104	Intragenerational social mobility and functional somatic symptoms in a northern Swedish context: analyses of diagonal reference models. <i>International Journal for Equity in Health</i> , <b>2017</b> , 16, 1	4.6	102
103	Nervous and depressive symptoms in a longitudinal study of youth unemployment--selection or exposure?. <i>Journal of Adolescence</i> , <b>1997</b> , 20, 293-305	3.4	96
102	Different uses of Bronfenbrenner's ecological theory in public mental health research: what is their value for guiding public mental health policy and practice?. <i>Social Theory and Health</i> , <b>2018</b> , 16, 414-433	1.7	78
101	Central gender theoretical concepts in health research: the state of the art. <i>Journal of Epidemiology and Community Health</i> , <b>2014</b> , 68, 185-90	5.1	75
100	Cohort profile: the northern Swedish cohort. <i>International Journal of Epidemiology</i> , <b>2012</b> , 41, 1545-52	7.8	75
99	Alcohol consumption among unemployed youths: results from a prospective study. <i>Addiction</i> , <b>1992</b> , 87, 703-14	4.6	73
98	Do high levels of unemployment influence the health of those who are not unemployed? A gendered comparison of young men and women during boom and recession. <i>Social Science and Medicine</i> , <b>2001</b> , 53, 293-303	5.1	70
97	Which theory is best? Explanatory models of the relationship between unemployment and health. <i>BMC Public Health</i> , <b>2009</b> , 9, 235	4.1	68
96	Is temporary employment related to health status? Analysis of the Northern Swedish Cohort. <i>Scandinavian Journal of Public Health</i> , <b>2011</b> , 39, 533-9	3	55
95	Poor breakfast habits in adolescence predict the metabolic syndrome in adulthood. <i>Public Health Nutrition</i> , <b>2015</b> , 18, 122-9	3.3	49
94	Unemployment and change of tobacco habits: a study of young people from 16 to 21 years of age. <i>Addiction</i> , <b>1994</b> , 89, 1691-6	4.6	46
93	It's no surprise! Men are not hit more than women by the health consequences of unemployment in the Northern Swedish Cohort. <i>Scandinavian Journal of Public Health</i> , <b>2011</b> , 39, 187-93	3	45
92	Shift in power during an interview situation: methodological reflections inspired by Foucault and Bourdieu. <i>Nursing Inquiry</i> , <b>2008</b> , 15, 169-76	2.2	41

91	Disentangling the directions of associations between structural social capital and mental health: Longitudinal analyses of gender, civic engagement and depressive symptoms. <i>Social Science and Medicine</i> , <b>2016</b> , 163, 135-43	5.1	38
90	Experiences of barriers and facilitators to weight-loss in a diet intervention - a qualitative study of women in northern Sweden. <i>BMC Womens Health</i> , <b>2014</b> , 14, 59	2.9	37
89	A conceptual muddle: an empirical analysis of the use of 'sex' and 'gender' in 'gender-specific medicine' journals. <i>PLoS ONE</i> , <b>2012</b> , 7, e34193	3.7	37
88	A tool for developing gender research in medicine: examples from the medical literature on work life. <i>Gender Medicine</i> , <b>2007</b> , 4 Suppl B, S123-32		35
87	Health selection in a 14-year follow-up study--a question of gendered discrimination?. <i>Social Science and Medicine</i> , <b>2005</b> , 61, 2221-32	5.1	32
86	Do peer relations in adolescence influence health in adulthood? Peer problems in the school setting and the metabolic syndrome in middle-age. <i>PLoS ONE</i> , <b>2012</b> , 7, e39385	3.7	31
85	Length of unemployment and health-related outcomes: a life-course analysis. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 662-7	2.1	30
84	How well do parental and peer relationships in adolescence predict health in adulthood?. <i>Scandinavian Journal of Public Health</i> , <b>2015</b> , 43, 460-8	3	29
83	Television viewing over the life course and the metabolic syndrome in mid-adulthood: a longitudinal population-based study. <i>Journal of Epidemiology and Community Health</i> , <b>2014</b> , 68, 928-33	5.1	28
