taxonomy in relating zooplankton to water quality in lakes. <i>Inland Waters</i> , 2011 , 1, 107-112		9
46	Allied attack: climate change and eutrophication. <i>Inland Waters</i> , 2011 , 1, 101-105	2.4	405
45	Composition, size, and biomass of zooplankton in large productive Florida lakes. <i>Hydrobiologia</i> , 2011 , 668, 49-60	2.4	49
44	Water Quality Trends in Shallow South Florida Lakes and Assessment of Regional Versus Local Forcing Functions. <i>Critical Reviews in Environmental Science and Technology</i> , 2011 , 41, 576-607	11.1	10
43	Comparative analysis of nutrients, chlorophyll and transparency in two large shallow lakes (Lake Taihu, P.R. China and Lake Okeechobee, USA). <i>Hydrobiologia</i> , 2009 , 627, 211-231	2.4	68
42	Zooplankton-phytoplankton relationships in shallow subtropical versus temperate lakes Apopka (Florida, USA) and Trasimeno (Umbria, Italy). <i>Hydrobiologia</i> , 2009 , 628, 165-175	2.4	70
41	Ecology. Controlling eutrophication: nitrogen and phosphorus. <i>Science</i> , 2009 , 323, 1014-5	33.3	2331
40	Cyanobacteria blooms: effects on aquatic ecosystems. <i>Advances in Experimental Medicine and Biology</i> , 2008 , 619, 733-47	3.6	123
39	Plankton biomass partitioning in a eutrophic subtropical lake: comparison with results from temperate lake ecosystems. <i>Journal of Plankton Research</i> , 2007 , 29, 1087-1097	2.2	17
38	A review of littoral vegetation, fisheries, and wildlife responses to hydrologic variation at Lake Okeechobee. <i>Wetlands</i> , 2007 , 27, 110-126	1.7	32
37	Phosphorus dynamics at multiple time scales in the pelagic zone of a large shallow lake in Florida, USA. <i>Hydrobiologia</i> , 2007 , 581, 25-42	2.4	40

36	Zooplankton response to extreme drought in a large subtropical lake. <i>Hydrobiologia</i> , 2007 , 589, 187-198	2.4	17
35	Plankton food web responses to experimental nutrient additions in a subtropical lake. <i>Scientific World Journal, The</i> , 2006 , 6, 827-33	2.2	4
34	Crustacean zooplankton in lakes and reservoirs of temperate and tropical regions: variation with trophic status. <i>Canadian Journal of Fisheries and Aquatic Sciences</i> , 2005 , 62, 348-361	2.4	128
33	Lake Okeechobee conceptual ecological model. <i>Wetlands</i> , 2005 , 25, 908-925	1.7	37
32	Lake responses to reduced nutrient loading: an analysis of contemporary long-term data from 35 case studies. <i>Freshwater Biology</i> , 2005 , 50, 1747-1771	3.1	868
31	Aquatic vegetation and largemouth bass population responses to water-level variations in Lake Okeechobee, Florida (USA). <i>Hydrobiologia</i> , 2005 , 539, 225-237	2.4	39
30	How important is bacterial carbon to planktonic grazers in a turbid, subtropical lake?. <i>Journal of Plankton Research</i> , 2005 , 27, 357-372	2.2	39
29	Simple Graphical Methods for the Interpretation of Relationships Between Trophic State Variables. <i>Lake and Reservoir Management</i> , 2005 , 21, 107-118	1.3	62
28	Recovery of submerged plants from high water stress in a large subtropical lake in Florida, USA. <i>Aquatic Botany</i> , 2004 , 78, 67-82	1.8	91
27	Submerged aquatic vegetation correlations with depth and light attenuating materials in a shallow subtropical lake. <i>Hydrobiologia</i> , 2003 , 493, 173-186	2.4	74
26	N:P ratios, light limitation, and cyanobacterial dominance in a subtropical lake impacted by non-point source nutrient pollution. <i>Environmental Pollution</i> , 2003 , 122, 379-90	9.3	264
25	Experimental studies on the recovery potential of submerged aquatic vegetation after flooding and desiccation in a large subtropical lake. <i>Aquatic Botany</i> , 2003 , 77, 135-151	1.8	33
24	Large-scale mapping and predictive modeling of submerged aquatic vegetation in a shallow eutrophic lake. <i>Scientific World Journal, The</i> , 2002 , 2, 949-65	2.2	17
23	Development of a Total Phosphorus Concentration Goal in the TMDL Process for Lake Okeechobee, Florida (USA). <i>Lake and Reservoir Management</i> , 2002 , 18, 227-238	1.3	48
22	Development and Application of Hydrologic Restoration Goals for a Large Subtropical Lake. <i>Lake and Reservoir Management</i> , 2002 , 18, 285-292	1.3	7
21	The influence of environmental variables and a managed water recession on the growth of charophytes in a large, subtropical lake. <i>Aquatic Botany</i> , 2002 , 72, 297-313	1.8	27
20	The Managed Recession of Lake Okeechobee, Florida: Integrating Science and Natural Resource Management. <i>Ecology and Society</i> , 2002 , 6,		16
19	The restoration of Lake Apopka in relation to alternative stable states: an alternative view to that of Bachmann et al. (1999). <i>Hydrobiologia</i> , 2001 , 448, 11-18	2.4	29

18	Hurricane effects on a shallow lake ecosystem and its response to a controlled manipulation of water level. <i>Scientific World Journal, The</i> , 2001 , 1, 44-70	2.2	54
17	Dynamics of the exotic <i>Daphnia lumholtzii</i> and native macro-zooplankton in a subtropical chain-of-lakes in Florida, U.S.A.. <i>Freshwater Biology</i> , 2000 , 45, 21-32	3.1	36
16	Contrasting Relationships Between Nutrients, Chlorophyll a and Secchi Transparency in Two Shallow Subtropical Lakes: Lakes Okeechobee and Apopka (Florida, USA). <i>Lake and Reservoir Management</i> , 1999 , 15, 298-309	1.3	18
15	Comparative analysis of Lake Periphyton communities using high performance liquid chromatography (HPLC) and light microscope counts. <i>Aquatic Sciences</i> , 1999 , 61, 307	2.5	12
14	Trophic position and individual feeding histories of fish from Lake Okeechobee, Florida. <i>Canadian Journal of Fisheries and Aquatic Sciences</i> , 1999 , 56, 590-600	2.4	89
13	Localized Changes in Transparency Linked to Mud Sediment Expansion in Lake Okeechobee, Florida: Ecological and Management Implications. <i>Lake and Reservoir Management</i> , 1999 , 15, 54-69	1.3	13
12	Light availability as a possible regulator of cyanobacteria species composition in a shallow subtropical lake. <i>Freshwater Biology</i> , 1998 , 39, 547-556	3.1	114
11	Phosphorus kinetics of planktonic and benthic assemblages in a shallow subtropical lake. <i>Freshwater Biology</i> , 1998 , 40, 729-745	3.1	36
10	Nutrient-chlorophyll-Secchi relationships under contrasting grazer communities of temperate versus subtropical lakes. <i>Canadian Journal of Fisheries and Aquatic Sciences</i> , 1998 , 55, 1652-1662	2.4	66
9	Phosphorus kinetics of planktonic and benthic assemblages in a shallow subtropical lake. <i>Freshwater Biology</i> , 1998 , 40, 729-745	3.1	32
8	Water Levels and Total Phosphorus in Lake Okeechobee. <i>Lake and Reservoir Management</i> , 1997 , 13, 16-25	3	22
7	Carbon dynamics in the grazing food chain of a subtropical lake. <i>Journal of Plankton Research</i> , 1997 , 19, 1687-1711	2.2	25
6	Relationships between phytoplankton dynamics and the availability of light and nutrients in a shallow sub-tropical lake. <i>Journal of Plankton Research</i> , 1997 , 19, 319-342	2.2	94
5	Seasonal and spatial variation in zooplankton community structure and their relation to possible controlling variables in Lake Okeechobee. <i>Freshwater Biology</i> , 1996 , 36, 45-56	3.1	35
4	Experimental studies of zooplankton-phytoplankton-nutrient interactions in a large subtropical lake (Lake Okeechobee, Florida, U.S.A.). <i>Freshwater Biology</i> , 1996 , 36, 579-597	3.1	46
3	Seasonal and spatial variation in nutrient limitation in a shallow sub-tropical lake (Lake Okeechobee, Florida) as evidenced by trophic state index deviations. <i>Archiv Für Hydrobiologie</i> , 1994 , 131, 39-53		27
2	Zooplankton community responses to chemical stressors: a comparison of results from acidification and pesticide contamination research. <i>Environmental Pollution</i> , 1993 , 82, 277-88	9.3	80
1	Acidification Effects on the Algal-Zooplankton Interface. <i>Canadian Journal of Fisheries and Aquatic Sciences</i> , 1992 , 49, 2507-2514	2.4	24