82	Addressing challenges of validity and internal consistency of mental health measures in a 27-year longitudinal cohort study - the Northern Swedish Cohort study. <i>BMC Medical Research Methodology</i> , <b>2016</b> , 16, 4	4.7	26
81	Unemployment -- an important predictor for future smoking: a 14-year follow-up study of school leavers. <i>Scandinavian Journal of Public Health</i> , <b>2003</b> , 31, 229-32	3	26
80	Children of boom and recession and the scars to the mental health--a comparative study on the long term effects of youth unemployment. <i>International Journal for Equity in Health</i> , <b>2016</b> , 15, 14	4.6	23
79	Trajectories of musculoskeletal pain from adolescence to middle age: the role of early depressive symptoms, a 27-year follow-up of the Northern Swedish Cohort. <i>Pain</i> , <b>2018</b> , 159, 67-74	8	22
78	Walking down 'Via Dolorosa' from primary health care to the specialty pain clinic - patient and professional perceptions of inequity in rehabilitation of chronic pain. <i>Scandinavian Journal of Caring Sciences</i> , <b>2017</b> , 31, 45-53	2.3	21
77	Youth unemployment and functional somatic symptoms in adulthood: results from the Northern Swedish cohort. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 796-800	2.1	21
76	Health against the odds: experiences of employees in elder care from a gender perspective. <i>Qualitative Health Research</i> , <b>2010</b> , 20, 1202-12	3.9	21
75	Are the health consequences of temporary employment worse among low educated than among high educated?. <i>European Journal of Public Health</i> , <b>2011</b> , 21, 756-61	2.1	20
74	An agenda for unemployment research: a challenge for public health. <i>International Journal of Health Services</i> , <b>2005</b> , 35, 765-77	2	20

73	Which socio-economic measures are associated with psychological distress for men and women? A cohort analysis. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 231-6	2.1	19
72	Is unemployment in young adulthood related to self-rated health later in life? Results from the Northern Swedish cohort. <i>BMC Public Health</i> , <b>2017</b> , 17, 529	4.1	18
71	Health inequalities between employed and unemployed in northern Sweden: a decomposition analysis of social determinants for mental health. <i>International Journal for Equity in Health</i> , <b>2018</b> , 17, 59	4.6	17
70	Tracks of labour market attachment in early middle age: A trajectory analysis over 12 years. <i>Advances in Life Course Research</i> , <b>2011</b> , 16, 55-64	3.1	17
69	How gender theories are used in contemporary public health research. <i>International Journal for Equity in Health</i> , <b>2018</b> , 17, 34	4.6	16
68	Low-educated women with chronic pain were less often selected to multidisciplinary rehabilitation programs. <i>PLoS ONE</i> , <b>2014</b> , 9, e97134	3.7	16
67	We won't let them keep us quiet ... Gendered strategies in the negotiation of power implications for pupils' health and school health promotion. <i>Health Promotion International</i> , <b>2000</b> , 15, 303-311	3	16
66	Irregular eating of meals in adolescence and the metabolic syndrome in adulthood: results from a 27-year prospective cohort. <i>Public Health Nutrition</i> , <b>2016</b> , 19, 667-73	3.3	16
65	Negotiating the (bio)medical gaze - Experiences of trans-specific healthcare in Sweden. <i>Social Science and Medicine</i> , <b>2017</b> , 174, 9-16	5.1	15
64	The impact of economic recession on the association between youth unemployment and functional somatic symptoms in adulthood: a difference-in-difference analysis from Sweden. <i>BMC Public Health</i> , <b>2016</b> , 16, 230	4.1	14
63	Cumulative contextual and individual disadvantages over the life course and adult functional somatic symptoms in Sweden. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 592-7	2.1	14
62	Associations between social support and depressive symptoms: social causation or social selection-or both?. <i>European Journal of Public Health</i> , <b>2017</b> , 27, 84-89	2.1	13
61	Constructions of various femininities among the oldest old women. <i>Health Care for Women International</i> , <b>2006</b> , 27, 853-72	1.5	13
60	"I have surly passed a limit, it is simply too much": women's and men's experiences of stress and wellbeing when living within a process of housework resignation. <i>BMC Public Health</i> , <b>2016</b> , 16, 224	4.1	12
59	Socioeconomic inequalities in functional somatic symptoms by social and material conditions at four life course periods in Sweden: a decomposition analysis. <i>BMJ Open</i> , <b>2015</b> , 5, e006581	3	12
58	Beyond a dichotomous view of the concepts of 'sex' and 'gender' focus group discussions among gender researchers at a medical faculty. <i>PLoS ONE</i> , <b>2012</b> , 7, e50275	3.7	12
57	Does contextual unemployment matter for health status across the life course? A longitudinal multilevel study exploring the link between neighbourhood unemployment and functional somatic symptoms. <i>Health and Place</i> , <b>2017</b> , 43, 113-120	4.6	11
56	Binge drinking and total alcohol consumption from 16 to 43 years of age are associated with elevated fasting plasma glucose in women: results from the northern Swedish cohort study. <i>BMC Public Health</i> , <b>2017</b> , 17, 509	4.1	11

55	Do open youth unemployment and youth programs leave the same mental health scars?--Evidence from a Swedish 27-year cohort study. <i>BMC Public Health</i> , <b>2015</b> , 15, 1151	4.1	11
54	Social capital across the life course and functional somatic symptoms in mid-adulthood. <i>Scandinavian Journal of Public Health</i> , <b>2014</b> , 42, 581-8	3	11
53	Construction of masculinities among men aged 85 and older in the north of Sweden. <i>Journal of Clinical Nursing</i> , <b>2008</b> , 17, 451-9	3.2	11
52	The integration of gender in medical research and education-obstacles and possibilities from a Nordic perspective. <i>Women and Health</i> , <b>2003</b> , 37, 121-33	1.7	11
51	Co-occurrence of depressive, anxiety, and somatic symptoms: trajectories from adolescence to midlife using group-based joint trajectory analysis. <i>BMC Psychiatry</i> , <b>2019</b> , 19, 236	4.2	10
50	History of labour market attachment as a determinant of health status: a 12-year follow-up of the Northern Swedish Cohort. <i>BMJ Open</i> , <b>2014</b> , 4, e004053	3	10
49	Developing a Tool for Increasing the Awareness about Gendered and Intersectional Processes in the Clinical Assessment of Patients--A Study of Pain Rehabilitation. <i>PLoS ONE</i> , <b>2016</b> , 11, e0152735	3.7	10
48	Access to rehabilitation: patient perceptions of inequalities in access to specialty pain rehabilitation from a gender and intersectional perspective. <i>Global Health Action</i> , <b>2016</b> , 9, 31542	3	10
47	Changing housework, changing health? A longitudinal analysis of how changes in housework are associated with functional somatic symptoms. <i>International Journal of Circumpolar Health</i> , <b>2016</b> , 75, 317817	1.7	10
46	Occupational gender composition and mild to severe depression in a Swedish cohort: The impact of psychosocial work factors. <i>Scandinavian Journal of Public Health</i> , <b>2018</b> , 46, 425-432	3	9
45	Engagement in New Dietary Habits-Obese Women's Experiences from Participating in a 2-Year Diet Intervention. <i>International Journal of Behavioral Medicine</i> , <b>2016</b> , 23, 84-93	2.6	9
44	Gender inequity needs to be regarded as a social determinant of depressive symptoms: results from the Northern Swedish cohort. <i>Scandinavian Journal of Public Health</i> , <b>2012</b> , 40, 746-52	3	9
